MEMORANDUM FOR MR. TOLSON
MR. BELMONT
MR. MOHR
MR. CONRAD
MR. DE LOACH
MR. EVANS
MR. ROSEN
MR. SULLIVAN

Assistant Attorney General Norbert A. Schlei, Office of Legal Counsel, called. He stated he was drafting various forms of a proclamation for use by the new President and wondered if I could tell him whether I had any knowledge as to what kind of people murdered the President. He indicated the form of the proclamation might depend on whether these were madmen, disappointed office seekers, represented some political point of view, were segregationist madmen, or just who they were.

I told Mr. Schlei I thought very probably we had in custody the man who killed the President in Dallas but this had not definitely been established. I advised Mr. Schlei that Lee Harvey Oswald spent some years in Russia, although he was born in America; that he tried unsuccessfully to renounce his American citizenship; and then came back here. I stated our interest in Oswald came about from the fact that he had been associated with the Fair Play for Cuba Committee; that he was arrested in New Orleans some months ago for handing out leaflets in behalf of that committee. I told Mr. Schlei that Oswald was working in the building from which the shots were fired; that we have the rifle and 3 empty shells found in the building in which the man was employed. I said Oswald apparently left this building and a block or two away two police officers moved toward him, and for no good reason - he opened fire on them and killed one. I told Mr. Schlei that the police have Oswald in custody and we are interrogating him at the present time. I stated he would be in the category of a nut and the extremist pro-Castro crowd.

EX-101 REC-16 62-12260-5-7

34 As to other Presidents assassinated, I indicated I had knowledge concerning only two of them. I stated the attempted assassination of

Memorandum for Messrs. Tolson, Belmont, Mohr, November 22, 1963
Conrad, DeLoach, Evans, Rosen, Sullivan

President Truman was by Faerie Ricans in the Nationalist Party, which was the same group who opened fire in the House of Representatives from the gallery.

Concerning the assassination of President McKinley, I advised Mr. Schlei that Czolgosz, who killed President McKinley, was a student of Emma Goldman and that I later prosecuted her for deportation from the United States. I said we did not catch up with Emma Goldman until 1919, when we rounded up a group of anarchists and sent them back to Russia. I related that Czolgosz attended meetings at Goldman's home in Chicago, where she had a meeting place for people with anarchist views. I stated that Goldman was a well educated woman - self educated - coming from the sweatshops of the New York garment district; that she wrote on many subjects and wrote well.

I advised Mr. Schlei that almost all assassins had some imaginary grievance, usually of a political type - of either the anarchist viewpoint or the communist viewpoint. I stated the communists did not come into the picture until 1917.

I said Oswald, if he were the man, would be in the category of being an extreme radical of the left; that he was a member of the Fair Play for Cuba Committee; that several of the leaders of this group have been indicted; but that this man never was a leader. I stated he was born an American but tried unsuccessfully to lose his American citizenship; came back to this country in 1962; made several trips to Cuba; upon his return each time we questioned him about what he went to Cuba for and he answered that it was none of our business. I said his working in this particular building where he was employed would lend credence to the fact that he may very likely be the man.

I advised Mr. Schlei that we have been getting leads from all over the country. I stated in California there is a story which has some substance which we are running down that a man made a statement to some woman at Long Beach that the President would be assassinated in Dallas today.

I also advised Mr. Schlei that Western Union has brought to our attention telegrams containing veiled threats to the President in the past several days.

I told him in criminal cases there are always four or five people who turn up who claim to be guilty. I stated I would think Oswald would

Memorandum for Messrs. Tolson, Belmont, Mohr, November 22, 1963
Geared, DeLoach, Evans, Rosen, Sullivan

to the one. I stated our Agents view him as a nut as he freezes up and withdraws into himself when he is being questioned as he did this afternoon down in Dallas. I said that much depends upon the evidence to be obtained; that the rifle has been handled by dozens of people probably - the building was filled with people watching the parade; by the time they got to the fifth floor, the rifle had been dropped and thrown over into a corner; there was indication he was eating fried chicken sandwiches this afternoon; we have to check this out and find where he obtained the chicken.

I stated Oswald is the principal suspect in the case; we are trying to persuade him to submit to a polygraph examination; and as soon as the body arrives in Washington, we will determine whether the bullets have been taken out because we will need that in the trial of the case to tie in with the empty shells found by the gun. I informed Mr. Echiel that at the hospital in Dallas they were not certain the bullets had been taken out; that the body is going to be removed to the Bethesda Naval Hospital and, if the bullets are still in the body, they will be removed.

Mr. Echiel stated I had been very helpful and he appreciated it very much. I told him, if we can be of any further help, to call on me.

Very truly yours,

J. E. H.

Mrs. N. Marks

Dear Mrs. Marks:

At times of stress, individuals are quick to find fault. More often than not they speak without any knowledge of the facts. Unfortunately the telegram of November 22, 1963, from you and Mr. Marks indicates unfamiliarity with our jurisdiction.

At this time in the Nation's bereavement, I am disturbed by your implied accusation of negligence and feel it necessary to inform you that the protection of the President and his immediate family is the responsibility of the Secret Service of the United States Treasury Department and not the FBI. Secret Service Agents were with the President at the time he was assassinated, and they, as any reasonable person would realize, are particularly grieved over this tragedy and need support rather than criticism during this trying time.

Sincerely yours,

J. Edgar Hoover

Attached are some telegrams from various individuals who make bigoted accusations, unreasonable statements or send messages indicating they may be aberrants. Some of the wires deserve no reply such as one which states: "What were you doing today playing golf or looking for communists." Typical of these indicating mental deficiencies is one reading: "If he was doing his job the President wouldnt be dead today." Another reads: "Why in Texas? Why was President Kennedy killed in Texas Johnsons home state?" Another: "Story of President Kennedy's death is fake." Another states: "As a citizen I request a thorough investigation of the possibility of subversive activity on the part of Lyndon B. Johnson with regards to the assination recently occurred."

It is not believed these wires deserve any reply whatsoever and no time is being wasted in searching Bureau files for information concerning the identity of the senders.

RECOMMENDATION:

That the attached wires not be acknowledged.

I called the Attorney General at his home and advised him of the newflash announcing that the President and Governor Connally of Texas had been shot in Dallas, today, while touring Dallas in an open car, and that the first newflash indicated the shot was believed to be fatal. The Attorney General had not previously been advised of this.

I asked the Attorney General if there was anything we could do at Dallas. He asked that we do whatever we could, and I told him we would get in touch with the Secret Service there.

1:48 p.m.

(The FBI's Special Agent in Charge)

SAC Shanklin called from Dallas. Mr. Shanklin advised that the only information the Dallas Office had was from the radio. According to the radio in Dallas, the President and the Governor were shot at the corner of Elm and Commerce Streets in a motor parade going out to the place where they were to speak. One witness said a Negro man leaned out a window and made two shots, and the police have the whole building surrounded. The President and the Governor had been taken to Parkland Hospital and the President was bleeding from the head.

I instructed SAC Shanklin to get in touch with the Secret Service and offer assistance. Mr. Shanklin stated he had already done so. I also told Mr. Shanklin to establish liaison with the local police.

I inquired if the Attorney General intended to go to Dallas and he stated he did not know exactly what he would do. I told him, if he decided to go down, to let me know and our office would meet him.

2:17 p.m.

SAC Shanklin called and advised that the doctor had just told our Agents that President Kennedy had just died. They said this was not being put out yet.

I instructed Mr. Shanklin to go all out on this and find out who did it.

Mr. Shanklin stated they had located 3 or 4 shells in the building and the Sheriff's Office had picked up one man.

I told Mr. Shanklin to give every assistance we can there and do everything we possibly can there at the building.

Mr. Shanklin stated that a Secret Service agent had also been killed. He stated they did not mention that at first but an Agent at the Police Department advised that one died. He did not know the name of this Secret Service agent.

Mr. Shanklin mentioned that he was supposed to come in Monday and he would cancel that. I advised him I thought he ~~should cancel this~~ ^{should cancel this}.

I told Mr. Shanklin that the Attorney General did not know what he was going to do, that he may or may not go to Dallas, but I would let Mr. Shanklin know if the Attorney General decided to go to Dallas.

SUBJECT: ASSASSINATION OF THE
PRESIDENT

At 1:44 p.m., today, SAC Joseph Purvis, Norfolk, telephonically advised Supervisor J. W. Burns that immediately prior to his call, the Police Department at Newport News, Virginia, had received an anonymous telephone call from a male described as obviously Negro who stated roughly, "We got the President; now we are going to get Senator Byrd."

SAC Purvis was instructed to confirm all pertinent information concerning this call by teletype.

ACTION:

At 1:48 p.m., Mr. D. Hanning, Duty Agent, Crime Records Division, was telephonically advised concerning this information. Mr. Hanning stated that the Crime Records Division would handle the transmittal of this information to Senator Byrd or his staff at the earliest possible time.

1 - Mr. DeLoach

SAC Purvis telephonically advised that the Newport News, Virginia, Police Department stated Walter Robinson was intoxicated at the time of his arrest, and stated that he did not know why he made the call except that Byrd "never did any thing for me." He did not represent himself as Minor Miller, however, he was located at Miller's address, and the police are confident that neither Miller nor anyone else at this address conspired with Robinson to make this call.

SUBJECT: FUNERAL OF PRESIDENT KENNEDY
NOVEMBER 25, 1963

DATE: November 25, 1963

At 1:30 A.M., midnight Supervisor William E. Assmus received a telephone call from Daniel Dockery 32 Varnum Street, Washington, D. C. in which Mr. Dockery expressed his fear that the line of persons waiting to view the President's coffin in the Capitol might erupt into violence.

Mr. Dockery stated that at the time of his call the line was approximately 40 blocks long and consisted of a mixed group of colored and white persons, particularly nearer the end of the line. Dockery stated vicious remarks were being passed between the groups and apparently some of the individuals had been drinking and tension was very very obvious. Dockery stated it would be a sad reflection on this country if a racial riot should break out in Washington under the present circumstances. Dockery stated he had advised the Metropolitan Police Department but felt they had paid little attention to his information and he requested that the FBI do whatever they could to ease the situation. Dockery was informed the policing of the crowd was the responsibility of the Metropolitan Police Department, but that they would be alerted to the nature of the information furnished by him.

At 1:46 A.M. Sergeant W. Patterson of the Metropolitan Police Department was telephonically furnished the above information and he stated he would see that this was passed along to the officers at the scene.

SAC Shanklin called again and stated the President was in very poor condition but not dead. He said they had called in two priests.

Mr. Shanklin related that the shots came from the fourth floor. He stated the Dallas Office is maintaining liaison and has offered assistance. They do not know whether the shots were fired by a white person or a colored person. The first story was that a colored man leaned out of a window but they do not know; they are searching the whole building.

Mr. Shanklin advised that the Governor had been taken to an emergency operating room and the President was in the general emergency room. The last report was that the President was in very, very critical condition but was still alive.

Mr. Shanklin inquired if the Attorney General or anyone whom they should meet would be coming to Dallas. I advised Mr. Shanklin I would let him know if the Attorney General decided to travel to Dallas.

Mr. Shanklin advised he had just received word the President was shot with a Winchester rifle.

2:10 p.m. C

I called the Attorney General to advise him that the President was in very, very critical condition. The Attorney General then told me the President had died.

I advised the Attorney General that the Governor was in very serious condition; that Mrs. Kennedy was not hurt and neither was Mrs. Connally.

I told the Attorney General that the shot came from the fourth floor of a building and the building was completely surrounded now. I further advised him the President was shot by a Winchester rifle. I stated the Dallas Office is working in every way to help the Secret Service and local police.

Members of this Department should understand that a holder of a Press Pass has been recognized by the Commissioners' Committee on the Issuance and Use of Press Passes as being a person whose occupation requires him or her to work within or through the established police lines, and should cooperate fully, rendering every reasonable assistance so as to expedite his or her movements within or through the established police lines, in accordance with this order. Cooperation with accredited representatives of all news-gathering organizations is extremely important in promoting good public relations. A cooperative attitude and a courteous explanation, where necessary, will usually result in a more favorable presentation of the facts from the police viewpoint.

5. COURTESY:

It is realized that members of the Department may work many long and arduous hours of extra duty on this solemn occasion. With this view in mind, the factors of patience, courtesy, tolerance, and consideration are brought to your attention.

Members of the Force, in handling the many unusual circumstances that arise, shall be patient, discreet, and solicitous of the citizens of our own city, as well as the multitude of visitors. Courtesy and consideration of the public, as well as between ourselves and members of other departments assisting us, is of the utmost importance.

Innumerable questions will be asked and information sought from members of the Department. Every reasonable effort shall be made to furnish the information requested and, if found necessary, the inquirer shall be directed to the proper source where the information may be obtained. Many minor infractions of our regulations will be committed, particularly on the part of visitors, and should be explained to the violators.

We should all bear in mind the fact that visitors and others coming in contact with the police frequently judge the entire Department by the actions of one officer. The visitors will be from all sections of our country and the courtesy and assistance rendered by members of this Department will cause them to take back home a lasting and favorable impression of their visit to the Nation's Capital.

**SUBJECT: ASSASSINATION OF PRESIDENT
1. JOHN F. KENNEDY**

At 11:07 p.m., 11/22/63, Mr. Adam Yarmolinsky, the Special Assistant to the Secretary of Defense, telephonically furnished the identity of certain defectors during the Korean War. Mr. Yarmolinsky said he had an idea that possibly the following individuals, who had a similar background to Lee Harvey Oswald, might have been in Dallas on November 22, 1963, and might possibly be involved in the assassination of the President. He furnished the names of Libero Picciardelli, Robert E. Webster, and Nicholas Petrulli as the Korean War defectors he had in mind.

Mr. Yarmolinsky was thanked for bringing this matter to our attention, and was advised the matter would receive appropriate attention.

We are ch. going further on this.

Bureau files contain no information concerning Libero Picciardelli, however, both Webster and Petrulli are the subjects of Bureau cases. Neither were defectors in the Korean War, but both were defectors to Russia in 1959.

Webster was born on 10/23/28, Tiffin, Ohio, and served as an enlisted man in the U. S. Navy from 8/5/47 to 5/17/50, and received an honorable discharge. In October, 1959, Webster, while employed by the Rand Development Corporation at the U. S. Exhibition in Moscow, renounced his American Citizenship. He returned to the U. S. on 5/20/62. Subsequent to his return, he was interviewed by Bureau Agents, by the Secret Service and appeared before the Senate Subcommittee to Investigate the Administration of the Internal Security Act. At the time of his return, he was residing at 311 East Beaver Street, Zelienople, Pennsylvania, with his parents. The latest information available in Bureau files showed an employment in May, 1963, with the Vesco Manufacturing Company, 2000 Main Street, Wellsville, Ohio, and a residence in the In-City Motel, Main Street, Wellsville, Ohio.)

RE: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY

According to Bureau files, Petrulli renounced his U. S. Citizenship while in Moscow as a tourist on 9/3/59. He returned to the U. S. on 9/22/59. At this time he was residing with his brother, Dominick Petrulli, 354 N. Central Avenue, Valley Stream, Long Island. Bureau files reveal that Petrulli's ex-wife was living in Los Angeles. There was no information in Bureau files of either Webster or Petrulli indicating any connection with Oswald, although Oswald was in Russia at approximately the same time as Webster.

ACTION:

The Cleveland and New York Divisions have been instructed to discreetly ascertain the whereabouts of Webster and Petrulli on 11/22/63.

General Dwight D. Eisenhower called and related that his friend, Fred Friendly of CBS, had told the General this morning that he, Friendly, had some evidence that a campaign to undermine the FBI and me is forming. Friendly asked General Eisenhower if he thought I would see Friendly in order to set the record straight both for the FBI and for my own part.

I told General Eisenhower I would be glad to see Friendly and learn what he has in mind. General Eisenhower stated he would have Friendly call me to make arrangements for the interview.

I called Mr. James J. Rowley, Chief of the Secret Service, to offer our assistance. I advised Mr. Rowley that our Dallas Office was already in contact with the Secret Service in Dallas and that we would render every possible assistance.

I mentioned that one of the Secret Service agents reportedly had been killed, and he stated he did not know this. I told him I had asked the name of the Secret Service Agent killed but it was not known.

I told Mr. Rowley that apparently the shooting came from the fourth floor of a building and shells had been found in the building; that these were Winchester shells - apparently a Winchester rifle was used; and that the building was surrounded.

Mr. Rowley stated he was also thinking of subversive elements - Mexico and Cuba. I then mentioned the Klan element. I advised Mr. Rowley that one witness stated he saw a Negro man lean out a window but later this was not confirmed and they do not know whether it was a white or a black.

I told Mr. Rowley the Bureau would render every assistance. Mr. Rowley indicated our assistance would be welcome and thanked me.

I called the Attorney General at his home and told him I thought we had the man who killed the President down in Dallas at the present time. I stated the man's name is Lee Harvey Oswald; that he was working in the building from which the shots were fired that hit the President and the Governor; that apparently he left the building and a block or two away ran into two police officers and, thinking they were going to arrest him, shot at them and killed one of them with a side arm; that the rifle had been left in the building.

I told the Attorney General that we have had a case on Oswald as he has been involved in the Fair Play for Cuba Committee. I stated the Dallas police have him down at headquarters and I have our Agents there.

The Attorney General asked if Oswald is a communist. I said that he is not a communist but has communist leanings. I related that Oswald went to Russia and stayed three years; came back to the United States in June, 1962, and went to Cuba on several occasions but would not tell us what he went to Cuba for. I stated he is a very mean-minded individual; that it is entirely possible he may have some communist sympathies but, so far as we know, is not a member of the Communist Party.

I told the Attorney General that, since the Secret Service is tied up, I thought we should move into the case.

I also informed the Attorney General that the plane has left with the President's body; that Lyndon Johnson has been sworn in and is coming in on the same plane.

I advised him that I have told our men to go down to police headquarters and participate in the interrogation of Oswald.

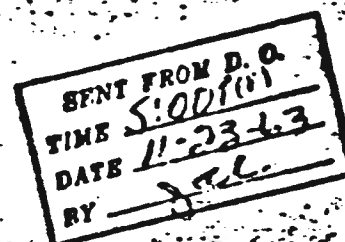

I also advised him that we have received information that a woman notified police authorities at Long Beach that she was told a few days ago that the President would be killed in Dallas by some man friend of hers, when he arrived in Dallas today. I stated we are trying to find this woman and locate the man friend.

I advised him also that a telephone operator at the Woodner overheard a conversation with a man in Texas in which the Washington man inquired whether or not it had been carried out and the man here said: "I will remain quiet then." I said we reported this to the Secret Service and they have sent agents out to the Woodner Apartments.

Re telephonic conversation between Assistant Director BELMONT and Inspector J. R. MALLEY, Dallas, 11/25/63.

For the information of the Laboratory on November 25, 1963, Dr. JACK C. HARPER, Methodist Hospital, Dallas, Texas, telephonically advised that his nephew WILLIAM ALLEN HARPER, a student at Texas Christian University, but who lives in Dallas at 2378 East Ledbetter Street, was taking photographs during the afternoon of 11/23/63, approximately 5:30 PM near the area just south of the spot where President KENNEDY was assassinated and had found a piece of bone. The bone piece was located approximately 25 feet south of the spot where President KENNEDY was shot. Dr. HARPER stated that his nephew immediately brought the bone to him and he and the Chief Pathologist at Methodist Hospital, Dr. C. E. KERNS, had examined the piece of bone and both definitely feel that it is a piece of human skull. Dr. HARPER felt that in view of the proximity of the place where the piece of bone was located it might possible be part of President KENNEDY's skull.

Inspector MALLEY was instructed by Assistant Director BELMONT to immediately forward this bone material to the FBI Lab for examination.

Dr. HARPER as well as WILLIAM ALLEN HARPER were told that no publicity should be given whatsoever. Dr. HARPER felt that this bone piece was possibly from the back of the head.

I called Mr. Walter Jenkins at the White House and advised him that we had killed the editorial in the Post. I said the matter had been discussed with Mr. Friendly, the managing editor.

I further advised Mr. Jenkins that Mr. Friendly had said it had been discussed; that they did not think the report ought to be released by the Attorney General or anyone in the Department of Justice; that it should be released either by the President or some distinguished jurist who would review it.

Mr. Jenkins asked what I thought of this, and I said I thought we ought to see how the report shapes up; as it looked at the moment, I thought it probably would be better to have it released by the President; that yesterday the President felt it should be kept in the Department of Justice; but from the attitude of Friendly, his feeling is that in the country there is so much feeling against the Attorney General it might not be accepted as the complete and true picture notwithstanding the fact the investigation was made by the FBI. I said, in view of the Post's position which they naturally would have, it seemed to me the reports we will submit will have all the exhibits and could very readily be made available to the press by either the Attorney General or the President.

Mr. Jenkins said he presumed the report will be pretty conclusive; almost speak for itself. I said it would; that the main one on the assassination we can probably have ready within the next twenty-four hours but I

I think we should hold that until we get the report on the Oswald situation; in that case it may be a situation where he has been made a martyr by being shot by Ruby. I stated that I am aiming for a deadline of Wednesday of this week for a report on both.

I also advised Mr. Jenkins that we are getting in touch with District Attorney Wade in Dallas and offering any assistance and all cooperation which we understand he will give us. I said there can be no doubt at all from a technical point of view that Oswald bought the gun from a mail-order house in Chicago; handwriting identified; came to a post office box in Dallas maintained by his mother; had the gun at his house; his wife admitted gun was there but couldn't identify gun; but on morning of the assassination, the men who picked Oswald up to bring him to work said Oswald carried a package wrapped in brown paper; he asked Oswald what was in the package and Oswald said they were curtain rods the lady had given him as he was going to decorate his own house with them; and the paper was found in the hallway, together with the gun and three shells. I told Mr. Jenkins that Oswald had four shells and only fired three shells; that we have one complete bullet found on the stretcher on which the President was carried into the hospital, which apparently fell out of the President's head; that the other two bullets were pretty well broken up but sufficiently complete to allow us to identify them as being the three fired by this particular gun.

Mr. Jenkins stated this is very conclusive. He said he would advise President Johnson about it and that the President will be very pleased.

I called Deputy Attorney General Nicholas deB. Katzenbach and advised him that I had just talked with the President who was very much disturbed; that he heard somewhere that the Washington Post had been tipped off by somebody in the Department that a Presidential Commission would be appointed to look into the entire situation down in Dallas; that this is not correct; that he does not intend to have any Presidential Commission; that he wants to have two reports prepared by the Bureau - one on the assassination and one on Oswald. I also told Mr. Katzenbach that the President had advised that the State Attorney General is going to have a court of special inquiry immediately designated as provided under Texas law; that the Attorney General of Texas sometime today will announce that a special court of inquiry has been called; that the President said the Judge is a very fine, outstanding man and Wade a capable prosecutor and Wade spoke very highly of cooperation with the Bureau.

I also told Mr. Katzenbach that I had instructed Mr. Malley in Dallas to see Wade at once and tell him we want to cooperate in every way we can in whatever he may be doing, just as we expect him to cooperate with us; any evidence we get, any testimony necessary from our personnel will be made entirely available to him.

I advised Mr. Katzenbach that the President asked that we get word of this picture to Mr. Guthman. I further indicated there would be a lot of calls today.

Mr. Katzenbach asked who steered the Post onto this, and I replied that the President said the Post had the story and tomorrow morning

JEH:rm (12)

Memorandum for Messrs. Tolson, Belmont, Mohr, November 23, 1963
Conrad, DeLoach, Evans, Rosen, Sullivan

intended to run a strong editorial in favor of this Presidential Commission; that he asked if I could dissuade the Post from carrying the editorial and I told him, frankly, that I seldom read the paper but would get word as to what is being done and the possibility of the District Attorney who is still conducting an investigation. I mentioned that the District Attorney yesterday announced that the case was closed and later retracted and then said the investigation would continue. I stated that I was going to try to get word to the Post that to put out an editorial of that kind would do more harm than good.

I told Mr. Katzenbach that if things continue as they are being done now, I thought we could get the report up by Wednesday of this week. Mr. Katzenbach said he thought so, too, and that he had sent a memorandum over this morning indicating the same thing.

I further advised him that the President felt the way we agreed upon yesterday would be best; that the report on the assassination was practically completed; that we were going into the report on Oswald today; that we must find out why the police allowed Ruby in; that the picture in the Post this morning showed definitely that no effort was made to push the fellow away or grab him. I said that I understood Ruby had been very close and had many friends among the men in the police department; that he had brought down sandwiches the second day and, when they indicated they did not want the sandwiches, he gave them to the newsmen; that he ran a night club and was friendly with the police and probably they just let him in the building; that unfortunately they had given a timetable down there on when it was going to take place to the minute.

I also informed Mr. Katzenbach that I spoke to the Attorney General last night about the procession today; that I thought the parade from the White House to the Cathedral was very dangerous; that I told the Attorney General I felt he ought to give some thought to that because we had received information that he himself would be killed and Johnson would be killed in the parade today, and we ourselves had already assigned forty of our men to the Secret Service to be along the line of march there. I said I gathered that the plan of marching up had not been changed and would go through. Mr. Katzenbach answered that, unfortunately, he thought that was true.

Mr. Katzenbach advised that Mr. Guttman had met with Mr. DeLoach and that would be done.

I advised Mr. Katzenbach that, if I learned we could stop the editorial, I would let him know. Mr. Katzenbach inquired if he could do

Memorandum for Messrs. Tolson, Belmont, Mohr, November 23, 1953
Conrad, DeLoach, Evans, Rosen, Sullivan

to something. I replied that I thought it would be very good; that any contact
he might have over there would be very helpful to dissuade them from carrying
such an editorial.

President Johnson called and stated apparently some lawyer in Justice is lobbying with the Post because that is where the suggestion came from to form a Presidential Commission which the President thinks would be very bad. I said that I, too, thought this would be bad. The President said they had gone to the Post to get an editorial and the Post is going to run an editorial favoring a Presidential Commission unless certain things are done.

The President stated there were two things he wanted to advise me of. First, they want to handle this matter as I suggested yesterday; that we put all available means into the investigation; that the FBI make a full report to the Attorney General; and that the Attorney General release the report.

Second, since it is a state matter and the State Attorney General is a young, able prosecutor and very cooperative, they are going to run a court of inquiry which is provided for by state law and with him there will be one of the most outstanding jurists in the country. The President said the State Attorney General will announce this today and asked that I notify our press man and that we offer full cooperation which we would also receive from the state authorities.

The President also asked that I use whatever influence I might have with the Post. I advised him that I did not have much influence with the Post but we would do what we could.

ASAC Clark of the Dallas Office at 6:40 p.m. advised that SAC Shanklin was at that time with Chief of Police Curry of Dallas. Shanklin advised that Chief Curry had received information from somewhere in North Carolina (source not revealed) as to the origin of the rifle owned by Oswald. Clark stated that Mr. Belmont had instructed Shanklin to not reveal this information which we had previously received and checked out.

Clark inquired as to whether the Bureau would now desire to make a release rather than run the chance of Chief Curry giving out this information.

After conferring with Mr. Donahoe, ASAC Clark was told that under no conditions should the FBI reveal this information at this time and if Chief Curry wanted to do it this was his business. Clark emphasized that Shanklin will attempt to keep Chief Curry from releasing this information to the press.

SUBJECT: MRS. JEAN HARRINGTON
VANDALIA, OHIO

The captioned individual at 6:45 p.m. on instant date called and advised Duty Supervisor Carl W. Spillers that she had witnessed the shooting of Lee Oswald on television and that she had observed reruns of this film on television. She stated that from the expression on Oswald's face when he first saw his attacker indicated to her that he knew the attacker. She said she observed this picture several times and she was convinced that Oswald was acquainted with the man who murdered him.

Mrs. Harrington stated that she was concerned over the safety of the various heads of state and high officials who are to meet in Washington tomorrow for Mr. Kennedy's funeral. She stated that it would be horrible if someone should drop a bomb among these people or use some other means to injure them. She stated that she had no information whatsoever that such a thing would be done but that she was thinking about the possibility and ramifications of such a tragedy.

Bureau files contain no information identifiable with Mrs. Harrington.

**ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
NOVEMBER 22, 1963, DALLAS, TEXAS**

The rifle that had been used to fire the lethal shots at President John F. Kennedy has been identified as a 6.5 millimeter Mannlicher-Carcano Italian military rifle Model 91/38, number 2766.

Laboratory examination of markings of two cartridge cases found on the sixth floor of the building in which Oswald was employed determined that they had been fired in the rifle mentioned above.

An examination was made of handwriting and handprinting appearing on an envelope and order blank form of Kleins Sporting Goods, Chicago, Illinois, from which this rifle was purchased. This envelope and order blank bore the return address "A. Hindell, P. O. Box 2915, Dallas, Texas". It was determined that the handwriting and handprinting on the envelope and order form mentioned above had been prepared by the same individual whose handwriting appeared on a passport application for Lee H. Oswald and two letters contained in the files of the United States Navy bearing the signature Lee H. Oswald.

Textile fibers adhering to a jagged area on the left side of the metal butt plate of this weapon were similar in characteristics to fibers composing a shirt which Oswald had been wearing upon his arrest on November 22, 1963. A latent palm print appearing on wrapping paper found in the same building which may have been used to cover the weapon and is similar to that used by the Texas Public School Book Depository where Oswald was employed, was identified as being identical with Oswald's.

During the morning of November 24, 1963, our Dallas Office received an anonymous telephone call from an individual who threatened that Oswald would be killed during his scheduled transfer that day from the City Jail to the County Jail in Dallas, Texas. It was learned that the Sheriff's Office in Dallas, Texas, received a similar telephonic threat at approximately the same time. Authorities of the Dallas Police Department were immediately advised of these threats in order that appropriate security arrangements could be taken to protect their prisoner.

ASSASSINATION OF PRESIDENT JOHN F. KENNEDY

In view of the calm demeanor exhibited by the anonymous caller, this threat was again discussed with the Chief of Police of the Dallas Police Department by the Special Agent in Charge of the Dallas Office at 8:15 A.M., November 24, 1963, at which time the Special Agent in Charge was advised by Chief Curry that they were taking every precaution.

Lee Harvey Oswald at approximately 1:00 P.M., Eastern Standard Time, while in the Dallas City Jail prior to boarding an armored van was shot and mortally wounded by an assailant who was subsequently identified as Jack Leon Ruby. Oswald was pronounced dead shortly thereafter at the Parkland Hospital in Dallas, Texas.

Jack Leon Ruby who allegedly was born on March 25, 1911, at Chicago, Illinois, was taken into custody by officers of the Dallas Police Department and has been formally charged with the murder of Oswald. Ruby has been interviewed by Special Agents of the FBI and while declining to say why he killed Oswald supposed that his grief over President Kennedy's death drove him to the point of insanity.

Investigation has been initiated by the Bureau relative to this most recent development as a possible violation of the Civil Rights Statute relating to the rights of citizens under Section 241, Title 18, United States Code.

With further respect to the 8 millimeter color movie film which the Dallas Office received from the Secret Service concerning the assassination of the President, SAC Shanklin called at approximately 4:55 p.m. to indicate that local film processing houses in Dallas were unable to handle this film. Shanklin stated that apparently Zapruber, the man who took the film, had immediately had three copies made from the original. The Secret Service obtained two copies from Zapruber and Zapruber apparently sold the third copy to "Time and Life" magazine. "Time and Life" have indicated to Guthman's office that they paid approximately \$40,000 to Zapruber for this film.

SAC Shanklin indicated that by holding the film up to the light, it appeared obvious there was at least three feet of good film. Some of the shots reflect the President being struck by a bullet while others show Governor Connally being shot.

I told SAC Shanklin that under the circumstances, he should have this film placed on a commercial flight to Washington immediately. I also told him that after ascertaining the flight number and the pilot, to whom the film would be given, he should call the duty Agent in Mr. Rosen's division and advise him so that appropriate instructions could be given to the Washington Field Office to have the film picked up at the airport. It will then be necessary to have the film processed either by our own photographic lab or by a commercial lab with whom we do business here in Washington.

Messrs. Belmont and Malley have been advised of the above facts.

ACTION:

It is suggested this memorandum be forwarded to the General Investigative Division for appropriate action.

Dear Mr. Hoover:

I am 14 and have been studying out the Kennedy assassination. As of this letter Oswald is the prime suspect. I have reason to believe, in addition to what the police and F.B.I. have uncovered, that Oswald could be guilty.

It has not been confirmed that Oswald did not become a Russian citizen. Perhaps he didn't become one, but he might have become associated with the Communist party. I saw a movie, AND THIS IS NOT A FANTASY, about a tricky communist BRAINWASHING! The movie was called the "MANCHURIAN CANDIDATE." Please get a hold of this movie and study it carefully. It starred Laurence Harvey and Frank Sinatra. It is very possible that Oswald committed the crime unaware of it. There could have been a communist contact that devised a method as in the movie.

I BEG of you to get a hold of this movie. Perhaps it's nothing, but then again there's always a chance.

Reference is made to your memorandum to Mr. Tolson dated November 25, 1963, which concerned a conversation overheard between a party in Columbus, Ohio, and a party in Houston, Texas, wherein it was stated concerning the Oswald murder, "It is good they got him before they tied him up with us." Involved in this conversation were Jack Layton, a photographer, 4326 Betty Street, Bellaire, Texas, (a suburb of Houston); Eugene Alphonsus O'Doherty, 1167 South High Street, Columbus, Ohio; and his brother, Vincent Joseph O'Doherty. You requested that Bureau files be reviewed concerning the afore-mentioned.

No identifiable information was located concerning either of the O'Dohertys.

Jack Layton may be identical with Jack Nicholas Layton, born August 30, 1918, Joplin, Missouri, which individual, for several years prior to 1960, operated various photographic studios in Houston.

This is the time his wife may need everything available to her (before death benefits start)

You will have to fill in the name payable to - since the man's name has not yet been told -

Dear Miss Cash:

Your letter of November 22nd, with enclosure, has been received.

I would like to point out that the protection of the President and his immediate family is the responsibility of the Secret Service of the United States Treasury Department, and Secret Service Agents were with the President at the time he was assassinated. As you are probably aware by now, the only law enforcement officer who lost his life was Mr. J. D. Tippit of the Dallas Police Department. In view of this, you may want to contact representatives of that department concerning any donation you may want to give to Mrs. Tippit.

I am returning the check you so thoughtfully forwarded.

Sincerely yours,

J. Edgar Hoover

ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
DALLAS, TEXAS, NOVEMBER 22, 1963

*all K's herein are
unclassified except where
otherwise
noted:*

President John F. Kennedy was shot and killed by an unknown assailant at approximately 12:30 p. m., November 22, 1963, in Dallas, Texas. Investigation was immediately instituted in an effort to identify and apprehend the person responsible for this assassination.

At approximately 2:00 p. m., information was received that a suspicious person had entered the Texas Theater which is located about six tenths of a mile from the four hundred block of East 10th Street in Dallas where J. D. Tippitt, a Dallas Police Department patrolman had been shot and killed about 1:13 p. m. Officers of the Dallas Police Department and FBI Agents converged on the theater and took into custody Lee Harvey Oswald who resisted arrest and attempted to fire a .38 caliber revolver which was taken from his person.

State complaints were filed on November 22, 1963, charging Oswald with the murder of President Kennedy and Patrolman Tippitt.

Investigation has established that Oswald was employed at the Texas School Book Depository which has been identified as the building from which the fatal shots were fired at the President. A fellow employee stated he took Oswald to work on the morning of November 22, 1963, at which time Oswald was carrying a package of sufficient length to contain a disassembled rifle and which Oswald said consisted of curtain rods. Oswald was observed on the fifth floor of the building in which he was employed at approximately 11:50 a. m., November 22, 1963. Oswald was again observed inside the building shortly after the shooting but could not be found thereafter. Another fellow employee stated shots were fired "right over his head" while this employee was watching the car occupied by President Kennedy passing in front of the building. A witness to the shooting stated that the shots were fired by

Assassination of President John F. Kennedy

a white man from a window on the sixth floor of the building in which Oswald was employed. This witness later selected Oswald in a line-up as the person who resembled the individual he observed fire the rifle from the window. The witness could not make a positive identification. Mrs. Earlene Roberts, 1026 North Beckley Street in Dallas, stated Oswald, using the name of O. H. Lee, had lived at her residence since October 14, 1963, and at about 1:00 p. m., November 22, 1963, came to her residence, picked up a jacket and left hurriedly.

A 6.5 caliber Italian carbine rifle with a four-power scope was found on the sixth floor of the building in which Oswald was employed and from which the shots at the President were fired. Investigation by our Chicago Office has revealed that a weapon of this description and identical serial number was sold to one A. Hidell, Post Office Box 2915, Dallas, Texas, on March 28, 1963, for \$21.45. This Post Office Box at that time was rented by Mrs. Lee H. Oswald, believed to be the mother of suspect. Oswald, at the time of his arrest, had in his possession a Selective Service card in the name of Alex Hidell. The recovered rifle as well as the .38 caliber revolver taken from Oswald, were immediately brought to the FBI Laboratory for examination.

It was determined that a bullet found on one of the stretchers at the hospital following the admittance of President Kennedy had been fired from the rifle referred to above. Examination also identified two bullet fragments found in the Presidential car as having been fired from this same weapon. Other examinations in the FBI Laboratory are continuing.

A brown paper bag possibly used to carry the rifle was found near the window on the sixth floor of the building from which the shots were fired. A latent fingerprint developed on this bag by the FBI Identification Division was identified with the left index finger impression of Lee Harvey Oswald.

Assassination of President John F. Kennedy

With respect to background information concerning Oswald, his birth date has been verified at New Orleans, Louisiana, as October 18, 1938. He attended high school at Fort Worth, Texas, and according to records of the Office of Naval Intelligence, enlisted in the United States Marine Corps at Dallas, Texas, on October 24, 1956, for a three-year term. He was released to inactive duty on September 11, 1959, but his military obligation continued until December 8, 1962.

According to information received from the State Department, he indicated to the American Embassy in Moscow on October 31, 1959, that he wished to renounce his American citizenship. He claimed at the time that he had been a radar operator in the Marine Corps and had told Soviet officials that if he were granted Soviet citizenship, he would make known information concerning the Marine Corps, which was in his possession. On this occasion he declared, "I am a Marxist." The United Press on November 15, 1959, reported that Soviet authorities had refused to grant Oswald Soviet citizenship, but would permit him to live in Russia as a resident alien.

Office of Naval Intelligence reported that Oswald had been undesirably discharged from the Marine Corps Reserve on August 17, 1960.

On January 30, 1961, Oswald corresponded with the then Secretary of the Navy John B. Connally, with respect to his undesirable discharge requesting that appropriate action be taken to change his status and indicating he intended to return to this country. This was followed by a letter dated March 22, 1962, directed to Assistant Director of Personnel, Brigadier General Tompkins, United States Marine Corps, at which time he made a similar complaint.

Information has likewise been received from the Office of Senator John G. Tower (Republican - Texas) that during 1961 Oswald had requested that Senator Tower intercede in his behalf with Soviet authorities, so that they would allow him to return to the United States.

According to information received from the State Department on July 17, 1962, Oswald and his wife, a Soviet citizen, had been granted exit permits to leave Russia, and the State Department had given approval for their travel to the United States accompanied by an infant child.

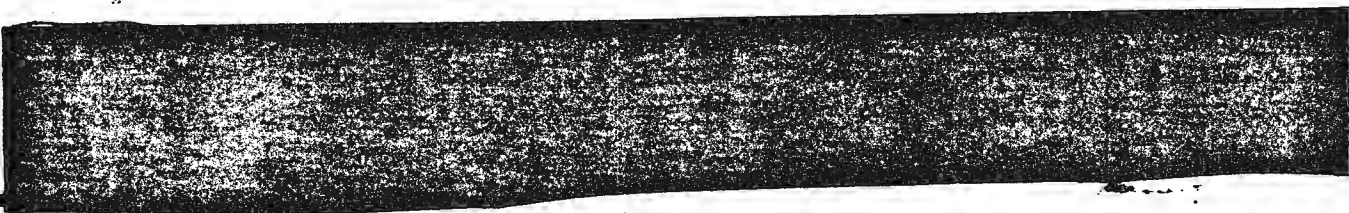

Oswald was interviewed by Special Agents of this Bureau at Fort Worth, Texas, on June 26, 1962, at which time he was curt, sullen and arrogant. He declined to answer questions as to why he made the trip to Russia or his experiences while there. He indicated that he had been employed as a sheet metal worker in a television factory and admired the Russian form of Government. He claimed familiarity with the theories of Karl Marx, but denied being a member of the Communist Party or having renounced his United States citizenship. According to Oswald, the Soviets never attempted to obtain information from him nor did he make any deals with the Soviets in order to obtain permission to return to the United States. He disclaimed any affiliation with Soviet intelligence.

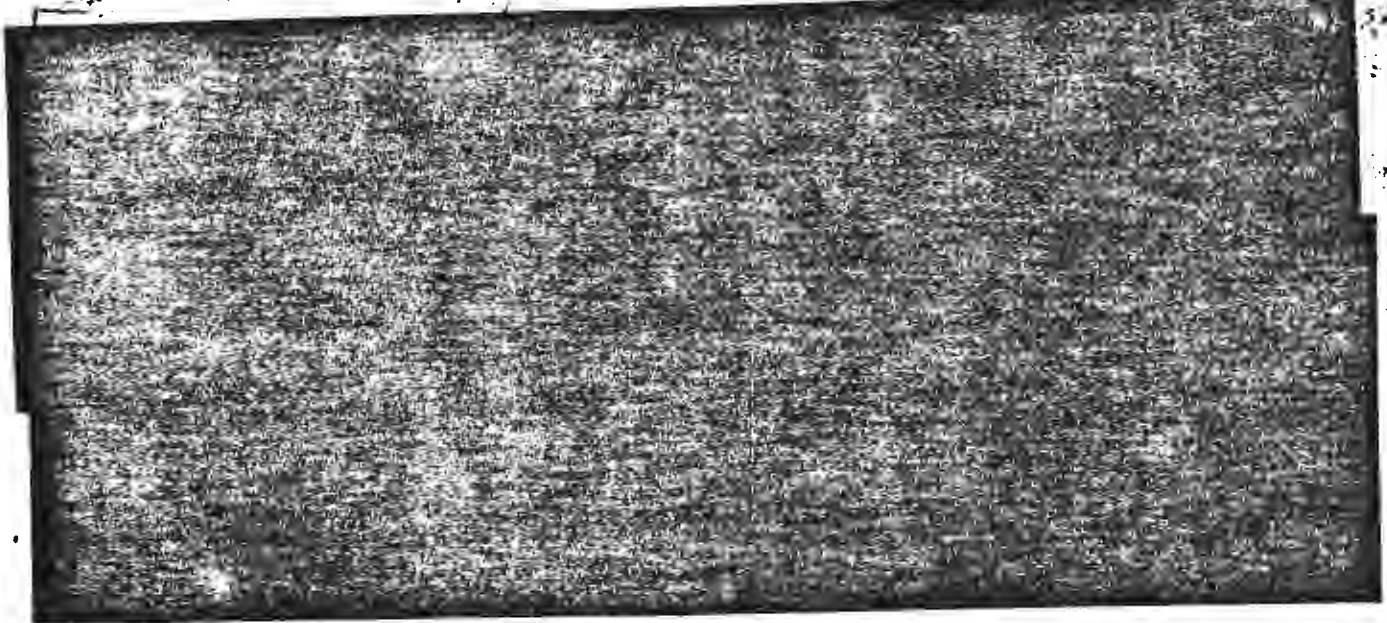

Upon reinterview on August 16, 1962, he acknowledged recently visiting the Soviet Embassy in Washington, D. C., but indicated his visit was solely to register his wife's current address as required by Soviet law. He again denied requesting revocation of his United States citizenship or allegiance to the Soviet Government.

According to information developed by this Bureau, Oswald was arrested on August 9, 1963, for disturbing the peace in New Orleans, Louisiana, as a result of distributing a pamphlet for an organization known as "Fair Play for Cuba." He pleaded guilty and elected to pay a *fine* fee of \$10.

Oswald was interviewed on August 16, 1963, at which time he indicated he was unemployed and had been in New Orleans for approximately four months. While there he read literature distributed by the Fair Play for Cuba Committee which he considered not to be communist dominated or controlled. He corresponded with the Committee at 799 Broadway, New York City, and paid a \$5.00 membership fee. He received a membership card in the New Orleans chapter dated June 6, 1963, signed A. J. Hidell.

The Fair Play for Cuba Committee is a pro-Castro organization founded during the Spring of 1960, whose function is to propagandize the Castro regime.

Oswald during previous interviews with FBI Agents claimed to have married his wife, Marina Nikoleavna Oswald, nee Prusakova, at Minsk, Russia, on April 30, 1961. He likewise claimed an American passport, number D992626, issued at New Orleans, Louisiana, on June 25, 1963, for proposed travel of three months to one year as a tourist to England, France, Germany, Holland, USSR, Finland, Italy, and Poland. He indicated an intention to depart from New Orleans during the latter part of 1963.

Additional information developed by this Bureau indicated one Lee Oswald during September, 1962, was a subscriber to "The Worker" an east coast communist newspaper.

SUBJECT: ASSASSINATION OF--
PRESIDENT KENNEDY
NOVEMBER 22, 1963
DALLAS, TEXAS *Sound E*

SAC Dinsmore, St. Louis, telephonically advised his office had been advised that the U. S. Marine Corps record for Lee Harvey Oswald had been sent today AMSD to DGK, Washington. SAC Dinsmore was not aware of the exact meaning of these initials but the record was to go to the attention of the Chief Warrant Officer Johnson, Division of Information, Marine Corps Headquarters.

Dinsmore advised a representative of the St. Louis Office had had a chance to look at the file briefly and the file showed Oswald was born in New Orleans, Louisiana; had been released from active duty as a Marine in September, 1959, as a hardship case. He was transferred to the Marine Corps reserves on 9-13-60. Oswald was given an undesirable discharge in view of his application for Russian citizenship. At that time he furnished his residence as Fort Worth, Texas. While in the Marine Corps he was given two summary court-martials while stationed in Japan as follows: 1. Violation of a lawful order to report a weapon. No disposition. 2. Assault of a Staff and non-commissioned officer by throwing a drink on him. No further information available. His mother's name was shown as Margaret; no further information available.

The above is submitted for information in the event it becomes necessary to locate Oswald's U. S. Marine Corps file.

JOHN F. O'KEEFE

At 2:20 p.m. I talked with SAC Shanklin at Dallas relative to the shooting of the President. He stated that, from the information available as of that time, it appears the President has died of his wounds and that Governor Connally of Texas is in fair condition. He said that, contrary to prior reports that a Secret Service man had been killed, this now appears to be untrue.

I told Shanklin that the Director's specific instructions on this are that we should offer all possible assistance to the Secret Service and to the local police, and that meant just exactly that--that we should give all possible assistance. I told him the question of jurisdiction is not pertinent at this time; that while, of course, Secret Service will regard this as their primary matter, the essential thing is that we offer and give all possible assistance.

I told him there was a report that some spent shells had been found, and he should check and see whether Secret Service wants us to send Laboratory men down to assist.

Shanklin said that an offer of assistance had already been made, and that he had men with the Secret Service, with the Police Department, and with the Sheriff's Office, and as a matter of fact had a man at the hospital where Mrs. Kennedy is. He said that the alleged spot where the shooting took place was from the fifth floor of a five-story building on the corner of Elm and Commerce Streets, and that reportedly a Winchester rifle was used. He said the building is roped off and Secret Service and the police are going through the building. He said reportedly one man had been arrested by the Sheriff's Office but there is nothing definite.

I told Shanklin that if there is no significant information right now, regarding who did this, we will send out a teletype to all offices to check and account for the whereabouts of members of hate groups in their areas. He advised no one has been identified as yet.

REC 30

62-109060-99

I told Shanklin that if there is a need for any additional manpower he should advise us at once and it will be provided.

Shanklin called back at 2:40 p.m. to advise that a police officer was shot and killed by a rifle shot in the 500 block of East 10th Street in Dallas, and this is in the same area as the building where the other shots allegedly were fired. The police have cornered an individual who they feel may have been responsible for the shootings. Shanklin will advise further.

The attached teletype has been prepared, alerting all offices to immediately contact all informants and sources regarding this shooting and to immediately establish the whereabouts of bombing suspects, Klan and hate group members, racial extremists, and any other individuals who on the basis of information in the files might have been involved.

RECOMMENDATION:

If the individual who the police have cornered in Dallas is not the individual responsible for this shooting, it is recommended this teletype go out to all offices at once.

sent 11/22/63

ADDENDUM:

Shanklin called at 2:55 p.m. to advise that the police have captured the man who is believed to have shot the policeman and the police think he may be the man who killed the President. They are on their way to the PD and Shanklin will report as soon as he gets the facts.

Jack Adler telephonically contacted the writer and advised that he had been instructed to contact the major Bureaus and Divisions of the Department to inform them that the Department will be closed in compliance with the President's declaration on Monday, November 25, 1963, which declaration ordered Federal Offices throughout the country to close on Monday, the day of the former President Kennedy's funeral.

Pursuant to your discussion with the Director, the following notice has been posted on the switchboard with which to handle inquiries from employees calling in concerning this declaration: "Unless you are advised by your Division Head or Supervisor to the contrary, you are excused from work on Monday."

Notification has gone forward to the offices from which Agents were reporting for In-Service training to have such Agents report on Tuesday, November 26, 1963, rather than on Monday, November 25th. New clerical employees who are scheduled to report for duty on Monday, November 25th will be advised upon reporting to return on Tuesday, November 26th. *ch*

In order that the President's declaration and the Department's instructions can be carried out, there is attached a suggested teletype to all field offices instructing it will be up to the head of each office to comply with such instructions however, it will be necessary to have personnel available to carry out essential work. This declaration does not apply to our Legal Attache Offices.

RECOMMENDATION

It is recommended the attached teletype to all offices go forward.

ASSASSINATION OF PRESIDENT KENNEDY
NOVEMBER 22, 1963
DALLAS, TEXAS

1- Mr. DeLoach

On the evening of 11-22-63, upon request of the Director's Office, C. H. Stanley of my office talked with Mr. Stephen Banker who had appeared at the Director's Office.

Mr. Banker identified himself as being with CBS and had indicated that he desired information concerning the FBI's activities in connection with the assassination of the President. Mr. Banker asked such questions as how many men we had working on the case and whether we had been in touch with our Dallas Office concerning the activities in connection with this matter. It was diplomatically explained to Mr. Banker that the Bureau would be unable to furnish any information to him.

Mr. Banker reluctantly indicated that he was so advising his office. Mr. Banker thereafter left the Director's Office.

Captioned individual called at 4:30 p. m. this date and requested to speak with the Director. He spoke with Duty Supervisor Carl W. Spillers of the Special Investigative Division. Mr. Alig prefaced his statement with the comment that the FBI is the only Government agency in which the people could place confidence. He stated he felt there was definitely a communist conspiracy in connection with the assassination of President Kennedy and if Oswald's family does not repudiate Oswald, then they are also communists. Mr. Alig stated he had no information, just his opinion, and he wanted to express his concern over the fact that the Dallas Police Department was permitted to take custody of Oswald. Since the President of the United States was slain, he felt the FBI should have had custody. He stated that he felt that Rubenstein, who murdered Oswald, should be given a sodium drug to bring out the truth.

Alig stated he hoped that Mr. Hoover would talk with the new President and request appropriate laws be enacted to handle situation like the one encountered this week.

Bureau files indicate Eldon Alig, same address, on November 12, 1960, sent Director a telegram demanding investigation of fraudulent voting in national elections. When interviewed, Alig stated his information came from news media and he had no specific information. (Bureau file 56-2696)

Jay Sourwine called at 12:30 today and advised that their committee had just received word that the Communist Party is making a "massive effort" to distribute a pamphlet alleging that the President's death was caused by "extreme right wing elements." The pamphlet also points out that Director Hoover of the FBI must also share some of the responsibility. According to Sourwine, most of these pamphlets were being passed out on subway platforms in the New York City area.

The above data was immediately furnished to the Domestic Intelligence Division for their information and appropriate follow-up action.

SAC Jenkins telephonically advised this afternoon from Boston that Resident Agent William Carpenter of Hyannis Port had informed him the late President Kennedy's Father had taken the news of his son's death much better than was anticipated, he having been advised of the news this morning. Doctors who had been standing by from Boston have been excused and have returned to Boston.

SAC Jenkins advised that Mrs. Kennedy, the late President's Mother, will come to Washington tomorrow to attend services for her son on Monday but the Father will not accompany her.

SAC Jenkins further advised that despite news comment apparently there is no final determination yet as to whether the services in Boston in connection with burial at Brookline will be strictly private or whether or not friends will also be invited. Mrs. Kennedy, the widow, has not made a final determination on this point at this time.

The above is submitted for your information.

An NBC News report at 8:20 p. m., 11/23/63, indicated that Chief of Police Curry at Dallas had stated a picture had been found of Oswald holding the gun which killed President Kennedy. The newscast further stated the Chief of Police said that "This cinches it."

At 8:32 p. m., SAC Shanklin advised that he had observed the interview of Chief of Police Curry and the Chief of Police stated that a picture had been found of Oswald holding a rifle. He said this picture apparently was taken in New Orleans and showed Oswald with a rifle across his chest and a pistol strapped on his hip. He stated the interviewer asked the Chief of Police if this was the gun which killed President Kennedy and the Chief replied, "I do not know," and he was then asked "Is this the gun which was sent to the FBI and which was identified as the one which killed President Kennedy," and the Chief replied, "I do not know."

It is noted that Oswald has maintained he never owned a rifle.

SAC Harry G. Maynor, New Orleans Office, telephonically advised at 8:10 p.m., 11/23/63, that arrangements have been made for a package containing handwriting specimens of Lee H. Oswald to be transported from New Orleans, La., to Friendship Airport, Baltimore, Md., via Delta Airlines. SAC Maynor indicated that this package would be in the possession of the Captain of Delta Airlines Flight 876 which leaves New Orleans at 8:40 a.m. 11/24/63, and arrives at Friendship at 11:42 a.m., 11/24/63. Also in this package will be certain Immigration and Naturalization Service documents which New Orleans was previously requested to obtain and furnish the Bureau.

RECOMMENDATION:

That arrangements be made for an Agent of the Baltimore Office to obtain the aforementioned package from the Captain of Delta Airlines Flight 876 and transport same to the Bureau for appropriate examination.

At 9:15 p.m. today Robert J. Riley, Wheeling, West Virginia, telephonically contacted Bureau Headquarters. He advised he is a lawyer in Wheeling with offices in the Riley Law Building. He stated he was an Assistant United States Attorney from 1934 to 1936, in the Northern District of West Virginia.

Riley stated he travels extensively and frequently is in Dallas and Midland, Texas, in connection with oil properties. He stated he has just observed a program by Walter Cronkite which prompted the call. Riley stated Cronkite had a Negro and a Jew on his program and both indicated things were peaceful in Dallas. Riley stated in fact the people in Dallas are much opposed to Johnson and that in both Dallas and Midland it is not safe to praise Johnson. He said this is not because of any religious or racial feelings but due to the fact that Johnson is a traitor to the South.

Riley stated that he just wanted to make the Bureau aware of his feelings in regard to this matter.

Dear Mrs. French:

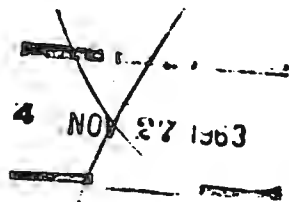

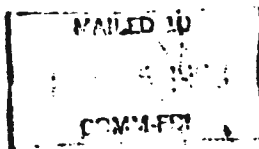

At times of stress, individuals are quick to find fault. More often than not they speak without any knowledge of the facts. Unfortunately your telegram of November 22, 1963, indicates unfamiliarity with our jurisdiction.

At this time in the Nation's bereavement, I am disturbed by your unfounded accusation of negligence and feel it necessary to inform you that the protection of the President and his immediate family is the responsibility of the Secret Service of the United States Treasury Department and not the FBI. Secret Service Agents were with the President at the time he was assassinated, and they, as any reasonable person would realize, are particularly grieved over this tragedy and need support rather than criticism during this trying time.

Dear Mr. Gomberg:

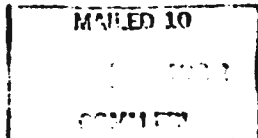

At times of stress, individuals are quick to find fault. More often than not they speak without any knowledge of the facts. Unfortunately your telegram of November 23, 1963, indicates unfamiliarity with our jurisdiction.

At this time in the Nation's bereavement, I am disturbed by your unfounded accusation of negligence and feel it necessary to inform you that the protection of the President and his immediate family is the responsibility of the Secret Service of the United States Treasury Department and not the FBI. Secret Service Agents were with the President at the time he was assassinated, and they, as any reasonable person would realize, are particularly grieved over this tragedy and need support rather than criticism during this trying time.

At approximately 7:00 p. m. on instant date captioned individual called and requested to speak to the Director. He talked to Duty Supervisor Carl W. Spillers of the Special Investigative Division. Mr. White stated that he did not want to be nosey but would like to have some information as to why the Dallas, Texas, Police Department paraded suspect Oswald through a line of people in order to move him from one jail to another. He stated that in his opinion this was foolish and the same could have been accomplished by backing a van up to a door and escorting Oswald into the van, which would have prevented the killing of Oswald. Mr. White advised that he had no information to offer but after watching television most of the day he could not resist registering his feelings concerning the manner in which the Dallas Police Department had handled this case.

Bureau files contain no information identifiable with Mr. White.

SUBJECT: LIBERO RICCIARDELLI
IS-R

WCS/4/11
WCS

On November 22, 1963, 11:07 p.m., Adam Yarmolinsky, Special Assistant to the Secretary of Defense, suggested by telephone call that other defectors with similar backgrounds to that of Lee Harvey Oswald might have been in Dallas, Texas, November 22, 1963, and might have been involved in the assassination of the President. One of the names he furnished was that of Libero Ricciardelli.

This undoubtedly refers to Libero Ricciardelli. Our files show Ricciardelli was born June 18, 1917, at Needham, Massachusetts. He served in the U. S. Air Force from 1943 until 1947 when he was separated as a captain. He served in the U. S. Air Force Reserve from June 1947 until September 1957 when he was retired for physical reasons as a major. On September 30, 1958, he obtained a passport for himself, his wife and three children for a three-month pleasure trip to Russia and in February 1959 they traveled to Russia. On July 19 and 20, 1959, a story was carried in the Washington Capitol News Service that the subject had written an open letter announcing his desires to stay in Russia and requesting Soviet citizenship.

On September 27, 1962, he executed an application for a United States passport at the American Embassy, Moscow. Embassy officials stated that it appeared certain that he had expatriated himself, however, they permitted him to make application for a new passport. During the visit to the American Embassy he stated that he had been trying to move his family to Czechoslovakia. He did admit that he had received a regular Soviet internal passport. The Department of State by memorandum December 5, 1962, advised the American Embassy, Moscow, that his application for a passport was disapproved. Passports were issued to Ricciardelli's wife and three children. He re-entered the United States June 28, 1963, on a nonquota immigrant visa. His wife and three children preceded him to the United States.

The Boston Office, by pretext, discreetly determined that on November 22, 1963, Ricciardelli left Needham, Massachusetts, at 7:00 a.m. to go to Nashua, New Hampshire, where he worked at Hilton Hotel until noon. He then proceeded to Merrimack, Massachusetts, 105-72888

(a. 11/25)

At 8:05 p.m. this date captioned individual called and requested to talk to the Director. He spoke with Duty Supervisor Carl W. Spillers of the Special Investigative Division. Mr. Rockwell complained about the manner in which the Dallas, Texas, Police Department had handled the investigation of President Kennedy's assassination, particularly their method of handling Oswald, the suspect in this case. He stated that it was obvious that the Dallas Police Department did not know what they were doing, and he felt the FBI and the Federal Government should have handled this matter since it involved the murder of the President of the United States.

Mr. Rockwell had no information to offer and stated that he just wanted to register his complaint about the handling of this case and stated he felt deeply that Federal authorities should have stepped in and taken this matter away from the local police regardless of the law.

Bureau files contain no information identifiable with Rockwell.

At 7:00 p.m. this date Mr. Roenke called and requested that his feelings with reference to radio and television programing in connection with the assassination of President Kennedy be relayed to the Director. He talked to Duty Supervisor Carl W. Spillers of the Special Investigative Division and stated that he felt strongly that the instance of the last few days had been overdramatized by the radio and television programs and that the results can be bad. He stated he felt that such programs were responsible, to a great degree, for the killing of Suspect Oswald in Dallas, Texas. He stated that he felt that such programing should be reduced, and he desired that his feelings in this matter be a matter of record.

Bureau files contain no information identifiable with Mr. Roenke.

SUBJECT: ASSASSINATION OF PRESIDENT *John F. Kennedy*

On 11-26-63, Kemper took a rather interesting call from Congressman J. Russell Tuten (D-Ga.). Congressman Tuten said that he was down in his district over the week end and that many of his constituents had asked him questions which he could not answer. He wanted to know whether Oswald, at the time of his assassination, was in the hands of the FBI or the Dallas Police Department. Kemper told him most emphatically that he was in the hands of the Dallas Police Department and the reason why he was not in our hands. Congressman Tuten then said that many of his constituents were extremely concerned because the Dallas Police Department had said the matter was closed. He said he felt this would be very bad and hoped that the FBI would not close the matter.

Kemper advised him that President Johnson had instructed the FBI to make a complete investigation of both the President's assassination and the murder of Oswald. The Congressman said this was most reassuring, that he knew the FBI would do an excellent and factual job.

SUBJECT: ASSASSINATION OF THE PRESIDENT *John F. Kennedy*

Guthman of the Department called at approximately 3:00 p.m. He stated that the Attorney General of the State of Texas was having a press conference this afternoon in Washington and would undoubtedly indicate to the press that the State of Texas would convene a Board of Inquiry into the assassination of the President and the murder of Lee Harvey Oswald. Guthman stated that the Department had to prepare to answer a large number of inquiries which they undoubtedly will receive following the State Attorney General's press conference. Guthman then read to me the following proposed release he plans to make:

"President Johnson has directed the FBI to investigate every lead and every shred of evidence in the assassination of President Kennedy and the shooting of Oswald. A full report on the FBI's findings in the assassination of President Kennedy will be made public. All evidence in the shooting of Oswald will be made available to local authorities in Dallas who will have responsibility for the trial of Jack Ruby. The Department of Justice, of course, will lend whatever assistance it can to any properly constituted Texas Court of Inquiry."

Guthman asked me what I thought of the release. I told him I disagreed with the plan to make a release. I mentioned that everything had already been said in the release which was made last night and, therefore, there was no further need to state anything else. I told him that it would be far better to wait until the FBI had procured all facts in the matter and had submitted an investigative report. I told Guthman that it was particularly bad that he wanted to make the statement that, "All evidence in the shooting of Oswald will be made available to local authorities in Dallas who will have responsibility for the trial of Jack Ruby." I mentioned that despite the truthfulness of this statement it will invite criticism. Many responsible individuals across the Nation are pointing to the inefficiency of the Dallas Police Department and a statement of this nature will merely add fuel to the fire.

Re: Assassination of the President

Guthman stated he would remove the statement at once, however, wanted to go ahead and make the remaining statements. I told him I still disagreed, that there appeared to be no need whatsoever for any further press releases to be made by the Department. I told him that I, personally, believe that he should answer inquiries in the matter. He replied that he would think over the objections in question.

-After talking with the Director, I called Guthman back and told him I wanted to reiterate my objections in the above regard. Guthman stated he had given the matter further thought and in view of FBI objections would not issue a press release but merely would answer inquiries. I told him I thought this was highly advisable.

Mr. FRED W. RUPP, RFD 2, Mink Road, Perkasio, Pa., advised that he has a subcontract with Crescent Firearms, Inc., 2 West 37th Street, New York City 18, N.Y., to clean various types of Italian made rifles.

He advised that periodically he picks up a load of these guns from Harborside Warehouse Terminal, Jersey City, N.J., and brings them to his shop where he cleans and test fires them.

He advised these guns are packed in sealed cardboard cartons containing ten rifles in each carton, which are individually packed in smaller cardboard cartons. Each carton of ten rifles has a carton number and a packing slip on the inside and outside of the carton which lists the serial number of each rifle contained therein.

He advised he keeps no record of the number of the carton or the serial numbers of the rifles when he picks them up from Harborside Warehouse Terminal. He advised, however, he feels sure that Harborside Warehouse Terminal must keep a record at least of the number of the carton when they release these cartons to him. He stated these cartons are brought to his shop at RFD 2, Mink Road, Perkasio, Pa. He then unpacks the cartons, cleans each gun, and then repacks them into the same carton, unless this particular carton is mutilated and torn, in which case he repacks them in a new carton. He advised that when he repacks them in a new carton, these cartons are numbered the same as the carton was numbered when he received it from Harborside. He further advised that in the event one of the guns does not properly function, he will replace it with another gun and the packing slip will reveal that the serial number of the gun replaced has been replaced with another gun and this serial number is listed on the packing slip.

He advised that one packing slip is then placed inside the carton and one is pasted on the outside of the carton. He advised that the remaining packing slips are sent by mail

to Cresent Firearms, Inc., New York City.

He said his records in no way show the serial number of any individual gun handled by him. He stated the only record he has is the carton number record of the cartons he ships from his place to various customers which are designated to him by Cresent Firearms, Inc., in New York City.

He stated that his shipping book reflects that on February 12, 1963, on Cresent Firearms, Inc., order number 3178, he turned over carton number 3376 to North Penn Transfer Company, Lansdale, Pa., for shipment. He advised that his records do not reflect to whom this particular carton of guns was shipped because the bill of lading furnished to him by North Penn Transfer Company is sent to Cresent Firearms, Inc., New York City.

He stated that this bill of lading probably would not designate this carton of guns by number; however, the possibility existed that North Penn Transfer Company may add this carton number on the bill of lading after they had accepted shipment.

He further advised that he is a federally licensed gun dealer and produced a license which revealed the federal license number as being 23-3072, dated August 30, 1963, and signed by KENNETH O. HOOK, U. S. Treasury Department, Philadelphia District.

Mr. RUFF advised that the only record he could produce was his shipping book which would reflect that on February 12, 1963, on Cresent Firearms, Inc., order number 3178, he turned over carton number 3376 to North Penn Transfer Company for transportation to the customer.

Mr. RUFF further advised that the particular rifle in question is known internationally as a "38-E"; however, Cresent Firearms, Inc., designates this gun as "T-38"; therefore, his records would indicate that this particular rifle was a "T-38" rather than a "38-E."

Mr. RUFF advised that he would be the proper person to be subpoenaed to testify to the above facts at a court trial in this matter.

Date 11/26/63

Mr. JOHN GARIS, Terminal Manager, Lifschultz Fast Freight Company, 1815 North Front Street, Philadelphia, Pa., advised that a shipment of ten cases of firearms was received on February 13, 1963, from the North Penn Transfer Company, Lansdale, Pa., consigned to Klein's in Chicago. It was sent on Flag 4, Pro No. 725, and was to arrive in Chicago on February 15, 1963.

He advised his records do not show the numbers of the various cartons. This information would be on the bill of lading held by their Chicago Office, which is Lifschultz Fast Freight, 28 North Franklin Street, Chicago. That information can be determined in Chicago.

Mr. GARIS stated his records did not reflect any other information.

Mr. GARIS is the proper person to whom a subpoena should be directed to testify to the above facts in a court of law.

Mr. ARTHUR N. ANDERS, president and general manager, North Penn Transfer, Inc., Route 202 and 63, Lansdale, Pa., advised records of his company reflect an undated bill of lading, number 3178, indicates a shipment consisting of 10 cartons of guns or rifles were shipped from Crescent Firearms, Inc., Ottsville, Pa., (near Perkasie, Pa.) consigned to Klein's Sporting Goods, 5440 W. Madison Street, Chicago, Ill.

This shipment was routed via North Penn Transfer Company in care of Lifschultz Fast Freight, 1815 North Front Street, Philadelphia, Pa. The shipment was received from Crescent Firearms, Inc., Ottsville, by IRVIN MOORE, a driver for North Penn Transfer Company, on February 12, 1963; and subsequently on the same date the shipment was transferred at the Lansdale Terminal of North Penn Transfer Company to a truck operated by HENRY TYSON, North Penn Transfer Company, who delivered the shipment to Lifschultz Fast Freight, Philadelphia, on February 13, 1963.

Mr. ANDERS advised that his company maintained no record of the carton numbers in this shipment, nor did he have a record of the numbers of the individual guns or rifles in this shipment.

Mr. ANDERS would be the proper person to subpoena to testify to the above facts.

I called Deputy Attorney General Nicholas deB. Katzenbach, and advised him we had killed the editorial in the Post. He was very pleased.

I advised Mr. Katzenbach that the Post's reaction had been that they were going to have an editorial along the lines of a Presidential Commission or Presidential Review; that we told the Post that a full investigation is being made by the FBI and a full report will be made; that they do not feel the report should be made public by the FBI or the Attorney General but by either the President or some distinguished jurist; that they still have in mind a review by impartial persons. I told Mr. Katzenbach that I still think the President should make the report.

Mr. Katzenbach indicated that would be his feeling; that it would be in bad taste for the Attorney General to make it; that it needs the prestige of the White House.

I reminded Mr. Katzenbach that the President indicated it should be kept over here, and Mr. Katzenbach stated the President indicated that to him.

I told Mr. Katzenbach that I had called Mr. Walter Jenkins in the President's office and told him the editorial would be killed and that Mr. Jenkins was communicating with the President by automobile phone to advise him because the President was very much disturbed. Mr. Katzenbach stated he was disturbed, too, because he had not talked to anyone at the Post. I told Mr. Katzenbach they did not indicate where they got the idea, and Katzenbach remarked that they may have got it on their own.

Memorandum for Messrs. Tolson, Belmont, Mohr, November 25, 1963
Conrad, DeLoach, Evans, Rosen, Sullivan

I advised Mr. Katzenbach that it seems to be desirable that it should be properly reviewed and certainly released to the public through an individual or a group that is intensely objective. I stated the President is in that position, whereas with the Attorney General there is the matter of relationship; there are strong feelings against the Attorney General in regard to civil rights; there would be reaction as to whether he reached this conclusion because he wanted to reach it.

I told Mr. Katzenbach that I will get word to the President as to what the Post's views were on it; that I told Mr. Jenkins and he indicated the President would probably give me a ring on it.

Mr. Katzenbach said he was relieved; that he thought it was a bad thing for newspapers to speculate on.

I told Mr. Katzenbach that we did not mention the court of inquiry because the Attorney General of Texas had not announced that yet; that we stressed our intensive investigation and indicated a third element would muddy the waters; and the Post indicated they feel they should not at this point give instructions as to how the new President should run his office.

11:42 a.m.

I called Mr. Katzenbach again and advised him that we had just got word back from Mr. Friendly that he had talked to Mr. Wiggins, and Wiggins said they could make no such commitment that they would not publish such an editorial. I indicated that Mr. Friendly sounded very apologetic.

I further advised that we asked Mr. Friendly when we could get word as to whether they were or were not going to publish such an editorial and he indicated that again would be a matter Mr. Wiggins would determine.

I told Mr. Katzenbach, if he has any connection over there, he might be able to help on it, and he said he would try.

Very truly yours,

Deputy Attorney General Nicholas deB. Katzenbach called and advised that he had just talked with Assistant Attorney General Herbert J. Miller, Jr., who had advised that the local police in Dallas are anxious to get rid of all of the evidence they have, want to make a complete inventory of it, and then want to turn it over to the Bureau. Mr. Katzenbach asked if I wanted to accept that. I said I would see no objection to accepting it.

Mr. Katzenbach suggested they may be doing it because of that Texas State Commission and, if so, he thought the Bureau should take it on the basis that it will be available to any state authorities. I said I thought that action ought to be cleared with Wade, the District Attorney. Mr. Katzenbach stated Wade is all for it, wants it done.

I pointed out that this case is moot, so to speak, from the prosecutive standpoint; that people will be wanting souvenirs and the evidence will disappear.

Mr. Katzenbach then asked if he could tell Mr. Miller my people will accept it. I told him that I would talk to our office down there right away.

Very truly yours, NOV 29 1963

Mr. John McCone, Director of CIA, called and stated he just wanted to be sure I am satisfied CIA is giving all the help they possibly can in connection with the investigation of the situation in Dallas. He said he knows the importance the President places on this investigation and stated the President had asked him personally whether CIA is giving the FBI full support; he said yes but just wanted to be sure. U

I assured Mr. McCone we had the very best support we could possibly expect from CIA. He then stated we could call upon him for anything and I said we would do that. U

Mr. McCone further stated he was delighted the President called on me to make the report. I indicated the purpose of our report as well as the areas it is to cover. U

Deputy Attorney General Nicholas deB. Katzenbach called. He stated that Alexis Johnson in the State Department said Ambassador Mann requested assistance of an FBI Agent to follow leads down there; that they want a Bureau man along with McCone's. Mr. Katzenbach said he agreed this should be done and McCone feels it should be done. He asked if he should tell them I would send somebody down there or if I wanted to get in touch with them - Deputy Under Secretary of State U. Alexis Johnson.

I replied that my idea would be to have our Agent there do whatever needs to be done. Mr. Katzenbach indicated they apparently want us to send someone with all the facts and he asked if the Agent there knows all the facts. I answered yes, that we have been sending him daily teletypes about the case.

Mr. Katzenbach then stated that he will suggest the action I recommended and, if it doesn't take, they can come back.

Following the conference with the Director, Inspector J. R. Malley was telephonically contacted and the information relayed to him that with respect to the investigation in both the Oswald and Ruby matters it must be completed at the earliest possible time in order that the reports on both of these individuals can be completed here at the Seat of Government without fail by Friday, 11/29/63. I advised Mr. Malley of the instructions of the Director and the importance that must be attached to the completion of these documents. Mr. Malley was advised that in working on material here at the Bureau leads which must be covered immediately would arise. Mr. Malley advised that he understood the situation and would do everything in his power to see that the end was accomplished.

He was advised that Inspector Moore of Domestic Intelligence Division would also be calling him requesting specific information that was needed for the preparation of these reports. Mr. Malley was requested to alert New Orleans that there would also be investigation needed there relative to the background investigation and finances of Oswald. It was explained to Mr. Malley that while it was recognized that the investigation into the finances was underway that the tempo would have to be considerably stepped up.

I inquired as to whether or not they were in receipt of the evidence from police and state's attorney. Mr. Malley advised that they had received it all. I requested Mr. Malley to have all the evidence shipped via courier at the earliest possible time in the a.m. Mr. Malley advised that they were still going over the material that they had received from the police and that it would take several hours more to complete it. Mr. Malley was requested to have this material brought to the Bureau immediately upon completion of their review. The importance of Bureau receiving the third shell casing that was found in the place of employment of Oswald was explained. Mr. Malley said they had this shell and it would be included in the material sent.

Memorandum to Mr. Rosen
Re: Assassination of President Kennedy

The only additional evidence that we would not have that could be used for exhibits in the report we are preparing would be the palm print of Oswald found and identified by the Dallas Police Department on a box on which it is believed Oswald sat while awaiting the arrival of the President. The other item was a map that the police had that showed drawings of the route of the Presidential parade with significant markings in the area of the locale where the assassination took place.

At this time, Mr. Malley advised that they had received a call from a person who refused to identify himself but gave information to the effect that Braniff Airways had several checks given to them by Oswald which apparently were no good. Malley stated that Dallas would be at the Braniff Airways as soon as the office opened in the a.m. and would make inquiry relative to these checks and if such checks were in existence they would obtain same.

Mr. Hoover called and advised that since receipt of this cablegram from the Ambassador in Mexico City he is very much concerned. He suggested that we should send an Agent immediately to Mexico to explode or to prove this situation completely. He instructed that arrangements be made to get an Agent to Mexico as quickly as possible and an Agent who has some background knowledge of the case and internal security and can speak Spanish.

Mr. Hoover was informed we would immediately get on this, find an Agent who can meet these requirements and get him en route as quickly as possible.

Dear Mr. Hoover:

You need no advice of that I am certain but I do suggest that the most likely suspect is demoniacol beast General Walker. I suggest that he be taken into custody.

This is the most dreadful thing that has ever befallen our country.

Sincerely yours,

I do not mean to imply that General Walker himself fired the gun. He wouldn't have that much courage. I do certainly feel that he paid to have it done.

Dear Miss Book:

Your letter of November 22nd has been received, and I want to thank you for giving me the benefit of your observations and comments.

My staff and I certainly share your concern and sorrow over the brutal assassination of President Kennedy, and we want to assure you that the full forces of the FBI were immediately deployed to assist the Secret Service and local authorities. In addition, the President has now instructed the FBI to conduct a full investigation into the assassination of President Kennedy and the murder of Lee Harvey Oswald. I can assure you that this Bureau will discharge its responsibilities in this regard with the same thoroughness and dispatch that have characterized our investigations in the past.

Dear Mr. Hoover:

I am a citizen of the United States. I am not an attorney nor an accountant, and my bank balance would do credit to a Hungarian widow. I am a person of no local, state, or national importance.

I am angry, however. The fact that a President of the U. S. was so easily assassinated seems to me to point up the fact of inadequate secret service or F. B. I. protection. In a nation of some 179,000,000 people it would seem natural to find some paranoiacs, some cranks, and some nuts, but for one of them to be able to shoot down our youngest President with a scope rifle seems to me incredible. I think you need some thousand helpers.

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
NOVEMBER 22, 1963
DALLAS, TEXAS
INFORMATION CONCERNING

Inspector J. R. Malley at 10:00 P.M., this date, contacted the Bureau and advised that the Dallas Office during this date has received many calls from the press concerning a photograph showing two persons in a window of the building from which the President was allegedly shot. The indication was that a French sailor was observing the parade and while he was winding his camera accidentally triggered the mechanism. He obtained a photograph of two individuals standing in the window of the building. The Dallas Office does not have a copy of this photograph.

The Dallas Office, however, has a photograph which was turned over by the Dallas Morning News, which photograph was taken by a news reporter. This photograph shows two colored individuals in adjoining windows on the fifth floor of the building apparently observing the parade. One of the two individuals depicted there has been interviewed and he advises that he heard three shots which seemed to have been fired from over his head.

In addition, Mr. Malley advised that a student by the name of Saylor (ph) currently at Denton State Teachers College, Denton, Texas, supposedly has a photograph of the building showing two individuals standing in the window. The Dallas Office is currently attempting to locate Saylor through the Registrar's Office this evening and will verify this story and obtain the photograph.

ASAC Kyle Clark advised at 11:40 p.m. that [REDACTED] Denton State Teachers College, Denton, Texas, had checked the records in that school in all variations in the name Saylor and failed to locate anybody registered in the school.

Attached hereto are two photographs obtained from Mr. C. Q. Smith of the Administrative Division which were blown up from an 8 mm movie film. The photographs depict four sets of windows. The window in the lower right-hand corner of the picture indicates two individuals in the window. These two individuals are on the fifth floor of the building and according to ASAC Clark, both individuals have been identified and interviewed. Directly above this set of windows is another window which is partly opened and shows a box in the window. It is from this window that the bullet was fired which assassinated the President.

Mr. Waller Jenkins at the White House returned my earlier call. I told him I wanted to let him know later developments at the Post. I advised him that Mr. Friendly, who had given us a definite commitment that the editorial they were thinking of printing would not be run, later called back and said he was sorry but he had probably spoken too hastily because, when he took it up with Mr. Wiggins, Mr. Wiggins said no definite commitment could be given; that the arguments we had advanced as to why there should not be an editorial along that line they were quite impressed with but felt they owed the public the duty to keep the public advised and informed. I told Mr. Jenkins that Mr. Friendly was then told the public was going to be kept advised and informed when the investigation is concluded but to inject into the picture at this time a third arm will undoubtedly lead to more inefficiency than efficiency; that Mr. Friendly seemed to be in agreement but Mr. Wiggins makes the decisions and Mr. Friendly did not know when they would know definitely whether or not they would have the editorial and could not give a definite answer because Mr. Wiggins would determine the time when he saw fit.

I advised Mr. Jenkins that I gathered they were not going to carry the editorial but, after the definite commitment Friendly gave us this morning, he has weakened down; he is now going through the action of an adult holding candy before a child and wanting him to beg for it. I said the thing we must do is go ahead and get the reports completed and get them ready for release as soon as possible; when we come to the matter of the release, I know how the President feels about its being released over here.

Memorandum for Messrs. Tolson, Belmont, Mohr, November 25, 1963
Conrad, DeLoach, Evans, Rosen, Sullivan

Mr. Jenkins then stated that he told the President what I had said and that I personally felt that it should be released by the White House, and the President said he was inclined to go along with me whenever and wherever he can.

I said I talked to Mr. Katzenbach and he feels it should not be released by the Attorney General. I further stated I did not think the Bureau should release it but I thought, when we get it finished, we, of course, will send a copy to Mr. Jenkins and to the Attorney General and the decision can be made as to the release.

Mr. Jenkins then brought up the Texas Attorney General's announcement of a court of special inquiry today. I told Mr. Jenkins that I understood Wade was hopping mad at the issuance of such a statement; in the first place he was going to present the case to a grand jury tomorrow morning and will have an indictment against Ruby by 9:50 tomorrow morning; that he was not enthusiastic about a court of inquiry; that he had said he hoped the release of the report would not be made by Bobby Kennedy or by that "dumbbell who calls himself the Attorney General of Texas."

I said it seemed to me they are going to get this indictment on Ruby tomorrow; that Ruby has five lawyers representing him there; that some bondsman out in Los Angeles, California, has indicated they are willing to make whatever bond is necessary no matter how high. I advised Mr. Jenkins that we are checking out the background of the bondsman and that I had told our Dallas Office to get the background on the Dallas lawyers representing him.

Mr. Jenkins noted that I had told him yesterday of some rumors that Ruby had underworld connections in Chicago. I mentioned that someone in union activity was killed and three or four were arrested, including Ruby, but he was only held one night. I said we were running out today his connections with hoodlum connections in Chicago; that he was not of any high caliber; that in Dallas the reports were the same; that he is kind of a police character and, therefore, they would probably let him in. I indicated that Wade, the District Attorney, said he did not know him and had not seen him until he saw him there at police headquarters.

Mr. Jenkins inquired if I knew that Wade used to be one of my men. I said I did not know this. Mr. Jenkins said he roomed with Wade in 1939, and he was working for me at the time. I told Mr. Jenkins that I had not heard that; that I would check on that; that Wade has handled himself pretty well; that he first said the investigation was closed and then

Memorandum for Messrs. Tolson, Belmont, Mohr, November 25, 1963
Conrad, DeLoach, Evans, Rosen, Sullivan

came out and said it would continue; that he got off the hook pretty quickly. I stated that our Dallas Office speaks very highly of Wade; that he wasn't very enthusiastic when pressmen went to him and told him about this special court of inquiry; that he did say he thought at sometime and in some way all evidence in the Oswald case ought to be made public. I said, of course, that would support the disclosure here at Washington of the report when it is finally finished; that Wade's attitude is that the public is entitled to know all the facts so as to dispel this idea that he may or may not be the right man.

Mr. Jenkins said he would get this information to Mr. Johnson who had just walked in.

Very truly yours,

J.E.H.

Liaison was requested to arrange transportation with the Air Force (AF) for the return to Dallas of evidence concerning captioned matter on November 23, 1963, as well as the dispatch of two Special Agent Supervisors to coordinate the prosecutive summary being prepared in the Dallas Office. Liaison Agent O'Connor contacted General Clair L. Wood, Commander, Andrews Air Force Base, to make arrangements for suitable transportation. General Wood expeditiously ordered two jet aircraft be made available and followed with Liaison to insure that no difficulties arose in the prompt handling of the Bureau's request for transportation.

General Wood's actions are an example of the extremely close cooperative relationship that exists between the Bureau and the AF. General Wood went out of his way to make the two jet aircraft available on extremely short notice. Our files contain no derogatory information concerning General Wood.

I called Supervisor James L. Handley and told him the wire in from the Embassy in Mexico City gives me a little bit of concern because, when I turned down the request to send someone down there yesterday, I had not received any such wire as that. I said he may be one of those pseudo investigators, a Sherlock Holmes, but that he has made a lot of statements which, if true, throw an entirely different light on the whole picture. I said I wondered if we shouldn't send someone down to Mexico City who is familiar with the case at this end and who preferably understands and speaks Spanish. Mr. Handley said he didn't think we would have anything to lose.

I asked Mr. Handley if we have anybody available who speaks Spanish, and he indicated he would check at once to see who is available. I instructed Mr. Handley to make the arrangements, preferably someone who speaks Spanish.

Mr. Handley indicated he thought it should be a security agent. I said yes, we should take somebody in security work and preferably who knows Spanish and at the same time knows the case, who can assist and help our Legal Attache down there because regardless of what the report shows, with all the details given, if we haven't gone into them and exploded them, the Ambassador may some day decide to write a book and show what he notified this Government of and that no action was taken.

SUBJECT: ASSASSINATION OF PRESIDENT
FALSE STATEMENTS BY
CHIEF OF POLICE JESSE E. CURRY (NA)
DALLAS, TEXAS

Chief Curry, NA, at approximately 11:25 a. m. this morning, made varying statements as to the FBI's failure to keep the Dallas Police Department advised regarding the background and whereabouts of Oswald. Chief Curry, while being interviewed on television, also from United Press International attributed to Curry, made generally the following allegations:

- (1) The FBI customarily advises Dallas Police whenever an individual of subversive background arrives in Dallas.
- (2) The FBI recently interviewed Lee Harvey Oswald.
- (3) The FBI had Oswald under surveillance in Dallas, however, did not notify the Dallas Police.

The Director was immediately advised of these allegations. Pursuant to instructions, SAC Shanklin was telephonically contacted and instructed to contact Chief Curry and set him straight regarding these allegations. I told SAC Shanklin that Curry should get back on television, and should also inform the wire services, immediately of the falsity of his statements. I told SAC Shanklin that if Chief Curry did not take this action we would issue a statement here in Washington putting the lie to his false statements. Shanklin stated he would do this immediately. I asked him if he knew why Chief Curry would make such stupid statements. Shanklin stated that Curry was usually very cooperative, a very good friend of the FBI, however, did not think very fast and obviously made the above statements without giving any thought to the repercussions. I told Shanklin to call me back after he had talked to Chief Curry.

SAC Shanklin called back within fifteen minutes and stated he had discussed this matter with Chief Curry and that Curry had agreed to make the retraction in question. Curry apologized to Shanklin and told him he did not mean to place any blame on the FBI. I told SAC Shanklin that regardless of Curry's statements if Curry did not follow through, he should contact Curry again within thirty minutes.

DeLoach to Mohr memo

Re: Assassination of President

False Statements by Chief of Police Jesse E. Curry (NA)

Dallas, Texas

At approximately 1:15 p. m., NBC Television quoted Curry as stating he had not meant to imply that the FBI had failed to keep the Dallas Police informed. Curry was further quoted as stating that the cooperation between the FBI and the Dallas Police was excellent, that the FBI had proved thoroughly cooperative. He stated that the FBI was under no responsibility to report to the Dallas Police any individuals of subversive backgrounds who might be in Dallas. He also was quoted as stating that he had not meant to imply that the FBI had Oswald under surveillance or that the FBI had recently interviewed Oswald. He stated that to his knowledge the FBI did not have Oswald under surveillance.

Chief Curry also gave the same report to the radio networks and this was heard both here in Washington and by SAC Shanklin in Dallas.

We, of course, were not satisfied with the above retractions. In an effort to further cover this matter, we called our sources at both United Press International and the Associated Press and talked with them on a confidential basis. They immediately called their representatives in Dallas and instructed them to contact Curry and get him on the record in repudiating the above false allegations. I also called Jerry O'Leary of the "Washington Evening Star" who is in Dallas at the present time. He agreed to contact Chief Curry immediately and get Curry on the record regarding the falsity of the above allegations.

Messrs. Belmont and Mohr were kept advised of the above activities.

ACTION:

This matter will be followed.

Assassination of President
False Statements by Chief of Police Jesse E. Curry (NA)
Dallas, Texas

ADDENDUM: CDD:gg 11-23-63:

There is attached a UPI item released as of 2:27 p. m. reflecting as follows: "Police at first said the FBI, knowing of Oswald and his procommunist, pro-Castro background, had questioned him a week ago in Dallas. Later the Police withdrew the statement as not in accordance with facts." O'Leary of the "Evening Star" reported back at 2:40 p. m. He had interviewed Chief Curry and has prepared an article putting Chief Curry on record as stating that there was a misunderstanding. Curry told O'Leary that he had not meant to place any blame upon the FBI and that the FBI had been of great assistance to the police. Curry further told O'Leary that "someone last night told him the FBI had recently interviewed Oswald." Curry added that he now knows this to be false and that he had issued appropriate retractions to the wire services, television and radio representatives. He also stated that he had not meant to imply that the FBI had Oswald under surveillance and that he had now indicated publicly the fact that this was not true as well as the fact that the FBI had no obligation to advise the Dallas Police whenever an individual of Oswald's background arrived in Dallas. O'Leary is preparing an article and will definitely straighten out this matter.

Dear Sir:

President JOHN F. Kennedy

I know this seems "wacky" - but it is possible that a part-Chinese man at the Naval Air Station nearest Dallas has the key to your brother's death. Possibly works as salad and tea maker in restaurant during off hours.

Suggest very cautious investigation of loft of Supply Building #10(?-8?). Quiet observation may uncover a whole den of subversives. These are the small ones that do the dirty work.

This may seem idiotic also - but carry a white plastic button about 9/16" or 5/8" in your pocket for the next thirty days without even your wife knowing about it. Then quietly drop it in a waste basket. A strange world today!

Your letter of November 24th has been received, and I want to thank you for giving me the benefit of your observations and comments.

My staff and I certainly share your concern over the brutal assassination of President Kennedy, and we want to assure you that the full forces of the FBI were immediately deployed to assist the Secret Service and local authorities. In addition, the President has now instructed the FBI to conduct a full investigation into the assassination of President Kennedy and the murder of Lee Harvey Oswald. I can assure you that this Bureau will discharge its responsibilities in this regard with the same thoroughness and dispatch that have characterized our investigations in the past.

Sincerely yours,

Mr. J. Edgar Hoover, Director

Dear Mr. Hoover;

24 Nov 63

I understand that your bureau has been charged with the duty of investigating the circumstances of the death of President Kennedy. There is a most fantastic possibility which I hope has received your attention, namely, the possibility that the assassin had been 'brain-washed' by a person or persons yet to be discovered.

Presumably you are familiar with the plot of a recent movie, "The Manchurian Candidate," in which a person was brain-washed by other persons for the express purpose of assassinating the President of the U. S. This is the fantastic possibility I have in mind.

Of course I don't know anything about brain-washing, nor do I have any way of knowing anything important about a young man who has been arrested and charged with having committed the crime, so I can't do anything more than suggest that this is one of the countless details that ought to be accorded the most strict attention.

Yours sincerely,

ASSASSINATION OF PRESIDENT KENNEDY
NOVEMBER 22, 1963
DALLAS, TEXAS

On November 26, 1963, Mrs. RAYMOND SMITH, 35 Melville Street, Stratford, Connecticut, telephone number 378-7413, advised as follows:

Early in September, 1963, a man contacted her while she was in the driveway of her home seeking information about renting a house, rooms or apartment on Melville Street. Mrs. SMITH stated she knew of no such place for rent. The man returned to a station wagon with a Texas registration which Mrs. SMITH believed was 2995. There was a woman, a small child and baggage of some kind in the station wagon. The car remained in the vicinity for about a half hour and then left.

Mrs. SMITH stated that after having seen the photograph of LEE HARVEY OSWALD that appeared in the local press, she believed that it looked somewhat like the individual whom she had seen early in September, 1963, driving the above station wagon. She described the man as about 5'7", 130 pounds, dark hair, clean shaven, fair complexion, and a Texas drawl.

Reference is made to the memorandum from Mr. Rosen to Mr. Belmont dated 11/23/63, in the above-captioned matter. This memorandum recorded a telephone call received at the Bureau from Adam Yarmolinsky, Department of Defense. He indicated that in connection with Oswald, another individual comes to mind, namely, Nicholas Petrulli, a Korean War defector.

Bureau files show Petrulli renounced his U. S. citizenship while in Moscow as a tourist on 9/3/59 and returned to the U. S. on 9/22/63. The Director asked if it is accepted practice by State Department to allow individuals who have renounced their citizenship to return to U. S.

On 11/25/63, instant matter was discussed by Liaison Agent Bartlett with Mr. Joseph W. Scott, Deputy Director, Bureau of Intelligence and Research, State. Mr. Scott said that he would immediately check into this matter and would advise as soon as he obtained the facts.

OF PRESIDENT KENNEDY."

Enclosed herewith for the Bureau are eight copies of letterhead memo dated and captioned as above. Letterhead memo is being submitted in view of subject's past psychopathic history and commitment on behalf of the Secret Service. Subject is well known to Secret Service in Philadelphia and makes numerous calls there. In view of recent developments it is believed that subject's condition has caused him to increase his calls to the Philadelphia Office and that the assassination of President KENNEDY may possibly upset his mental stability.

SA EDWARD A. SMITH advised SA GEORGE MESSAROS of Secret Service Detail in Philadelphia on 11/25/63, and one copy of letterhead memo is being disseminated to Secret Service, Philadelphia.

DOMINIC DI PERZIO

On November 23, 1963, DOMINIC DI PERZIO telephonically contacted the Philadelphia Office of the FBI and rambled incoherently about the location of his money.

On November 25, 1963, DOMINIC DI PERZIO telephonically contacted the Philadelphia Office at least twelve times in a one hour period between 7 p.m. and 8 p.m., and demanded that his name be taken off the records; that persecution of him cease; that he be assured of his civil rights. On several occasions he screamed "I'm going to ..." and mumbled incoherently. DI PERZIO ranted and raved in a high voice on all of his calls.

On November 25, 1963, a Special Agent of the Secret Service was furnished the above information.

DOMINIC DI PERZIO, 2921 North VanFelt Street, Philadelphia, Pa., was committed to the Philadelphia General Hospital for psychiatric treatment after making numerous calls to the Philadelphia office of the Secret Service. On February 17, 1958, Dr. DAVID W. WYCOFF, Chief, Psychiatric Division, Philadelphia General Hospital, advised that it was his professional opinion that the subject was of the paranoia psychiatric type who was chronically ill and incapable of giving a coherent story.

On March 30, 1960, a Special Agent of the FBI received a call from DI PERZIO who stated "You're not going to put me away again." He indicated he had been released

DOMINIC DI PERZIO

from a mental institution. Since this time he has made repeated calls to the FBI rambling about the FBI, the Secret Service and the police.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

Remarks:

Based on the comparison of Qc31 with other photographs of the murder rifle, it has been determined that the rifle shown in Qc31 is similar in all respects and possibly depicts the same rifle. There is a rather long cut mark on the stock of the murder weapon just above the trigger guard; and by the use of highlighting, a mark was located on the rifle in the photograph, Qc31, which supports the possibility that they are one and the same.

Qc31 Photograph of LEE HARVEY OSWALD holding in his left hand a bolt action rifle, in his right hand a newspaper reading in part "The Worker" and with a pistol in a holster on his right hip

Result of examination:

Because the photograph, Qc31, of OSWALD shows very little detail, a comparison between the rifle in the picture Qc31 and the other photographs available in the Laboratory of the rifle does not permit a definite determination that the gun held by OSWALD in Qc31 is the murder weapon.

Qc31 is retained.

HENDRIK OUNPUU
SA - C

On this date, [redacted] National Board of Fire Underwriters (NBFU), 85 John Street, New York, New York, (former Bureau Agent) telephonically advised the NYO that above captioned subject, born July 23, 1893 in Estonia, is employed as an Elevator Starter by NBFU at 85 John Street, New York, New York. OUNPUU currently resides at 64 Jefferson Ave., Staten Island, New York, New York.

[redacted] advised that it has come to his attention that OUNPUU made "disparaging" remarks and made a "joke" out of the assassination of the late President JOHN F. KENNEDY. OUNPUU reportedly made the remarks at the time of the official announcement of the President's death, and again on November 26, 1963.

[redacted] could not furnish the contents of the remarks, but stated that whatever they were they caused quite a commotion in the lobby of the building where OUNPUU works.

[redacted] further advised that OUNPUU reportedly has a son residing in Estonia where OUNPUU plans to return to live when he retires. [redacted] pointed out that OUNPUU is now eligible for retirement, and that the General Manager of NBFU stated they would force him into retirement if it is determined that he has a subversive background. [redacted] could not furnish the name of his son, nor could he furnish any further information concerning OUNPUU or the remarks made by him.

For the information of the Bureau, OUNPUU's wife, MARIE OUNPUU, 64 Jefferson Ave., Staten Island, N.Y., N.Y., was interviewed by Bureau Agent on October 21, 1963 in connection with a subscription to the Estonian Newspaper "Uus Ilm". She advised that she and her husband visited Estonia in June, 1962 as part of a tour sponsored by the Scandinavian Airlines. She stated that they first learned of the tour when they wrote the Russian Embassy in Washington, D.C. regarding passports. They were furnished applications by the Embassy to be executed by them. She could not recall who was in charge or responsible for the tour. The purpose of the trip to Estonia was to visit relatives.

OJNPJU advised that neither she nor her husband ever subscribed to the Estonian Newspaper "Uus Ilm" although they received it via the mails up until a year ago. Dear Mr. Hoover:

As I am sure you know, this organization not only does not believe in force and violence as a method of achieving our ends, but believes that force and violence is the surest way to suicide for our tiny, anti-communist forces. We believe in the Constitution and government by law. We also believe that these things are under deadly attack by world Communism, and that it will take a more extreme political movement than "conservatism" to stop the red revolutionaries and killers. We thus believe that the only way to save our Race and Nation is by a LEGAL, counter-revolution, which is the open course of the American Nazi Party.

Inevitably, however, such an extreme political movement attracts irresponsible and lunatic elements who are not welcome, but who force themselves upon the movement and are very hard to get rid of.

The assassination of the President was, I believe, the work of such a "nut" over on the other side from us. As vile and evil as I believe our communist opponents to be, I do not think they would be stupid enough to have shot the President as part of their filthy plans.

Such bloody and violent events tend to generate further violence and bloodshed by deranged and violent people.

For this reason, I have made up a list of persons who have made contact of one sort or other with this organization and whom I believe might conceivably become involved in further incidents. It should be clearly understood that I am accusing these people of nothing whatsoever. I submit the list purely to do what I can to prevent any spreading of the kind of lawless violence which took place in Dallas. In some cases I have felt that the persons involved could be of value here working with me under close supervision. In others, I have expelled them from this organization and forbidden any contact by our people with them. In all cases, their names on the list means only that, in my opinion, they are POTENTIALLY capable of ir-

rational and violent acts. The lack of any name on the list does not mean that I thoroughly approve of the acts or ideas of others in contact with me, --quite the contrary. There are many "right-wing" "segregationists" with whom I most strongly differ, (the anti-Catholicism of the Klan, for instance), -but I do not feel that most of them would ever think of such an act as assassination.

To put the whole thing more simply, were I taxed with the responsibility for the security of the United States, as you are, I would keep a careful watch on the following individuals:

ANDERSON, Richard R.	2595 Valley Blvd, Pomona, Cal.
BLACKSCHLEGER, Herb	Sun Valley, California
BROWN, Dan H.	Washington, D. C.
BRUCE, Melvin (rational)	Decatur, Georgia
BERESKY, (Paul?)	Philadelphia, PA.
CARUSO, Paul	1217 N. Vernon, Alexandria, Va.
CHAPPELL, Andrew	Chicago, Illinois
CODY, William	Chicago, Illinois
DOTTERER, Lester	Washington, D. C.
FOLKS, Warren	Jacksonville, Florida
FOSS, Roger C.	Jacksonville, Fla. (?)
FRITZ, John Paul	Miami, Florida
HALPERN, Harold,	Philadelphia, Pa.
HOFFT, John F.	Hoboken, N.J.
ISSAACE, Donald Gerald,	Detroit 31, Michigan
JOHNSTON, Benton	Danville, Virginia
McBRIDE, Barry Parks	New York City, N. Y.
McGuffey, Malcolm	127 N. Humphrey, Oak Park, Ill.
MENDE, Calvin	Jamesville, Minn. (travels mostly)
NEWLON, John Franklin	703 Chapin, Alexandria, Virginia
NILES, Frank	Norwalk, Ohio
RIERSON, Owen	50 Koster Ave., Madison, Wis.
ROTELLA, Frank W.	89-29 163 St., Jamaica, N. Y.
THESING, Theodore	950 Penn Ave., Ardsley, Pa.
WELLS, Willis,	Kansas City, Mo.
WIENGIN, Alvin,	491 Owen St., Alexandria, Va.
Wiley, Donald,	Arlington County Jail, Va.

Let me repeat, these men are listed here only because, in our opinion, they COULD, POSSIBLY, --not probably, --commit irrational and/or violent acts of a nature to involve the security of the United States.

I have no desire whatever to hurt most of them or see them hurt. Some of them, I believe, are better off working directly with me under Party discipline and I have not expelled them for that reason. The rest have been expelled or have quit or have never been allowed to join.

I have made no secret of my lack of love for John Kennedy, but I would have risked my life to the limit to prevent the assassination of any President of the United States, and I will do anything I can to prevent any further violence or lawlessness toward any other U. S. or state official. That is the only reason I have provided this list, and I want to be sure that there is no implication that any of the listed men are guilty of anything or even suspected of anything. It is simply and purely a PERSONALITY evaluation, which I think will be of help to you in your task of protecting this Nation and its officials.

Very truly yours,

Lincoln Rockwell, Commander,
American Nazi Party.

Mr. LOUIE L. ANDERSON, Dallas City-County Criminal Investigation Laboratory, advised SA C. RAY HALL on 11/27/63 that it is customary at their laboratory, after nitrate tests are run on paraffin casts, to discard the paraffin casts. Since these casts were marked to be discarded, he decided to take them home, so he washed them in water by holding them under a faucet at the laboratory to cleanse them of the reagent used in testing and then placed them in a paper sack and took them home. ANDERSON delivered the items, 1 through 6 above, to SA C. RAY HALL on 11/27/63.

The original paraffin casts were made between 12:00 midnight and 1:00 a.m., 11/23/63, by Officer J. B. HICKS, Identification Bureau, Dallas, Texas, Police Department.

Mr. Louis Di Berardino

Dear Mr. Berardino:

Your letter of November 22nd has been received, and I want you to know all of us in the FBI certainly share your concern over the brutal assassination of President Kennedy. The President has instructed the FBI to conduct a full investigation into the assassination of President Kennedy and the murder of Lee Harvey Oswald. I can assure you that this Bureau will discharge its responsibilities in this regard with the same thoroughness and dispatch that have characterized our investigations in the past.

I would like to point out that your statements regarding certain organizations pertain to a legislative matter. I have always refrained from injecting the FBI or myself into such questions; therefore, I will not be able to comment on your remarks. Within the Department of Justice, it is the function of the Attorney General to comment on the advisability of legislation.

Sincerely yours,

J. Edgar Hoover

My dear Mr. Hoover:

Today I suffered a great loss. I say I, but really, this great country of ours has suffered a great loss. Losing our President in the fashion that we did, is not only a loss, but a great disgrace. Its a disgrace, because we allow all sorts of organizations to flourish in our country.

I read your book, "Masters of Deceit" and I don't mind telling you that I am shocked that things like this are going on. I hope some law can be enacted where organizations like this will be outlawed for good. I read in the paper where some poor man has be shot or sent to prison for stealing aloaf of bread or a suit of clothes and over in the next column, I read where some conmie has been freed because a smart lawyer has found a loop hole in the law. We ought to have laws with sharp teeth in it to really get rid of these people once and for all.

Mr. Hoover, I hope that your department can get rid of these organizations, and we will not have things happen again like what happened today.

I join with you in mourning the loss of a great President, statesman, and family man.

INTERVIEW OF SECRET SERVICE AGENTS

Handwritten signature
6-22-63

SAC Ed Tully of the Baltimore Office called and inquired as to whether or not an interview with the two Secret Service Agents who were in the car with the President when he was killed was desired. Mr. Tully advised that two Agents spent many hours with the two Secret Service men at the Bethesda Hospital while the autopsy of the President was being performed. He advised that while the Agents talked to these Secret Service Agents generally it could not be considered a specific interview as to what had happened.

After a discussion with Assistant to the Director Belmont regarding this matter, it was agreed that it might be well to interview these men merely to plug up any holes. Subsequent to the conversation with Mr. Belmont, ASAC Hall of the Baltimore Office was contacted and was advised to have the Agents try to interview Secret Service Agents Kellarman and Greer.

Subsequently, the Resident Agency in Hyattsville telephonically advised that they had contacted Kellarman and while he had no objection to talking to them he would have to get clearance from his superior. Greer advised the same. After contacting superiors, it was further advised that such interviews would have to be cleared through Chief of the Secret Service, Mr. Rowley.

Inasmuch as both of the Secret Service Agents advised that they had to be on duty at 6:00 a.m. on the following morning and it was then after 11:30 at night, it was decided to obtain clearance through Mr. Rowley on the following morning. SA Orrin Bartlett was contacted and he in turn contacted Mr. Rowley who acquiesced to this request immediately. Arrangements were made whereby these Agents of the Baltimore territory Resident Agency, Hyattsville, would interview both of the Secret Service Agents at the Secret Service Office at the White House at 2:15 p.m. today. SAC Tully was advised of this appointment and Agents will conduct the interview.

On 11/23/63, Howard Brown of the Atomic Energy Commission (AEC) (attached to Seaborg's Office), telephonically advised Agent Papich as follows:

He stated that ten Soviet scientists are currently visiting the U. S. and are touring AEC installations. Their visit is related to a reciprocal agreement made approximately one year ago between the U. S. and Russia. AEC is somewhat concerned about the safety of these visitors in the event that there is a wave of public indignation against Soviet Russia assuming it is established that Lee Oswald assassinated the President. Brown referred to newspaper reports indicating that Oswald had defected to Russia. Brown wanted to know if the Bureau could give AEC any guidance relative to the protection of the visiting Soviets.

The Agent politely advised Brown that the Bureau could not furnish any such guidance and that we were very definitely in no position to predict the exact behavior of any U. S. citizens' reacting to the assassination of the President.

EC 3-1963

-1-

Date November 26, 1963

On November 25, 1963, GEORGE WILLIAM PEKAR, 37 Benton Street, Fairfield, Connecticut, telephone number 366-2140, advised as follows:

He has been employed as a commercial artist for the past eleven or twelve years by the Rosner - Lewis Agency, an advertising agency at 2440 Reservoir Avenue, Trumbull, Connecticut. Also located in the same building at the Reservoir Avenue address are the International Electronics Company, Limited, the International Electronics Company of Puerto Rico, and the American Merchandising Corporation. All of these corporations are owned by LOU LEWIS whose true name is LOUIS ISLOWITZ. LEWIS formerly lived in Newtown, Connecticut but now lives at 2440 Reservoir Avenue, Trumbull, Connecticut.

LEWIS is a very secretive person and is reputed to frequent nightclubs. His brother, LEO LEWIS, also known as LEO ISLOWITZ, is reported to have operated a nightclub in Miami, Florida at one time.

LEWIS formed the International Electronics Company, Limited and the International Electronics Company of Puerto Rico several months ago. About two months ago International Electronics Company, Limited, hired seven or eight workers to set up a pilot assembly line for the production of electronic control switches, intending to mass produce these units at the Jarardo, Puerto Rico plant of International Electronics of Puerto Rico. The workers were laid off after a short time when International Electronics Company, Limited was unable to get parts. The basic unit of these switches was purchased from Hunt Electronics, Dallas, Texas. Some representatives of an electronics company in Texas have visited at the Trumbull plant of International Electronics Company, Limited, but PEKAR had no information on what company they represented.

About two or three weeks ago LEWIS went to Dallas, Texas but PEKAR had no information on his contacts or activities there, or if he had made any other trips to that city.

On 11/25/63 at 1559 Post Road
Fairfield, Connecticut File # NH 100-18158

by SA's LLOYD S. GOODROW and
JAMES J. MC CARTHY /hmg Date dictated 11/26/63

Approximately three weeks ago after LEWIS returned from his trip to Dallas, Texas, PEKAR overheard Mrs. MARY SHEARER (phonetic), LEWIS' secretary, speaking to someone and mentioning the Carousel, Vegas, and RUBY.

PEKAR could not recall hearing LEWIS say anything about the Carousel, Vegas or RUBY.

7. About two weeks ago while at work, PEKAR saw through the front window of the plant a woman who resembled the picture of Mrs. LEE HARVEY OSWALD that appeared in the November 24, 1963 issue of the Bridgeport Sunday Post, a local paper published weekly at Bridgeport, Connecticut. The woman was standing outside the plant and seemed hesitant to enter the building. A car with New York license plates was in the parking lot and PEKAR concluded that the woman came to the plant in that car.

As PEKAR was walking through the office to go downstairs he saw a stocky woman who resembled the photograph of the mother of LEE HARVEY OSWALD which appeared in the above issue of the Bridgeport Sunday Post. The stocky woman had a baby in her arms and had just arrived on the second floor of the plant when PEKAR saw her. The woman who resembled OSWALD's mother looked around and then went to Mrs. SHEARER at her desk.

PEKAR went downstairs and saw nothing more of either women. PEKAR thought nothing more of the two women until after he saw the pictures of OSWALD's wife and mother in the Bridgeport Post for November 24, 1963. When after looking at the picture for some time he concluded that the two women he had seen at the Trumbull plant were possibly identical with the wife and mother of OSWALD.

PEKAR was unable to furnish any description of the woman whom he feels resembles OSWALD's wife, other than that she appeared to be similar to the picture and had light brown hair. He said the woman who resembled OSWALD's mother appeared to be in her late 40's, with light brown hair, heavy build and a big head.

PEKAR furnished the following description of LEWIS:

Name:	LOU LEWIS, also known as Louis Islowitz
Age:	43
Height:	5' 6" (with elevator shoes)
Weight:	150 - 160 pounds
Build:	Stocky
Hair:	Dark and bald, wears dark wig
Glasses:	None
Complexion:	Ruddy
Characteristics:	Occasionally wears mustache
Marital Status:	Married, but separated from wife
Peculiarities:	Short stubby fingers, wears wig and elevator shoes

At no time has PEKAR ever heard any information of a plot to assassinate the President of the United States or anything against the best interest of the United States Government discussed at his place of employment.

At the time the radio broadcasted the news of President KENNEDY's assassination, PEKAR noticed nothing unusual in the shop.

PEKAR explained that LEWIS' secretary, Mrs. MARY SHEARER (phonetic) lives in Monroe, Connecticut; is separated from her husband; and is a very close friend of LEWIS. The only other employee in the office, Mrs. BOBBY ADAM, Monroe, Connecticut, who is the typist and file clerk, is also very friendly with Mrs. SCHEARER and LEWIS.

NH 100-18158

4.

The only other two people in the plant who might have seen the two women are RUDY PIRHALA (phonetic), another commercial artist who works with PEKAR, and TOM FITZPATRICK, an accountant employed by LEWIS, who has an office on the second floor.

TO : Mr. Belmont *ELB*DATE: 11-26-63 *ucy*FROM : C. A. Evans *ELB*SUBJECT: ASSASSINATION OF THE PRESIDENT *11-26-63*

At 6:15 P.M., 11-26-63, Mr. Joseph Dolan of the Deputy Attorney General's Office called. Mr. Dolan advised he had just received a call from Mr. Joseph Dougherty of the Bureau of Facilities of the Post Office Department concerning the assassination of the President. According to Dougherty, a friend of Dougherty's, Mr. Joseph McConnon, stated to Dougherty that the assassination of the President was part of an underworld plot which also included the death of the Attorney General. Dougherty stated McConnon gave him no information for such a statement and Dolan felt it was some more chatter, however, he felt we would undoubtedly interview McConnon if it had not already been done. McConnon apparently is a manufacturer's representative, according to Dougherty, and is now registered at the Harrington Hotel in Washington. Dolan stated there is a good possibility that McConnon has already contacted the Bureau.

ACTION:

The above information was immediately furnished telephonically to Supervisor Oberndorf of the Washington Field Office. Oberndorf stated he recognized the name of McConnon as possibly being identical to ~~_____~~

~~_____~~ He is now considered to be very unreliable, however, Oberndorf will see that he is located and thoroughly interviewed in this matter. *h*

Mr. Dolan stated that although he felt this was without basis, in fact, since it did refer to the Attorney General, he would appreciate being advised of the results of the interview.

Several limb and pubic hairs were found in the debris removed from the blanket which matched in microscopic characteristics the limb and pubic hairs from Oswald.

No fibers of significance were found in the fingernail scrapings that could be associated with the blanket.

Dear Mr. Feeley:

Your letter of November 24th has been received, and I want to thank you for giving me the benefit of your observations and comments.

My staff and I certainly share your concern over the brutal assassination of President Kennedy, and we want to assure you that the full forces of the FBI were immediately deployed to assist the Secret Service and local authorities. In addition, the President has now instructed the FBI to conduct a full investigation into the assassination of President Kennedy and the murder of Lee Harvey Oswald. Dear Sirs:

I'm writing to ask that you get ahold of the (AP) photo that appeared in the Chicago Sun-Times, Saturday, November 23, 1963, edition. This picture shows that Gov. Connally may have been shot first. I am a high school student so maybe I don't have a good idea of what's important, but it may be important. For there is the chance that the assassin had the two men mixed up and that he wanted to kill Gov. Connally most because he felt that the Gov. didn't help him in the dishonorable discharge.

One last word about the photo, the photo shows the President before his death waving and smiling at the people, but the Gov. is grimacing and clutching at his side, the side in which he was shot, with his good hand. The caption says min. before the shooting but this could be explained through the fact that time can seem like hours in a tragedy. And Gov. Connally may think the President was shot first, because of the esteem he holds the president.

Most respectfully yours

Chas V. Feeley Jr.

ASAC Joseph Sylvester, New Orleans Office, advised that last night the District Attorney's Office arrested Patrick Martens and Roland Beaubeouf. They booked them as being held for the Secret Service and the FBI. ASAC Sylvester said the New Orleans Office knew nothing about this and neither did John Rice, Special Agent in Charge of the Secret Service.

ASAC Sylvester stated that they were arrested yesterday at the home of one David William Ferrie, whom the television commentators have been playing up as a person who might have known Oswald when Oswald was living in New Orleans. ASAC Sylvester stated that he understands that the District Attorney's Office has put out a wanted notice for Ferrie and surmises that the District Attorney is basing his action on the television stories that Ferrie allegedly knew Oswald. Ferrie allegedly is a homosexual.

The New Orleans files contain information to the effect that Ferrie has been tied up with anti-Castro groups. New Orleans has no record for Roland Beaubeouf. According to the New Orleans files, on January 24, 1962, one Laton P. Martens, who may be identical with Patrick Martens, came to the New Orleans Office and complained about being arrested by the New Orleans Police Department. He complained he was associated with the Cuban Democratic Revolutionary Front, stating that he thought that he was arrested because Ferrie is also in his group and a homosexual, and the New Orleans Police picked him up based on those circumstances.

ASAC Sylvester said New Orleans had been in touch with the District Attorney's Office to find out why these men were booked for the FBI. He said that the Assistant who did this worked all night and had left the office and those on duty had no information. New Orleans is endeavoring to locate the Assistant District Attorney responsible. ASAC Sylvester stated he anticipated press inquiries.

RE: ASSASSINATION OF PRESIDENT KENNEDY

ACTION:

ASAC Sylvester was instructed to locate the Assistant District Attorney who instructed that Martens and Beaubouf be held for the FBI, and determine why he booked the prisoners in this manner, and to straighten him out.

ASAC Sylvester is answering the press with no comment except to say that it is the policy of the FBI not to request that a person be held for the FBI unless a warrant is outstanding, and in this case we had no warrant for either Martens or Beaubouf. Mr. DeLoach's Office concurs.

Bureau indices are being checked regarding Ferrie, Martens and Beaubouf. New Orleans instructed to interview these men for any information they may have concerning Oswald and his activities.

Deputy Attorney General Katzenbach called at 5:09 p.m. He said he realized that things were happening very fast and he was calling to ask that he be kept informed if there are going to be any arrests of the person or persons who assassinated the President. In other words, he would like to be advised when it is apparent there is going to be a solution.

The Deputy Attorney General also commented that if it develops that Oswald is the man who did the assassination or was involved in it, then his pro-Cuban and pro-Soviet activities will come into mounting prominence. He said if Oswald is so identified, the State Department should be advised as there are definite foreign policy considerations and decisions here.

Assistant Deputy Attorney General William A. Geoghegan called at 5:15 p.m. on behalf of the Deputy Attorney General. He advised that two men in the State Department have definite coordination responsibility in connection with any State Department action which would be required, if it develops that Oswald is implicated in the assassination. If this implication develops State Department will need full details on Oswald's background. The people at State Department to be notified in this regard are as follows:

John Crimmins OR
 Extension 4588
 Home phone FR 4-6151

William Bowdler
 Extension 3736
 Home Phone FE 7-4712

I emphasized to Geoghegan that he must recognize, and I am sure the Deputy Attorney General so understood, that we could not give out any blow-by-blow account of what is happening and that we would only be acting in this regard when it became apparent that the solution is imminent. He was in agreement.

Our reports on Oswald are in the possession of State Department and Supervisor E.T. Turner of the Domestic Intelligence Division is so advising Crimmins or Bowdler tonight.

My earlier memorandum of today lists the items of evidence received in this matter to date. Among those items was the revolver seized from suspect Lee Harvey Oswald upon his arrest following the killing of Dallas police officer Tippett and the fatal bullet removed from Officer Tippett's body.

The examination of these items is now complete. It has been determined that the bullet, a copper coated lead bullet of .38 Special caliber, is so badly mutilated that there are not sufficient marks on its surface to permit identification of the particular weapon from which it was fired. However, it was determined that the suspect's revolver is among those weapons producing rifling impressions of the number, type and size as those presently on the fatal bullet.

The remaining examinations are in progress and you will be advised of the results immediately upon their completion.

Dear Mr. Hoover:

I doubt if this information has any significance, but I will pass it on to you just in case you might want an agent in Chicago to follow through.

I teach English in Chicago's William Howard Taft High School. On Friday, November 22, during my fourth period class which takes place from 10:20 a.m. to 11:00 a.m. Central Standard Time, a student asked me how many Presidents had been assassinated. I had given no lead for such a subject to come up, and it was not usual for a student to ask me, and English teacher, a question of this nature.

I told him three Presidents had been assassinated. He displayed some surprise. "I thought only two had been," he responded.

When I mentioned Lincoln, Garfield, and McKinley, he expressed some surprise that Garfield had been assassinated. "Never heard of that," or words to that effect, he responded.

As I indicated, there is probably no significance to this information, but since the conversation transpired about two hours before the three shots in Dallas made Presidential assassination a common topic, I thought it might be a good idea to relay the information.

Yours very truly,

P.S. Nov. 26. In the first day of class since the assassination I said to the boy in a kidding manner: "I didn't answer your question right Friday. The answer is four." I tried to see whether I could glean anything from his response. "I even told my dad ahead of time what kind of rifle was used before it was announced that it was an Italian rifle." I really don't think there is anything significant there. It sounds more incriminating on paper than it did in the classroom where we had a class discussion of the assassination or so. It was on the week end. The fact that he felt this is worthy enough

For the information of above offices, a highly confidential source of the Cincinnati Office reported that

Cincinnati has tentatively identified one EUGENE ALPHONSUS O'DOHERTY. The person at Houston, Texas, was identified as JACK PAYTON at the above address.

The above source reported O'DOHERTY asked PAYTON, "What do you think about the recent developments in Texas?" PAYTON replied, "It's a good thing they got him before we were implicated." During the close of this conversation there were several references to a "group", the significance of which could not be determined. The Houston man stated, "Our next move will be to get behind them so we can overthrow Johnson." PAYTON also stated, "It's a good thing they think of him as an ultra-leftist."

Later in the conversation the Columbus man asked, "What about Rubin?" The Houston man stopped the Columbus man in the middle of that sentence and stated, "Remember, we have given our names."

PAYTON agreed to keep O'DOHERTY informed about developments and arranged to call him after 10:00 p.m. in the future.

From the above, it is apparent these men were referring to the assassination of President KENNEDY and they seemed to imply knowledge of or acquaintance with JACK RUBY, currently under intense investigation.

SUBJECT:

RUFUS YOUNGBLOOD
SECRET SERVICE AGENT
ASSASSINATION OF THE PRESIDENT

Youngblood is the Secret Service Agent who was assigned to guard the then Vice President Johnson during the late President Kennedy's visit to Dallas. When the late President was shot, Youngblood threw President Johnson down on the floor of the rear seat of his car and covered the President's body with his own. The day after this, 11-23-63, President Johnson sent a letter of commendation to Youngblood thanking him for his heroic act.

Inspector Peterson of Secret Service called at 12:25 p.m. today. He stated that Secret Service was having considerable pressure brought to bear on them by the wire services asking that Youngblood be made available for a press conference. Inspector Peterson wanted to let us know that Youngblood would confine his remarks to why he acted in the manner he did in protecting President Johnson. Peterson stated that Youngblood would not answer questions concerning the pending investigation and would refuse to make any comments concerning the shooting. He stated that Jim Rowley, Chief of Secret Service, had instructed him to call us so that we would not think that Secret Service was going beyond the realm of propriety in handling this matter.

Dear Mr. Hoover:

Thank you for your telegram of November 23rd
in connection with our jurisdiction.

At this time in the Nation's bereavement,
I am disturbed by your unfounded accusation of negligence
and feel it necessary to inform you that the protection of the
President and his immediate family is the responsibility of
the Secret Service of the United States Treasury Department
and not the FBI. Secret Service Agents were with the
President at the time he was assassinated.

The President has now instructed the FBI to
conduct a full investigation into the assassination of
President Kennedy and the murder of Lee Harvey Oswald.
Can assure you that this Bureau will discharge its responsi-
bilities in this regard with the same thoroughness and dispatch
that have characterized our investigations in the past.

Sincerely yours,

DATE: November 23, 1963

Mr. Belmont

A. Rosen

ASSASSINATION OF PRESIDENT KENNEDY

Mr. Jack Miller, Assistant Attorney General, Criminal Division, called and advised that he was fully aware of the intensive investigation being conducted by the Bureau and that he was certain that the Bureau's work would undoubtedly bolster the charge brought by the District Attorney in Dallas, Texas. He indicated that the Department would appreciate receiving something in writing at such time the information is available.

Mr. Miller was advised that there were ramifications in this matter to be run out to the fullest extent and that nothing had been reduced to writing at this time. His request would be borne in mind in regard to furnishing the Department something in writing at the earliest possible time.

No commitment of any type was made to Miller as to when a memorandum in writing would be made available.

November 23, 1963.

J. Edgar Hoover,
Federal Bureau of Investigation,
United States Department of Justice,
Washington, D. C.

Dear Mr. Hoover:

The entire atmosphere surrounding Lee Oswald is entirely out of focus. Is it possible that he is operating under the mental control of hypnosis or subconsciously suggestion by the famous Communist brain-washing? Much like the picture, "Manchurian Candidate"? Oswald seems rational yet without any purpose or vicious intent. Is his action without purpose?

Is it possible that he, because of his harmless appearance could be a dupe, a distraction from the real purpose? On Monday, all of the Military, Judicial and Legislative heads, Governors of most States, Chiefs of Staff of Army, Navy and Marine Corps, Heads of Germany, France and scores of other Countries will be gathered, all of them, for the first time in history in Washington, D. C. The setting is much like Pearl Harbor, provokes thought, is it possible that Communists were certain that Kennedy as a martyr would create just such a setting? Is it possible that some sort of bomb attack on Washington could be planned as a massive take-over???

This may appear to be the thought of some one overly concerned with the security of the free world. If the thought is as far-fetched as the assassination of President Kennedy, it could have been a week ago.

Why shouldn't the respect to President Kennedy's body by the Military, Judicial and Legislative heads be stipulated so that they will not be in Washington, D. C., when the other leaders are there??

Sincerely,

Ann Haywood

SUBJECT:

ASSASSINATION OF THE PRESIDENT

I talked with SAC Shanklin, Dallas, at 5:10 p.m. He said our agents are interviewing the suspect Oswald, along with the police; that the agent who handled the security case on Oswald, and another good criminal agent, are in with the police, interviewing Oswald. I told Shanklin if there was any question that a polygraph might be productive, he should go right ahead and use the polygraph.

Shanklin said that Secret Service does not appear to be doing much; that the majority of them have gone back to Washington with the Vice President and others. I told Shanklin that he should make sure that all possible investigative steps are being taken; for example, that the gun which is in the possession of the police is being checked for fingerprints; that the whereabouts of the suspect, Oswald, during the day is checked out; that the location in the building and on the stairs where the shots were fired and the gun was found is being carefully examined. I told him to be sure and not assume that the police are going to handle this properly; that we must conduct vigorous and thorough investigation to come up with the answer.

I reiterated that if he needed additional personnel he should let us know. He said that after it is ascertained whether Oswald is the individual who shot the President, if he is not the individual Dallas will need additional manpower, and this should be resolved in the near future through the interview with Oswald.

Shanklin was instructed to locate the bullets that hit the President and Governor Connally so that they might be compared with the gun that was found. If these bullets passed through the bodies of the President and/or the Governor, the President's automobile should be checked and the area around where the automobile was located when the shots were fired. We have instructed the Baltimore office to make arrangements to get hold of the bullets in the event they were not removed from the President's body, as this would be done at Bethesda Hospital.

() ASSASSINATION OF PRESIDENT JOHN F. KENNEDY

On November 23, 1963, Captain KENNETH HAYDEN, U.S. Army, under transfer, telephonically advised he was traveling from his home in Elcorington, Illinois, to East St. Louis, when he observed an individual pass him on Route 66 north of Springfield, heading south in a 1957 Chevrolet station wagon, white in color, bearing Texas license EH 3390. HAYDEN clearly observed the individual driving the automobile and a rifle standing in a vertical position in the front seat of the station wagon. HAYDEN later observed the station wagon stopping at a cafe on By-Pass 66. HAYDEN then proceeded south on Route 66 to the Illinois State Police District on south By-Pass 66, where he reported the above information to the Illinois State Police.

Contact was made with Illinois State Police Trooper JOHN GREENAN, who received a radio message relayed to him by his district headquarters. Trooper GREENAN stated he stopped the Texas automobile, bearing license EH 3390, at approximately 1:00 p.m., this date, ten miles south of Springfield, Illinois. GREENAN advised the following regarding the individual driving the car:

 Address

Trooper GREENAN asked GATES about the rifle and viewed it and stated to the best of his knowledge it was a bolt-action repeater, about .25 caliber, and manufactured in Japan. GATES explained to Trooper GREENAN he had received the weapon from his father and was carrying it in the vertical position in the front seat so as not to scratch or mar it. GREENAN advised that he did not question GATES as to his whereabouts on November 22, 1963. GREENAN stated that GATES was in the process of moving back to Hurst, Texas, and that he is continuing to head in that direction.

Springfield indices regarding GATES were negative.

Dear Sir:

I noticed something several weeks ago which may
be of some limited value to you.
On November 9, I stopped for lunch at Sawyers Dining
in Rockville, 4 1/2 miles from the turn-off to Ft. Washington
about 3 to 4 miles south of the Quaker Village bridge on
Maryland route 210. On the back wall of the bathroom which
is further from the city (the other is a private one) was painted
and built into the wall a piece (presumably John F. Kennedy
and Robert Kennedy). It had been partly inked and no name
was signed.

Today I went back to make sure of the wording and to
get the name of the place. The printing was still there but
may have been less legible.
I think that printing statements like that is bad.

I noticed something several weeks ago which may be of some limited value to you.

On November 9, I stopped for lunch at Dawson's Drive In Restaurant, 1/4 mile beyond the turn-off to Ft. Washington and 3 to 4 miles north of the Woodrow Wilson bridge on Maryland route 210. On the back wall of the bathroom which is furthest from the city (there are two adjacent ones) was printed: I will kill JFK and RK for a price (presumably John F. Kennedy and Robert Kennedy). Mr. John A. O'Neill

Roselle Park, New Jersey

Dear Mr. O'Neill:

I have received your telegram of November 27th concerning the assassination of President Kennedy.

My staff and I certainly share your concern over the brutal assassination of President Kennedy. I would like to point out that the full forces of the FBI were immediately deployed to assist the Secret Service and local law enforcement agencies in their investigation.

The President has now instructed the FBI to conduct a full investigation into the assassination of President Kennedy and the murder of Lee Harvey Oswald. I can assure you that this Bureau will discharge its responsibilities in this regard with the same thoroughness and dispatch that have characterized our investigations in the past.

Sincerely yours,
J. Edgar Hoover

DATE: 11-23-63

FROM : S.F. LATON

SUBJECT: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY
NOVEMBER 22, 1963
DALLAS, TEXAS

LATENT FINGERPRINT EXAMINATIONS

Two latent fingerprints and three latent palm prints developed on street map of Fort Worth - Dallas area were identified as finger and palm prints of Lee Harvey Oswald, FBI #327 925 D. The map was among his personal effects. TEXAS

A latent palm print which had been developed on a cardboard carton found in the room from which the shots were fired was identified as the right palm print of Oswald. One latent fingerprint and one latent palm print developed on another box from this same room were also identified as Oswald's impressions. In addition we processed an exceedingly large quantity of personal items belonging to Oswald, including correspondence, books, photographs, slides, leaflets, cards and a cartridge case. There were no latents on cartridge case. Numerous latent fingerprints and palm prints were developed on the remaining material. None of the remaining latent fingerprints are identical with the fingerprints of Jack Rubenstein, FBI #693 083 B. When Major Case fingerprints (impressions of the tips and sides of finger are received - they are enroute) additional comparisons will be made. TEXAS

The map was turned over to the Exhibits Section. The other specimens are being returned to the laboratory. R

A complete LFPS report will be furnished to FBI Dallas. The Laboratory is submitting results of their examinations separately.

Enclosed are 13 copies of each of 7 photographs reflecting the latent print identifications.

At 8:40 p.m., on this date captioned individual called and spoke to SA C. W. Spillers of the Special Investigative Division. Mr. Montgomery stated that he is disturbed about the free way in which information concerning the movements of officials and dignitaries is blasted over the television and radio. He stated that he felt this procedure is very foolish and such information should not be given out. He stated that in his opinion the mishandling of information along this line was most likely responsible for the killing of suspect Oswald in Dallas, Texas. He stated he was not complaining about the FBI but was merely calling to express his dissatisfaction over these matters being in the hands of news people.

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
NOVEMBER 22, 1963, DALLAS, TEXAS

With respect to a phone call that had been received in New York City presumably by an AT & T official indicating that all wire service would be cancelled today in memorial of the President's death, Minneapolis has checked this out, since the call presumably originated there and found it to be completely without basis.

According to SAC Held, Minneapolis, the number given by the caller appeared to be a fictitious one, although the phone company feels it may be a public booth located on Hennepin Avenue one of the main streets in Minneapolis, TA 2-9752. The telephone company feels that because of the terminology used by the caller he is probably a former telephone company employee and a crank.

SUBJECT: CALL CONCERNING ASSASSINATION OF THE PRESIDENT

Duncan Bowie

Aero Geo Astro Corporation

Edsell and Lincolnia Roads, Alexandria, Virginia

Captioned individual, who identified himself as a physicist at the Aero Geo Astro Corporation (AGA) in Alexandria, called at approximately 8:30 AM, 11-26-63, and asked to speak to someone concerning firearms examination. Bowie identified himself as a physicist with the AGA Corporation but advised that he was calling as a citizen who had noticed on TV that the rifle used in the assassination of the President had been mishandled by the Dallas Police Department in so far as keeping the gun in its original condition. He stated that he was of the opinion that field tests should be made of the gun and photographs taken in order to ascertain any variation in the gun from other guns of similar make.

He wanted to know if the FBI had the gun. I told him that, obviously, I could not make any statement concerning the case. He desired to know to whom a communication to the Bureau should be addressed concerning his observations and I told him that any communication should be addressed to the Director. Several times I asked him to be more specific as to his suggestions but he continued to talk only generally and adhered to the statement that the purpose of his call was to ascertain to whom any suggestions should be sent.

Due consideration, of course, has been previously given to all scientific aspects of the examination from the time the gun was received in the FBI Laboratory. However, since it was not possible to obtain any specific information from Bowie over the phone, this call is being made a matter of record since he may send a communication to the Bureau in the future.

Aero Geo Astro Corporation is a company which handles many government contracts, particularly for the National Aeronautics and Space Administration. Bowie not positively identifiable in Bureau files.

Your telegram of November 26th has been received, and I want to thank you for giving me the benefit of your observations and comments.

My staff and I certainly share your concern over the brutal assassination of President Kennedy, and we want to assure you that the full forces of the FBI were immediately deployed to assist the Secret Service and local authorities. In addition, the President has now instructed the FBI to conduct a full investigation into the assassination of President Kennedy and the murder of Lee Harvey Oswald. Memorandum

TO : Mr. Mohr

DATE: November 27, 1963

FROM : C. D. DeLoach

SUBJECT: ASSASSINATION OF THE PRESIDENT

Bill McAndrew, Executive Vice President, National Broadcasting Company (NBC), called from New York City at 12:45 AM, November 27, 1963. He apologized for calling so late but stated that NBC had picked up information he thought we should have immediately. He stressed the fact that NBC did not plan to use this information unless confirmed.

McAndrew told me that NBC representative in Los Angeles, Tom Pettit, had been sent to Dallas to cover the captioned matter. McAndrew had just talked to Pettit. Pettit had contacted a Dallas used car salesman who claims that approximately two weeks ago Lee Harvey Oswald had entered his place to express an interest in purchasing a used car. Oswald examined a Comet and requested permission to drive this car accompanied by the dealer. The dealer told Pettit that he rode with Oswald and that Oswald picked the specific route that the President's entourage had taken.

Oswald desired to purchase the car but did not have the \$3,200 in which to pay for it. He told the dealer that he would receive a large amount of money within approximately two weeks and that he would come back and pick up the car at that time.

McAndrew told me that Pettit, the NBC man, had interviewed the used car dealer in Shreveport, Louisiana. Pettit had apparently flown there for this purpose after learning the dealer's wife had been taken there for a cancer operation. Pettit claims that he was followed. He indicated to McAndrew he was scared to death that somebody was going to do something to him because he had learned this information.

McAndrew indicated that Pettit could be interviewed at Radio Station WBAP, Fort Worth, Texas. He stated he had instructed Pettit to remain there until contacted by the FBI. I told McAndrew we would interview him immediately.

Memo DeLoach to Mohr
Re: Assassination of the President

11/27/63

Mr. Belmont was advised of the above information. I then called Inspector Malley in Dallas and told him. Malley was of the opinion that this matter had already been covered and as a matter of fact, Malley told me a number of facts surrounding the same circumstances. He did not know, however, whether Pettit had actually been interviewed or not. He stated he would check this immediately. I told him if Pettit had not been interviewed, to do so at once despite the late hour. Malley stated he would have this done and would call back this morning.

ACTION:

It is suggested this memorandum be forwarded to the General Investigative Division for information.

At 6:04 p. m. today Assistant to the Director Belmont telephonically advised the Dallas Office of the following information:

Bullet recovered from stretcher in hospital by Secret Service, two bullet fragments recovered from President's automobile by Secret Service and two cartridge cases delivered to Laboratory by SA Drain, Dallas Office, identified as being fired by submitted 6.5 millimeter Mannlicher-Carcano rifle delivered by SA Drain.

Several black cotton, orange yellow cotton and gray black cotton fibers, which matched similar fibers composing Oswald's shirt removed from butt plate submitted rifle. No fibers found on gun which could be associated with green blanket. Single brown viscose fiber and several light green cotton fibers which match similar fibers present in composition of green blanket found on paper bag.

Cotton fibers from gun are same colors as cotton fibers composing shirt; however, due to limited number of colors in shirt (3) not possible to state shirt is positively source of these fibers.

Identification Division determined that latent prints appearing in photograph taken of rifle by Dallas Police Department too fragmentary and indistinct to be of any value for identification purposes. Similar photographs taken by Bureau also failed to produce prints of sufficient legibility for comparison purposes.

Latent fingerprint developed by Identification Division on brown paper bag recovered at scene and marked "Found next to sixth floor window gun fired from. May have been used to carry gun. Lieutenant J. C. Day" was identified with left index finger impression of Lee Harvey Oswald. In addition, one latent palm print developed on paper bag identified with right palm print of Oswald.

Memorandum R. H. Jevons
to Mr. I. W. Conrad

RE: ASSASSINATION OF
PRESIDENT JOHN F. KENNEDY

No latent prints of value developed on revolver, cartridge cases, clip, inner parts of rifle or unfired cartridge.

Bullet from body of Officer Tippet, a copper-coated lead bullet of thirty-eight special caliber so badly mutilated there are not sufficient marks on its surface to permit identification of weapon from which fired. However, it was determined that Oswald's revolver is among those weapons producing rifling impressions of the number, type and size as those present on fatal bullet.

Laboratory report of results to date directed to Dallas Police Department being hand carried to Dallas by SA Drain tonight.

Mr. Belmont advised SAC Shanklin that he could release the above information orally to the Dallas Police Department.

SUBJECT: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY

Among those items of evidence received from the Dallas Office today was a 6.5 mm Mannlicher - Carcano cartridge case which was recovered from the Texas Public School Book Depository building. This cartridge case is reportedly one of three cartridge cases found with the rifle used in the assassination of the President.

This cartridge case was not previously examined in the Laboratory but was retained by the Dallas Police Department. It has now been identified as having been fired in the 6.5 mm Mannlicher - Carcano rifle, Serial No. C2766, which was recovered from the Texas Public School Book Depository building. All three cartridge cases which were recovered have now been identified with this weapon. No fingerprints were found on the cartridge case received today.

The other items of evidence received from Dallas will be the subject of a separate memorandum.

TO : Mr. Mohr

DATE: November 25, 1963

FROM : C. D. DeLoach

SUBJECT: ASSASSINATION OF THE PRESIDENT

With respect to the obtaining of the Associated Press (AP) photo presumably showing the President raising his arm by his chest and Governor Connally turning toward him, we have contacted both the American Broadcasting Company (ABC) in New York and AP in New York.

Mr. Al Resch, Executive News Editor of AP News Photos, (PLaza 7-1111) at the fourth floor of 50 Rockefeller Plaza in New York City was contacted. Mr. Resch was familiar with the photo which he said was published in Saturday's papers showing the President's car head on. He stated this is a "rough photo" and has been blown up to its fullest capacity. He stated that it would simply "fall to pieces" if blown up more. He said he meant by that that the figures would lose their identity and would be merely "blobs" on the finished photo.

Mr. Resch told us he would be very happy to give us a blown up print of this photo and if we absolutely needed the negative after experimenting with the finished glossy print, we could make arrangements to obtain it or it could be blown up at AP News Photos in New York City.

REC-13

I made arrangements to have an Agent of the New York Office pick up this glossy print from Mr. Resch at AP News Photos as well as an enlargement of the same photo which is in the hands of Mr. Elmer Lower of ABC at 7 West 66th Street, New York City. This is the photo about which Mr. Jim Hagerly talked with me. An Agent of the New York Office is bringing the photos down this evening by plane and we will get them to the Laboratory upon their arrival. 22 DEC 2 1963

A positive identification had been made by interviewing Lovelady at his home, therefore, called Jim Hagerly and Elmer Lower, Vice Presidents of ABC in New York and thanked them for their excellent cooperation and advised them that despite the fact that this matter had washed out we nevertheless were appreciative of them getting in touch with us. The New York Office was advised not to send any pictures down and to cancel the trip to Washington of the New York Agent.

General Fitch said he had received a telephone call about 11:00 AM, today from Brigadier General Chester L. Johnson, Assistant Division Commander of the 5th Division at Fort Carson, Colorado. General Johnson told General Fitch that he had been in the hospital last week in connection with a dental operation and while lying in bed this last Wednesday night or Thursday night, he heard a radio broadcast which he said appeared to be directed to the people of Venezuela. General Johnson said there were remarks that "a great event will happen tomorrow."

General Fitch said General Johnson could not place the station or time. General Fitch asked General Johnson to please think this over and pass on to him any information which he could remember. General Fitch advised that any additional details concerning this will be promptly passed on to us.

According to the information we received concerning the possibility that Oswald had been at Wytheville, Virginia, at the Red Cross Station seeking assistance to go to Princeton, West Virginia, the following was determined:

Mrs. Frank Nelms, American Red Cross representative, who is nearly eighty years old and rambles in her conversation, advised that an individual using the name of Oswald had sought assistance in traveling to Princeton, West Virginia. She stated that the man resembled newspaper photographs of Lee Harvey Oswald, that he had heavy, dark eyebrows and lashes and was slender. He spoke of being married to a Russian girl and that his family lives near Dallas, Texas. He seemed foreign in appearance and had an unknown foreign accent. When she called the Greyhound Bus Terminal to secure food and transportation, he then said his name was Henry Richards. She did not question him concerning the difference in the names used.

Bob Puckett, Greyhound Bus Terminal, exhibited a slip of paper indicating one Henry Richards received a bus ticket and lunch from Salvation Army funds. Richards made mention of the fact that he had a sister in Princeton, and that he was going to visit her and then planned on going to Texas but did not state that he had any relatives there.

Puckett described Mrs. Nelms as an elderly lady who has difficulty in recalling time and events.

Oswald is not known to have any relatives in Princeton, West Virginia, and is not known to have left Dallas, Texas, during the last two months.

In connection with captioned event, my office and the men in it were literally swamped both night and day during the entire weekend with telephone calls from various news media and other sources concerning this matter. Set forth below for the Director's information are highlights from the events which transpired.

At approximately 11:00 a.m. yesterday morning, Sunday, November 24th, James Haggerty of ABC attempted to reach Mr. Tolson and was referred to SA Hanning who was on duty in my office. Haggerty stated that he had picked up a rumor that a photograph had been located showing Oswald with a rifle with a scope on it in one hand and a pistol on his side. According to Haggerty, this picture had been obtained by Chief of Police Curry and was then in the possession of the FBI. Haggerty asked for confirmation of this and if there would be any chance of obtaining this picture. Hanning advised Haggerty he was not aware of such a photograph being in existence, but if one did exist, he seriously doubted whether it could be made available because of its possible evidentiary value.

Hanning then contacted SAC Shanklin in Dallas who advised that such a picture did exist as the police the previous day, Saturday, had obtained it on a search warrant of Oswald's home, having obtained the search warrant after Oswald's wife was uncooperative as far as allowing the search to be conducted was concerned. The picture was found in the garage. This picture, according to Shanklin, was a poor one and was given to him by the Chief of Police, and showed Oswald dressed in black, holding a scope rifle aloft in his left hand, and he had a pistol strapped on his right side. He is holding a paper in his hand and the name can be made out as the Militant. This is the official publication of the Socialist Worker's Party. He is standing in front of a picket fence and Mr. Shanklin believed the picture had been taken in front of his residence in New Orleans. He planned to have New Orleans check this matter out and he was also putting the picture on the first available plane to Washington with the hopes that the Laboratory could blow it up enough to get a date of the copy of the Militant.

In the meantime, television coverage indicated that the Secret Service was intimating that the Secret Service had confirmed that the FBI had interviewed

RE: ASSASSINATION OF THE PRESIDENT

Oswald recently and had not told the Secret Service. All of the above information was furnished to me, and I in turn recontacted Mr. Haggerty in New York. Mr. Haggerty was advised by me that we could not make the picture available and he was also set straight regarding the false statements being attributed to the Secret Service. Mr. Haggerty said he would see that an immediate retraction was made and subsequent telecasts indicated that this was done.

At approximately 2:00 p. m. yesterday, Sunday, November 24th, the Norfolk Office called and advised that at 1:40 p. m. that day, a Newport News Police Department had received an anonymous telephone call. The speaker was believed to be a male Negro who merely stated, "We got the President--now we are going to get Senator Byrd." This information was immediately furnished by me to Senator Byrd at his home in Berryville, Virginia. SA Hanning upon my instructions also advised the Capitol Police. At 7:00 p. m. Sunday, the Norfolk Office advised that in connection with this threat, a male Negro, aged 47, one Walter Robinson, 556 - 43rd Street, Newport News, had been picked up by the police department in connection with this anonymous telephone call. He admitted making the call. I immediately recontacted Senator Byrd who was most appreciative and stated, "I knew I could depend on the FBI." This information was also furnished to the Capitol Police.

At 10:50 p. m., Sunday, November 24th, Wallace Fanning, NBC News, who resides in Harwood, Maryland (ten miles south of Annapolis), telephonically contacted SA Hanning and furnished the following information: Fanning advised that he had just received a telephone call from Art Gates, UPI in Wytheville, Virginia. Gates advised that on that day, November 24th, Radio Station WIZE in Wytheville had cut a tape of an interview with a Red Cross woman in Wytheville. According to this tape and the story related by the Red Cross woman, on November 13, 1963, Lee Harvey Oswald stopped at the Red Cross Office in Wytheville for assistance, and he was given \$2.00. It was subsequently ascertained by the Red Cross that he then went to the Salvation Army in Wytheville and received more money under a different name. According to the Red Cross woman's story, Oswald told her that he was on his way to Princeton, West Virginia, and she recalled that he had said he had been to Russia and talked at length about his Russian wife and child. This information was immediately furnished to the General Investigative Division.

to check out whether or not this should be made a
Throughout the weekend we maintained a strict "no comment" with the exception of items which the Director had personally approved for release to the news media. We received many inquiries concerning wild allegations and one inquiry which emanated from Associated Press in St. Louis was requesting confirmation of a story they had received that Bobby Baker was connected with the assassination.

ASSASSINATION OF THE PRESIDENT

At 7:40 P.M., 11-26-63, captioned individual telephonically contacted Supervisor Dan A. Brant regarding the assassination of the President. Barnes advised he is a Colored Army veteran and retired from the General Motors Corporation.

He stated he felt inquiry into the assassination of the President should be directed at General Walker. He stated General Walker marshalled 2,000 Texans at the University of Mississippi, during the James Meredith demonstrations and it could easily be that Oswald might have been used as a tool for General Walker. He further noted General Walker was arrested and committed by governmental order.

While talking with SAC Shanklin today he advised that Eddie Barker of the "Times Herald" in Dallas called him relative to a call from Washington to verify a story that Shanklin had resigned under pressure. Shanklin told him this was a lie. I asked Shanklin to get the source of this story in Washington and he checked and advised me it was Bill Galbraith, CBS News Desk. I notified Mr. DeLoach in order that he could get in touch with Galbraith and kill any such story as a lie.

Did DeLoach find out the source?
Shanklin said that Chief Curry's wife had received a telephone call that she would be killed and, consequently, Mrs. Curry and the Curry family are being housed in the jail for safekeeping.

Shanklin said that with the additional men he is having space problems and has arranged with GSA for additional space on the seventh floor of the building and chairs and desks, all free of charge. He will have to put telephones in and pay for this but the space and the furniture will be free. I told him to go ahead and effect this and he was authorized to pay for the phones.

Shanklin said the paper work was piling up and he needed four more clerks. I told him we would send them down and arrangements were made through the Administrative Division for this to be done at once.

Reference is made to memorandum from Mr. Belmont to Mr. Tolson dated November 24, 1963, wherein SAC Shanklin of Dallas advised Mr. Belmont that Eddie Barker of the Dallas Times Herald had stated that Barker had called Shanklin to verify a story that Shanklin had resigned under pressure. Shanklin told Barker that this was a lie and Shanklin advised that the source of the story was Bill Galbraith of CBS News Desk in Washington. Mr. Belmont notified me so that the matter might be killed off here in Washington. The Director asked, "Did DeLoach find out the source? H."

Discreet inquiry has been made at CBS concerning the source of this rumor. We have contacted our good sources at CBS in Washington and Neil Strawser advised that he was familiar with the story and that it was one of the hundreds of rumors that came into the news room during the tension of the situation. He said that at first it came to his attention from Robert Pierpoint.

Pierpoint who is friendly and known to my office was contacted on a strictly informal basis and he stated that he had received the rumor from a "Government source" and that they had not broadcast the rumor because they thought it was a lot of "baloney." He said that in view of this fact he did not desire to reveal his source in that he did not at this point want to "reflect on the Government."

In that the matter was not broadcast, it is felt that in view of Pierpoint's statement that we should not pursue the matter further.

At 3:05 a.m. 11-27-63 Inspector James R. Malley at Dallas, Texas, telephonically advised SA W. Marvin Gheesling that about one hour previously the Dallas Police Department had turned over to the Dallas office Lee Harvey Oswald's address book. Malley stated that a quick examination of this address book revealed it contained numerous names and addresses, including writing which appeared to be Russian. It also contained a listing of Juggers Chiles Stoval, Topography Company, and underneath that listing the word "microdots." A card in Oswald's wallet showed he was previously employed by that firm.

Malley advised that this address book together with Oswald's billfold is being transmitted to the Bureau by the most expeditious means available with request that the foreign language contained therein be translated and that Bureau review contents of these two items and set out appropriate leads.

Malley requested that Mr. Don Moore be alerted to this information.

AVAILABLE FOR INTERVIEW BY US. CARROLL STATED THIS WOULD BE IMPOSSIBLE AS SOURCE WAS NOT AVAILABLE. I ASKED HIM AS TO THE RELIABILITY OF THE SOURCE AT WHICH TIME HE STATED HE FELT DALY WAS REPORTING THE INFORMATION SHE RECEIVED ACCURATELY BUT HE COULD NOT VOUCH FOR THE AUTHENTICITY OR RELIABILITY OF THE INFORMATION ITSELF.

TODAY/S ISSUE OF CHICAGO/S AMERICAN CONTAINS AN EDITORIAL WHICH INDICATES THAT WE HAVE MUCH TO BE THANKFUL FOR DESPITE THE ASSASSINATION OF THE PRESIDENT. THE EDITORIAL STATES AS FOLLOWS IN PART.

QUOTE FOR ONE IMPORTANT THING WE SHOULD BE THANKFUL THAT LEE HARVEY OSWALD WAS REPRESENTING HIMSELF ONLY WHEN HE BOUGHT THE MAIL ORDER MILITARY RIFLE WITH A TELESCOPE SIGHT AND MADE HIS PLANS TO LIE IN AMBUSH UNTIL PRESIDENT KENNEDY SHOULD RIDE WITHIN RANGE. THE EVIDENCE INDICATES THAT OSWALD WORKED ALONE. HAD HE HAD BACKING OR COOPERATION OF ANY ORGANIZATION OF AMERICANS IT WOULD HAVE SHOWN THAT HATE HAD TAKEN THE PLACE OF TOLERANCE AND REASON IN AT LEAST ONE SEGMENT OF OUR CITIZENSHIP, AND THAT WOULD HAVE SUGGESTED SERIOUSLY THAT AMERICAN/S FUTURE WAS IN DANGER. BUT OSWALD SEEMED TO HAVE KEPT HIS DREADFUL PROJECT LOCKED IN HIS OWN POISONED MIND SO

THE AMERICAN CAN NOT BE HELD TO SHARE HIS GUILT EN QUOTE.

I ASKED CARROLL IF THIS MEANT HE DISCOUNTED THE RELIABILITY OF DALY/S INFORMANT AND HE INDICATED HE DID NOT DISCOUNT DALY BUT IN EFFECT QUESTIONED THE AUTHENTICITY OF HER INFORMATION. HE STATED HE PERSONALLY ^EDELTED A PORTION OF HER ARTICLE WHERE SHE IDENTIFIED THE QUOTE DISSIDENT CUBAN GROUP EN QUOTE AS THE FAIR PLAY FOR CUBA COMMITTEE. HE THEREAFTER STATED HE WOULD CONTACT DALY/S SOURCE TO SEE IF THAT INDIVIDUAL WOULD BE AGREEABLE TO TALKING TO THE FBI AND THAT SUCH CONTACT COULD NOT POSSIBLY BE MADE FOR SEVERAL DAYS. HE STATED HE WOULD CALL ME WITH THE RESULTS.

WE WILL FOLLOW CLOSELY WITH CARROLL.

I HAVE KNOWN FOR SONETIME THAT MUCH OF THE INFORMATION CONTAINED IN DALY/S COLUMN IS ACTUALLY WRITTEN BY CARROLL. THIS COLUMN FREQUENTLY REPORTS ERRONEOUS INFORMATION AND DALY/S RELIABILITY IS CERTAINLY QUESTIONABLE BECAUSE OF THE NUMEROUS INACCURACIES APPEARING IN THIS COLUMN.

Q50 Small notebook containing Russian writing (Item #350)

**Q51 Seventeen pages of handwriting on Holland American

Result of examination:

**It was concluded that the seventeen pages of
handwriting, Q51, were written by LEE HARVEY OSWALD, K4

**Most of the writing contained in Q50 is in
Russian script and is not comparable with the known
writings of OSWALD in English. Therefore, no conclusion
could be reached whether OSWALD wrote any of the Russian
script writing in Q50. However, it was concluded that C
OSWALD, K4 and K5, did not write the writing in English
in Q50 in the wording "Mrs. Anna Neller Meller 5830 1/2 La

LEE HARVEY OSWALD
ASSASSINATION OF PRESIDENT KENNEDY

Mr. Melvin Vogtman, Veterans Administration (VA), Washington, D. C., has advised that Roy Rice, a nursing aide at the VA Hospital, Poplar Bluff, Missouri, has reported a conversation in the Spring of 1963 with Paul Eugene Ford, a patient at that hospital. Ford allegedly claimed to have overheard a conversation on an unknown date between unknown persons connected with the Dallas, Texas, night club business, indicating that they were plotting to harm President Kennedy.

Vogtman states Ford was last known to reside at Gideon, Missouri, and was discharged from Poplar Bluff VA Hospital in May, 1963, against medical advice. Ford is reportedly World War II veteran who has been confined periodically for brain damage. Ford has VA number C-14691130, was born April 18, 1920, and his complete VA record is in VA files at St. Louis.

Promptly locate and interview Ford and secure full facts in this matter.

INFORMATION CONCERNING

On November 25, 1963, [George J. Maki, 1417 Pacific Avenue, Santa Barbara, California] telephonically advised the FBI as follows:

He is employed at the [Santa Barbara Research Center] and works as an engineer under the supervision of [H. K. Coulter.]

[Coulter] on November 25, 1963, expressed to [Maki] a deep hatred of President Kennedy and made the statement that this hatred was "absolute". [Coulter] further stated it was unfortunate President Kennedy was killed and not allowed to serve out his full term since all his death did was "make a martyr of the s.o.b.".

ASSASSINATION OF PRESIDENT KENNEDY
November 22, 1963
Dallas, Texas

Threat to President's Life - [Andrew Pappas]

On November 24, 1963, Officer Creighton, Chicago Police Department, 6th Area Homicide, advised that at 10:15 P.M., he had received a call from Officer Mikrut, Chicago Police Department, who had been taking complaints. Mikrut received a call from one Frank McGee, 2834 West Palmer, Chicago, Illinois. McGee told Mikrut seven to ten days ago he had been in "The Black Pearl", a bar on Diversey Street, just east of Clark Street in Chicago, and one [Andy Pappas, operator of Andy's Grill, across the street from "The Black Pearl", told McGee "President Kennedy would be assassinated and the 'syndicate' will take care of things in Dallas."

McGee described himself as an employee of the City of Chicago in the Architectural Department.

On November 25, 1963, Francis Joseph McGee, 2834 West Palmer, Chicago, Illinois, advised that one Andy Pappas, who is the owner of Andy's Lounge, 559 West Diversey, Chicago, Illinois, had made statements against President Kennedy on November 16, 1963, in the Black Pearl Restaurant and Bar on Diversey. He advised that at approximately 10:00 P.M. on November 16, 1963, he was drinking in the Black Pearl when [Andy Pappas] entered and asked McGee to buy him a drink. They went to the bar, at which time [Pappas] seemed very displeased with the Kennedy administration and stated that he, [Pappas], would like to put a bullet in President Kennedy and that the "syndicate" would take care of Kennedy in Texas. McGee at this point told [Pappas] that he should not say things like this, at which time the discussion ended and McGee and [Pappas] parted.

company. McGee further stated that prior to this time, during the 1960 election, [Pappas] was a staunch supporter of President Kennedy, but that in the last couple of years, [Pappas] had become disillusioned with President Kennedy because business was bad.

Francis Joseph McGee is described as follows:

Race	White
Sex	Male
Nationality	American
Date of birth	March 8, 1915, at Chicago, Illinois
Height	5'6"
Weight	170 pounds
Hair	Gray
Marital status	Single
Employment	Employed by the City of Chicago, Bureau of Architecture, Principal Clerk, since 1937
Father	James McGee, deceased
Mother	Mary McGee, deceased
Sister	Mary (Betty) Clark
Brothers	Charles and James McGee

On November 25, 1963, [Andrew Pappas, 2600 North Lakeview Avenue, Chicago, Illinois, advised that he is the owner of what was previously known as Andy's Lounge, and is presently called Sinners' Nine, located at 559 West Diversey, Chicago, Illinois. [He also had the liquor concession directly across the street in the Foodliner Market, where he was working on November 22, 1963. He stated that to his recollection, he has never made a statement which would indicate he wished harm to President Kennedy, nor does he have any affiliation with anyone associated in the criminal world. He stated that he was a supporter of President Kennedy in the 1960 election and that he has always been a staunch Democrat. He and an individual named Frank McGee have discussed politics at length on occasion, but usually only on a local level. He stated he has not seen McGee since the middle of last summer, so he felt that he probably has not had a political discussion in recent weeks. He further advised that he did not recall being in the Black Pearl on November 16, 1963, and that on November 16, 1963, his brother,

RE: ASSASSINATION OF PRESIDENT KENNEDY

[George Pappas] from [Dearborn, Michigan] was visiting him until the following Monday. [Pappas] further advised that he had no recollection of any discussions with any persons of recent date, the subject matter of which could have remotely been construed to constitute a threat or an implied threat against the President.

Pappas is described as follows:

Race	White
Sex	Male
Nationality	American
Date of birth	August 27, 1924, Youngstown, Ohio
Height	6'4"
Weight	210 pounds
Hair	Dark brown

McGee subsequently advised on November 25, 1963, that the term "syndicate" had never been used in the conversation he had with [Pappas] on November 16, 1963, at the Black Pearl. He said that all of [Pappas'] comments were within the context of a discussion initiated by Pappas concerning his disenchantment with the Kennedy administration because of the falling off of prosperity in his business. He said that the comment about putting a bullet in the President's head was expressive of his anger in this connection and that he did not feel at the time that [Pappas] literally meant this statement. He also stated that [Pappas] had remarked that "the boys" and "the mob" would use their influence to prevent Kennedy's re-election because his administration had been bad for business. McGee said that the reference to Texas and the harm that might befall the President was related to the incident involving U. N. Ambassador Adlai Stevenson in Texas in October, 1963. McGee related that at the time, he did not think that the "syndicate" intended to in any way harm the President, but that he placed this construction on the above conversation subsequent to the actual assassination of the President.

RE: ASSASSINATION OF PRESIDENT KENNEDY

[Don Duzan, Owner-Operator of the Foodliner Market, and Angelina Fiore, Clerk employed by Pappas in his liquor concession, both advised on November 25, 1963 that shortly after 1:00 P.M. on November 16, 1963, Pappas appeared at work and as far as they could recall, remained at the store the rest of the day.

ASSASSINATION OF PRESIDENT KENNEDY
November 22, 1963, Dallas, Texas

On November 26, 1963, E. J. McDaniel, Director, Veterans Administration Domiciliary, Thomasville, Georgia, telephonically advised that [Raleigh Odell McEwen], member of the domiciliary, had made some strong remarks about the Attorney General after the news of the death of the President on November 22, 1963.

E. J. McDaniel, when interviewed at the Veterans Administration Domiciliary, advised Glen Alred, Jr., the Assistant Domiciliary Officer, would furnish the facts of the case.

Glen Alred, Jr., Assistant Domiciliary Officer, advised he talked to [Raleigh McEwen] concerning his making statements about the Attorney General. Alred stated [McEwen] told him he would discuss this matter with him on Monday, November 25, 1963.

Alred stated Martin Cozewith, a Section Leader, on November 23, 1963, furnished him with three statements. The first statement reflected [McEwen] stated on Friday after the President's death, that it was a shame the President's brother was not in Dallas at that time so that he may have gotten it too. This statement was signed by Cozewith.

The second statement, signed by Vernon R. Anglin, reflected he overheard [McEwen] make derogatory remarks concerning the death of President Kennedy. Anglin went on to say [McEwen's] remarks were of a highly hatred and gratifying nature and

RE: ASSASSINATION OF PRESIDENT KENNEDY

his concern of getting the President's brother was his main concern. He stated [McEwen] made further derogatory remarks relative to the Catholic Church and its policies. The third statement, signed by J. P. Sutton, reflected Sutton had remarked in a conversational way to [McEwen] that it was a terrible thing that occurred that afternoon. [McEwen's] reply "I don't know about that, Sutton. It all depends on how you look at it. Look at all the men he has killed," or words to that effect. Sutton then said to [McEwen] that he did not kill them and [McEwen] replied, "No, but his orders did." Sutton stated he then left the office to avoid any further discussion with [McEwen.]

Cozewith and Anglin were interviewed and stated the statements they made were correct but could add no additional information.

The following is descriptive information of McEwen:

ASSASSINATION OF
PRESIDENT JOHN F. KENNEDY
Dallas, Texas
November 22, 1963

BILL MEANS

Mr. JACK EURICH, owner, "Highliter" Bar, 4712 North 12th Street, Phoenix, Arizona, telephonically advised that at approximately 3:15 p.m. on November 22, 1963 that at 11:25 a.m. that date a man came into his bar and asked that the television set be turned on. EURICH turned the set on and almost instantly the news of the shooting of the President was broadcast.

EURICH stated that the man remained in the bar for about an hour drinking three bottles of beer and making a telephone call to a rifle range in Dallas, Texas. This call was made from a pay phone at the bar, Telephone No. 279-9079. EURICH said that the call was not completed when first made and that the operator called back to advise there would be a delay. EURICH answered this call and the operator said that there would be a delay on the "call to the rifle range at Dallas". EURICH said that the man completed the call before leaving because he, EURICH, gave the man the change to pay for the call.

EURICH described the man as a white male, 60 to 65 years of age, 5'10" to 5'11", 185 to 200 pounds, gray hair, red face, and attired in a brown sweater over a yellow shirt and yellow or tan work pants that were rather dirty. He said the man talked soberly, very slow, and, in fact, did not talk much at all.

EURICH stated that the man was driving an old Buick, probably a 1952 or 1953 model, faded light green in color, and bearing Montana license plates.

EURICH stated that he had never seen this individual before and that from the circumstances, he felt there was some possibility that the man may have known about the assassination before it happened.

A source advised that on November 22, 1963 calls were made from Phoenix phone 279-9079 to Dallas telephone numbers 631-5050 and 368-0096. Source advised that calls were made to 631-5050, the telephone number of the Parkland Hospital, Dallas, Texas at 12:14 p.m. at which time the line was busy, at 12:20 p.m. at which time the line was again busy, and at 12:37 p.m. at which time the call was apparently completed. In connection with these calls, source stated that it was indicated that "a security man" was trying to reach a BILL MEANS (phonetic) at the Dallas number.

Source advised he did not have the time of the call to Dallas phone 368-0096, nor the identity of the subscriber to that number.

Source later advised that the telephone operator handling the calls to Dallas from Phoenix to Dallas phone 631-5050 on November 22, 1963 advised that the calls were, in fact, placed by a BILL MEANS as person-to-person calls to JACQUELINE KENNEDY, and that when the call was completed, MEANS was told at the Dallas end that he could talk to "a security man".

By communication dated November 23, 1963, the Butte Office advised that BILL MEANS left Billings, Montana in June, 1963 allegedly going to St. Paul, Minnesota. Since that time, however, the Billings, Montana Post Office received a change of address for BILL MEANS to General Delivery, Phoenix, Arizona.

MEANS was described as a member of the Painters' Union and a heavy drinker. It was further advised that MEANS had been arrested in North Dakota during August, 1963 driving a 1953 Buick with 1963 Montana License 3-22265.

ASSASSINATION OF PRESIDENT JOHN F. KENNEDY

On November 25, 1963, Mr. CARL HAGEN, 335 Prescott Street, Hubbard, Ohio, advised that he is employed as purchasing agent for the Sherwin Williams Company, Hubbard. He stated that since the assassination of President KENNEDY a past incident has bothered him very much.

He stated that one RALPH DELANEY HUGHES, residing Applegate Road, Liberty Township, Youngstown, Ohio, was employed by the Sherwin Williams Company as an oiler. On the night of November 15, 1963, HUGHES became sick on the job and left work at 8:31 PM, and has not returned to work since that time. He stated that efforts had been made by company representatives to contact HUGHES, with negative results, and, further, that a representative of the company had contacted HUGHES' mother in Tennessee on November 18, 1963, and she advised she had not seen him since the August, 1963, when he was on vacation, but she recalled he made mention that he was going to Texas sometime in October, 1963, but did not state where or any of the details. HAGEN stated HUGHES was a good worker, and always over-anxious to do a good job, and jobs about the plant that he was not required to do. He also stated up until recently HUGHES lived in a trailer camp, but sold the trailer for \$1,800. He also stated he had heard that on Saturday, November 16, 1963, a 1960 gray Chevrolet, which HUGHES owned, was towed away by an unidentified tow truck.

On November 26, 1963, Mr. RAY CARLISLE, Personnel Manager, Sherwin Williams Company, was contacted and he reviewed his files and stated that RALPH DELANEY HUGHES worked for the company from June 15, 1959 to November 6, 1959, at which time he was laid off, and was re-employed on April 24, 1961, and was so employed until his last day of work, November 15, 1963. He stated HUGHES was a good employee, and the company had no trouble with him in the past as an absentee. He advised HUGHES worked the 3:30 PM to 12:00 midnight shift on November 15, 1963, however, at about 7:30 PM, he complained he was not feeling well, and did not look well, and left for home at about 8:31 PM, stating he thought he was coming down with the flu.

RE: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY

CARLISLE stated HUGHES did not report for work on November 18, 1963, and he called his home and got no answer. He again did not report on November 19, 1963, and again he called his home and got no answer. He stated that on the afternoon of November 19, 1963, he stopped at HUGHES' home at 2943 Applegate Road, Youngstown, and knocked at both doors, got no response, and saw a couple window shades pulled. He stated he also left a calling card at each door. CARLISLE stated he noticed possibly a 1956 Mercury in the yard, but he is not certain as to whether or not this may belong to HUGHES. From there CARLISLE went to the Liberty Township School and ascertained that HUGHES' son, ROCKY, was not in school on November 18 or 19, 1963.

CARLISLE stated that on November 20, 1963, an employee from the plant stopped at HUGHES' home and checked with the man living upstairs of the home, and he ascertained that this man last saw HUGHES on Friday night, November 15, 1963, and later, date unknown, someone took HUGHES' Chevrolet station wagon away.

On November 20, 1963, FREDRICK HARRISON, a fellow employee of HUGHES at the Sherwin Williams Company, called HUGHES' mother in Roan Mountain, Tennessee, and she told him that as far as she knew, HUGHES was in Youngstown. He also went to Schulte's Junk Yard, Applegate Road, Liberty Township, and inquired as to HUGHES and determined that HUGHES' pickup truck was being repaired at Jimmy Devito's, Byron Street, Hubbard, Ohio.

CARLISLE stated he contacted the Liberty Township Police Department on November 20, 1963, and received no report on him. On November 22, 1963, he recontacted the Liberty Township Police Department and learned that an officer had talked with the upstairs tenant of the HUGHES' home, and he stated he presumed HUGHES and family had gone to Tennessee. He also talked with one BLOCK (first name unknown), principal, Liberty Township School, on November 22, 1963, and ascertained that HUGHES' son had not returned to school, and in view of this he was being reported as truant. Also, on November 22, 1963, CARLISLE stated he called Mrs. TOM J.

FBI ASSASSINATION OF PRESIDENT JOHN F. KENNEDY

HUGHES, mother of RALPH DELANEY HUGHES, phone Spruce 2-3377, Roan Mountain, Tennessee, and she stated she was last in touch with HUGHES about October 1, 1963, and he mentioned that he may be moving to unknown city in Texas in the future. She asked if the company had a pay check for HUGHES, and if they would send same to her, and he advised her HUGHES had \$92.34 coming, but the company would not send the check to her, but if he contacted the Sherwin Williams Company and gave his forwarding address, they would mail the check to him.

On November 26, 1963, Captain JAMES PAULEY, Liberty Township Police Department, advised he conducted an investigation as to the whereabouts of RALPH DELANEY HUGHES following an inquiry by the Sherwin Williams Company. PAULEY stated he ascertained HUGHES called his wife from work on November 15, 1963, and advised he would be home between 7:30 and 8:00 PM. A neighbor upstairs heard the HUGHES family leave the home during the night of November 15, 1963. HUGHES' Chevrolet stationwagon was towed away by an unknown red and white tow truck, sometime after November 15, 1963. HUGHES' parents and his wife's parents reside somewhere in Tennessee. He talked with Mrs. JERRY YOUNG, a personal friend, who advised she knew nothing of HUGHES' whereabouts, and stated he had beat up his wife on one occasion. Another friend, JAMES BECK, advised he knew nothing of his whereabouts and stated HUGHES appeared annoyed of late and not as friendly as usual.

Captain PAULEY stated he checked the HUGHES' residence and the house was spotless, and the beds were made. He found a Television Guide magazine with the page open to November 15, 1963; one-half carton of cigarettes; his personally owned shotgun and pistol in the house; a small bank with about \$2.00 in change; milk in the refrigerator; and a "Goya" Encyclopedia, with a small pamphlet partially protruding, entitled, "History and Life of John F. Kennedy."

Captain PAULEY stated he could continue his investigation as to the whereabouts of HUGHES and keep the FBI advised.

CONE stated no specific information concerning the assassination of President KENNEDY or any other official was given to him by HIGBEE. He said he has never heard of LEE HARVEY OSWALD or the Fair Play for Cuba Committee. Mr. CONE stated he was born November 10, 1928, at Spokane, Washington.

The Salt Lake City Directory reflects RALPH D. HIGBEE, wife GRACE, is a processor for Universal Microfilming and resides 576 Center Street, Salt Lake City.

At 12:35 PM, November 23, 1963, Sylvan D. Olsen, 6517 South Hickory Lane, Holladay, Utah, employed as a house painter by Hansen Homes, 6200 South 9th East, telephonically furnished the following information to the Salt Lake City Office:

About October 23, 1963, he was talking with [Joe], who operates Joe's Stand, 6045 South State Street, Murray, Utah, whose last name is similar to [Kavahia]. The conversation took place in [Joe's Store]. [Joe] had a printed list of the Presidents of the United States with the dates of their deaths. Joe read off the Presidents' names and had Olsen look at the dates of their deaths. [Joe] then mentioned that Presidents McKinley and Lincoln had been assassinated and that President Kennedy would also be assassinated, that he wouldn't live to have a second term, and that he wouldn't give a dime for his life right now. He said he knew President Kennedy would be assassinated. He didn't say when this might occur.

Olsen has talked to [Joe] in his store on three or four other occasions during the past year. During these conversations, [Joe] has spoken in favor of Castro and his form of dictatorship. He has said that the United States is pushing other countries around, that the United States Government isn't worth a damn, and that countries like Cuba would go on to see the United States become a dark country and to see the United States buried.

Olsen described [Joe] as follows:

Race	White
Sex	Male
Age	50 to 55
Height	5 feet 8 inches

We have made a handwriting identification which definitely associates the suspect, Lee H. Oswald, with the murder weapon.

This afternoon one of our Chicago Agents delivered a roll of microfilm from Klein's Sporting Goods Company in Chicago from which company the murder weapon originated. We have located on the film an order blank for "Italian Carbine 6.5, Serial C 2766," made out in the name of "A. Hidell, P.O. Box 2915, Dallas, Texas," which indicates instant weapon was shipped to Hidell 3/20/63. On the film was Hidell's order consisting of a clipping from a newspaper or magazine containing blanks to be filled in to place an order for a weapon. This item had been enclosed in an envelope bearing the handwritten address of Klein's Store and Hidell's return address in Dallas.

We have definitely identified the hand printing on the gun order and the handwriting on the envelope in which it was originally enclosed with the writing of Lee H. Oswald. This identification required "known" writings contained in Oswald's Navy file and a passport application from the State Department, which were made available to us earlier today.

Translator's Note

This appears to be a fragment from a letter. It is to be noted that the text is written in an "old" spelling, i.e. the spelling abolished in Russia after the Revolution of 1917. This leads to a presumption that this text was written by an older person — someone in his or her fifties, because this sort of spelling has not been taught in Soviet schools since 1917. The use of the word "dresses" at the end of the *first* paragraph suggests that the writer was a woman.

All these things are inexpensive here and I should take advantage of this at every opportunity (literally: "at every convenient and inconvenient occasion.") Texas is almost in the tropics and the climate here is hot — one has to take a bath every day and launder one's underwear and dresses frequently — or send them to dry cleaners! This is a must!

I try to look in the American newspapers — particularly.

SUBJECT: ASSASSINATION OF PRESIDENT

At 10:50 a.m., Mr. William Pendergrast (phonetic), National Republican Committee, Cafritz Building, called and spoke to Kemper in my office. Mr. Pendergrast said that he has some contacts among the Cuban refugees and that last evening one of them told him that he knew of an individual in New Orleans with the Fair Play for Cuba Committee who had had some contacts with subject Oswald. He said that he did not desire to discuss the matter on the phone and that he would be available for interview.

Accordingly, Kemper advised Special Agent Tucker in the Washington Field Office who is handling this matter to have someone contact Pendergrast as soon as possible and secure any information which he might have of value.

TO : Mr. Conrad

DATE: 11/27/63

FROM : R. H. Jevons

SUBJECT: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY

In connection with our examination of evidence received in the above matter, we have considered all possible examinations and techniques which would be productive in identifying the perpetrator of the crime. It is noted that we have already by means of microscopic examinations, identified the gun used in the assassination and further through handwriting examinations identified Lee Harvey Oswald as the individual who ordered and paid for this gun. It is further noted that an eyewitness reportedly selected Oswald from a line-up as being most similar in appearance to the subject whom the eyewitness saw aiming and firing the rifle at the Presidential car although the eyewitness was unable to make a positive identification.

Among the analytical techniques considered from the beginning has been a rather recently developed technique known as neutron activation analysis, which is an outgrowth of the atomic energy program and which makes it possible to analyze for the presence of much smaller quantities of materials than heretofore possible by the earlier existing techniques. One consideration of this technique in the present case was directed toward the possible detection of powder residues on the person and clothing of the suspect with the objective of showing that he actually fired the gun. In this respect, it is noted that the detection of such residues on the hands and on the person and clothing of Oswald would not necessarily establish the exact kind of weapon fired by him, the time at which he fired the weapon or the number of times the weapon was fired. Accordingly, in view of the nonspecific nature of such results and in view of the massive evidence already available indicating Oswald's guilt, it was not felt that this type of examination would contribute essentially to the investigation and trial of Oswald.

Memorandum to Mr. Conrad
Re: ASSASSINATION OF PRESIDENT.
JOHN F. KENNEDY

However, Oswald is now dead and there will be no trial. In view of this development, it is felt that this examination should now receive further consideration in order to protect the Bureau against any possible future allegations, however unfounded, that if neutron activation analyses type of analyses had been conducted, one might have obtained extremely significant data.

Such allegations, for example, might originate from relatively highly placed individuals in the Atomic Energy Commission (AEC) charged with developing neutron activation analyses and who will recognize the publicity potential of such allegations.

It is noted that this type of analyses requires access to an atomic reactor, and, as pointed out in earlier memoranda, because of the cost and impossibility of placing such a reactor in any building presently in control of the FBI, the Bureau has not considered it feasible to purchase such a reactor. However, with the Director's approval, we have had for some time, a standing arrangement with the AEC and others whereby we have ready access to their facilities for such examinations. Moreover, representatives of the AEC and others have called since the assassination to offer any possible assistance.

The paraffin casts reportedly made by the Dallas Police Department of the hands and face of Oswald are now being forwarded to the FBI and these casts represent the best possibility of applying the neutron activation technique for the detection of powder residues. Accordingly, for the reasons set out above and primarily to place the FBI in a position to refute any speculative allegations as to the potential value if such tests were not made, it is felt we should conduct neutron activation tests of the casts upon receipt in the Bureau.

Any such examinations will, of course, be with the strict understanding that the information and dissemination of the results will be under complete FBI control.

Memorandum to Mr. Conrad
Re: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY

There is attached a more detailed discussion of the technical limitations and related details concerning this matter.

RECOMMENDATION:

That we arrange with AEC to use the facilities under contract to them for the purpose of conducting neutron activation tests on the paraffin casts made by the Dallas Police Department and on any other items of evidence such as clothing where it may appear logical.

Attachment to memorandum Jevons to Conrad dated 11/27/63
Re: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY

Although we already had standing arrangements to use their facilities when necessary, on 11/23/63, representatives of General Atomic Division of General Dynamics, Incorporated, and also members of the Atomic Energy Commission (AEC) telephonically called the FBI Laboratory to advise they stood ready to help if necessary. Our thanks were expressed for their spirit of cooperation. On 11/27/63, the AEC called the FBI Laboratory to advise that in conformity with the President's announced desire that all agencies cooperate in this matter, they wish to assure us that their facilities for neutron activation analysis were completely available. They stated they would conform to our desires for complete control of the specimens during the course of the examinations, of any data obtained from the examinations and all matters relating to dissemination of this data.

NEUTRON ACTIVATION ANALYSIS

Neutron activation analysis involves subjecting small samples to a beam of atomic particles known as neutrons. Elements within the sample having been bombarded by neutrons are transformed in many instances to radioactive elements. These radioactive elements will decay and emit characteristic radiations. By studying the emitting radiations, one can determine trace quantities of elements in a specimen. This method of analysis because of its extreme sensitivity in many areas offers a distinct advantage over other methods of analysis.

POWDER RESIDUES

When a subject fires a weapon his hands, face and clothing are contaminated with invisible deposits referred to as powder residues. If the subject's hands, for example, are coated with paraffin wax, this cast can be subsequently removed and it has been found to carry with it the ingredients of the powder residue. Chemically the paraffin can be tested for nitrates which constitute a significant percentage of the residues. By neutron activation analysis the cast can be analyzed for antimony, barium and copper, metallic elements in trace quantities normally discharged from the primer portion of the cartridge that has been fired.

LIMITATIONS TO THE EXAMINATIONS

- A. The chemical test for nitrates to identify powder residues are considered unreliable. Persons handling tobacco, fireworks, fertilizers, and numerous other commonplace items would be expected to react positively to the nitrate test.
- B. The neutron activation analysis method for the detection of powder residues is the most practical method known today; however, it does have limitations:
 - (1) The residues are characteristic of the primer in the cartridge that has been fired. Analysis of these residues does not normally enable one to determine the type of weapon from which the ammunition was fired.

- (2) The time the residues were deposited on the subject cannot be determined.
- (3) The number of times the weapon was fired cannot be established.
- (4) The residues can be easily removed from the skin of the subject as they are only adhering to the skin by mechanical adhesion. A normal washing may effectively remove these deposits.

It is to be noted in this particular case that the interpretation of the data will be complicated by many factors. The casts were made by the Dallas Police Department and not under our supervision. They were reportedly treated with strong chemicals. The transfer and the loss of significant powder deposits prior to the time the paraffin casts were made represents a strong possibility due to the violent physical contact which was necessary to realize Oswald's apprehension.

JOSEPH A. GAVALYA
6045 South State Street
Murray, Utah

On November 25, 1963, [Joseph A. Gavalya] was interviewed at his home. He admitted that he had predicted the assassination of President Kennedy. He said this prediction was based on an extensive study he has made of the World Almanac. He said this study has revealed to him that the previous four presidents, who were elected in years ending in zero, have been either assassinated or have died in office. Mr. [Gavalya] stated that even before the 1960 presidential election he predicted that John F. Kennedy would be elected and that he would die in office. He said he further predicts that the president elected in 1980 will also die in office. Mr. [Gavalya] does not believe in astrology but believes that when a pattern such as this is set it will not be changed. He said he has told numerous people of his prediction that President Kennedy would be assassinated.

Mr. [Gavalya] denied he had any connection whatsoever with the death of the President and had no previous knowledge as to when or how it would occur. He said he had never heard of Lee Harvey Oswald or the Fair Play for Cuba Committee.

With regard to alleged Pro-Cuban statements, Mr. [Gavalya] stated he is not "pro anything" but he believes each country should be permitted to determine what type of government it desires without interference. He said if the Cubans want Communism they should be allowed to have it without interference from the United States. Mr. [Gavalya] stated he believes that the Government of the United States, as set up under the Constitution, is the best possible type of government; however, he believes this country is slipping badly because the politicians are going from bad to worse and because of the greed of the people. He said it is his opinion that politicians should be public servants but that the average person does not take enough interest in the activities of the politicians and, therefore, he thinks the people are serving the politicians. In addition, Mr. [Gavalya] said he sympathizes with the south and does not believe the government should interfere with the southern states treatment of the Negroes.

He advised his daughter has told him that numerous unsavory men come to her home in Columbus looking for EUGENE. He said she also told him that EUGENE has stated that he has friends in Chicago, Ill., that will kill his brother JOHN O'DOHERTY when he is found. EUGENE is out all hours of the night, supposedly works, but place unknown to [redacted]

Dear Mr. Danchak:

I have received your letter of November 22nd concerning the assassination of President Kennedy.

1044 F
My staff and I certainly share your concern over the brutal assassination of President Kennedy. I would like to point out that the full forces of the FBI were immediately deployed to assist the Secret Service and local law enforcement agencies in their investigation.

The President has now instructed the FBI to conduct a full investigation into the assassination of President Kennedy and the murder of Lee Harvey Oswald. I can assure you that this Bureau will discharge its responsibilities in this regard with the same thoroughness and dispatch that have characterized our investigations in the past.

Sincerely yours,

J. Edgar Hoover

SUBJECT: ASSASSINATION OF THE
PRESIDENT

Late on the evening of 11/22/63, a bullet was received from the Secret Service, White House Detail, by Agents of the Washington Field Office of this Bureau. This bullet was reported as having been secured from a stretcher in the emergency room of the hospital in Dallas. Early on the morning of 11/23/63, Liaison Section, delivered to the Laboratory two pieces of bullet jacket fragments obtained by Secret Service as a result of the search of the President's automobile upon the return of the automobile to Washington, D. C., on 11/22/63. U

Work began immediately upon receipt of evidence and has progressed continuously since. U

A detailed search of the President's automobile was immediately undertaken by Laboratory personnel. This search located three small metal fragments on the rear floor carpet of the automobile. In addition, metallic residues from the inside surface of the windshield at the cracked area of the windshield were located and removed for Laboratory examination. A dented area was located in the windshield chrome molding, at the top near the center, which was possibly produced by a bullet or bullet fragment. U

At approximately 7:30 a. m., this date, an Agent of the Dallas Office delivered the following items of evidence to the Laboratory: two cartridge cases from a room in the Dallas Public School Book Depository, a metal fragment from the right arm of Governor Connolly, the bullet from the body of Dallas Police Officer Tippett, a large paper bag, the suspect's shirt, a blanket, a paper sample from the shipping department of the Dallas Public School Book Depository, a .38 Special Smith and Wesson revolver obtained from the arrest of the suspect, a 6.5 MM Mannlicher - Carcano rifle and a 6.5 MM cartridge from the rifle. U

The bullet from the stretcher, the bullet fragments from the President's automobile and the two cartridge cases from the scene were identified as having been fired in the submitted rifle. U

The Identification Division determined that the latent prints appearing in the photograph taken of the gun by the Dallas Police Department are too fragmentary and indistinct to be of any value for identification purposes. Photographs of the weapon taken by the Bureau also failed to produce prints of sufficient legibility for comparison purposes. U

A latent fingerprint developed by the Identification Division on the brown paper bag recovered at the scene and marked "found next to 6th floor window gun fired from. May have been used to carry gun. Lt. J. C. Day" was identified with the left index finger impression of Lee Harvey Oswald. In addition, one latent palm print developed on this paper bag was identified with the right palm print of Oswald. U

Several black cotton, orange-yellow cotton and gray-black cotton fibers, which matched similar fibers composing the suspect's shirt, were removed from the gun. No fibers were found on the gun that could be associated with the green blanket. A single brown viscose fiber and several light green cotton fibers which match similar fibers present in composition to the blanket were found on the paper bag. The above fibers could have originated from the indicated sources. U

The cotton fibers found on the gun are the same colors as the cotton fibers composing the shirt; however, due to the limited number of colors in the shirt (3), it is not possible to state the shirt is positively the source of these fibers. U

The remaining examinations of the physical evidence are being expeditiously handled and you will be advised of the results immediately upon completion. U

This is to advise that information has been received from Assistant Attorney General Jack Miller of the Criminal Division and members of the Secret Service in Washington that there is no Federal Statute applicable to prosecuting the killer of President Kennedy and that prosecution, therefore, should it be initiated, would have to be had in Texas State Court.

The Assaulting a Federal Office Statute specifically enumerates those Federal officers coming within the Statute and does not include the President or the Vice President. Assistant Attorney General Miller advised that Federal Law provides for the prosecution of state violations under certain circumstances in Federal Court should the state desire such action.

Dear Mr. Smith:

Your letter of November 23rd, with enclosure, has been received, and I want to thank you for giving me the benefit of your observations and comments.

My staff and I certainly share your concern over the brutal assassination of President Kennedy, and we want to assure you that the full forces of the FBI were immediately deployed to assist the Secret Service and local authorities. In addition, the President has now instructed the FBI to conduct a full investigation into the assassination of President Kennedy and the murder of Lee Harvey Oswald. I can assure you that this Bureau will discharge its responsibilities in this regard with the same thoroughness and dispatch that have characterized our investigations in the past.

WHEN former President Eisenhower arrived with his wife at Columbia University to take over as university president in 1948, David Syrette was there to welcome them, left. When Eisenhower returned yesterday to visit for the first time in more than 10 years, Syrette, now 24, again was on hand to welcome him, right. Syrette is now a Columbia graduate student.

We learn by the steamer Filipinon that the sea wall at Fort Sumter has been destroyed and the bombardment continues. The Rebel blockade runner Rancheo captured with cargo of coffee, tinacan and dry goods.

As Ruark Sees It

Real 'Old Pros'

Are Thinning Out

By ROBERT C. RUARK

The real "old pros" are so seldom with us anymore. I was thinking the other day in Baltimore when I watched John Wayne going through the measured, drab pace on the waterfront, that he was shooting some last scenes from Sam Bronston's "Circus World."

Duke Wayne'll be mid 40, easy, but he has taken care of himself and he's still big box. He hasn't improved on the technique any more than Gable, or Bogey, or big even improved on the solid self-casting that made them great. The "old pros" keep right on doing it right, like Y. A. Tittle throws passes, bald head or not.

There was a lady with me in said Wayne. Her name is Eva Monley, and her last three efforts as a production manager were "Exodus," "Lawrence of Arabia," and the upcoming "The Cardinal," which everybody's so excited about. Eva doesn't stand knee-high to a jam-jar, and she's quite young despite the gray in her hair, put there by actors and directors. She only goes as far back in films as "King Solomon's Mines," but she's an "old pro," too.

It gives you a great sense of comfort to mingle with professionals. It reminds you of watching Joe DiMaggio go after a long fly ball, or Mr. Lawrence Berra coming up to hit in the clutch.

Wayne's presence, and Eva's visit, brought me inevitably around to Adolphe Menjou, who left us the other week. There was the quintessential professional. He spoke eight languages fluently, and was twice as American as the late Bob Burns. He dressed like the dullest of dudes, and used short words like a stevedore. From the look of him, he might have been a Communist from ungay Faret, and in actuality he was the blarney Republican this side of Barry Goldwater.

A lot of people won't remember that Dolph played the toughest city editor ever written, the prototype of the faded Walter Hovey in Charlie MacArthur's "Front Page." He could and did play a Commie if necessary—and always he played the suave villains when he was actually as friendly as a puppy.

One of the more wonderful things about Menjou was his complete knowledge of what business he was in, what he was doing.

Peabody Proclamation

Daily Bible

Reading Urged

Gov. Peabody today urged daily Bible reading in the home in a proclamation designating the week of Dec. 1-8 as official Bible Week.

Peabody recommended "a new, careful examination of the message of the Bible."

BIBLE SOCIETY

154 YEARS OLD
The governor's proclamation was in co-operation with the 154-year-old Massachusetts Bible Society, one of the oldest in the world.

Peabody called on all State citizens "to exalt the message of the Bible in the home and through their respective churches...."

He said Bible reading would continue to direct men to "the truth that makes men free." Said Peabody, "In the midst of our new age, it is entirely proper that we re-examine the foundations of our society, the undersurging faith that made possible the birth, in freedom, of this nation...."

FIRST WEEK OF ADVENT

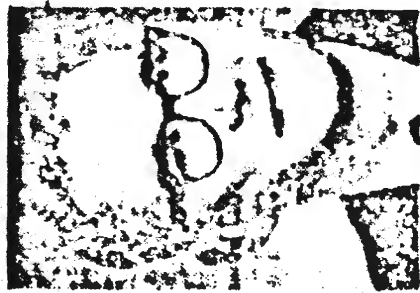

Rev. Dr. Laurence F. Almond, executive secretary of the Massachusetts Bible Society, pointed out that the first week of December is the first week of Advent. It commemorates the Christian's faith in the dramatic coming of God into the life of man, he said.

But what about the "class" people, whatever that means—who have to count out nickels or dollars, and want good care but can't say "the cost doesn't matter?"

Choosing one doctor, and staying with him, is both wise and economical. I've said before, and will say again, that in such a circumstance it is *practicable* for the doctor to "spread the cost" over several years.

Don't Shop Around For A Doctor!

By JOSEPH G. VOLNER, M.D.
 There's a whopping difference between the per-
 son who has to squeeze a few dollars out of the
 medication, household and miscellaneous budgets to
 pay for a complete physical checkup, and the well-
 to-do person who doesn't have to worry.
 Or the foresighted one who
 sec's aside an extra dollar a
 week for medical care, or the
 business executive who is told
 to take time off and have a
 thorough examination at com-
 pany expense.

**WHAT ABOUT
 MIDDLE-CLASS?**

 That happens, too.
 But what about us "middle-

Choosing one doctor, and stay-

I am disturbed about a com-

thus avoid having the doctors
waste time and money by a

"Shopping" for doctors, in-

Dear Mrs. Riccobono:

I have received your letter of November 24th regarding the assassination of President Kennedy and can understand the concern prompting your statements.

Although the primary responsibility for the safety of the President and his family is the duty of the Secret Service, the FBI has made all of its facilities available to that agency and the local authorities. In addition, the President has instructed the FBI to conduct a full investigation into the assassination of President Kennedy and the murder of Lee Harvey Oswald. I can assure you that this Bureau will discharge its responsibilities in this regard with the same thoroughness and dispatch that have characterized our investigations in the past.

On 11/24/63, Special Agent Les Chisholm, Washington Field Office, delivered to the Laboratory a U. S. Postal money order which he had obtained from Secret Service. This money order was made out to Klein's Sporting Goods and bore the name A. Hidell, P. O. Box 2915, Dallas, Texas, and was in the amount of \$21.45.

It was concluded that the handwriting on this money order (#2202130462) was written by Lee Harvey Oswald whose known handwriting specimens are designated in this case as K4 and K5.

With airtel dated 11/23/63, New Orleans submitted five copies of "The American Rifleman" including a June 1963, issue which had an order blank torn from the bottom of page 59. It was requested that this page be compared with the questioned order blank used by Oswald in buying the Italian carbine and that the following page be examined for indented writing.

No indented writing was found on the page opposite page 59. The questioned order blank could not have been taken from this magazine since the magazine is dated June 1963, and the rifle was shipped to Hidell on 3/20/63.

Appropriate photographs have been made. A confirming report will be submitted to the field. The evidence is retained in the Laboratory.

DATE: November 23, 1963

SUBJECT: ASSASSINATION OF PRESIDENT KENNEDY
8 MILLIMETER COLOR FILM
TAKEN AT SCENE OF ASSASSINATION

We have received inquiries from "Time" magazine, "Telenews," "The New York Times" and a number of other communications outlets relative to several minutes of 8 millimeter color film which was reportedly taken at the scene of the assassination by one Abraham Zapruber. Zapruber is the owner of a women's wear shop called "Jennifer Juniors" in Dallas. "Time and Life" magazine have allegedly promised Zapruber the sum of \$40,000 if he will turn the film over to them. Zapruber has been quoted as stating "The FBI has this film and will not give it back to me."

Ed Guthman and Jack Rosenthal of the Department have received similar requests from the same news outlets.

I called SAC Shanklin at Dallas to ask him if we had this film. After checking, Shanklin called me back and stated that the Secret Service had first obtained this film from Zapruber. Shanklin stated he believed that Zapruber had later offered a copy of the film to us. He stated he would have to check further regarding the matter; however, he knew that we had this film and was having it processed at the present time at a commercial shop in Dallas. Shanklin stated he did not believe the film would be of any evidentiary value; however, he first had to take a look at the film to determine this factor.

After checking, I called Shanklin back and told him not to pay any attention to any contacts that were made with him by news outlets. I stated he should continue his processing of the film and should then determine whether the film was of any evidentiary value or not. Shanklin stated he had received calls from Movietone News requesting the film. I told him that after he had taken a look at this film, he should get back in touch with us. Shanklin stated that since talking to me the first time, he had ascertained that the film had not been received from Zapruber but to the contrary the Secret Service had obtained the film from Zapruber and had turned it over to us late last night. He stated that to his knowledge the Dallas Agents had not made contact with Zapruber.

I informed Guthman of the Department regarding this matter and told him that the Secret Service had first obtained the film and then turned it over to us. I told Guthman also that despite the pressure that was being put on by the news outlets this matter would have to be treated strictly as evidence and later on a determination would be made as to whether the film would be given back to Zapruber or not.

There are set forth below the investigative steps which we are urgently taking in Mexico to determine the full details relating to any possible connection between Lee Harvey Oswald and the Cubans, Soviets, and any other individuals who may be implicated in the assassination of the late President, John F. Kennedy:

1. Our Legal Attache (Legat) in Mexico has been instructed to contact all our sources in Mexico who may be able to develop information in this matter.

2. The Legat is reviewing every bit of material in his files to see if anything currently present will cast some light upon the problem we now face.

3. The Legat has been instructed to use every available investigative facility to determine all dates on which Oswald may have been in Mexico. (We have already determined that he went to Mexico on 9/26 and returned on 10/3/63. The charge has been made that he was in Mexico on 9/18/63, at which time he received \$6,500.00 from the Cuban Consulate. This issue we are now trying expeditiously to resolve.)

4. We are investigating to ascertain Oswald's addresses and to identify any contacts he may have made while in Mexico.

We are investigating to determine the means of transportation which he utilized on entering and departing from Mexico, as well as the identity of his traveling companions, if any.

We have obtained one roll of 8 mm. color film furnished by a Dallas resident which shows the southwest corner of Elm and Houston Streets in Dallas where the Texas School Book Depository Building is located. The film clearly shows the Presidential cavalcade proceeding north on Houston Street and turning left on Elm Street directly in front of the building.

On the sixth floor in the room where the rifle and cartridge cases were located one figure can be seen in the window.

Directly below the room in question two indistinct figures can be seen in the window. We have identified and interviewed two individuals who were in this window at the time of the shooting. The photographic laboratory is attempting to blow up pertinent frames of this film in order to portray it in more precise detail.

Numerous inquiries have been received from the press regarding what appear to be two persons in the room where the shots were fired, obviously confusing the fifth and sixth floors. These inquiries have been answered with no comment.

TELLING [QUIROGA] THESE HANDBILLS WERE BEING PASSED OUT IN FRONT OF INTERNATIONAL TRADE MART. [QUIROGA] NOTIFIED POLICE, BUT POLICE ARRIVED TOO LATE, AND PERSON PASSING OUT HANDBILLS HAD GONE.

IN ORDER TO OBTAIN INFORMATION REGARDING FPCC TO TURN OVER TO AUTHORITIES, HE DROVE TO ADDRESS LISTED ON HANDBILL FOR OSWALD, AND LOCATED RESIDENCE FOUR NINE ZERO SEVEN MAGAZINE STREET. IN ORDER TO LOCATE THE ACTUAL APARTMENT OF OSWALD, HE HAD TO MAKE INQUIRY AT FOUR NINE ZERO SEVEN MAGAZINE AND LEARNED THE EXACT LOCATION OF THE APARTMENT. AT FOUR NINE ZERO FIVE MAGAZINE ST. AS HE STARTED TO ENTER THE YARD, OSWALD STOOD SOME DISTANCE FROM HIM AND SAID QUOTE DON'T HIT ME. IF YOU'RE COMING AS A FRIEND, COME IN. UNQUOTE. PICKED UP LEAFLET AT THE INTERNATIONAL TRADE MART, THAT HE WAS A CUBAN WHO HAD BEEN IN THE UNITED STATES FOR A LONG TIME AND WAS INTERESTED IN LEARNING ABOUT THE FPCC.

[CUIRIGA] TOLD OSWALD THAT HE KNEW ABOUT THE CUBANS BEING ARRESTED WITH OSWALD, AND THAT HE DID NOT THINK IT WAS RIGHT THAT THOSE PERSONS SHOULD HAVE BEEN FREED WHEN OSWALD WAS HELD. OSWALD INFORMED HIM THAT THE CUBANS IN THE UNITED STATES WERE ALL CRIMINALS, AND SATCASTICALLY SAID THAT QUOTE HE WISH FINE LAWS WERE ENQUOTED. HE SAID THAT FIDEL CASTRO WAS NOT A DICTATOR, AND THAT IF THE US WOULD INVADDE CUBA, HE WOULD FIGHT WITH FIDEL CASTRO AGAINST THE US. HE STATED FURTHER THAT THE PRESS IN THE US IS AGAINST THEM / NOT IDENTIFYING THEM/, THAT THEY WERE IN THE MINORITY TODAY BUT ONE DAY WOULD BE THE MAJORITY AND THEN ALL THE PRESS WOULD BE WITH THEM. BUT WOULD LIKE TO READ SOME LITERATURE BEFORE

DECIDING. OSWALD GAVE HIM A BOOKLET QUOTE THE CRIME AGAINST

COMMITTEE BUT SHOWED THAT THE INITIAL FEE IS ONE DOLLAR, THE DUES ARE

ONE DOLLAR A MONTH, AND FOR A PERSON NOT ABLE TO PARTICIPATE AS

AN ACTIVE MEMBER, BUT WISHING TO SUBSCRIBE TO MAILINGS, THE FEE

WAS FIVE DOLLARS FOR ONE YEAR.

[QUINCOVA] ON CONCLUSION OF TALK WITH OSWALD INFORMED

RICHARD E. BERLIN

PRESIDENT

THE HEARST CORPORATION

TELEPHONE CALL 11/27/63

ASSASSINATION OF PRESIDENT JOHN F. KENNEDY

Pursuant to the Director's instructions, I called Mr. Berlin at 11:30 AM this morning and told him that the Director was out of the office, had been tied up a considerable part of the time with the White House, the Attorney General and others involving the case regarding the Assassination of the President. I told Mr. Berlin I felt sure the Director would want him to know this and that while the Director could not call him back now, undoubtedly he would want to talk to him later when things subside a bit.

Mr. Berlin indicated in confidence that he merely desired to advise the Director of several previous conversations he had had with President Johnson. He stated that the President was an old friend and that during all the conversations in the past, the President had specifically mentioned the Director in a very favorable manner. Mr. Berlin desires to advise the Director of these remarks when the Director has time to talk to him.

We discussed the case involving the assassination of the President briefly. Mr. Berlin asked a number of questions and they were answered. He was particularly shocked at the handling of the matter by the local authorities in Dallas. He is of the opinion that the FBI is getting a favorable press, however, thinks a report should be issued as expeditiously as possible in order to quell the many rumors.

Mr. Berlin reiterated there was no hurry in the Director answering his call. He stated he merely desired to have a little chat whenever the Director has time. He will be spending the Thanksgiving holidays at his country home. He can be reached through area code #914, telephone number WESTmore 9-1914. He will not go to the country until late this afternoon.

TO : Mr. Belmont

DATE: 11/29/63

FROM : A. ROSEN

SUBJECT: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY

The office of the District Attorney, New Orleans arrested one David William Ferrie and two associates for vagrancy on the basis of information indicating Ferrie taught Lee Harvey Oswald how to use a telescopic rifle sight. This has been disproven.

David William Ferrie is employed as a research man for New Orleans attorney G. Wray Gill. Mr. Gill reportedly stated that Oswald when arrested at Dallas possessed a library card bearing the name of David William Ferrie. This is not true as the card which Oswald possessed was in his own name.

Gill also reportedly said that Ferrie had stated in the presence of one Jack S. Martin that the President should be killed and had outlined plans to accomplish this.

It has been determined that Jack S. Martin, a private investigator in New Orleans, is the source of all these allegations. Martin is well-known to the New Orleans Office and has been confined as a psychiatric patient and is considered thoroughly unreliable.

Martin, on interview, advised Agents he had witnessed a television program November 23, 1963, on which several individuals reported an association of Lee Oswald and David Ferrie. Martin said as he knew that Ferrie was a former commander of the Civil Air Patrol (CAP) and had been active in training members of the CAP, he surmised that Ferrie may have trained Oswald in the use of a telescopic rifle. He reported this suspicion to the District Attorney's Office, New Orleans, and on this basis members of that office proceeded to Ferrie's residence and in his absence arrested two associates and subsequently arrested Ferrie, charging all with vagrancy. Martin denied he had ever said that Ferrie made a statement that the President should be killed.

Memorandum to Mr. Belmont
SUBJECT: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY

Edward Voebel, New Orleans, was the person who in a television appearance on November 23, 1963, stated he knew Oswald as a former member of the Civil Air Patrol in New Orleans. During this same television presentation it was mentioned that David William Ferrie was a former commander of the CAP, however, there was no mention of any association between Ferrie and Oswald.

Edward Voebel, on interview, said he had been a member of the CAP, New Orleans, for approximately one year, 1955-1956. David William Ferrie took over as commander of the CAP unit during this time. Voebel took Oswald to one of the meetings and stated Oswald attended several meetings, possibly four meetings at the most. According to Voebel, Oswald lost interest as he disliked the authority and discipline in connection with the CAP activity.

David William Ferrie upon interview acknowledged he had been a member and past commander of the CAP unit in New Orleans. He said he does not know anyone named Lee Harvey Oswald and could not identify a photograph of him. Ferrie said he had never instructed Oswald or anyone else in the use of American-made or foreign-made firearms. While in the CAP he assisted in firearms instruction for range safety only. Ferrie denied ever having made a statement that the President should be killed. He said he was associated with the Cuban Revolutionary Front in New Orleans, which is an anti-Castro organization. Ferrie at the time of the Bay of Pigs invasion of Cuba said he was very much concerned at the lack of air cover provided and at that time criticized President Kennedy both in public and in private. He said he may have used a offhand or colloquial expression, "He ought to be shot," in connection with his feelings about the Cuban situation at that time. Ferrie said he has also been called a worshiper of Kennedy because he is a strong believer in many of the programs of the Kennedy administration.

RECOMMENDATION:

Dear Mr. Dittenhofer:

Your telegram of November 23rd has been received.

It is certainly understandable that you should be highly disturbed by the report that the FBI had the alleged killer under surveillance prior to the brutal assassination of President Kennedy. I share your great concern and want to make it perfectly clear that there is absolutely no truth whatsoever to this unfounded and thoughtless allegation of negligence on the part of this Bureau.

As you may know, the protection of the President and his immediate family is the responsibility of the Secret Service. Nevertheless the full facilities of the Federal Bureau of Investigation were immediately deployed to assist that agency, and the President has instructed the FBI to conduct a full investigation into the assassination of President Kennedy and the murder of Lee Harvey Oswald. I can assure you that this Bureau will discharge its responsibilities in this regard with the same thoroughness and dispatch that have characterized our investigations in the past.

Dear Mr. Hoover:

I can not restrain my desire to pass on to you the many thoughts and possibilities that I believe merit checking by the FBI, regarding the assassination of President John F. Kennedy, and his suspected assassin.

I am suspicious of some of the police of Dallas, their Police Chief and Captain, and the Dallas District Attorney when they so disinterestedly announced today that now that Lee Oswald was dead, that the case of the assassination of the President was closed as far as they were concerned.

Mr. Hoover, there seems to be only one answer for such an attitude, and considering the type of character of Jack Ruby, I can imagine a very likely theory. Perhaps Jack Ruby paid, or threatened Lee Oswald to kill the President. May have even paid Oswald's room rent that 40 days while the assassination was being planned. I also suspicion that Jack Ruby is a tool of Jimmy Hoffa, and that the President's assassination was Hoffa's method of revenge against the Kennedys.

My theory for the attitude of the Officers and District Attorney of Dallas is that Jack Ruby running the type of establishments that he does, has enough evidence regarding their nocturnal activities to blackmail them into their defensive attitudes. Every word they have uttered since Ruby's involvement in the case sounds as though they have been forced to ally themselves with Jack Ruby for their own personal and political protection. Otherwise, why would they want to close the case on Lee Oswald and withhold the information they have on him; and why have they publically repeated what a fine man they think that underworld character Jack Ruby is?

I have unbounding faith in you Mr. Hoover, and I sincerely hope you crack this case wide open regardless of whose toes you step on, or whose character you smudge.

Most respectfully,

We have previously identified the order for the murder weapon submitted to Klein's Sporting Goods Company in Chicago as having been written by Oswald. The gun was shipped to "A. Hidell, P. O. Box 2915, Dallas, Texas." We have now identified the application for this P. O. Box as having been prepared by Oswald.

Dallas, by their letter 11/23/63, submitted application for P. O. Box 2915, dated 10/9/62. This card bears the printed name "Lee H. Oswald," home address "3519 Fairmore Avenue, Dallas, Texas." and bears the handwritten signature "Lee H. Oswald." We have compared the pertinent printing and writing on this card and definitely identified it with known writing of suspect Lee H. Oswald, previously furnished to us. It should be noted that although Oswald used the name "A. Hidell" in placing the order for the murder weapon, this name does not appear on his application for the P. O. Box to which the gun was shipped.

A teletype is being dispatched to Dallas advising of this identification. This evidence is being retained in the Laboratory.

SUBJECT: ASSASSINATION OF
PRESIDENT KENNEDY
11/22/63
DALLAS, TEXAS

At 12:52 a.m. Midnight Supervisor William E. Assmus received a telephone call from Mrs. Nelda A. Fitzhugh, 2631 Antelope Street, Vernon, Texas, in which Mrs. Fitzhugh stated that she greatly feared her husband Howard Donald Fitzhugh may have been involved in the assassination of President Kennedy.

Mrs. Fitzhugh was crying and in a highly emotional state. She stated her husband hates his job, hates his employer and hates almost everything American and seems to be more than just a neurotic. Mrs. Fitzhugh stated that just the evening of 11/25/63 he had tried to convert her to the Communist Party. Mrs. Fitzhugh said her husband is an employee of the Amerada Petroleum Company, Tulsa, Oklahoma, and has been for ten years.

Mrs. Fitzhugh in her emotional condition could furnish no specific reason as to why she thought her husband might be involved in the assassination but she said she thought he ought to be checked out.

Bureau indices contain no information identifiable with the complainant or her husband, Howard Donald Fitzhugh.

ACTION TAKEN:

The above information was telephonically furnished to ASAC K.G. Clark, Dallas, with instructions that this matter should be checked out.

SUBJECT: ASSASSINATION OF PRESIDENT KENNEDY
 11-22-63,
 ASSAULT ON FEDERAL OFFICER

At approximately 2:30 p.m., 11-29-63, a man named W. C. Schock called and reminded me that he had once talked with me when I had made a speech at the Central Methodist Church in Arlington, Virginia, in February, 1963.

I do recall that during the course of the evening I made the talk at the Central Methodist Church this man Schock did come up and introduce himself. At that time he stated he had some information concerning communism but when I tried to pin him down he was very evasive and although he told me he would get in touch with me later I never heard from him again until today.

During this telephone call Schock was speaking rapidly and in a low voice and told me he could only talk for a few seconds. He said he had some information he would like to give me and I told him to give me what he had. He said he could not furnish it on the phone and I asked him if he would like to come to the office and he said he could not do that. I then asked him if an Agent could talk to him; he said no that would be too dangerous. I asked him if he could tell me what kind of information he had. At this point, he said that he had some information concerning the assassination of the late President Kennedy. At this point I told him it would be necessary for him to furnish this information immediately to the FBI. He said he could not do this as it was too dangerous to him personally. He said that he would be at the Central Methodist Church on Sunday morning and he would furnish the information he had at that time. I told him that it was important for us to get the information at once and pointed out to him the seriousness of his withholding any information concerning this matter; whereupon, he said he didn't have any specific information.

68 DEC 5 1963

I again pressed Schock for the information he had and told him we would meet with him anywhere he designated and that we would like to do it this afternoon. At that point he said, "I hear someone coming" and hung up. Later in the afternoon Schock called again and said something had come up and he could not be at the church on Sunday morning. He said he would get in touch with me later, and immediately hung up the phone.

A search of our indices failed to reveal that we have any information in our files concerning Schock based on the information we have concerning him. At the time he introduced himself to me last February he appeared to be a highly nervous type of individual. He was highly evasive at that time concerning alleged information he had about communism just as he was today when I tried to pin him down.

During the course of the conversation Schock mentioned that he recalled Section Chief Cleveland, General Investigative Division. I asked Mr. Cleveland whether he recalled this man. He said he did and that although he does not know him he does recall that the man definitely impresses him as being mentally unstable. I do recall that during the series of talks at the church on one occasion Schock had lengthy discussion with SA Nathan Ferris. It was Mr. Ferris' opinion that Schock was mentally unstable. Mr. Cleveland also recalled that Ferris had made this comment concerning Schock.

ACTION:

SA Robert S. Utz, Alexandria Resident Agency was instructed to locate Schock immediately, pin him down and obtain any information he might have concerning the assassination of President Kennedy. Mr. Utz was advised that Schock may be mentally unstable.

ASSASSINATION OF THE PRESIDENT

SAC Simon called from Los Angeles to advise that Janet Dean, a secretary of the Sanford Woodkin Research Corporation, of Sherman Oaks, California, who works in the Huntington Office branch, is visiting friends in Encino, California. Following the shooting of the President she called her office and said that three days ago a fellow she knows, in Newport, told her the President would be killed today in Dallas.

Simon said they are checking to locate Janet Dean immediately and thereafter will identify and interview the individual who told her this. I told him to give this top priority and advise the Bureau of the results.

Assistant AG Jack Miller of the Department called and said we should be thinking in terms of getting additional men down into Texas. I told him the Director had already talked to our SAC in Dallas and instructed that complete and full assistance be given in this matter, and that we had already offered all possible assistance to the Secret Service, the local police, and the Sheriff's office, and had our whole office out on the street; that we had offered laboratory assistance in connection with the shells that had been found, and that we would do everything we possibly could. He said he was sure of this; that he just thought he would give us a call.

11-22-63

A memo from Mr. Belmont to Mr. Tolson 11-22-63 advised that the files were being reviewed concerning Lee Harvey Oswald, a suspect in captioned matter.

Oswald first came to our attention on 10-31-59 when a news clipping indicated that he had held a press conference in his room at the Metropole Hotel, Moscow, in which he advised he had applied to renounce his American citizenship and become a Soviet citizen. He was described as a 20-year-old former U.S. Marine and received considerable publicity. We checked with the Office of Naval Intelligence (ONI) and were advised that Oswald had entered the Marine Corps at Dallas, Texas, 10-24-56 to serve 3 years, was released to inactive duty on 9-11-59 but had obligated service until 12-8-62. We had an Identification Division record on his service fingerprints which showed no criminal arrests and placed a stop against the prints so that any subsequent arrest in the U.S. would be brought to our attention.

State Department advised 11-22-59 that Oswald had applied at the American Embassy 10-31-59 advising he wished to renounce his American citizenship and gave as the principal reason for his decision, "I am a Marxist." He stated that he had been a radar operator in the Marine Corps and had told Soviet officials that if he was granted Soviet citizenship, he would make known information concerning the Marine Corps which was in his possession. He again got publicity on 11-15-59 when the United Press reported that he had said that Soviet authorities would not grant him citizenship, although he could live in Russia as a resident alien.

ONI advised 11-15-60 that Oswald had been given an undesirable discharge from the Marine Corps Reserve on 8-17-60.

On 5-17-62 State Department advised that it had been determined that Oswald was still an American citizen, was married to a Soviet citizen and that both had exit permits to leave Russia; the State Department had given approval for their travel with their infant child to the U.S. On 5-31-62 the Bureau instructed Dallas to interview Oswald in detail upon his arrival. He returned to Ft. Worth, Texas, on 6-14-62 and was interviewed by Bureau agents on 9/1/77

RE: ASSASSINATION OF THE PRESIDENT **SECRET**

6-26-62. He was very curt and short in answering many questions and gave the impression of being cold and arrogant. He advised that he was not willing to take a polygraph test. He declined to answer the question as to why he had made the trip to Russia and stated he did not care to relive the past, then added that he went to Russia to see the country. He said that he had been given a job as a sheet metal worker in a television factory and denied that he had gone to Russia because of admiration of the Russian system. He stated that he had read books by Karl Marx because of interest in his economic theories but denied that he had ever been a member of the Communist Party. He also denied that he had renounced his U.S. citizenship and stated that he did not seek Soviet citizenship. He advised that the Soviets never attempted to obtain information from him concerning the Marine Corps; that he was not recruited at any time by Soviet intelligence and made no deals with the Soviets to obtain permission to return to the U.S. He said that he had not given the Soviets any information which could be used against the U.S. He also denied that he had offered to reveal any information to the Soviets obtained as a result of being a radar operator in the Marines.

Oswald was reinterviewed on 8-16-62 and advised that he had made contact with the Soviet Embassy in Washington, D. C., to advise the Embassy of his wife's current address which was required by Soviet law. He said she would report subsequent changes of address to the Embassy. He stated that he had never enjoyed his service in the U.S. Marines but had not enjoyed his trip to the Soviet Union any more than his Marine service. He again denied requesting revocation of his U.S. citizenship and stated that he had never affirmed allegiance to the Soviet Union. He denied that he had made any deals with Soviet intelligence organizations and that he had been assured by the U.S. Embassy that Embassy officials were aware of no evidence which would warrant prosecution of him should he return to the U.S. He advised that he might have to return to the Soviet Union in about 5 years to take his wife to see her relatives. He declined to answer questions as to why he went to the Soviet Union and stated that he considered it "nobody's business." At the end of the interview he agreed to contact the FBI if any person ever contacted him in the U.S. under suspicious circumstances.

An article in "The Times Picayune" New Orleans, Louisiana, 8-13-63 indicated that Oswald had been sentenced to pay a fine of \$10 or serve 10 days on a charge of disturbing the peace as a result of distribution of a pamphlet for "Fair Play for Cuba." New Orleans by letter 8-21-63 was instructed to ascertain the facts concerning

Oswald's distribution of the pamphlet and determine if he was engaged in subversive activities. U

Investigation in New Orleans disclosed that Oswald had been arrested as reported in the newspaper (it is noted that this is the only arrest disclosed in the Identification Division records). He claimed to be a member of the "Fair Play for Cuba Committee" (FPCC) and became involved in an argument with 3 Cuban emigrants while passing out circulars. He entered a plea of guilty and elected to pay the fine of \$10. The 3 other persons arrested with Oswald were discharged. The arrest took place on 8-9-63. U

Oswald was interviewed on 8-10-63 by agents of the New Orleans office and advised that he was unemployed and had come to New Orleans about 4 months previously. There he began to read literature distributed by the FPCC which he considered was not a communist or communist-controlled group. He had sent a letter to the headquarters of this Committee at 799 Broadway, New York City, with \$5 advising that he wished to join the Committee. During the latter part of May, 1963, he received through the mail a card made out in his name and signed by V. L. Lee which showed that he was a member of the national organization. A short time later he received a white card which made him a member of the New Orleans chapter. This card was dated 6-6-63 and was signed A. J. Hidell. He had not seen Hidell but talked to him on the phone and had attended meetings of the local committee but did not know any of the other persons who attended because they were known only by their first names. U

Investigation also disclosed that on 8-21-63 Oswald appeared on a radio program called "Conversation Carte Blanche" on radio station WDSU in New Orleans with Edward Scannell Butler, staff director of the Information Council of the Americas which organization specializes in distribution of anticommunist educational material to Latin American countries. During the program, Oswald stated that the FPCC is not communist-controlled and that he, Oswald, is a Marxist. U

OBSERVATIONS

Other than the connection with the FPCC investigation developed no subversive data regarding subject except that during September, 1962, a confidential informant advised that Oswald was a subscriber to "The Worker" an east coast communist newspaper. Another informant advised that in June, 1963, Oswald wrote a letter to "The Worker," 23 West 26th Street, New York City, claiming to be a long-time subscriber and advising that he was forming an FPCC in New Orleans. He requested some of "The Worker's" literature and forwarded honorary membership cards for "those fighters for peace, Mr. Gus Hall and Mr. B. Davis." Hall is general secretary of the Communist Party, USA, and Davis is the national secretary. U

The investigation disclosed no threats by Oswald against the President but did indicate that he drank to excess while residing in Ft. Worth, Texas, after his return from Russia and beat his wife. U

SUBJECT: ASSASSINATION OF
PRESIDENT KENNEDY
NOVEMBER 22, 1963
DALLAS, TEXAS

I talked to SAC Shanklin at 9:15 A.M., November 23, 1963, and we discussed the development where our Chicago Office has found that a rifle with the same serial number as the rifle found in the building in Dallas was mailed by Kleins Sporting Goods Company, Chicago, Illinois, on March 20, 1963, to A. Hidell, Post Office Box 2915, Dallas, Texas. Shanklin said Agents have checked with the post office, and that this is a post office box in the name of Oswald's mother and traceable to Oswald.

According to the Chicago Office the microfilm showing the sale of this gun showed the return address of Hidell, and was paid for by money order. Dallas and Chicago are attempting to trace down the money order. Shanklin pointed out that when Oswald was picked up, he had in his possession a Selective Service Card in the name of A. J. Hidell and a membership card in the Fair Play for Cuba Committee in the name of A. J. Hidell.

I told Shanklin it was very important to check out this Hidell angle; that we are checking Oswald's Marine Corps file to get the known handwriting specimens to compare with the signatures of Hidell, and Dallas should be alert for handwriting specimens. The microfilm from Chicago is being sent into the Bureau. I pointed out to Shanklin that our files show New Orleans Agents interviewed Oswald in August, 1963, at which time he indicated that Hidell was head of the FPCC in New Orleans, and New Orleans should be asked to run this out to see if there is such a person.

RE: ASSASSINATION OF PRESIDENT KENNEDY

The Laboratory has advised that the ammunition used in the rifle, believed to have killed the President, is a peculiar ammunition manufactured by Western Cartridge Company in East Alton, Illinois. I authorized the Laboratory to call Springfield and have Agents immediately get some of this ammunition and fly it back to Washington so that it can be used to fire test shots, and further to start an immediate check on the sale of this ammunition to see if we can trace it to Texas.

At 4:20 P. M., SAC Shanklin of the Dallas Office was telephonically contacted concerning items he plans to send to the Bureau this evening. Shanklin advised these items are as follows:

1. Still photograph of Lee Harvey Oswald holding a rifle with a telescopic sight, and wearing a pistol on his belt.

2. A copy of the television film showing Jack Leon Ruby shooting Oswald on 11-24-63.

Shanklin advised the above material will be brought to Washington, D. C., in the personal custody of the Captain of Braniff Airlines, flight number 110. Shanklin did not know the name of the airline captain. The flight will arrive at National Airport at 7:30 P. M., this date.

ACTION:

At 4:30 P. M., today, SA George R. Tucker of the Washington Field Office was furnished the above information. SA Tucker was instructed to have an Agent meet the above flight and obtain the photograph and film. The Agent will then bring these items to room 5710 at the Bureau.

I talked to Inspector Halley at Dallas this morning and advised him that there is concern here in Washington in that the Washington Post has a story that a Presidential commission is to be appointed to go into the Oswald matter; that this is not true; that the truth is that (1) the FBI is making investigation into both the Oswald and the Ruby cases, and (2) District Attorney Wade is to have a special court of inquiry assembled, which is possible under Texas law; Wade will handle the presentation of evidence.

I told Mr. Halley that he should get in touch with Attorney Wade and make it clear that we are making our investigations and are perfectly willing to cooperate with him in every respect; that any evidence we have will be made available at the proper time in connection with such a court of inquiry and, if desired, our agents will testify.

Mr. Halley called me back at 12:25 p.m. to advise that he had talked to Wade. Wade said he understood the Mayor of Dallas was in Washington and had commented that there might be a special inquiry of some nature, but he had not been specific. Wade said a special court of inquiry can be called by any justice of the peace if he so desires. Wade said he is personally opposed to any such inquiry now, but that at some later time he feels something should be done to let the public know the true facts regarding Oswald and the assassination of the President.

Wade said he intends to have a grand jury in Dallas receive the facts regarding the Ruby shooting of Oswald; that this will be done tomorrow and he expects to have an indictment for murder shortly after 9 a.m. tomorrow. He said he wants to proceed quickly on this to avoid any hearing prior to indictment.

Inspector Halley told Wade that in the event there is a special court of inquiry we would like to give full cooperation in every way; that the evidence we have will be made available at the appropriate time and, if desired, our agents will testify.

Jim Weihardt, The Milwaukee Sentinel, MU 3-1017, called from Niles, Michigan, and talked to Kemper in my office. He said that his paper had a story that Oswald was in the Milwaukee area at one time. He wondered if we had any information which we could give him concerning this. Kemper told him that he, of course, could not comment. He was asked what basis he had for his information and he said he was trying to run the story down and did not have any specifics.

He said the story is, that he is at the present time on vacation at Niles, Michigan. John F. Kennedy

...The forensic evidence of the two bullets burying
themselves in the President is vital. If these
bullets are recovered and correct L.O's gun then the loophole can be
closed for future conducted rides.

If these two bullets have been recovered and clear
L.O's gun then this loophole would be identified along the recent ride.

If both bullets have not been recovered then the
real killer and the role of killing may never be identified. If
this loophole does exist then it involves planners at tactical and
strategic levels i.e. a group of planners, domestic or foreign. To
avoid proper detection of themselves of the loophole as this
could be a serious destruction of the evidence, of the two
bullets is the only way. The first two stages, the killing
of the President and then of L.O., have been fantastic but we are
not sure if they have happened. The third
stage, or attempt to remove the evidence, may seem so fantastic
- because it has not yet happened - that it can be safely dismissed
from consideration. An unobtrusive watch through the 24 hours
until it is officially decided to extract the vital evidence would
not only prevent its official removal but might obtain the complementary
evidence to the original plan if such an attempt were made. If such an
attempt was successfully made the humiliation of the United States
would be complete. At the present the failure is seen as that of Dallas
only.

- possible attempt to remove the evidence. As the President's Body is in
a presumably sealed bronze casket the attempt would plan for the removal
of this removed. Considerable force would be involved as regards person
and transport. The watching forces to stall and prevent this would also
need to be considerable, tactical and logistic in case the tactical attempt
succeeded. The body of the casket onto a helicopter whose first mission
would be to land for the men see and catch the casket well out beyond the
continental shore. Landing with a helicopter down while still inland is
the first step. After landing, men will check on all corresponding
points, on ground and military aircraft. Hitler rescued Mussolini by
such a "rescue" i.e. rescued method. The whole of these unyielding
efforts to be the aim to official removal of the particular evidence.

- Unidentified man of the killing. The unidentified man would seem
to be wearing boots and not shoes.
The light (if it does) will be just discernible below his left trousers
leg following him. The apparent light ("flies" of a kite) effects seen on
many of the right hand, long aspect, correspond to the bizarre light
seen on the left side of the car just below window.

Mr. Fritchie said that he had no specific information that anything was going to happen, but said that he did not trust communists and recalled that a sneak attack by the Japanese at Pearl Harbor had happened and he thought that a similar attack could happen again. He pointed out that according to the press, all of our top Government executives, members of Congress, all of the top military leaders and the governors of all of the states would be present in one place. He said that he did not think this should be allowed to happen.

Mr. Fritchie stated that this was entirely within his own mind. He had no information or reason to suspect that anything would happen along the line mentioned. He was thanked for his interest in calling.

She said her telephone number is 427-4333. Her given name is Natalie. She explained she is a citizen of the United States but of Russian parentage and speaks Russian fluently.

Mrs. Clarkson told Wick she had wanted to make her phone call a matter of record. She said she has been contacted by the Saturday Evening Post which is doing a story on the background of Oswald. A Mr. G. Trevor Armbrister of the Saturday Evening Post has asked her to telephone the wife of Oswald, Mrs. Marina Nikolaevna Oswald at 2515 West Fifth Street, Irving, Texas, the Russian born wife of Oswald, and speak with her in Russian concerning her husband.

Mrs. Clarkson asked if the FBI had any objection to this telephone call or had any suggestions to make. Wick told Mrs. Clarkson this would be a matter for her own decision.

SUBJECT: ASSASSINATION OF THE PRESIDENT *John F. Kennedy*

DATE: November 25, 1963

Jim Hagerty, Vice President of American Broadcasting Company (ABC) and former Press Assistant to President Eisenhower, called from New York at 4:25 p.m. today.

Hagerty stated that he hated to bother us, however, he wanted to let us know that ABC had a blown-up photograph which reflects a head-on shot of President Kennedy's car at the specific time the President was shot. Hagerty stated that the President has a hand over his chest. The photograph also shows a number of horrified spectators as well as a Secret Service man at the back of the car. Hagerty mentioned that the most important thing about the photograph is that it shows an individual, who obviously looks like and is dressed like Lee Harvey Oswald standing in the doorway of the Texas Book Depository Building. Hagerty stated that he has shown this picture to several of his top people and they agree that it is Oswald, however, it is obvious that Oswald did not have time to fire the shots at the Kennedy car and then get back down to the first floor.

Hagerty told me that one of our Dallas Agents had just called upon his Station Manager, Mike Shapiro, who is head of ABC Station WFAA in Dallas, and had obtained a copy of the photograph from him. I thanked Hagerty for his call and told him we would, of course, look into the matter immediately.

Upon advising Mr. Belmont, he discussed this matter telephonically with Inspector Malley in Dallas who knew that the photograph had just been obtained, however, the Dallas Office had not yet had a chance to get a look at it. Malley will call Mr. Belmont as soon as this is done.

I checked with Inspector Malley in Dallas concerning this. He said an agent had seen the picture in question and was attempting to get a copy of it. The photograph shows Kennedy raising his arm by his chest, and Governor Connally turning toward him. In the background is the doorway of the building, in which stands an individual with clothing similar to the clothing Oswald was wearing. The agent says he cannot say whether it is or is not Oswald.

Malley said that the negative of this photograph should be much clearer. It is with the Associated Press in NY and is identified as:

Dear Sir:

Pardon me for communicating briefly with you again. And please KNOW that this writer is not given to hallucinations, "visions", and such. He is a down-to-earth minister of the Gospel that just happens to have had certain vintage points for observing what is going on - particularly from the Cuban angle VIA Mexico. That is all. What I want to add to my previous alert and expression of opinion is this:

The Cuban Embassy in Mexico City is THE propaganda distribution CENTER for the whole of Mexico... and could be the principal (such) center for the whole of South America. This I say NOT because I am against Mexico. I am not. On the contrary, I am a warm and special friend of Mexico, and am a great believer in and booster for the Good Neighbor Policy. I am giving you my observation in RE as a contribution to FACTS that may prove of some significance in the WIDER solution of the TRAGEDY of three days ago. (my) ONE occasion I managed to get a hold of upwards of 80 "behind the curtains" MAGAZINES MADE AVAILABLE AT AND THROUGH the above Embassy.--- Pentecost in itself, and fantastic LITERATURE. This situation DEFINITELY bears LOOKING into - and I have NO hesitancy in so telling you.

RE: 1

And THEN dictator Fidel Castro's 2-hour vicious attack on U.S.A. via his contribution to the universal condolences: PLAYING DOWN, DENYING, and BARCAS- TICALY RIDICULING the incontrovertible FACT of the assassin's connection (a)

with the Castro contemptible communist ramifications. Which only tends to strengthen the opinion (if not conviction) expressed in my communication two days ago. DEAD MEN DON'T TALK. And THIS character simply H A D to stop talking... i.e., in Court. It would have had devastating effect on the COMMUNIST front in Russia, and elsewhere - and particularly and specifically in Cuba. I trust, therefore, that NO stone will be left unturned until we of the United States of America KNOW WHAT the links were, and have been between this mystic assassin of our President, and the situation in Cuba - and Fidel Castro in very particular.

In closing permit me to say that I understand perfectly well that there will have crossed the minds of you all concerned, and that I am in any "prophet" in RE; but I nevertheless am DETERMINED under God to add to the general alert, and to PRESS upon you my deepest and considered fears.

Most respectfully yours,

Dr. A. E. Bat

At approximately 10:10 p. m., November 23, 1963, Sidney Glover called from a coin box in Corpus Christi, Texas, and was referred from the Director's Office to Special Agent Charles Green.

Glover stated that while he had no definite information to furnish the FBI, he was calling because he was quite concerned for the safety of the various national as well as world leaders who will be gathered in Washington for the President's funeral. Glover advised that he resides in San Antonio, Texas, but it was not possible to obtain his address before he terminated his call.

SUBJECT: DON WHARTON
"THE READER'S DIGEST"
SUGGESTION CONCERNING
LEE HARVEY OSWALD INVESTIGATION

Don Wharton is a Roving Editor of "The Reader's Digest," with whom we have very friendly relations. Attached is a brief note which he has written to SA Gunn of the Crime Research Section suggesting the possibility that mailing lists containing the names of purchasers might be sold by the mail order house from which Oswald purchased his rifle with telescopic sight. Wharton suggests that if the firm did sell such mailing lists, and if there is a record of who purchased them, this information might be of interest to the Bureau.

RECOMMENDATIONS:

(1) That this matter be referred to the Investigative and Domestic Intelligence Divisions.

(2) Attached is a brief acknowledgement which it is felt should be sent Mr. Wharton.

DON WHARTON, Reader Editor

21 Grand St. East

New York 3, New York

Dear Bill:

I know that the FBI wants the public to send in facts rather than suggestions. Nevertheless, here is a minute aspect of the Oswald case which comes to mind as a possible subject of investigation:

Did the firm from which Oswald, using a fake name, ordered the rifle and telescopic sight also sell mailing lists containing the names of such purchasers? If the firm did sell such mailing lists is there any record of who purchased them? Individuals or organizations--- I know I need not spell it out any further.

Probably all this has been checked by your people but since I am not certain I cannot refrain from calling it to your attention for whatever action you think it deserves.

REC-5

Please don't feel you have to waste any of your valuable time even acknowledging this.

All best regards,

Yours,

SUBJECT: The Congressional Record

Pages 21053-21054. Senators (McKen, (R) Illinois, and Stennis, (D) Mississippi, spoke concerning the necessity for an investigation by the proper committee of Congress into the circumstances surrounding the assassination of President Kennedy and the murder of Lee Harvey Oswald. Mr. Stennis requested to have placed in the Record an editorial from the New York Times entitled "The Whole Truth." This editorial stated "The full story of the assassination and its stunning sequel must be placed before the American people and the world in a responsible way by a responsible source of the U. S. Government. . . . We must be told about his motives, about his past activities and travels, about his organizational affiliations, about what branches of government his life touched, about whatever knowledge the local police and the FBI had of Oswald before and after the shooting by and of the accused. . . . President Johnson has rightly directed the FBI to look into 'every aspect' of this disgraceful shooting right in the Dallas jail."

Mem. from Mr. DeLoach, 11/25/63, showing Jim Hagerty of ABC had a photograph of the assassination of President Kennedy which showed an individual standing in the doorway of the Texas Book Depository Building who Hagerty believed was the subject Oswald.

Inspector Malley advised on the night of 11/25/63 that he had looked at the photograph obtained from ABC in Dallas and Malley does not think the individual in the doorway is Oswald. While he is dressed in much the same manner, his hairline is much farther receded than that of Oswald.

I discussed this with Mr. Malley and we agreed that agents should go immediately to the Texas Book Depository Building and talk to the management to seek to identify the individual in the doorway.

Malley called me back to advise that this had been done; that while the building was closed, agents had contacted the manager, who identified the individual as Billy Lovelady, a warehouse worker in the building. The manager gave agents Lovelady's address and the agents went to see Lovelady and showed him the picture. Lovelady said the individual in question was him; that this was his picture, and that, was where he was standing, in the doorway.

Mr. DeLoach was advised in order that he could inform Jim Hagerty.

INFORMANT - JOSEPH P. MC CONNON

ReButel call to WFO 11/26/63.

Information received in referenced call one JOSEPH P. MC CONNON had told PAUL DAUGHTERY, Bureau of Facilities, U.S. Post Office Department, on 11/26/63 he believed the assassination of President KENNEDY was part of an underworld plot that would ultimately get the Attorney General. This information was received at the Bureau from JOSEPH DOLAN of the Office of the Deputy Attorney General. Referenced call advised MC CONNON presently staying at the Harrington Hotel, Washington, D. C.

JOSEPH P. MC CONNON, home address c/o The Allerton House, New York, New York, interviewed Room 1027, Harrington Hotel, 11/26/63, by Buagents. MC CONNON informed he was in Washington, D. C., to attend activities surrounding the funeral of President KENNEDY.

MC CONNON stated he has associated with various types of persons during his lifetime and included among these are persons he would consider to be members of the underworld. He said that he has received no indication or information indicating any such persons were involved in the assassination of President KENNEDY; however, he offered the following observations, which he stated were his personal opinions.

Special Agent in Charge

MC CONNON related the only information he has regarding this assassination is that which he has been able to obtain from watching television, listening to radio reports, and perusing various news articles. He said it is inconceivable to him that JACK RUBY, who has been charged with the murder of LEE HARVEY OSWALD, had actually killed OSWALD as a result of his grief for the slain President or his family. He indicated it was hard for him to imagine the operator of a night club having such feelings.

MC CONNON said he is at a complete loss to understand how RUBY could have been present in the basement of the Dallas Police Department at the time OSWALD was being transferred from the Dallas City Jail to the Dallas County Jail, unless he was there with the knowledge of at least one Dallas PD officer. MC CONNON intimated the possibility exists RUBY had paid for such a privilege; however, he positively stated he has no such knowledge this was the case.

MC CONNON also remarked he considered it somewhat unusual the members of the Dallas PD who were escorting OSWALD from the jail did not interpose their bodies between RUBY and OSWALD when they saw RUBY approach with the gun to shoot OSWALD. MC CONNON said he felt the duty of the Dallas PD officers would have been to protect their prisoner at all costs. He intimated their failure to do so was possibly planned; however, he again remarked he has absolutely no knowledge indicating such was the case.

MC CONNON advised he does not consider OSWALD to have been sufficiently intelligent to have successfully planned and carried out the assassination of President KENNEDY. He commented he felt OSWALD definitely had some assistance in this regard, the identity of such assistance unknown to him, although MC CONNON suggested the possibility this assistance might have come from JACK RUBY.

MC CONNON said that should RUBY have been acting in some capacity for the underworld in connection with the assassination of President KENNEDY, it would have been to his advantage to have OSWALD removed by death.

MC CONNON continued he does not believe that any communist conspiracy is involved in the assassination of President KENNEDY nor does he believe OSWALD's motive for killing President KENNEDY was based on any such foundation. He said he considers it entirely likely that OSWALD has possibly been involved in similar killings.

WFO 89-75

before, which were a source of personal gain to him. MC CONNON said he has no basis for the above other than his past experiences with similar type people.

MC CONNON stated it is his opinion President KENNEDY was killed so the Attorney General would be removed from his office. He said he does not believe President JOHNSON will keep ROBERT F. KENNEDY as Attorney General in his cabinet. MC CONNON commented Attorney General KENNEDY has been extremely harsh on the various members and activities of the underworld and has cost the underworld a great deal of money. He said he feels the Attorney General was not assassinated since it would be the general feeling among the underworld that a different Attorney General, under President KENNEDY, would pursue the same policies and, therefore, nothing would be gained by killing the Attorney General.

MC CONNON said he believes RUBY, who was a night club operator, was in the "rackets" and as such would possibly have been used by the underworld to plan, and direct OSWALD in, the assassination. He stated that if this is the case there would probably be someone who knows of an association between RUBY and OSWALD.

MC CONNON said he was quite dismayed over President KENNEDY's death. MC CONNON stated he is going to attempt to obtain any information he can regarding this assassination, and should he receive any information he believes of value he will furnish same to the FBI.

MC CONNON said he is not interested in having his identity disclosed as the source of the above information, and does not desire to be recontacted. He stated he would contact WFO should he obtain any information of interest.

At 12:15 p.m., 11/29/63, Edward Davy, 1052 Flatbush Avenue, Brooklyn, New York City, telephone number Buckminster 2-7830, called the Bureau and spoke to extra duty agent Richard B. Lavin.

Davy who had obviously been drinking due to his incoherent talk advised that he had some thoughts about the assassination of President John F. Kennedy which he wanted brought to the attention of the FBI. He commented that he agreed with an article by Robert Considine which appeared in the New York Journal American that the marksmanship in the killing of President Kennedy was phenomenal. Davy stated that he could not have been killed by a rifle but it must have been someone close to the President on the ground who did the shooting.

He had no concrete basis upon which to base this thought except his opinion.

ASSASSINATION OF PRESIDENT JOHN F.
KENNEDY, November 22, 1963,
DALLAS, TEXAS

RE: FORERIO SORSE
Newport, Rhode Island

Carol Cargill, 118 Gorham Avenue, Warwick, Rhode Island, was interviewed on November 24, 1963, but advised the only information she possessed was obtained from Beatrice Reis, 590 Providence Street, West Warwick, Rhode Island.

Beatrice Reis, 590 Providence Street, West Warwick, Rhode Island, advised on November 24, 1963, that some time during the summer of 1962 or 1963, she visited at the home of Margaret Restor, also at 590 Providence Street, West Warwick, Rhode Island, a friend. During the course of the visit, one Paul Sorse of Newport, Rhode Island spoke of an intended visit of President Kennedy to Fort Worth, Texas. Sorse asked Reis in the presence of only Reis and Restor of her feeling toward the President. Upon answering that she liked him, Sorse said it would make no difference as he would get it when he goes there. Also during the conversation Restor spoke the name Oswald with no specifics. Reis advised that while she and Restor had been friends, trouble arose between them terminating their friendship and she indicated Restor had taken a hostile attitude toward her since the time of the trouble.

Audrey Cargill, 118 Gorham Avenue, Warwick, Rhode Island, aunt of Reis, advised on November 24, 1963, that the only pertinent information she could furnish was that Beatrice Reiss told her of said instant some time about June, 1963. Cargill stated she was unable to determine from Reis just when the alleged conversation by Sorse and Restor took place, as to whether it had been recent or had taken place in the summer of 1962.

It is noted that during the time of the interview Mrs. Reis was hysterical and was crying. She was very much upset regarding the death of President Kennedy and advised she had been viewing and listening to television and radio broadcasts of the events following the assassination of the President. Reis was uncertain and incoherent about the date the alleged conversation took place and the context of Sorse's conversation, particularly any connection of the word Oswald with the name of the late accused slayer of the President, or any information regarding the background of instant Oswald, or any additional names or pertinent information.

Porfirio Pallen Sorse, also known as Paul, born June 2, 1900 at Valladolid, Philippine Islands, Certificate of Naturalization No. 8342163, dated August 28, 1961, at Providence, Rhode Island, with U.S. Navy service from July 6, 1918 to August 11, 1919, NSN 193-39-71, who resides at 57 Thames Street, Newport, Rhode Island, was interviewed on November 24, 1963. Sorse advised he is currently employed at Christie's Restaurant on Thames Street in Newport as a cook, and was formerly employed in that capacity at the Newport Motor Inn and by Cornelius C. Moore, Attorney and Banker in Newport, and Jelke F. Frazier, Financier, also of Newport. Sorse is also a manufacturer of a product known as Copure, a coconut oil product for application to skin and hair, for which he holds a U.S. patent.

Sorse admitted knowing Margaret Restor and visiting at her home at 590 Providence Street, West Warwick, on numerous occasions extending over the past few years. He denied making any statements to any one regarding President Kennedy's trip to any place including Texas. Sorse claimed no knowledge of any such trips. He expressed great admiration for President Kennedy and said the only time he ever saw Kennedy was in a crowd at St. Mary's Church, Newport, Rhode Island, in the summer of 1963. He stated he had no other contact, conversation, or viewing of President Kennedy.

Sorse disclaimed any knowledge of or connection with the assassination of Lee Harvey Oswald, or any other persons in Texas. He could furnish no information or

any pertinent names or activities concerning instant assassination. He stated the only time he had been in Texas was in 1926, when employed as a mess boy on a ship entering the harbor at Galveston. Sorse advised he has been a resident of Newport since about 1937, and has a son, Paul, presently serving with the United States Air Force in Europe.

Margaret Restor, 40 Second Point Road, Warwick, Rhode Island, was interviewed on November 25, 1963. She advised she formerly lived at 590 Providence Street, West Warwick for 4½ years prior to moving to her present address in August, 1963. She advised she has known Paul Sorse for about 21 years, since the time he was the father of her child, Paul Sorse, born out of wedlock, and that Sorse has visited at her home on a number of occasions. She said she has not seen him for about 2 weeks and said that he works as a cook.

Restor spoke highly of Sorse and stated she and her husband had vouched for him when he became a citizen of the United States in August, 1961. She advised that to her knowledge Sorse never expressed any ill feeling toward the United States Government or any of its officials. She stated that he served in the U.S. Navy and was honorably discharged. In addition, she advised that to her knowledge Sorse has no criminal background; that he does not mix too much with people, and she knew of no friends of Sorse who would have a criminal background.

Restor advised that during some of the visits by Sorse to her home, Beatrice Reis was also present but at no time during any of the visits did Sorse make any statements about or against any governmental official, including the President, while Mrs. Reis was present. Restor stated she does not know anyone with the first or last name of Oswald, and at no time has she referred to that name in any conversation at her home in the presence of either Reis and/or Sorse. She advised she could furnish no information that would be helpful in resolving the reason for the facts surrounding the assassination of President Kennedy.

Francis X. Sullivan, owner and operator of the Newport Motor Inn, 936 West Main Road, Middletown, Rhode Island, advised he has known Paul Sorse for a number of years

as a resident of Newport, Rhode Island. He said he knew him to be employed at Christie's Restaurant, and also at his Motor Inn for the winter season of about November, 1962 through June, 1963, when he left and returned to employment at Christie's. He stated that some time previously he was employed as a cook by Newport Attorney Cornelius Moore. He said that in all the time he had known Sorse he had never known him to be involved in any type of criminal action or to possess a violent nature in any respect. He thought Sorse to be "meek, mousey." He could furnish no other information regarding Sorse's associates or activities that would be of assistance to this investigation.

Stephen F. Christie, owner and operator of Christie's Restaurant, 351 Thames Street, Newport, Rhode Island, advised on November 25, 1963, Paul Sorse has been currently employed as a cook since December 24, 1960, except for a period of months when he was employed at the Newport Motor Inn, until his re-employment at Christie's in June, 1963. He stated he considered Sorse a quiet person who had not been involved in any type of trouble. He also said he had not heard him make any statements or take any action adverse to the best interests of the United States, or any of its officials. He said he could furnish no information about Sorse's friends or activities.

Captain Ed Sullivan, in charge of the Detective Division, Newport, Rhode Island Police Department, advised he had known Sorse as a resident of Thames Street, Newport, and as a producer of a coconut oil preparation, but he could furnish no information about his friends, associates, or activities. He said that to his knowledge Sorse had not been involved in any type of trouble, and he further stated the records of the Newport Police Department contain no record for Sorse.

John Flanagan, Rhode Island Bureau of Criminal Identification, Providence County Courthouse, Providence, Rhode Island, a central clearinghouse of criminal and arrest records for the State of Rhode Island, advised the files of that office reflect no record for Sorse.

TO : Mr. Mohr

DATE: November 25, 1963

FROM : C. D. DeLoach

SUBJECT: ASSASSINATION OF THE PRESIDENT

For the Director's Information, I talked with Al Friendly, Vice President and Managing Editor of the "Washington Post and Times Herald" at 10:50 AM this morning.

I told Friendly that I wanted to be perfectly honest with him, however, I must insist that our conversation remain completely off the record. I mentioned we had had numerous cordial arguments in the past and the fact was well established that we usually had different points of view on most matters. I mentioned that the purpose of my call, however, was a matter of grave concern and I felt certain he would recognize this fact. Friendly agreed and stated our conversation would be maintained strictly in confidence.

I told Friendly that apparently there had been a "leak" to his paper to the effect that a "Presidential Commission" had been suggested to look into the assassination of the President and the murder of Lee Harvey Oswald. I mentioned we had received information indicating his paper planned to prepare an editorial strictly affirming the necessity of a "Presidential Commission." It was mentioned that such an editorial would be most unwise at the present time. Friendly interrupted me at this point and stated he did not personally know whether this had been a "leak" or merely the idea of one of their staff members. He affirmed the fact an editorial was being considered.

I told Friendly I had just conferred with the Director regarding this matter and wanted him to know that such an editorial on the part of his paper would merely "muddy the waters" and would create further confusion and hysteria. It was mentioned that the President had personally asked the Director to have the FBI conduct a full investigation both into the assassination of the President and into the murder of Lee Harvey Oswald. I told him Mr. Hoover was personally supervising these investigations and that reports would be submitted to the Department of Justice and to the White House in two phases: (1) the assassination of the President and (2) the murder of Lee Harvey Oswald. I mentioned that Mr. Hoover had seen to it that the best trained men in the FBI were on these investigations and that our inquiries were proving to be swift and intensive. I told him no stone is to be left unturned. I further told him that the President had additionally discussed this matter with the Director today and that the

Director had assured the President that thorough investigations were proceeding at full speed. I mentioned to Friendly that our investigation would include and lay to rest any rumors of substance that had been flying around with respect to the two matters. I mentioned to him also the fact that the State of Texas was concerned with the matter and was conducting inquiry. I told Friendly that, as a matter of personal interest to him, our investigation into the murder of Lee Harvey Oswald would determine the adequacy of security given to Oswald and that the facts, regardless of what they might be, would allow the Department of Justice to determine whether a Civil Rights violation had occurred. Friendly replied he was most interested in this phase.

I mentioned to Friendly that considering all the above, an editorial by his paper suggesting a "Presidential Commission" would merely serve to confuse the issue. I told him it was hoped that he would understand our viewpoint in this matter and would, therefore, eliminate the editorial.

Without any hesitation, Friendly told me the editorial would be eliminated. He stated he would, of course, have to mention this matter to Russ Wiggins, the Editor, on a confidential basis. I told him there were no objections to this, however, Wiggins should specifically understand my reasoning in approaching him, Friendly, in this manner. Friendly stated there would be no misunderstanding. Friendly added that while he would respect our viewpoint, he sincerely hoped I would bring to the Director's attention the need for some outstanding group or body of men affirming and issuing the FBI report other than the U. S. Attorney General or that "boob" (Waggoner/Carr) who calls himself the Attorney General of the State of Texas. Friendly mentioned he had every confidence in the Director and the FBI in conducting a fair and impartial investigation. He added, however, if the FBI investigative report was issued by either the Attorney General of the United States or the Attorney General of the State of Texas, the report would bear little weight in later suppressing rumors, ill-advised books, making a martyr out of Oswald. I told Friendly that in view of his cooperation, I would, of course, bring his personal thoughts to the attention of the Director and I felt sure that the Director would mention this to the President if the occasion arose. Friendly reiterated his confidence in the FBI and he stated he was glad to be of service.

The Director was advised of the above facts and specifically of Friendly's commitment not to print the editorial.

Friendly called back at 11:30 AM. He stated he had thought the matter over (he obviously had talked with Russ Wiggins) and wanted to let me know that while he agreed with some of our viewpoints, he could not make any definite commitment. He stated this was a matter for Wiggins to decide upon. I told him in view of his statements

11/25/63

During our previous conversation, I thought the decision had already been made not to publish the editorial. He stated that had been only his personal opinion, that after all his paper had an obligation to the general public. I told him I was not asking him to suppress anything but merely to listen to a point of common sense during a very trying time. He stated this was all very true but we should recognize that his paper had an obligation to print what was felt might be the best for the general public. He indicated that no decision had yet been made concerning the editorial and in all probabilities it would not be printed, however, he did want to let me know as of this time no definite commitment could be given.

This, of course, is the usual "hogwash" on the part of Wiggins who cannot be trusted and usually attempts to run opposite good judgment in order to satisfy his own ego.

The Director was advised immediately of the above facts.

I went over to see Guthman at 12:05 PM. Guthman was told that apparently there had been a "leak" to the "Washington Post and Times Herald" in connection with the "Presidential Commission" idea. I asked if he knew how this had come about. He replied that Jim Clayton, a reporter for the "Washington Post," had contacted him this morning and had referred to an article in today's issue of the "New York Times" by James "Scotty" Reston which specifically recommended a "Presidential Commission" (column attached). Clayton asked for comment from the Department of Justice and Guthman told him he had no comment to make, that the FBI was apparently conducting an intensive investigation and nothing could be said until the FBI investigation had been completed.

Deputy Attorney General Katzenbach was in Guthman's office at the time of my conversation with Guthman. After hearing our conversation, Katzenbach asked my opinion as to whether he should personally call Russ Wiggins. I told him it was entirely up to him. I asked him how well he knew Wiggins. He stated he hardly knew him at all. I outlined briefly to Katzenbach the results of my conversation with Al Frienicy, the Managing Editor. Katzenbach stated he knew he could not trust Wiggins but he would give him a call.

Katzenbach called Wiggins at approximately 12:20 PM. He told Wiggins he felt that all facts should be, of course, made available to the public but that the Department of Justice seriously hoped that the "Washington Post" would not encourage any specific means or instrument by which these should be made available to the public.

11/25/63

Wiggins stated he, of course, could make no commitment to not write an editorial, however, that the conversation that the FBI representative had previously had with Friendly, the Managing Editor, had merit to it and he was inclined to go along. He stated he would give the matter serious consideration.

This matter will be followed closely.

ASSASSIN OF A FEDERAL OFFICER

On the afternoon of 11/25/63, you advised me the Bureau had just received information from J. Lawrence, Internal Security Committee, to the effect that in New York City the Communist Party was planning to distribute leaflets charging the FBI and the Attorney General with being responsible for the assassination of the President and that the FBI had not properly handled civil rights investigations.

In line with your instructions, I called our New York Office and informed them of this information. I told them we should immediately determine whether such leaflets are being distributed and, if so, by whom.

At approximately 4:15 p.m., 11/25/63, Agent Jones called and stated that New York Agents have been on the streets and in the subway and that no leaflets of the kind described by Lawrence are being distributed at this time.

I told Jones to keep alert to this situation and to keep me advised promptly of any developments.

Assassination of President
JOHN F. KENNEDY, November 22,
1963, Dallas, Texas

RE: URBETOWN TEXAS CHIEF OF
POLICE AND MOTEL MANAGER

JOHN RICARDO, 75 Park Avenue, Newton, Massachusetts on November 25, 1963 advised that he works for himself and is engaged in the reduction of vibration of machinery. During October, 1963 his wife and he were returning to Massachusetts from Tucson, Arizona where they have a son in school and during the course of their trip homeward they passed through Texas during which time he handled some business.

While in Texas they stopped at a motel which was managed by a man, name not known, but who was also the Chief of Police of the small town where the motel is located. On that particular evening the exact date of which he could not remember but which was in October, 1963 he engaged this man in conversation and during the course of this conversation the man was critical of permitting Negroes to have civil rights and was also critical of President KENNEDY. During his conversation the man said something to the effect that "we do not say much in Texas but we take care of things in our own way." RICARDO said that the man in making this comment was referring to the civil rights issue but now in view of the assassination of the President he thinks there might be some connection with the assassination. RICARDO said that he also felt that the assassination had been sanctioned and that there was an organization involved in addition to the suspect OSWALD.

PICARDO said the motel manager did not actually say anything specific which would lead him to reach the above conclusion and he had no proof for actually feeling as he does. RICARDO said he could not recall any additional comments made by the motel manager and he had no additional information pertaining to the conversation.

COPIES DESTROYED

NOV 20 1972

Assassination of President
JOHN F. KENNEDY, November 22,
1963, Dallas, Texas

RICARDO said the motel owner that he had in mind was about 50 years old, had a Chihuahua dog and his son had a Shetland pony. The motel mentioned by this man was brick in structure, was L shaped, had 20-25 rooms and also had a swimming pool.

He further related that while in Texas he had made several overnight stops but believed the one in question was when he was approximately 100 miles from Dallas, the exact location unknown but in one of the following places where he had stayed on the dates as indicated.

October 8, 1963, within 30 miles of Lamesa, Texas

October 9, 1963 Manor Motel, U. S. Highway 287,
Quanah, Texas

October 10, 1963, within a few miles of Wichita Falls,
Texas

October 11, 1963 within 20 miles of Gainesville, Texas

Mrs. JOHNNIE RICARDO advised that she had been with her husband on this trip but she too could not remember the name or the location of the motel that her husband had in mind. She said that she had not been in the conversation with the motel manager but did recall that her husband after returning to the motel room had been upset by the man's remarks. She said that she did not know specifically what the man had said but felt that her husband was disturbed to think that this man, a Chief of Police, had spoken as he did.

TO: DIRECTOR, FBI

FROM: SAC, KANSAS CITY (62-8156) - P -

 SUBJECT: ASSASSINATION OF JOHN FITZGERALD KENNEDY
 PRESIDENT JOHN F. KENNEDY

On November 26, 1963, M/Sgt. EDWARD CAYGLE, U. S. Air Force Marksmanship School, Lackland AFB, San Antonio, Texas, telephonically advised he is an expert rifle and pistol shot and recently placed second in National Matches at Camp Perry, Ohio. He is also a member of the Air Force International Rifle Team and has participated as a representative of the United States in the Pan-Am Games.

CAYGLE stated that he had just heard a commentator on CBS News remark that it probably took LEE HARVEY OSWALD only 5 seconds to fire the three shots that took the life of the President and wounded the Governor of Texas. Based on experience, he related, this is impossible. It is his feeling that an expert shot would require at least 2 1/2-3 seconds to get off each round. This, he said, would be even more difficult considering the fact that the rifle had no sling and it would bounce and recoil after each shot. This would require additional time getting back on target.

CAYGLE stated that a retired Lieutenant Colonel, FRANK PALMER, is his coach at the Marksmanship School and is an expert on firearms. He stated that he wanted to volunteer this information for the assistance of the Bureau and to offer, if needed, any advice they may desire from either himself or retired Lieutenant Colonel PALMER.

He noted that this infers that possibly there was another individual firing at the same time, and he did not want this possibility overlooked.

ASSASSINATION OF PRESIDENT JOHN F. KENNEDY, NOVEMBER TWENTY TWO,

RE LOS ANGELES TEL TO DIRECTOR AND SACS DALLAS AND NEW ORLEANS,
NOVEMBER TWENTYFOUR LAST. FOUR THIRTY SEVEN PM.

RE LONG DISTANCE TELEPHONE CONVERSATION BETWEEN CLARENCE ANTHONY
CAVIGNAC AND DENVER LEE CHEEK

DENVER LEE CHEEK INTERVIEWED AT NEW ORLEANS, LA. 0 NOV. . .
TWENTYSIX INSTANT PRIOR TO HAVING CONSULTED WITH CLARENCE ANTHONY
CAVIGNAC, WHO WAS PREVIOUSLY INTERVIEWED/

CHEEK DENIED VERBAGE IN CONVERSATION WITH CAVIGNAC TO EFFECT THAT
SOMEONE HAD ONE JOB ON PRESIDENT KENNEDY, THAT SOMEONE ELSE HAD DONE
JOB OR ANY VERBAGE WHICH COULD BE INTERPRETED TO MEAN THAT
EITHER HE OR CAVIGNAC HAD BEEN INVOLVED WITH DEATH OF
PRESIDENT KENNEDY OR WISHED HARM TO PRESIDENT.

CHEEK ADVISED HE RECALLED THE CONVERSATION WAS SHORT,
LASTING LESS THAN THREE MINUTE PERIOD AND HAD CONSISTED OF
EXCHANGE WHERE HE AND CAVIGNAC HAD REMARKED CONCERNING THE
NEWS OF THE PRESIDENT HAVING BEEN SHOT IN DALLAS, TEXAS,
SUCH NEWS HAVING JUST BEEN HEARD BY HIM, CHEEK, WHEN HE STOPPED THE
TRUCK TO MAKE THE PHONE CALL TO CAVIGNAC. CHEEK STATED CONVERSATION
HAVING TO DO WITH GETTING THE JOB DONE ALL RELATED TO INSTALLATION
OF A RECORDING THERMONETER IN THE REFRIGERATOR TRAILER HE HAD. CHEEK
STATED THIS CONVERSATION HAD CONTAINED VERBAGE TO THE EFFECT OF
GETTING THE JOB DONE AND ALSO HE RECALLED ONE INSTANCE WHERE
HE HAD REFERRED TO HAVING TO GET SOMEONE ELSE TO DO THE JOB,
BUT ALL OF THIS DEFINITELY RELATED TO THE INSTALLATION OF
THE THERMONETER IN THE REFRIGERATOR TRAILER.

CAVIGNAC REINTERVIEWED THIS DATE AND AGAIN DENIED ANY DIFFERENCE IN HIS CONVERSATION WITH DENVER LEE CHEEK WHICH WOULD INDICATE IMPLICATION OF HIMSELF OR CHEEK IN THE ASSASSINATION OF THE PRESIDENT. CAVIGNAC WAS ASKED IF HE RECALLED CONVERSATION WITH CHEEK AS TO INSTALLATION OF A RECORDING THERMOMETER IN CHEEK/S REFRIGERATOR TRAILER. CAVIGNAC THEN RECALLED THE CONVERSATION IN REFERENCE TO THE INSTALLATION OF THE THERMONNETER AND FURNISHED ESSENTIALLY THE SAME VERBAGE AS PREVIOUSLY FURNISHED BY CHEEK.

CAVIGNAC ADVISED HE HAD BEEN NERVOUS AT TIME PREVIOUSLY INTERVIEWED BY BUREAU AGENTS, HAD ALSO BEEN SOMEWHAT SHAKEN BY THE NEWS OF THE PRESIDENT/S ASSASSINATION AND HAD SIMPLY FORGOTTEN THE CONVERSATION ABOUT THE THERMOMETER WHEN HE WAS PREVIOUSLY CONTACTED.

ROBERT R. WALKER

Mrs. JEAN REDDELL, 5228 Namor Housing, Apartment B, U.S. Marine Corps Base, El Toro, California, telephonically advised on November 26, 1963, that she is divorced from ROBERT R. WALKER and presently married to Corporal CECIL K. REDDELL.

She stated she has custody of three children who were the issue of her marriage to WALKER and that about three weeks ago WALKER came to her above listed address to visit the children in the presence of her present husband, Corporal REDDELL.

She stated WALKER shocked them when he stated that "President KENNEDY should be shot for treason". She related he also stated that if he knew he could get away with it he would shoot President KENNEDY himself.

Mrs. REDDELL characterized WALKER as a former alcoholic and present member of Alcoholics Anonymous and added he is a member of the John Birch Society and the American Legion.

ROBERT R. WALKER was contacted by a Special Agent of the FBI on November 26, 1963, and advised that he thinks that "President JOHN F. KENNEDY is guilty of treason. He gave the Russians wheat and let 1400 Cubans get captured. I would like to have seen him get tried for treason".

He denied that he ever made any statement that President KENNEDY should be shot and denied any knowledge of anyone or any group of people who would try to shoot President KENNEDY. He added it is his personal conviction that murder is never justified and he would never have any part in such a plan.

WALKER stated that the only organizations he belongs to are the American Legion and John Birch Society and stated he considers himself a loyal American with the interests of this country foremost in his heart. He added that he served in the U.S. Marine Corps December, 1939 to December, 1956, Marine Serial Number 279052 and in the U.S. Air Force December, 1956, to March, 1960, Air Force Serial Number 19581827. He stated in both instances he received an honorable discharge.

Los Angeles, California
November 27, 1963

ASSASSINATION OF PRESIDENT KENNEDY
NOVEMBER 22, 1963, DALLAS, TEXAS

STATEMENTS ALLEGEDLY MADE BY
ERIC LIONEL PRIDONOFF

The Los Angeles Office of the FBI is in receipt of information which alleged that ERIC LIONEL PRIDONOFF, 1221 Virginia Road, San Marino, California, a partner in and manager of the Rite Engineering and Manufacturing Corporation, 9441 Washburn Crossing Road, Downey, California, made the following comments in connection with the assassination of President KENNEDY:

"Wait and see --- somebody will get to KENNEDY, possibly with a rifle, and blow his brains out. He'll get his."

"Those who play with fire sometimes get burned."

In addition, ERIC LIONEL PRIDONOFF reportedly received a telephone call several weeks prior to the assassination from an individual referred to as "Mr. OSWALD" (phonetic).

Upon interview by Special Agents of the FBI on November 26, 1963, ERIC LIONEL PRIDONOFF denied any knowledge of or acquaintance with any individual by the name of OSWALD and could not recall making the two statements attributed to him as set out above.

Mr. PRIDONOFF stated that he was greatly shocked over the death of President KENNEDY and felt that it was a "horrible deed." Mr. PRIDONOFF stated that he had no prior knowledge and was in no way involved in this tragedy.

Mr. PRIDONOFF noted that he is a member of the John Birch Society and is recognized as an authority on the menace of international communism. He said that he has written a number of articles and books pertaining to the threat of communism and has spoken frequently, both publicly and privately, often on radio and television on matters pertaining to international politics and that some of his remarks on the recent Vietnamese situation could have possibly been misconstrued by some of his associates.

INFORMATION CONCERNING J.W. JOHNSTON,
HOUSTON, TEXAS

JACK NUGENT, Clarke Oldsmobile, West Palm Beach, Fla., advised 11/26/63, that during early evening 11/21/63, he was at bar at Heart of Palm Beach Motel, Palm Beach, Fla. In the bar at the time of his arrival was very attractive white, female who identified herself as [REDACTED] (ph) from Tex. This person appeared to be wealthy. She was very intoxicated; buying drinks for everyone; and pushing herself off on any man she could corner. She rambled in her speech but NUGENT recalled she kept saying she had just arrived in Palm Beach the previous night and her husband had "gotten rid of her". She referred quite often to her husband's sending her "where KENNEDY lives" or sent her to "walk where KENNEDY walks" and seemed to have KENNEDY on her mind or to think of Palm Beach only in terms of KENNEDY. She said her husband thought he was clever getting her out but she knew what her husband did on all those trips and while she was gone. NUGENT also recalled this woman saying she was under

a doctor's care. He said he thought nothing of it until captioned event and then thought there might be some connection between this woman's use of the KENNEDY name and the fact her husband had wanted her out of Tex. for some reason. NUGENT said this woman ultimately got so intoxicated that a local woman, LOIS HUTCHENS, took her to her room and put her to bed.

FLA { Records Heart of Palm Beach Motel, Palm Beach, reveal that [REDACTED] who was recalled by P. A. ANTHONY, clerk there, as a very attractive and very drunk woman, checked in there late 11/20/63 and left about noon, 11/22/63. She was alone according to the records and the only miscellaneous charges to her room were bar bills.

FLA { LOIS HUTCHENS, Seaspray Avenue., Palm Beach, advised she recalled the woman at the above bar, whom she ultimately had to put to bed due to her condition. She said she did not know the woman's name but she claimed to be married; from Tex.; and in town with her brother-in-law, a veterinarian. She said the woman not only drank to excess but was also taking pills. She described the woman as a white, female, in her mid-twenties, with red hair, and she said she had no reason to connect this woman with President KENNEDY or to associate this woman's being in Palm Beach with the KENNEDYS.

Above information is being furnished to the Bureau, Dallas and Houston for information. In view of its non-specific nature, no leads are being set out.

Dear Mr. Hoover:

I hope that a quiet but exhaustive investigation may be made of this man Ruby who killed the President's slayer.

There are certain things that indicate that he may be a pal of the assassin and that he killed him to screen his fellow conspirators or members of his group or clan.

I feel sure that it is worthy of the closest investigation and scrutiny.

With kindest regards to you in your great work, I am

My dear Judge:

I have received your letter of November 25th and understand your concern over the brutal assassination of President Kennedy.

Immediately following the assassination the full resources of the FBI were made available to the Secret Service and local law enforcement agencies. The President has now instructed the FBI to conduct a full investigation into the assassination of President Kennedy and the murder of Lee Harvey Oswald. I can assure you that this Bureau will discharge its responsibilities in this regard with the same thoroughness and dispatch that have characterized our investigations in the past.

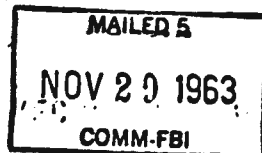

Sincerely yours,

J. Edgar Hoover

NATION OF ISLAM

On November 24, 1963, two sources, who have furnished reliable information in the past, advised that John Nash, Captain of the Fruit of Islam (FOI) at Muhammad's Mosque (MM) #25, Newark, New Jersey, telephoned all members of the FOI at MM #25 whom he could reach between 2:00 a.m. and 3:45 a.m. on November 24, 1963, and advised them to be at MM #25 at 4:00 a.m. that day. Upon arrival at MM #25, FOI members were advised that Nash was expecting a telephone call from Elijah Muhammad, national leader of the Nation of Islam (NOI), and shortly after 4:00 a.m. a telephone call was received by Nash. Following this telephone call Nash advised FOI members that they had been called there to see how many members were really "with" Messenger Muhammad. Nash said he and all NOI ministers and members had been instructed by Muhammad to make absolutely no comments about the assassination of President John F. Kennedy. Nash said that the "devil" (white race) was very upset over the assassination of President Kennedy and might become violent at the slightest provocation. Nash also advised that Muhammad had stated his scheduled address in New York, New York, on December 1, 1963, had been cancelled because of unsettled conditions.

Characterizations of the FOI, MM #25, and the NOI are set forth in the appendix hereto.

FRUIT OF ISLAM

On July 10, 1963, a source advised that the FRUIT OF ISLAM (FOI) is a group within the NATION OF ISLAM (NOI) composed of male members of the NOI. The purpose of the FOI is to protect officials and property of the NOI, assure compliance of members with NOI teachings and to prepare for the "War of Armageddon". Members of the FOI are required to participate in military drill and are afforded the opportunity to engage in judo training. The FOI is governed by a military system wherein the members are controlled by general orders similar to those issued by regular military organizations.

On November 7, 1961, a source advised that MTI held meetings in Newark as early as April, 1958, and became MTI #25 on December 14, 1958. During October, 1961, MTI #25 moved into a building they purchased at 257 South Orange Avenue, Newark.

On November 25, 1961, records of the Secretary of the State of New Jersey, State House, Trenton, New Jersey, reflected under Corporation File #S18611 that a Certificate of Incorporation had been filed and recorded on April 3, 1961, for "Muhammad's Mosque #25", a religious corporation of the City of Newark. These records reflected MUHAMMAD'S MOSQUE #25 is affiliated with MUHAMMAD'S MOSQUES OF ISLAM, INC., Chicago, Illinois.

On December 6, 1961, Deed Book #3819, pages 261-263, at the Essex County Hall of Records, Newark, reflected MM #25 purchased property on September 27, 1961, which is known by street number as 257-259 South Orange Avenue, Newark.

On May 1, 1963, a second source advised that MM #25 was then located at 257 South Orange Avenue, Newark. This source advised that MM #25 is directed and controlled by ELIJAH MUHAMMAD, national leader of the NATION OF ISLAM (NOI), and its aims and principles are the same as the NOI.

**NATION OF ISLAM, formerly referred to as the
Muslim Cult of Islam, also known as
Muhammad's Temples of Islam**

In January, 1957, a source advised ELIJAH MUHAMMAD has described his organization on a nationwide basis as the "NATION OF ISLAM" and "MUHAMMAD'S TEMPLES OF ISLAM".

On July 10, 1963, a second source advised ELIJAH MUHAMMAD is the national leader of the NATION OF ISLAM (NOI); Muhammad's Temple of Islam No. 2, 5335 South Greenwood Avenue, Chicago, Illinois, is the national headquarters of the NOI; and in mid-1960, MUHAMMAD and other NOI officials, when referring to MUHAMMAD's organization on a nationwide basis, commenced using either "Mosque" or "Temple" when mentioning one of "Muhammad's Temples of Islam".

The NOI is an all-Negro organization which was originally organized in 1930 in Detroit, Michigan. MUHAMMAD claims to have been selected by ALLAH, the Supreme Being, to lead the so-called Negro race out of slavery in the wilderness of North America by establishing an independent black nation in the United States. Members following MUHAMMAD's teachings and his interpretation of the "Koran" believe there is no such thing as a Negro; that the so-called Negroes are slaves of the white race, referred to as "white devils", in the United States; and that the white race, because of its exploitation of the so-called Negroes, must and will be destroyed in the approaching "War of Armageddon".

In the past, officials and members of the NOI, including MUHAMMAD, have refused to register under the provisions of the Selective Service Acts and have declared that members owe no allegiance to the United States.

On May 5, 1958, the first source advised MUHAMMAD had, upon advice of legal counsel, tempered his personal statements and instructions to his ministers concerning the principles of his organization in order to avoid possible prosecution by the United States Government; however, he did not indicate any fundamental changes in the teachings of his organization.

On July 10, 1963, a third source advised MUHAMMAD had early in July, 1958, decided to de-emphasize the religious aspects of the teachings of Islam and to stress the economic benefits to be derived by those Negroes who joined the NOI. This policy change, according to MUHAMMAD, would help him acquire additional followers and create more interest in his programs.

This is in response to the Director's request for a memorandum concerning the pro-Castro Fair Play for Cuba Committee (FPCC).

Our principal investigative objective at the outset was to corroborate the original information indicating the Cuban Government subsidization of the FPCC with legally admissible evidence. We were able to trace \$3,500 of the money used in paying for "The New York Times" advertisement (totaling \$4,725) to a little-known FPCC member, Dr. Charles Santos Buch. When confronted, Buch was initially evasive and noncooperative, claiming to have obtained the \$3,500 as donations from various friends. However, on 10/28/60 Buch confessed that he had received this money from Raul Roa, Jr., Alternate Cuban Delegate to the United Nations (UN), and that he had thereafter given a check for \$3,500 payable to "The New York Times" to Robert Taber, the Executive Secretary of the FPCC and prime organizer of this group.

Buch had first claimed that no other FPCC member, including Taber, was aware of fact this money had originated with a Cuban official and that he, Buch, had acted independently in soliciting and securing the money from Roa. However, he subsequently revised his story and admitted that Taber did, in fact, have firsthand knowledge of the transaction and, indeed, had acted with Buch in soliciting funds from Roa.

On a confidential basis we arranged to have Buch appear before the Senate Internal Security Subcommittee (SISS) in January, 1961. The Committee had been conducting intermittent hearings concerning the FPCC since the previous May. During a public session conducted by the SISS on 1/10/61 Buch recounted his story of the receipt of the money from Raul Roa, Jr., and included the information concerning the involvement of Taber. His testimony was widely publicized in the press.

Memorandum for Mr. Sullivan
Re: FAIR PLAY FOR CUBA COMMITTEE
97-1193

SECRET

Immediately following his testimony, the Registration Section of Department made arrangements to secure registration of Buch under the provisions of the Foreign Agents Registration Act of 1938, as amended. His Registration Statement, dated 1/11/61, listed his foreign principal as the "Revolutionary Provisional Government of Cuba, Habana, Cuba."

The registration of the FPCC itself was also solicited; however, one Stanley Faulkner, an attorney representing the FPCC, advised the Registration Section by letter dated 2/8/61 the organization would not register. Internal Security Division advised it considered the unsupported testimony of Dr. Buch insufficient to warrant prosecution.

Robert Taber, previously mentioned as Executive Secretary of FPCC, was one of the founders of this group. During the course of SSSS hearings Taber left the country and spent about a year in Cuba and an additional three months in Europe. Upon his return to the U.S. he appeared before a grand jury in Washington, D.C., on 3/21/62 and ostensibly demonstrated a completely cooperative attitude. The main point at issue was whether he was involved in the \$3,500 received from Raul Roa, Jr. Taber was specifically questioned concerning the statements of Buch to the effect that both Buch and Taber knew of this Cuban Government contribution. Taber, according to Mr. Nathan B. Lenvin, head of Registration Section, categorically denied the truth of Buch's statement. Following his appearance, the Registration Section stated there was a possibility of a perjury charge against either Taber or Buch and in the event any further FBI inquiries in the matter were desired we would be notified. We have received no such requests.

Following its foundation in New York City in the Spring of 1960, the FPCC was successful in establishing chapters, particularly on college campuses, in various states of the union. Richard Gibson, who has acted as national secretary, directed the FPCC after the departure of Robert Taber from the U.S. and claimed in July, 1961, that the FPCC had fraternal ties with groups in Canada, Great Britain, France, the West Indies and Latin America. Our inquiries showed considerable jockeying by the Communist Party, USA, and the Socialist Workers Party to gain control of various chapters. There was much friction among members of these two communist groups. We were able to take advantage of such friction in December, 1961, when we prepared an anonymous pamphlet and mailed it to selected FPCC members throughout the country. The pamphlet was aimed at discrediting FPCC leadership and was written in a manner to create the impression it had been prepared by dissident Socialist Workers Party members of the FPCC. By February, 1962, FPCC chapters existed in about 20 major U.S. cities as opposed to some 27 chapters and 40 student chapters in colleges and universities claimed by Richard Gibson some seven months

before. As of February, 1962, membership in and activities of the then existing branches of the organization had been greatly curtailed. Several of the chapters appeared on the verge of becoming defunct. A newsletter which originally had been published on a biweekly basis was discontinued in October, 1961, and the group had been unable to muster any substantial support for its various public activities, such as rallies, picketing, et cetera.

To a large measure, the decline in the FPCC was brought about by the aggressive FBI investigation of the organization coupled with an effective campaign of exposure of subversive influences in the group by the public press. In May, 1961, we had made effective use of our news media program to alert reliable news sources to the Communist Party and Socialist Workers Party influences in the FPCC. Thereafter, the press both on a nation-wide and local basis carried out a vigorous barrage of exposure aimed at discrediting this group and revealing it for what it was; namely, a puppet of subversive elements.

Moreover, in the Director's "Annual Report" for 1961, he clearly called attention to the heavy infiltration of the FPCC by the two communist groups and cited results of FBI investigation indicating the group had been organized with the aid of Cuban Government funds.

Vincent Theodore Lee, current National Director of the FPCC, has been involved in pro-Castro activities since January, 1961. He is a U.S. citizen. He is distributor of the magazine, "Revolution," which reportedly contains political propaganda. Lee has indicated in the past that he plans to remain in the U.S. only as long as he can do something for the Cuban revolution. He is designated as a key figure in the Cuban Special Section of the Security Index. In an appearance before the SISS in February, 1962, he answered only questions concerning his background and declined to answer the vast majority of questions put to him on grounds that such answers might incriminate him.

Not only have our investigative results been sent to the Internal Security Division of Department, but we have also regularly kept the Attorney General personally apprised by letter of our investigation of the FPCC and persons connected with it. In December, 1961, the Internal Security Division advised us that it was launching an intensive study of the FPCC to determine the feasibility of initiating early action either under Executive Order 10450 or the Registration Act. The Internal Security Division noted that there were "substantial problems" in Cuban areas and that serious consideration was being given to proceeding through an investigative grand jury.

Memorandum for Mr. Sullivan
Re: FAIR PLAY FOR CUBA COMMITTEE

SECRET

At the Department's request, we prepared a 135-page prosecutive summary report dated 2/20/62 and furnished it to the Internal Security Division. While a grand jury did make certain inquiries in the matter, such as taking the testimony of Robert Taber, as mentioned hereinbefore, no prosecutive action has been instituted by the Department. The only action taken under the Registration Act has been the registration of Dr. Charles Santos Buch, as reported hereinbefore. By letter dated 11/13/63 the Internal Security Division informed us that consideration had been given to prosecution of Vincent Theodore Lee for possible violations of the fraud statute, the travel control statute and the Registration Act but that prosecution did not appear feasible under any of these statutes.

SUBJECT: HAROLD HAYES - EDITOR
ESQUIRE MAGAZINE

DATE: November 22, 1963

At 3:15 p.m. today, Hugo Winterrowd, New York Office, telephonically contacted my office and spoke with SA Hanning. Winterrowd furnished the following information which he had received in Mr. Malone's absence from the office and which he felt the Bureau should have immediately.

Captioned individual called the New York Office and advised that the December issue of Esquire carries a picture of Sonny Liston, the Heavyweight Champion Boxer on the cover. Approximately one week ago, Hayes received a call at his home which he believes, but is not sure, emanated from Dallas, Texas. The caller, who did not identify himself asked Hayes why they had a Negro on the cover of Esquire Magazine. He then asked Hayes what he thought about what had happened to Adlai Stevenson when he visited Dallas. (Stevenson was bombarded with eggs.) Finally, the unidentified caller asked Hayes what he thought of the President's plans in coming to Texas this month.

This telephone call awakened Hayes from a sound sleep and these are all the details he can remember but felt it was worth reporting in view of the assassination of the President in Dallas a few hours ago. Winterrowd stated they are taking no action at the present time on this matter, but if the Bureau desires, they can attempt to trace the origin of this telephone call, although according to Hayes, there was actually nothing threatening said by the unknown conversationalist.

At 3:15 p.m. SAC Shanklin advised that one Jelliff Edwards, Director of Special Events, KHIJ radio, Los Angeles, said it was reported over mutual news service in New York and Washington that Sergei Flegers from Vienna stated he has definite evidence that this was a Communist plot to kill President Kennedy. Edwards asked Shanklin for comments. Shanklin told him we are continuing our investigation.

Mr. DeLoach contacted Bob Hurley, President of Mutual Broadcasting, to run this down. Hurley called DeLoach back to say he had talked to his Paris office and Flegers is a reputable Mutual reporter in Paris. Flegers was quoting Viennese Intelligence sources to the effect that Oswald attended a subversive school in the Soviet Union but was a member of a dissident Stalinist group. Flegers ended up his broadcast by saying it was his personal belief that this was the "work of a demented person."

Mr. Hurley is having a tape of the program and the information on which the broadcast was based flown in and will turn it in to us tomorrow. We will examine it at that time.

Mr. Malley called from Dallas at 11:50 a.m. to advise that there is a radio story to the effect that the Governor of Texas (possibly the Attorney General) says he will make a release from Washington this afternoon which will be of nationwide interest. I told Mr. Malley this possibly refers to the plan to have a special court of inquiry in Texas on the Oswald matter.

Malley later advised that State Attorney General Waggoner Carr is supposed to make an announcement in Washington this afternoon to the effect that he will call a court of inquiry, under Section 336 of the Texas Code of Criminal Procedure. Assistant USA Timmins, formerly with the State AG's office, advised that usually such a court of inquiry is called by the District Attorney, but if the State AG considers that local law enforcement has broken down he can call such an inquiry. District Attorney Wade has learned of the State AG's proposed action and is "mad as Hell."

Malley said the Cincinnati Office had telephoned information to the effect that a telephone operator in Columbus had overheard a conversation between two parties, one in Columbus and the other in Houston. The course of the conversation went, "It is good they got him before they tied him up with us." The operator got the names of the persons talking and Cincinnati and Houston are interviewing these persons. Malley will advise us the results.

Malley said a letter had been received at the Dallas office, postmarked Staten Island, NY, addressed to Lee Oswald, c/o the FBI, with no return address or name on the envelope. Dallas will check to see what this is and if it is a routine matter it will be returned to the post office for delivery to Oswald's relatives if the post office desires. If it is not routine, appropriate action will be taken.

REC-34

Malley advised that a medical student who had looked around the area where the President was assassinated found a piece of human bone which he is bringing into the office. Malley said Secret Service was advised and they had checked with their headquarters in Washington which requested that the bone be turned over to our office and sent in in connection with the autopsy. I told Malley to accept the bone and send it in, and we would see that it was properly handled.

The Honorable J. Edgar Hoover
Director, Federal Bureau of Investigation
% United States Department of Justice
Washington 25, D.C.

Dear Mr. Hoover:

The tragic events during the past few days has prompted me to write this letter.

First of all, let us not forget the shameful treatment our Ambassador Stevenson received in Dallas, Texas.

I cannot blame the Dallas Police Department nor any officials of the United States Government in the loss of our President Kennedy. It was very sad and a great loss to our Country. However, I am astounded at the poor security manifestation by the heads of the Dallas Police Department concerning Oswald. Apparently, they never gave serious consideration of Oswald being a probable Communist or linked with subversive activities. In my opinion, I considered it most important that the Bureau question this murderer. Now it is too late.

I was again shocked when the television station announced that the Oswald case was closed as far as the Dallas Police Department was concerned. Believe me Mr. Hoover, I shouted with joy when later it was announced that the Bureau did not consider the Oswald case closed and was in the process of making a full investigation.

As you know, my being in a family of law inforcement (former) officers, I have the greatest respect for the Bureau and it's director.

Respectfully yours,

Charles W. Brandenburg, Jr.

The Federal Bureau of Investigation,

Dear Sirs:

Like most other citizens of the United States, we have been profoundly disturbed by the events of the past few days. Quite apart from the death of the President, which is an inexpressibly serious loss to the nation, we are dismayed at the display of lawlessness which we have seen.

Our concern over the latter subject has doubled as we have watched the wheels of justice turn in Dallas. We are writing to urge most earnestly that there be no stone left unturned to discover who the real culprit was (or culprits are).

When news of the assassination broke, our first thought was that some demented person from one of the far-right "hate groups" was responsible. When it was announced that strong evidence pointed to a "Marxist" associated with a "Fair Deal to Cuba" group, we were surprised, but assumed it might be so. However, as we heard the rapid pile-up of "evidence" presented by the Dallas police (which proceeded so smoothly that it almost sounded like a case prepared ahead of time); when we realized that, claiming to have so much information, the Dallas police permitted Oswald to be at large; and then when the supposed-assassin was permitted to be killed while in police custody and before he could be tried--we began to have the awful feeling that the whole thing could have been a gigantic frame-up, to fasten the guilt on a man and then dispose of him, in order to divert attention from someone else.

REC-34

579

We feel confident that the Federal Bureau will carry through on this and we feel sure that the majority of Americans will be waiting anxiously for a more thorough unraveling of this mystery than has been made so far.

ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
NOVEMBER 22, 1963, DALLAS, TEXAS

Edward Post, Control Board Engineer, WOL Broadcasting Station, 2000 P Street, N.W., advised a representative of the FBI on November 26, 1963, that he wanted to report an incident which occurred Saturday evening, November 23, 1963, or Sunday evening, November 24, 1963, around 8:00 p.m. He related he was on duty at the above radio station on those evenings. He said WOL, a Mutual station, was presenting a taped broadcast at Dallas, Texas, between an unknown commentator and an unknown newspaper correspondent. This broadcast, according to Post, concerned an alleged master plot originating in Europe or Rumania to assassinate the late President John F. Kennedy.

Mr. Post pointed out that after about a minute of this broadcast, it was discontinued and as far as he knows, nothing more was presented regarding it.

After discussing this matter with you, I called our New Orleans Office and talked with SAC Maynor and ASAC Sylvester. I told them what we were looking for and asked them to check their files. This is to confirm my call to Supervisor LUDWIG W.
 R. OBERNDORF, WFO, 4:15 P.M., 11/25/63.

At 4:12 P.M., 11/25/63 JOHN SHAND, WTVR, TV, RICHMOND, VIRGINIA, telephonically advised that he had just received a call from Mr. STEWART PHILLIPS (phonetic). SHAND said he knows PHILLIPS personally and that PHILLIPS is no crackpot. PHILLIPS had been viewing the funeral proceedings of the late President KENNEDY and had noticed that two men had entered the North Portico of the White House and had left two boxes in the North Portico and then departed. The boxes were still visible on television. PHILLIPS was concerned that the boxes might be explosives.

Supervisor OBERNDORF stated that he would immediately make proper notifications.

SAN ANTONIO, TEXAS

November 27, 1963

ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY, 11/22/63

PATRICK G. CONNOR, 222 Melrose, Corpus Christi, Texas, advised that he came to San Antonio on or about November 3, 1963, to seek employment. He said he is presently residing with his brother, MICHAEL R. CONNOR at 108 Circle Drive, San Antonio, Texas.

CONNOR said he was at a bar across the street from the Greyhound Bus Station around noon on November 21, 1963. He said he became engaged in conversation with two unknown men and the conversation covered many things, but to a great degree they discussed politics, especially President KENNEDY, his policies and trip to Texas. In the conversation one of the unknown individuals asked, in effect, "What would it be worth to kill KENNEDY." The other unknown individual replied "CASTRO would be interested." One of the men then mentioned it would be easy with a high-powered rifle.

CONNOR stated that one of the men told him he owns two bars on Bryan Street, Dallas, Texas, and gave him his card which gave name and location of the two bars. CONNOR said he has searched every place he knows trying to locate the card but thinks he may have thrown it away or lost it. He said he recalls the card had two cocktail glasses pictured on it in a staggered position. He also seemed to recall the glasses were pictured with a little red fluid in them. CONNOR described the man who said he owned the bar as

COPIES DESTROYED

a white, male, age 36, 5'10", 160-165 pounds, black hair sprinkled with gray, combed straight back with no part. He was wearing corduroy coat (color unknown) and white shirt with open collar.

CONNOR described the other man as a white, male, age 30, 6', 135 pounds, thin build, blond hair, wearing a long sleeve light tan shirt and no coat.

CONNOR stated that he could not recall which man made which statement, as he thought very little about it at the time. He considered it "bar talk." He said other times in the past when discussing politics he had heard people state that someone should kill KENNEDY and this was the first time it was ever put on a monetary basis. CONNOR said he and both of the men had been drinking moderately.

CONNOR further advised that the man who stated he owned the bar in Dallas asked a bar maid named JO ANN to call the San Antonio Airport and determine when a plane would leave for Dallas. After the bar maid completed the call, the unknown individual asked for change and made a call to Dallas, supposedly to his wife.

CONNOR stated he has seen photographs of JACK RUBY and neither of these men are identical to him.

CONNOR said after call was made no additional conversation was held regarding KENNEDY's visit to Texas.

JO ANN MORGAN, bar tender, Stardust Lounge, 509 North St. Marys, San Antonio, Texas, advised that she recalls a man known to her as PAT CONNOR being in the lounge and in conversation with two other men about a week ago but did not hear any details of the conversation. She did recall hearing the names "KENNEDY, KHRUSCHEV and CASTRO" but did not know how they were being used in the conversation. Miss MORGAN said she often makes calls for customers and many of them are to the airport. She could not recall specifically making a call for either of the two men with PAT CONNOR.

At 2:20 pm, on 11/28/63 Mr. Kemper in my office received a call from Philippe deBausset (no reference Bureau files) who stated he was the Washington representative of the French magazine called Paris Match. He stated that they had a researcher in Dallas and that he had come up with some interesting facts and would like to talk to someone.

At 3:05 pm Mr. deBausset called at the Bureau and was interviewed by Mr. Kemper. Mr. de Bausset said that their researcher in Dallas is Mr. Paul Mathias who is staying at the Cabana Motor Inn telephone RI 8-8161. He stated Mr. Mathias had come up with the following facts:

(1) that after the shooting of Oswald Mathias was able to secure the home address of Ruby and got to Ruby's apartment before the police did. Mr. deBausset said that this alone reflected the incompetency of the Dallas Police Department.

(2) that Mathias had called on a gunsmith in Dallas, name unknown to de Bausset and the gunsmith had advised him that a few weeks ago he had fixed a telescopic sight on an Argentine carbine and that the receipt for \$6.00 bore Oswald's signature. Mr. deBausset was asked how Mathias knew this was Oswald's signature and deBausset advised that he had no further information. He further indicated that when the police called on the same gunsmith they did not ask for the receipt. He further pointed out that the Argentine telescope was fixed with three screws and that he understood the Italian gun was fixed with four screws.

(3) that after Oswald returned from Mexico on November 4, 1963, he had a map showing the parade route of the President.

(4) that there was an individual unknown to deBausset living at the same address as Oswald who fled the same date of the assassination and that this individual had a link to Ruby.

guy KENNEDY.

"This person was only 17 years old and I'm quite
certain that his statement has not the remotest con-
nection with yesterday's tragedy. Nevertheless it
shows the hatred rammed in the above section and very
probably in other parts of the South against President
KENNEDY.

"I feel impelled to write the above in view of
what happened yesterday in Dallas.

"Respectfully yours,

Upon contact, WALTER FRANK advised he and his wife vacationed at Edgewater Manor Apartments, 801 Lakeside Drive, Lake Osceola, Hendersonville, N.C., during the first half of September, 1963. This resort is owned by J. E. JACOBSON, Box 525, Hendersonville, N.C.

During this period FRANK engaged in conversation with handyman, name unrecalled, about 17 years old, tall, skinny, reddish hair, no glasses, who made the comment during a conversation that "1,000,000 should be raised to kill that guy KENNEDY." FRANK did not recall the context or subject of instant conversation and recalled only this comment. FRANK does not recall this boy's name, however, JACOBSON would know same.

On 11/23/63 ROBERT CLAUDE BOWER, 301 N. DeLeon Street, Victoria, Texas, furnished the following information.

BORN [illegible] [illegible] [illegible] 6-1-32

BOWER advised that he was in the Levi Beer Tavern in San Antonio, Texas, about 10:00 PM on the evening of 11/22/63 at which time he was drinking beer with a Mexican male; and the subject of the President's assassination was brought up. BOWER advised that the individual whom he was talking to stated that he knew who assassinated the President, and he, BOWER, asked him who did it and he stated that the Mexican male would not give him any name. BOWER advised that he met this man at the bar and that they drank five or six beers a piece and were talking to one another only. He stated that the Mexican male appeared to be a stranger as he did not converse with anyone else and did not appear to be known at the bar. BOWER stated that he had never seen the subject before and that he would take him to be of Latin American descent, that he talked fairly good English but with a Mexican accent.

Re Dallas teletype 11-25-63.

On 11-26-63 JAMES O. BRASHER, 714 57th, N.W., Albuquerque, New Mexico, who is employed by the Public Service Company, advised that he was formerly employed by Radio Station KFUN at Las Vegas, N.M., until 8-4-63, during which time he worked with ROBERT DOUGLAS there. He was interviewed concerning comments that some leading Texas politicians, identity not known, had reported "four men were planning to kill the President this fall." BRASHER stated he and DOUGLAS engaged in "bar room politics," discussing at length pointing out that both were Republicans; however, they differed on Republican viewpoints. He stated these discussions took place in their homes, at work and over an occasional beer; however, he emphatically denied receiving any information or making any statement which should indicate that four men were planning to kill the President this fall. He said he knows absolutely nothing concerning Texas politics and Texas politicians, and would definitely recall such a statement had he or DOUGLAS made same. He also advised he would have reported this fact immediately and feels sure that DOUGLAS would have done so.

On 11-26-63 Mr. ROBERT DOUGLAS, Route 1, Box 322, Las Vegas, N.M., advised he is an announcer and salesman for Radio Station KFUN there. DOUGLAS stated that he and JAMES

By teletype 11-27-63 Los Angeles furnished following data received from Orange County, California, Sheriff's Office.

Sheriff's Office on 11-27-63 received anonymous phone call from individual who sounded rational and well educated and stressed that this was not a practical joke. Caller claimed to have a brother who is member of Irish Republican Army (IRA). He said he had received word from a relative in Ireland advising that the IRA will attempt to get a company of IRA members into the U.S. via "Air Lingas" and, if unsuccessful by air, the members would arrive in the U.S. one by one for the purpose of going to Dallas to "commit mayhem on that city." Caller said he was unable to furnish any details.

This data has been telephonically furnished to State Department, Central Intelligence Agency and the Immigration and Naturalization Service. Dallas has been telephonically instructed to advise local authorities and we have sent cable to Legat, London, instructing that information be furnished to appropriate Irish authorities and have Legat promptly advise of any confirming data received.

Mr. J. Edgar Hoover
Director, F.B.I.
Washington, D.C.

Dear Mr. Hoover;

I am taking this liberty in writing you, hoping you will see to it that it arrives in the proper hands. It concerns the Secret Service and their role in the recent death of President Kennedy.

There must be considerable soul searching among those responsible for protecting the life of the President in view of recent events. If it is any consolation to you dedicated men, let me as a majority of one, extend my vote of confidence. It is an amazing revelation to me that you are able to accomplish your task at all. Be assured that in my mind, and I feel sure in the minds of the people of these United States, you did all that was humanly possible to make the way safe.

Because of the nature of your task and the office you protect, no doubt the unexpected has become the expected, but until the mysteries of the human mind become revealed you will be called upon to render your service more and more.

You have done and will continue to do a very commendable job. I'm sure the confidence in your group by those you protect is shared by the rest of the public.

With great respect; I am,

Sincerely,

William Cornwell Jr.

Dear Mr. Cornwell:

I have received your letter of November 23rd regarding the assassination of President Kennedy and can understand the concern prompting your statements.

Although the primary responsibility for the safety of the President and his family is the duty of the Secret Service, the FBI has made all of its facilities available to that agency and the local authorities. In addition, the President has instructed the FBI to conduct a full investigation into the assassination of President Kennedy and the murder of Lee Harvey Oswald. I can assure you that this Bureau will discharge its responsibilities in this regard with the same thoroughness and dispatch that have characterized our investigations in the past.

Sincerely yours,
J. Edgar Hoover

SAC Harry Maynor of the New Orleans Office at 3:10 p.m. advised that investigation had disclosed Social Security Number 433 - 54 - 3937 in the name of Lee Harvey Oswald. Oswald was employed from 5/10/63 to 7/19/63 by the William Reily Company, Inc., 640 Magazine Street, New Orleans, Louisiana. No other employments were located.

SAC Maynor stated they have obtained some known handwriting of Oswald. He was instructed to immediately forward this handwriting to the FBI Laboratory for use in comparing Oswald's handwriting with the handwriting used on papers when ordering the purported murder weapon.

SAC Maynor stated that it would be of considerable assistance to their investigation if additional data could be obtained through the Social Security Office in Baltimore.

The results show Punctate traces of nitrate found in the paraffin on the right and left hands consistent with that of a person who handled or fired a firearm.

The paraffin of right cheek showed no traces of nitrate. This examination was conducted by Dr. M. S. Mason, Director Dallas City County Criminal-Investigative Laboratory.

Clark advised that he now understood that the actual results of the paraffin were made between 12 and 1 a.m. this morning, but were not taken to the Criminal Investigative Laboratory until 10:45 a.m. this morning.

At 3:25 pm November 24, 1963, Supervisor J. W. Burns telephonically contacted SAC Harry Maynor of the New Orleans Office with reference to the allegation of Airman Second Class Palmer E. McBride who had worked with Oswald as delivery boy for Pfisterer Dental Laboratory, New Orleans, Louisiana, from 1957 to 1958 at which time according to McBride, Oswald was preaching the communist doctrine and stated he would like to kill President Eisenhower in view of Eisenhower's "exploitation of working people".

SAC Maynor advised the New Orleans Office has interviewed three employees of Pfisterer Dental Laboratory and was attempting to locate one other employee who might have recalled Oswald or McBride. SAC Maynor stated none of the employees interviewed to date could recall either McBride or Oswald. No record could be located on employment of McBride or Oswald and the bookkeeper who handled records for that period is deceased. Investigation continuing to locate someone familiar with this phase.

SAC Maynor was advised that in view of Oswald's death investigation of Oswald's background should be expanded to cover any possibility of contact with persons in Oswald's past who might have any knowledge as to the reason for Oswald's action in killing the President. New Orleans will keep the Bureau currently advised on all developments by teletype or telephone according to the type of information developed.

The case of the assassination of the late President Kennedy has apparently been "closed" by the Dallas police. I sincerely hope that your Bureau will continue to pursue this crime and the ramifications involved with vigor.

Whether Lee Harvey Oswald was guilty or not is not the only question. The easy access of Jack Ruby raises unexplained questions. The latter's attempts to "avenge" Kennedy's death, when the suspect was already in police hands, and would have been tried in accordance with "due process of law", seem rather specious.

For the sake of our great American nation, many sincerely hope that you will unravel the many puzzling aspects.

I have received your letter of November 25th regarding the assassination of President Kennedy and can understand the concern prompting your statements.

Although the primary responsibility for the safety of the President and his family is the duty of the Secret Service, the FBI has made all of its facilities available to that agency and the local authorities. In addition, the President has instructed the FBI to conduct a full investigation into the assassination of President Kennedy and the murder of Lee Harvey Oswald. I can assure you that this Bureau will discharge its responsibilities in this regard with the same thoroughness and dispatch that have characterized our investigations in the past.

John Kennedy y su Hermano si Pueden ser Víctimas de un Atentado, Amenazó Castro

La muerte del Presidente Kennedy y la eliminación física de su asesino, son obra de la dirigencia comunista, dice categóricamente, en declaraciones exclusivas para EL UNIVERSAL, el doctor Emilio Núñez Portuondo, distinguido diplomático cubano.

El doctor Núñez Portuondo tuvo el honor de presidir la

ONU, su Consejo de Seguridad y su Comisión de Desarme, precisamente cuando se registraron los graves sucesos de la invasión de Egipto (en el caso del Canal de Suez) y los trágicos sucesos de Hungría.

Telefónicamente, desde Fort Lauderdale, y por conducto de su secretario y antiguo col-

aborador, el doctor José Antonio Cabarga y Sainz, quien reside en esta Capital, el distinguido diplomático ha hecho las siguientes trascendentes revelaciones en relación con el asesinato del Presidente Kennedy:

"A muy pocas horas de su distribución en ciudad México, llega a mis manos un ejemplar de EL UNIVERSAL de ayer día 23, prestigioso diario del país amigo, que disfruta de un gran prestigio internacional. Al leer su Sección Editorial titulada "John F. Kennedy", he decidido dar al conocimiento de todos, desde México, y con carácter exclusivo para EL UNIVERSAL, estas declaraciones:

"Me impulsa a ello un pa-

rafo valiente, cívico y de una realidad indiscutible, de dicho editorial y que copiamos: "Por desgracia, los datos recogidos por la policía norteamericana, presentan al asesino como un comunista indoctrinado en Cuba y Rusia, principalmente en el primero de los países, a que no obstante su matr-

"Confiamos en que el nuevo Mandatario norteamericano que ha sustituido al fallecido John F. Kennedy, el ilustre senador Lyndon Johnson, aproveche la visita de sus aliados, de sus más importantes y leales aliados de los países europeos, para adoptar las medidas que conduzcan a erradicar de inmediato, sin temor ni compasión alguna, el peligro comunista que significa la base soviética cubana, y con ello se devolverá la tranquilidad a Venezuela, Perú, Colombia, Brasil, República Dominicana, Haití, Guatemala, etc., etc., y podría hacerse realidad sin la interferencia comunista, la total realización del Plan de la Alianza para el Progreso, como fuera planeado y comenzado por el Presidente asesinado, John F. Kennedy.

"Para ello sólo queda un camino: utilizar las fuerzas armadas de la potencia militar número uno del mundo, y la imprescindible cooperación de sus aliados en el terreno militar e ideológico".

El doctor Emilio Núñez Portuondo, distinguido diplomático cubano (izquierda), quien ha hecho importantes declaraciones exclusivas para EL UNIVERSAL en relación con el asesinato del Presidente Kennedy. En la ilustración aparece con el doctor José Antonio Cabarga y Salas, secretario y antiguo colaborador suyo.

"Estén alerta el pueblo y el gobierno de los Estados Unidos de América; y los pueblos y gobiernos de las demás naciones libres. Reitero mi advertencia: "La maniobra comunista está en marcha. El asesinato del Presidente Kennedy no es más que una parte del plan trazado desde hace años y denunciado por nosotros también desde hace mucho tiempo, antes de apoderarse Castro de Cuba. No esperemos a que el desastre, la destrucción y la pérdida de vuestras libertades, como sucedió en Cuba, sea quien venga a demostrarles la realidad, cuando ya sea tarde para rectificar y actuar. Vuelvo a repetir mis palabras al entonces señor Presidente de los Estados Unidos contenidas en mi carta abierta:

"O se erradica por la fuerza a Castro y sus camaradas, o ellos destruirán a Estados Unidos, como ahora han destruido a su gran Presidente".

"Y, creo firmemente, que el pueblo americano habrá de respaldar a su gobierno para liquidar al comunismo en Cuba y América, y ponerle un freno, reduciendo sus actividades a sus fronteras, pues ese pueblo de los Estados Unidos, mejor que nadie advertirá el peligro, y comprenderá que su prestigio merma ante los ojos de las demás naciones, al comprobarse que un miembro activo del comunismo, pro castrista declarado y confeso, que renunció a su ciudadanía para acogerse a la rusa, asesina al hombre que rigió los destinos del país más poderoso del mundo, en su propio territorio, y después se elimina a dicho asesino para que no pueda declarar y descubrir a los autores intelectuales de este monstruoso hecho, sin que nada ni nadie pueda evitarlo. Eso será motivo de alarma para la población de Norte América, que desde ahora tendrá dudas de su seguridad, ante la inseguridad de su más alta figura que no pudo ser protegida en su propio país. Ahora pensarán día a día, minuto a minuto, que el día más inesperado lloverán sobre Estados Unidos cohetes atómicos, disparados desde Cuba, que impunemente conserva un gran arsenal de esas mortíferas armas y los instrumentos para lanzarlas, embocada y arteramente, sin que la gran nación amiga, la más poderosa del mundo, pueda evitarlo ni evitar su destrucción."

"Ahora se escuchan comentarios y se ha tratado de dar distintas versiones sobre los móviles del aleroso crimen del Presidente Kennedy. Primero se habló de motivos raciales; luego, de un maniático, y últimamente, se quiere atribuir a falta de preparación del pueblo de Norte América por cuya causa ciudadanos de este país llegan a realizar actos de esa naturaleza.

"Por su parte Nikita primero; después Carlos Lechuga en nombre del gobierno cubano, y finalmente el propio dictador rojo Fidel Castro, expresan su pesar públicamente. lloran y se conducen condenando el cruel asesinato, queriendo demostrar al mundo que son ajenos al hecho y que lamentan la pérdida que significa para el pueblo americano y para sus propósitos de paz, la desaparición de J. F. Kennedy.

"Recordemos cómo al bajar de la Sierra Maestra, en los primeros días de enero de 1959, Fidel y sus seguidores ostentaban todos, para exhibición pública, a la vista de los incautos, cadenas con grandes imágenes de la Virgen Patrona de Cuba, de Santa Bárbara, etc. Tenemos las fotografías publicadas por la revista "Bohemia" de los hombres del comunista militante y asesino sin escrúpulos "Che" Guevara hincados de rodillas rezando; de Celia Sánchez, la inseparable compañera de Fidel de todos los tiempos y la mujer más destacada del régimen comunista cubano, con la imagen de la Virgen colgando del cuello. Mucho tardaron los cubanos y el resto del mundo en darse cuenta de la maniobra comunista y muy costoso ha resultado, pues las consecuencias están a la vista.

"Y a ello siguió mi advertencia más seria: "En el caso de Cuba no hay opción. O se erradica por la fuerza a Castro y sus camaradas, que se han apoderado de la Isla, o ellos destruirán a Estados Unidos de América. Mientras más tiempo transcurra, sin la acción necesaria, peor será para los Estados Unidos y el resto de América".

"El tiempo y los hechos vienen dándonos la razón. La perturbación y el terrorismo en Latino América y otros lugares del mundo es de todos conocida. El alevoso asesinato del Presidente de los Estados Unidos y posteriormente el asesinato de su victimario es la prueba más elocuente de que nuestro pronóstico era y sigue siendo acertado. Cuando se llega a estos extremos es porque se está decidido a todo. Y no tenemos la menor duda de que la muerte de John F. Kennedy, y posteriormente la eliminación física de su asesino, es obra de la dirigencia comunista; es el producto de un

plan largamente elaborado y puesto en práctica por esa dirigencia roja, emboscada y traidora en todo momento.

"Y como apoyo a la anterior aseveración queremos señalar un hecho muy significativo: En un discurso de Fidel Castro pronunciado en la Embajada de BRASIL en La Habana, el día 7 de septiembre de 1963, acusó al CIA y al Presidente Kennedy de fraguar un atentado para su eliminación física, y acto seguido dijo Castro: "Que se culden John F. Kennedy y su hermano Robert, que ellos sí pueden ser víctimas de un atentado que les ocasione la muerte".

"Teniendo pruebas de esa declaración, en que se anuncian acontecimientos que han ocurrido, dejamos a los lectores que juzguen por sí mismos.

"Pero a nosotros, aunque nos consternara el hecho, no nos sorprendió desprevenidos. Llevamos muchos años en una lucha frontal contra el comunismo y sus procedimientos; nos asiste la experiencia de largos años, y es por ello, precisamente, que en una sincera carta abierta, publicada en inglés y español, en Estados Unidos, en abril de 1961, dirigida al desaparecido estadista, le diera a conocer mi preocupación con una serie de hechos y antecedentes que apoyaban mis temores. Entre otras cosas aconsejaba al Sr. Presidente de Estados Unidos, con el debido respeto a su alta jerarquía y en la seguridad de que estaba dirigiéndome a un hombre de excepcionales condiciones, con estas 'proféticas palabras':

"Estados Unidos no puede tolerar un régimen comunista a 90 millas de sus costas. Es distinto el peligro a miles de millas de distancia, como ha sucedido hasta ahora con los Estados satélites comunistas europeos y asiáticos, a tenerlo a sus espaldas.

"Tampoco podrá Estados Unidos aislar a Castro y sus camaradas. Para hacerlo hubo una oportunidad, que ya pasó; cuando no tenía virtualmente el apoyo público de la Unión Soviética y la China Roja. Cada día que transcurre, la labor antiamericana y comunista será más intensa en el resto de la América Latina, y se irán comunicando los gobiernos, unos declarándolo abiertamente y otros ocultándolo, como lo ocultó Fidel Castro al principio de su dictadura; quedará aislado Estados Unidos, sin mercados y sin gobiernos

amigos en esta parte del mundo. Así lo ha prometido Nikita en su discurso de 6 de enero de 1961".

~~monio~~ con una soviética, era presidente de una sociedad que mantenía en Estados Unidos una propaganda de protección a la Cuba comunista.

"Es muy posible, con motivo de este desgraciado incidente, que el Senado de los Estados Unidos se encrespe hasta el temido acuerdo de realizar algún acto de agresión contra Cuba, que obligue al líder ruso, que achaca a las fuerzas reaccionarias el asesinato de Kennedy, a volver atrás, en su amenaza como lo hizo con los barcos soviéticos, en defensa de la República de Cuba, de la cual se ha apoderado Castro.

"Estamos consternados ante el brutal asesinato del honorable Presidente de los Estados Unidos de Norte América, como tienen que estarlo todos los pueblos libres que tienen puestas sus esperanzas de supervivencia, y de la supervivencia de los sistemas democráticos, en la que es la nación líder y la mayor potencia mundial en estos momentos.

"En otro sentido nos embarga la gran tristeza de haber perdido a un amigo personal, que antes de ser exal-

tado a la Primera Magistratura, siendo senador, nos patentizó en un discurso emotivo, la gratitud del pueblo americano por nuestra actuación durante años en Naciones Unidas defendiendo la causa del mundo libre y por nuestra labor infatigable por estrechar las relaciones entre Estados Unidos de América y Cuba, en un homenaje que nos ofreciera el embajador de Francia.

"El pueblo de Estados Unidos ha recibido muchos ataques, de toda índole, por parte de los comunistas, especialmente a través de la base soviética cubana desde que Fidel Castro se apoderó de la isla de Cuba, pero jamás pudo concebir que se llegara a la eliminación física de su Primer Mandatario. Tampoco, seguramente, podían esperar semejante acto de barbarie los demás pueblos libres.

At 9:05 a.m., 12/2/63, Assistant Legal Attache John T. Minnich, London, telephoned via cost-free Defense facilities and furnished the following information:

"At 5:47 p.m., 11/29/63, a man called the security office at the Embassy. He never would identify himself. He sounded like an Englishman. He said he did not have much time and requested the secretary in the security office to take down some information. He said 'I just arrived from New York today. It doesn't really matter what my name is, does it. The people that had Ruby killed (he actually said Ruby killed) are the same people that directed (he mentioned an organization which the secretary in the security office could not catch the name of) to relax their observations.' The caller then said 'a man named Hart or Martis in that city in other words it is an internal (and then the secretary could not understand what word he used after that).'"

ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY,
Dallas, Texas;
November 22, 1963;
INFORMATION CONCERNING

On November 22, 1963, former Deputy Sheriff CLYDE JOHNSON, Yuma, Arizona, advised the Yuma Resident Agency of the Federal Bureau of Investigation that at approximately 12:45 PM, Mountain Standard Time, he was in Ray's Garage, 3940 East 32nd Street, Yuma. During the course of conversation with RAY SHUFFIT, SHUFFIT advised he knew a week ago that something was going to happen to the President. He asked SHUFFIT how he knew this and SHUFFIT stated a truck driver had told him. JOHNSON decided he would ask no further questions of SHUFFIT and would report the matter to the Federal Bureau of Investigation.

On November 22, 1963, RAY SHUFFIT, Ray's Garage, 3940 East 32nd Street, Yuma, denied telling CLYDE JOHNSON that he knew something was going to happen to the President. JOHNSON must have misunderstood him, and the matter that came to his attention was very non-specific. The incident that occurred was as follows:

On November 13 or 14, 1963 at approximately 7:00 or 8:00 PM, two men stopped at his garage which is located on U. S. Highway 80, just east of Yuma, Arizona. The men were driving a 1962 or 1963 dark-colored Cadillac, bearing California license (numbers unknown). The driver was approximately 30 years old, 5' 9-10", weighed approximately 160 pounds, medium build, and wore good clothes. He asked for the nearest route to Tucson, Arizona.

ASSASSINATION OF PRESIDENT KENNEDY

The second individual who never got out of the car, SHUFFIT could only describe as being approximately 30 years old, dark hair, and a little heavier than the first individual.

They started talking about integration matters, and the driver of the Cadillac said he was going to put a stop to some of the trouble and was going to Texas or New York to "eliminate someone".

SHUFFIT thought nothing of the matter as he has heard numerous people talk of doing rash things concerning integration matters; and at the time, he thought these two individuals were "crack pots".

When he heard of the assassination of the President on November 22, 1963, SHUFFIT thought this incident might have something to do with the assassination although he had no specific reason to think so. SHUFFIT advised he had no further information which would identify the two individuals in the Cadillac or the vehicle involved.

ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
NOVEMBER 22, 1963, DALLAS, TEXAS

Re: JOHN OBER
ASHLAND, NEW HAMPSHIRE

On November 22, 1963, [redacted] of [redacted] New Hampshire, sent a Western Union wire to FBI Headquarters at Washington, D. C., suggesting John Ober, John Birch Society, Ashland, New Hampshire, be investigated in connection with the assassination of President Kennedy.

[redacted] New Hampshire, was interviewed at his home by Special Agents of the FBI on November 23, 1963, concerning the foregoing telegram. He identified himself as a [redacted] of the Democratic Party in the State of New Hampshire and presently self-employed at his residence as [redacted] under the name [redacted]. He said it was his opinion after hearing of the assassination of the President that the John Birch Society may have been behind the assassination and it was his feeling that the John Birch Society members should be identified on the possibility of their involvement in the assassination. He admitted he had no specific information regarding this matter and that it was his own speculation.

[redacted] said that after hearing of the assassination he made a telephone call to John Ober of Ashland, New Hampshire, who, according to [redacted] is a member of the John Birch Society, and who, he stated, is a prolific letter writer to local newspapers in which he expresses views to the extreme right. He said he asked Ober over the telephone if he was satisfied now that the President had been assassinated and Ober said something to the effect that he was satisfied.

[redacted] stated he may have goaded Ober as he spoke to him in a sarcastic manner. He had no specific information concerning the involvement of Ober or the John Birch Society with the assassination of President Kennedy, and nothing factual to support his speculations.

General Herbert C. Holdridge

CANADA

General Holdridge was interviewed by Special Agents of the FBI at his residence, 1831 Glen Eyrie Street, Laguna Beach, California, on the morning of November 23, 1963.

General Holdridge opened the interview by stating he had no use for the FBI and felt that the FBI had helped to make this country a police state. He said he feels that his telephone is tapped, and that his every activity is watched by the FBI. He said, however, he feels that this is a good thing because he has always been completely honest and open with the FBI, and wants that organization to be aware of his activities. Concerning the assassination of President Kennedy, he advised as follows:

He does not recall having told anyone at the convention of the Jehovah's Witnesses in September, 1963 that Kennedy would be assassinated in November of this year. He may have done so, however, but does not recall so specifically. He has been predicting the death of Kennedy ever since the latter took office.

He has been receiving information for several years from his friends who are psychic and from the vibrations he, himself, has received that Kennedy would be assassinated. Specifically, he was told by a female psychic at the time Kennedy took office as President that Kennedy would be assassinated, that thereafter Lyndon Johnson would assume the Presidency, and that he, too, would be assassinated. Johnson is to be assassinated by a Negro in a non-political murder, and thereafter General Holdridge will be called to Washington to assume the Presidency.

On July 4, 1961, Holdridge was attending a Mohawk Indian convention at Onandaga, Canada. He has been one of the few white men to fight in behalf of the Indians, and is held in high regard by them. At this convention, he was

COPIES DESTROYED

44 DEC 20 1972

General Herbert C. Holdridge

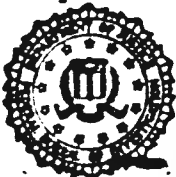

approached by a medicine man from Syracuse, who told him that President Kennedy would die while in office. This medicine man begged him as a friend of the Indians to take over the Presidency of the United States when this happened.

Holdridge said that he has absolutely no information concerning the assassination of President Kennedy, other than that which he has received from psychics and from his own extrasensory perception. He believes that the government will deteriorate to such an extent in the near future that it will be necessary for him, Holdridge, as one of the few defenders of the Constitution, to take over the reins of Government.

Holdridge said he has completely divorced himself from all political groups, and has also divorced himself from his family to save them embarrassment, and works completely alone in political activities, using the name "Constitutional Provisional Government of the United States."

On the night of November 22, 1963, he had completed a release concerning the death of Kennedy, in which he stated he had bitterly opposed Kennedy's election, but deplored his death. He said as shocking as the assassination was, he believes Kennedy was over-ambitious, a perjurer, an illegally elected politician, a conspirator, an economic bungler, and a diplomatic bungler. He said he hopes the United States never again has a Roman Catholic as President, as Kennedy was merely a tool of the Vatican.

JACCHIM RUDOLPH ROEHRICHT

On the evening of November 22, 1963, Mrs. Ernestine White, Fullerton, California, telephonically advised that a young German identified as Joachim Rudolph Roehricht, an employee of Knotts Berry Farm, Buena Park, California, in a conversation with her on November 16, 1963, commented she would be surprised to know how many young men in Texas wore the Swastika. He allegedly said that if the President came to Texas, he would be assassinated. He went on that in San Antonio, Texas, there are a number of young men who believe the Negroes should be killed. He allegedly said, "We need a Goering to get rid of the Negro in the U. S. like they did the Jews in Germany."

GERMANY
TEXAS

Barbara Wickware, an employee of Knotts Berry Farm, in a separate call on the evening of November 22, 1963, advised a German alien, identified as Roehricht, employee at Knotts, went to Texas on vacation and returned approximately November 13, 1963. Upon his return he told Ken Knott that if President Kennedy insists on continuing his trip to Texas, he will not come out alive. After hearing of the President's assassination, he laughed and stated that he knew all about it.

Roehricht, 7641 Fillmore Drive, Apartment C, Anaheim, California, was located and interviewed by Bureau Agents. He stated he met George E. Strauch of 455 North Drive, San Antonio, Texas, while Strauch attended the University of Heidelberg, Germany, and while Strauch was residing at Roehricht's parents' home at Sickerled Strasse 17, Ahrensburg, Germany. Strauch, an American citizen, attended the University in Germany. Strauch now attends the Law School of San Antonio and resides with his parents at the above address.

JACOBIN RUDOLPH ROEHRICHT

Roehricht visited Strauch in San Antonio recently and met Strauch's Law School friends. They talked about many subjects, including the political situation in Texas in a "university atmosphere." Roehricht stated the general thought was it was not safe for Kennedy to come to Texas because the people there hated him. Roehricht stated he thought these discussions were purely academic and had nothing to do with the assassination. Roehricht denied making statements attributed to him. He claims no pertinent knowledge of assassination.

While the interview was being conducted, Roehricht's sister, Anna Marie Harvard, came in and she commented she had told Roehricht not to talk so much. He admitted that he had talked loosely but that it was idle talk without malice.

L. E. Dunning
Installation Foreman
Grinnell Company
Glendale, California

The following information was made available by Mr. Dunning for any value it might be in connection with the assassination of President John F. Kennedy:

Mr. Dunning advised that his home address is 630 Raleigh, Glendale, California, telephone CI 2-2526. He telephonically advised this office on November 22, 1963 that he was working for this company at the intersection of 38th and Santa Fe Streets in Vernon, California on November 21, 1963. He said his work necessitated the use of walkie talkies tuned to channel 10, and while he was using this channel between 2:30 and 3:00 p.m., a Citizen's Band (CB) broke in and two individuals who used call letters which he cannot now recall, talked about celebrating the President's death on the next date. Dunning stated he recalled no names or call letters. He advised that he was utilizing this set on 227.075 megacycles on channel 10, and that the above was heard by his assistant, Jerome Ruzicka.

On November 23, 1963, Mr. Lawrence Guy, Engineer, Federal Communications Commission (FCC), telephonically advised that persons using a CB had to register their transmitters, that if the transmitter runs over 100 milliwatts and operates on the CB, the operator must license the transmitter with the FCC. Guy stated if the transmitter is a "Part 15 Device" which operates on less than 100 milliwatts, this would not necessarily operate on the CB, and no license would be required. This latter type would need a sticker or identification tag stating the transmitter had complied with FCC regulations.

Mr. Guy advised that the normal range for a 5 watt transmitter on the CB would be from five to ten miles, that the distance varies with the type of set, height of the antenna, and with ionosphere conditions.

Based on the above information, it appears that it would be virtually impossible to identify the origin of the original transmission as furnished by Mr. Dunning without the use of specialized equipment, and monitoring the 227.075 megacycles channel constantly.

On November 22, 1963, the Sanford Goodkin Research Corporation, 15366 Dickins Street, Sherman Oaks, California, advised the FBI, Los Angeles that they have an employee that told them a friend had informed her three days ago that the President would be shot. Mr. Louis Goodkin, Head of the above company, was contacted, and advised that Linchen' Castleton, his Secretary, had told him of a telephone conversation she had just had with Janet Deane, an employee of this concern at their Huntington Park, California Office. According to what Miss Castleton related, Miss Deane mentioned that she had a friend in Newport Beach who told her three days ago that the President would be killed, and for this reason, Goodkin immediately contacted the FBI.

Miss Castleton was interviewed and advised that Janet Deane had advised her that she, Deane, had heard three days ago from a fellow she knows in Newport Beach that the President would be killed today. Castleton advised that she is not completely clear on other remarks made by Deane. Miss Castleton was visibly upset emotionally over the news of the President's death, and described Miss Deane as an intelligent, outstanding young woman, whom she respects as a loyal citizen. Castleton advised that Deane was staying at the residence of Harold and Edwina Williams in Encino, California.

Janet Deane was contacted on November 22, 1963 by Bureau Agents. Deane advised that she had heard of the death of the President at the home of the Williams', above. She mentioned to a member of the Williams family it seemed to her within the past three days someone had told her that the President would or should be killed before the next election. Deane said she was unable to recall who had made the comment to her concerning the death of the President, other than some individual from the beach area. Janet Deane specifically denied that she had made any comment concerning Dallas or Texas, or that she had told anyone she had information that

Janet Deane

the President would be killed in Dallas on this date, or any other date. Deane advised that she does recall that sometime in the past, she overheard or was told that the President would be or should be killed before the next election, however, at the time of hearing this remark, she did not place any significance in it, and felt that the remark was not made in a serious vein. Deane reviewed her activities and associates for the past week, and was unable to isolate anyone who may have made the statement. Janet Deane expressed her complete willingness to assist the Government in any way, and clearing up what she feels is a misunderstanding.

Miss Castleton was recontacted on this date, and advised that she feels that she possibly misinterpreted Miss Deane's statements, but feels she related them as best she could recall.

Mr. Harold Williams, 16645 Bosque Avenue in Ensign was interviewed on November 22, 1963. He advised that Janet Deane had stayed with his daughter, and was at his residence when the announcement concerning the President's assassination was given on television. At no time did he hear Deane make any statement regarding having previously heard anyone say that the President was to be killed.

Miss Edwina Williams, daughter of Harold Williams, above, was interviewed on November 23, 1963. She advised that she could not recall Deane making any statement in her presence that she had heard within the past few days that the President is to be shot in Texas on Friday.

GARY EDWARD PETERSON

At 10:41 p.m., November 22, 1963, Mr. Larry Peterson, 3201 Coldwater Canyon, Beverly Hills, California, telephone CR 1-5274, employed in a secretarial capacity for actress Cathy Nolan, advised that his mother informed him that his brother, Gary Edward Peterson, is presently residing in Fort Worth, Texas, specific address unknown.

Peterson stated his brother, Gary, was court-martialed in 1959 at Fort Meade, Maryland, on charges of extortion, forging checks and threatening the life of his mother. Peterson said his brother in about 1958 or 1959 sent a letter to President Eisenhower in which he enclosed a silver bullet and although the contents of the letter were not known to Peterson, he believed the letter contained some type of threat to former President Eisenhower. Peterson described his brother as born June 30, 1938, at Wilkinsburg, Pennsylvania, 5'10", black hair, and brown eyes. D.C.
KMS

Peterson stated he has not seen his brother since 1957 but recalls that prior to his court-martial in 1959, his brother had been a patient at Walter Reed Hospital where he was declared insane. He was thereafter admitted as a patient at Valley Forge Hospital where his condition was described as being responsible for his actions and was, therefore, sent to Leavenworth Penitentiary, where he was released with a medical discharge.

Peterson states he feels his brother is not normal and is capable of being involved in an assassination-type situation, although he has no specific information to support this position.

Peterson stated his mother, Norma Peterson Hooker, resides at RD No. 1, Chadde Fort, Pennsylvania, and her phone is MA 8-7140.

Los Angeles FBI files show that in 1957, Gary E. Peterson, born June 30, 1938, Wilkesburg, Pennsylvania, Army Serial Number RA 21143703, was subject of an extortion and fugitive investigation. Peterson wrote letters to his mother threatening to kill her. Files further show that the Army believed Peterson to be a mental case and that he was armed with a .22 caliber pistol and had threatened to kill Military Police in addition to his mother. Peterson had made statements to the effect he would die before going to jail, and it is believed by the Army that he had suicidal tendencies. The San Francisco Office of the FBI apprehended Peterson in Menlo Park, California, November 26, 1957.

JACK M. SACKS

At 1:32 a.m., November 23, 1963, Assistant Special Agent in Charge Pat Boggs of the Los Angeles Secret Service Office, requested the assistance of the Los Angeles Office of the FBI involving an incident which occurred on April 16, 1962, involving Jack M. Sacks, 26524 Basswood Avenue, Palos Verdes Estates, California. Boggs explained that on April 24, 1962, a small group of John Birch Society members had attended a meeting at the First Unitarian Church in Los Angeles involving various groups who were making arrangements to picket hearings of the House Committee on Un-American Activities, to be held in Los Angeles on April 24, 1962.

This group got into an argument with a group of individuals from the Fair Play for Cuba Committee and the disagreement got out of hand to the extent that Sacks and two of his friends, Mr. and Mrs. Robert Cadle, of 21605 Ocean Avenue, Torrance, California, became alarmed over their safety. In leaving the meeting place, Sacks and his friends were followed by a group who made threatening advances towards them, whereupon Sacks drew a carbine from the trunk of Cadle's automobile and pointed it at these individuals, who then dispersed.

Mr. Boggs stated that Sacks then reportedly came to the FBI Office in Los Angeles, where he made a complaint.

One of the members of the Fair Play for Cuba group, a press photographer for Globe News Photos, a Robert Cohen, who was covering the protest meeting, was among the group who witnessed the above incident and later filed a suit with the Los Angeles City Attorney's Office against Sacks.

Mr. Boggs stated that shortly after the President was assassinated, Cohen, who happened to be in Washington, D.C., on an apparent news assignment, went to Secret Service Headquarters and reported Sacks as a suspect in the killing because of the rifle-pointing incident. Mr. Boggs was interested in confirming Sacks' complaint to the Los Angeles FBI Office in order that he could be eliminated as a suspect.

JACK H. SACKS

The Los Angeles files reflect that Sacks did, in fact, at 10:20 p.m., April 16, 1962, personally call at the Los Angeles Office of the FBI in company with Mr. and Mrs. Cadle. At that time, Sacks advised that his group is interested in discovering what plans the communists were going to make concerning the hearings of the House Committee on Un-American Activities inasmuch as the John Birch Society, of which he is a member, was planning some counter-picketing. Sacks stated that as he and his group were leaving a meeting, they were followed from the hall by six to eight "goons", who accosted one of his friends by knocking off his glasses. Mrs. Cadle was pregnant at the time and Sacks was concerned for both her well-being and the safety of the entire group. Because of this situation, he picked up the carbine from the trunk of Cadle's car and pointed it at his adversaries. This dispersed the gathering.

The foregoing was outlined to Mr. Boggs and he stated he felt this information eliminated Sacks as a suspect in the tragedy.

On November 23, 1963, Mr. Sacks was interviewed at his residence, 2654 Basswood Avenue, Palos Verdes Estates. During the course of the interview, it was determined that Mr. Sacks was at work at the Space Technology Corporation, Compton and Aviation Boulevard, Redondo Beach, California, and first learned of the President's assassination from his stock broker, who contacted him telephonically at his employment. He explained that the rifle involved in the above incident belonged to Cadle, who frequently goes into the mountains to partake in target practice.

On November 22, 1963, a Mrs. Charles Racoosin, 3745 North Valencia Street, San Bernardino, California, related that she had received a telephone call at approximately 4:00 p.m. from an individual who was extremely intoxicated. This person said that he was an FBI Agent, and that Mrs. Racoosin's husband, Charles, owner of Jeanette's Sportswear, 1199 North E Street, San Bernardino, California, is not involved in the President's death, but that two buyers who came to his store last weekend may be involved. This individual stated he was attempting to obtain a description of one of these individuals. His speech was very incoherent, and he stated he would attempt to contact Charles Racoosin via telephone at 7:00 p.m., November 22, 1963. Mrs. Racoosin stated the individual made no threats, appeared to be extremely sorry for the assassination of the President. She informed she had advised the San Bernardino, California Police Department of the above.

Mrs. Racoosin and her husband, Charles, were interviewed by Agents of the FBI Office, at San Bernardino, California, and it was subsequently determined that the unknown individual making the call was [Douglas Eason] [husband of a saleslady employed by Racoosin.]

[Douglas Eason] upon interview, advised he was a former Riverside, California Police Department Officer, and admitted being an alcoholic and being overwhelmed by personal problems concerning his wife and the President's assassination. He stated he had no knowledge of persons involved in the assassination, and does not recall stating he was an FBI Agent.

ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY, NOVEMBER 22, 1963

Mr. and Mrs. JOHN A. THOMPSON, Managers, Austin Motel, 1220 South Congress, Austin, Texas, advised on November 23, 1963, that BILL RANDLE, 2432 West Fifth Street, and BERRY J. CASTRO, 214 West Shady Grove, both Irving, Texas, checked into the Austin Motel at 7:00 p.m., November 22, 1963, driving a Chevrolet pickup with 1963 Texas license 3F 8823, claiming to be employees of Irving Counter Top, no address given. RANDLE claimed he resided two or three doors from LEE OSWALD, and that his wife worked in the same building as OSWALD.

RANDLE remarked that it was rumored in Dallas that if President KENNEDY came to Dallas, he would be killed on account of the Veterans Administration offices and other Government agencies being moved out of Dallas.

RANDLE indicated he was personally acquainted with OSWALD, but degree of association is unknown. RANDLE attempted to contact MARVIN RANDLE via telephone number BL 3-9040 at Irving, Texas, at 7:30 p.m., November 22, 1963. Being unsuccessful, he left the motel and later Dallas, Texas, Operator No. 22 tried to contact RANDLE at the Austin Motel, leaving message for him to call number BL 3-8965.

The THOMPSONS advised confidentially they listened to RANDLE when he returned this call about 10:00 p.m., November 22, 1963, and learned RANDLE's wife had been called in

for questioning regarding the murder of President KENNEDY, possibly regarding her knowledge of OSWALD. RANDLE then checked out of the motel, reportedly returning to Dallas by plane at 11:05 p.m., November 22, 1963.

CASTER checked out of the motel at 7:00 a.m. on November 23, 1963, supposedly returning to Irving.

The above pickup is registered and titled to MARVIN H. RANDLE, 1826 Parkside, Irving, Texas, and described as 1963 Chevrolet Pickup, Vehicle Identification No. 3C154S129598, with lien to Southwest Bank and Trust, Irving, Texas.

November 23, 1963

ASSASSINATION OF PRESIDENT JOHN F.
KENNEDY, NOVEMBER 22, 1963,
DALLAS, TEXAS

On November 22, 1963, Mrs. Patricia A. Ferguson, who is employed as a traveling saleslady for Empire-Craft and resides at R.D. #1, Transfer, Pa., advised that on November 21, 1963, she and fellow employees were at Mansfield, Ohio, attending sales conferences at the Leland Hotel, where they were also staying.

Mrs. Ferguson continued that shortly before Midnight, November 21, 1963, at the conclusion of a sales meeting, she and two female associates visited the cocktail lounge at the aforementioned hotel for the purpose of having refreshments. Mrs. Ferguson noted that she does not indulge in intoxicants.

Shortly after being seated, an unidentified, white male entered the lounge, slowly consumed two highballs at the bar, and after, approaching their table and requesting to join them, sat down at the table. Almost immediately, according to Mrs. Ferguson, he expressed his dislike for Mr. Kennedy and his policies, and emphatically remarked, "Mr. Kennedy is going to be assassinated. I'm not going to do it, but he will be assassinated." Mrs. Ferguson stated that she and her companions briefly engaged in a heated discussion with this individual, expressing their disfavor in what he was saying. She said that he emphatically used the word "assassinated" on two occasions after making the original remark. After they informed him that they were disgusted with his remarks, they hurriedly left their table and departed from the lounge. Subsequently they discussed the matter with their immediate supervisor, Mr. Al Baumgartner, who was also

attending the sales meeting. He suggested that this be reported to the FBI.

During the morning hours of the following day, Mrs. Ferguson said that she did not have time to report the matter, but upon hearing of the actual assassination of the President at approximately 2:30 P.M., she and the aforementioned companions went to the Manager of the Leland Hotel and apprised him of this individual's remarks and asked him to report it to the FBI. The manager volunteered that he was acquainted with this individual and implied that he was a frequent visitor at the hotel and possibly lived in the Mansfield, Ohio, area. He assured them that he would report the matter.

After departing from Mansfield, later that day, Mrs. Ferguson and her companions discussed the matter and after agreeing with one another that they were very concerned, they stopped while enroute to Transfer, Pa., at approximately 7:30 P.M., and called the manager of the hotel long distance to determine if he had reported the matter. They talked to him briefly, at which time he stated that he didn't feel as though it was a serious situation and did not intend to report this to the FBI. He further implied that he didn't want the hotel to be involved in this situation.

Mrs. Ferguson described this individual as a white male; approximately 50 years of age; 5'10" tall; 190 to 200 pounds; blue eyes; bald head with hair around the sides and rear of his head; full, fat face; ugly; backs of both hands spotted with noticeable sores and scars; appeared educated; wore dark suit, white shirt, tie, dark coat; talked with snappy, clipped tones and boasted that he was reared in and knew the area around Mansfield, Ohio, and probably was not a guest at the hotel at the time. She also stated that it was her impression that this individual was not under the influence of liquor at the time.

Mrs. Ferguson said that she had no additional information of value to offer, but thought it was her duty to report this immediately to the FBI.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
November 22, 1963, Dallas, Texas

Re: Unsub Male on Flight #20, Braniff Airlines
from Houston to Dallas, Texas, 11/21/63

Cornelius Lemon, 108 Spruce Street, Watertown, Massachusetts, advised the Boston Office of the FBI on November 22, 1963, that he was on Flight #20, Braniff Airlines, from Houston, Texas, on November 21, 1963. A male individual who boarded the flight at Houston and departed at Dallas, Texas, occupying seat 15-C indicated his displeasure with the President. He commented that he was not liked and that they were concerned about the President's welfare during his visit to Texas. He said it was obvious there was concern as the Vice President was coming to Texas on a separate flight.

The occupant of seat 15-C is described as a white male, fifty-five to sixty years of age, five feet ten inches in height, weighing one hundred sixty pounds, with grey hair. This individual did not make any specific threats, but simply indicated his dislike for the President.

ASSASSINATION OF PRESIDENT KENNEDY
NOVEMBER 22, 1963
DALLAS, TEXAS

On November 24, 1963, JAMES A. DANVER, 91 Holmes Avenue, Darien, Connecticut, advised that he was currently Connecticut Sales Representative for the Peabody Engineering Corporation, Glenbrook, Stamford, Connecticut, and had been a commander, U. S. Navy Reserve. DANVER stated that during World War II President Kennedy had been a member of his Navy squadron.

DANVER stated that during the period November 19 - 21, 1963, he attended a meeting of the Council of State Government, State Voting Administrators, held at the Skirvin Hotel, Oklahoma City, Oklahoma, and that he had attended this affair as a member of the Connecticut Unit of the U. S. Power Squadron. DANVER stated that on Wednesday, November 20, 1963, the individuals attending this convention, which meeting was represented by persons from various states, held a cocktail party at the hotel. DANVER stated that during the early part of the evening, he happened to pass a table, at which were seated several men, and in a casual way mentioned that the late President Kennedy was to visit Texas. At this point, one of the men, recalled only by him as a white male, no further description possible, made a casual remark "He's going to get killed in Texas". DANVER stated that he scoffed at this remark, at which point the unknown male stated "You don't believe me, do you?"

DANVER stated that at the time, recalling the hostile reception afforded to U. S. Ambassador to the United Nations,

ADLAI STEVENSON, in Dallas, Texas, he paid very little attention to the man's remarks and felt that this individual was basing the remark upon STEVENSON's reception in Dallas. He stated, however, that since the assassination, while he had no reason to feel this incident necessarily had any significance, he desired to bring it to the attention of the FBI.

As a possible means of identifying the male who made the remark, DANVER stated that also attending this meeting from Connecticut was one GEORGE MADDEN (phonetic) of North Stonington, Connecticut. DANVER recalled that at one point GEORGE MADDEN picked up a pencil which an individual at the party on November 20, 1963, had dropped and the individual advised MADDEN that he could keep this pencil. It was DANVER's recollection that the pencil bore the written inscription reflecting that it had been manufactured for the U. S. Steel Company. DANVER had the impression that possibly this individual whom he could identify only as having a pencil so marked might have known the person who made the remark concerning President Kennedy and that MADDEN might recall additional details which would tend to identify the unknown male who indicated the late President Kennedy would be killed in Texas.

DANVER stated that he personally had no additional information to furnish in this matter and that he could not recall anyone else attending the convention who might be in a position to furnish additional information.

GEORGE F. MADDEN, salesman, South Windsor Construction Company, North Stonington, Connecticut, on November 25, 1963, advised that he attended the National Boat Convention held at Oklahoma City, Oklahoma, this past week, on Tuesday and Wednesday. On Wednesday, November 20, 1963, he stopped in at the Sunsweet Club at the Skirvin Hotel, and was with a party which included JAMES DANVER. While here he struck up a conversation with a group at the next table and during the conversation regarding the President's tour in Texas, someone in the party mentioned that the President was going to be shot before leaving Texas. He did not recall who made this statement and added that he considered the statement only an insignificant remark. He

RE: ASSASSINATION OF PRESIDENT KENNEDY
NOVEMBER 22, 1963

added that he did not know anyone in the party and it was just a passing hello with a group at the next table. He stated he was sure that there is no connection with this remark and the actual incident of the President's death. He explained that it was one of those remarks that you might hear on any tour that the President might make in the south. He stated that even after the assassination of the President, he did not recall the remark. He added that he definitely recalls the statement being made but dismissed it from his mind until JAMES DANVER called him last night and informed him that he had called this matter to the attention of the police and the FBI.

CHARLES E. NAIL, JR.
Mansfield, Ohio

On November 21, 1963, Mrs. Patricia A. Ferguson, R. D. 1, Transfer, Pennsylvania, advised while in Mansfield, Ohio, accompanied by two associates in the cocktail lounge of Leland Hotel the following occurred:

An unidentified white male, after having a couple of cocktails at the bar, approached their table and asked to join them and sat down. He expressed a dislike for President Kennedy and remarked, "He is going to be assassinated. I am not going to do it but he will be assassinated."

She reported they left in disgust and the next day asked the manager of the Leland Hotel to report the incident to the FBI as he had indicated he knew the person.

On November 23, 1963, Mr. William Roderick, Manager, Mansfield - Leland Hotel, advised that he received a long distance call from apparently the woman referred to above reporting this incident to him. Also, he learned from one of the other women in the party relating to the same matter.

Roderick stated from the description furnished by the woman he felt certain it was Charles E. Nail, Jr., of 528 Midland Drive, Mansfield, Ohio, whom he knew quite well and for that reason did not refer the matter to the FBI as he knew his remarks would be meaningless.

Nail's father, Charles E. Nail, Sr., is President of the Mansfield - Leland Hotel and the Lumberman's Mutual Insurance Company, also of Mansfield, Ohio.

Roderick stated Charles E. Nail, Jr., drinks heavily on occasions and on November 16, 1963, had a quarrel with his wife, drank considerably and became very sick at the bar. He also pointed out Nail becomes very talkative when intoxicated.

RE CHARLES E. NAIL, JR.

The bartender at the Leland Hotel stated that Nail told him on November 21, 1963, he had been making the rounds of several bars. Nail talked to him about the three women at the table, joined them and a short time later they left in apparent disgust. He later determined from Mr. Roderick that Nail apparently made disparaging statement concerning President Kennedy.

On November 23, 1963, Charles E. Nail, Jr., Assistant Secretary, Lumberman's Mutual Insurance Company, home address, 528 Midland Avenue, Mansfield, Ohio, admitted he was very intoxicated on November 21, 1963, after having been drinking heavily for several hours. When he returned to the Mansfield - Leland Hotel Bar, she met and engaged three saleswomen in conversation. Their conversation turned to politics and mention was made of rumors concerning President Kennedy's personal life of an uncomplimentary nature. Conversation continued in the political vein. He denied knowingly making any statement of a threatening nature, indicating violence towards President Kennedy.

Nail stated that he has often in the past used the statement, "He ought to be shot," when indicating his disgust towards a person involved in an unfavorable incident.

He did not express any displeasure towards President Kennedy but rather shock and dismay over his assassination. He said that he has supported him since his election and thought he has done a good job. Nail disclaimed any prior knowledge of any acts of violence towards President Kennedy. He denied association with any subversive group and more particular the Fair Play for Cuba Committee. He emphatically denied to the best of his knowledge using the word "assassinated" in his conversation with the three women at the Leland Bar.

RE: NEWSPAPER ARTICLE
ROANOKE, VIRGINIA

On November 26, 1963, Arthur B. Haynes, 2930 Fleetwood Avenue, S. W., Roanoke, Virginia, telephone 774-3726, telephonically contacted the Federal Bureau of Investigation (FBI), Richmond Division, and advised as follows:

He was very much upset with an article appearing in the Roanoke World News on November 25, 1963, by Sandra Kelly, a reporter for the newspaper which set forth comments from various people in Roanoke concerning the President's assassination. Included among the comments were those of an unidentified truck driver which stated "Oswald's death is a great loss to this country. Someone should have shot Kennedy a long time ago--The Nigger Lover."

Mr. Haynes stated he was upset that the newspaper officials would include such information in their newspaper and he believed the unidentified truck driver is a menace to society.

The Roanoke World News, on Monday, November 25, 1963, on page 1, second section, contains an article by Sandra Kelly, Staff Writer, which reflects interviews with a number of people on the streets in Roanoke, Virginia, concerning the President's assassination. The article stated most of those interviewed were "close to tears." However, there was at least one Roanoker with a vastly different view. He stood apart from all the others.

**ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY
NOVEMBER 22, 1963
DALLAS, TEXAS**

Mr. Arle Landrum, Manager, WCCA Television Station,
5037 Shakespeare Road, Columbia, S. C., on November 26, 1963,
furnished the following information:

At about 10:00 AM, November 26, 1963, he heard an
employee of his, Miss Sandra Ann Faust, talking to some man
on the telephone and he was curious as to who this person
was, so he picked up the telephone to listen to the conversa-
tion. He heard a man say something to the effect that he
had been in the service a long time and that he, along with
Kennedy, had told the German people they would be taken care
of. Landrum said that he was not checking on Miss Faust
but upon overhearing part of her conversation, which did not
appear to be a normal conversation, he was curious as to who
was talking. He said that he got in on the very end of the
conversation as the unknown caller hung up about the time
he started to listen.

After the caller hung up, Faust told him about
a similar call she had received about three weeks ago, at
which time Faust was told that the President was going to
be killed.

**ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
NOVEMBER 22, 1963, DALLAS, TEXAS**

Landrum said that the caller appeared to have a local accent and this was a local call. The caller did not appear to be too well educated. Landrum did not hear any background noise on the telephone.

He said that Faust is a very good and conscientious employee and she would not say anything which was not the truth.

Miss Sandra Ann Faust, Traffic Director and Teletype Operator, WCCA Television Station, on November 26, 1963, advised as follows:

Sometime on the morning of November 9, 1963, while she was working, she received a telephone call from an unknown man and at the commencement of the call this man said that she did not know who he was and he was not going to give his name, but he was going to give her some information. He told her that the President was going to be killed as he was going to be blown to pieces and it was going to be soon. Faust remarked that she could not remember his exact words, but in effect this is what he said. He did not mention anything else specific as to the matter.

The caller said that he had promised his mother before she died that he was going to kill the President. The caller said that the President had been treating all people dirty and that "He was going to get it". Faust said that he kept repeating these type of remarks over and over. He also said that if she did not believe it to "just wait and see". He told her that he wanted to tell her this so she would be the first to know.

Faust said that the caller's voice was completely strange to her and she had no idea who made this call. The caller was calling the television station and not her personally. The caller did not make any personal inquiries concerning her. The call lasted about five minutes. She made no mention of this call to anyone because she considered the call to be a prank. When the news was received that

**ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
NOVEMBER 22, 1963, DALLAS, TEXAS**

President Kennedy had been shot this past Friday, she then told for the first time of this call and it was to a fellow employee who laughed at her. She made up her mind then she would say nothing else about it because she didn't want to be laughed at. However, on November 26, 1963, at about 10:15 AM, Julian Brock, the Art Director, referred a call to her and when she picked up the telephone an unknown man asked her who was speaking. She told him "Sandra Faust, WCCA-TV" and the caller then said "This is the person who called a couple of weeks ago but he didn't know if she remembered or not". He said that he called about President Kennedy. He said that before he starts he wanted to tell her that he was a good friend of Dwight D. Eisenhower and that he had written him many letters and some of them have been personal letters. He said, "I tried my best to keep Kennedy from being shot that day but I was too busy and unable to get my arrangements straightened out". The caller did not explain this statement any further.

The caller said he had "protected (President) Wilson with his life as far as he could go". He said, "If things keep on like they are, (President) Johnson will probably end up shot if he doesn't watch out".

Faust said that the caller remarked that maybe she would like to write some of this information down and then told her to "be sure and be careful as to whom she gives this information". Faust said she didn't write anything down except his name, "Hobo Smith", which he said was not his real name but he goes by this name. The caller also said that he knew President Kennedy was going to be assassinated and was walking into a trap that day but there was nothing he could do about it.

Faust said that she could not recall any mention that the caller had made of being in the service, but did recall he mentioned something about the Germans. She said that she told her employer about this call immediately after the caller hung up because of the first call and subsequent assassination of President Kennedy.

**ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
NOVEMBER 22, 1963, DALLAS, TEXAS**

She said that she believes that the same person made both calls except during the first call the caller seemed to be nervous. She believed that the person making these calls is a white male about 30 years old. The caller used ordinary language and possibly had a high school education. The second call appeared to be a local call and again she did not hear any background noises of any type. This call lasted about ten minutes.

During neither call did the man give her any background information on himself. She did not believe the caller was drunk or had been drinking. She said that it is a mystery to her as to why this person would be calling the television station.

Faust advised that she was born September 24, 1942, at Columbia, S. C., and she resides at Route 1, Blythewood, S. C. Her father is Sgt. First Class L. H. Faust and he has been in the U. S. Army for 23 years. She has been employed at her present job for the past seven months.

Julian F. Brock, Art Director, WCCA Television Station, on November 26, 1963, advised as follows:

At about 10:15 AM, November 26, 1963, an unknown man called the station and commenced to talk in a rambling manner, saying something about the assassination of President Kennedy and about getting in touch with President Eisenhower. This man talked for about 1 1/2 minutes and kept repeating himself. Brock said he could not figure out what the caller wanted and finally the caller said that he had talked with a lady at the station before but mentioned no name. Brock said that he just by chance referred the call to Sandra Faust, who then talked with the caller.

She remarked at that time that she had talked with this person before.

Brock said that he thought the caller was drunk because he was stuttering, mumbling and talked as if he had a "mouth full of cotton", meaning he was talking indistinctly. The caller did not mention Sandra by name.

ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
NOVEMBER 22, 1963, DALLAS, TEXAS

Brook said that at the first part of the call the caller started to use profane language but immediately stopped.

Brook said he had nothing else to do with the call as it appeared to him that it was just another crank call.

Lewis T. Ruff, Special Agent in Charge, U. S. Secret Service, Columbia, S. C., was advised at 2:10 PM, November 26, 1963, of the above information.

Laredo, Texas Police Department, November 28, 1963, at time
he was being detained by Laredo Police Department. The Police
Department advised HELMS had letters in his possession
containing derogatory statements concerning late President

HELMS advised he has resided in San Francisco,
California, at 955 A Oak Street, until approximately a
week and a half ago. HELMS stated he was en route to his
home in Fort Worth, Texas, 3512 Avenue D, with another
couple from California whom he identified as LEONARD SOFORO
and wife, MARY, age 22, from San Francisco, when their vehicle
broke down in Deming, New Mexico.

On 11/29/63, WILLIAM E. MARTIN, 919 North Beaudry Street, Los Angeles 12, California, contacted the Los Angeles Office. He advised that he had today written a letter to a Mr. O'BRIEN at the White House, Washington, D. C. concerning his thoughts on why President KENNEDY was assassinated. He stated he had no specific information concerning the assassination, but commented in his letter that he felt the President was assassinated because of his high moral character, and possibly the "underworld" wanted to get rid of him because of this.

MARTIN gave the impression of being mentally unstable, and his conversation during interview was rambling and disjointed. He indicated he was formerly a writer for the "Los Angeles Herald-Examiner" and has not been regularly employed since 1956.

MARTIN further stated that he has previously, on approximately four occasions, written to Mr. O'BRIEN at the White House with no specific information.

The above is being furnished to the Bureau for information in the event the White House brings this to the Bureau's attention.

ASSASSINATION OF PRESIDENT
JOE KENNEDY, November 22, 1963,
Dallas, Texas

JOE BEAKLEY ~~FORREST~~ of Pleasanton, Texas, was interviewed on November 27, 1963, at the office of his employer, the Rio Paving Company of Harlingen, Texas. FORREST was interviewed about remarks he is alleged to have made prior to the assassination of President KENNEDY to the effect that if KENNEDY came to Texas that he would be shot with a rifle.

FORREST denied ever making any such remark or remarks or ever having heard any such threats against the person of the President. He said that in the past that he has repeated some of the so-called "Kennedy jokes" that were disrespectful to the President but never with any sort of threat involving the President's personal safety.

From observation and interview with FORREST, it was ascertained that he was born in Somerset, Texas, on October 21, 1909. He has lived in Pleasanton, Texas, for about eighteen years and is employed as a mechanic for the Rio Paving Company. He is married and has six children and is a white male 5'10 $\frac{1}{2}$ " tall weighing 170 pounds. He has gray hair and brown eyes. He said that he has never been convicted of a crime and belongs to no organizations of any kind whatsoever.

ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY, November 22, 1963

Subsequent to the interview with JOE BEAKLEY
FORREST, [REDACTED] that he has known FORREST
many years and that he is essentially a good man;
however, that he is [REDACTED] and loud, that he drinks beer
to excess and when half drunk is "the smartest man on earth."
When advised that FORREST had denied making the remarks
concerning the killing of the President, [REDACTED] said that of
course he did not know one way or the other; however, that it
is easy for him to think that FORREST may have made the
remarks or similar ones while drinking; however, he could
not conceive of any correlation between anything FORREST
might have said and the subsequent assassination.

As a case which [REDACTED] feels is in point to
direct the lusty and uncouth nature of FORREST's remarks,
he says that in the construction of a new highway near
Mercedes, Texas, that the Texas Highway Department is
replacing a high bridge with a low water bridge and that
FORREST has decided that this is the height of folly and
expresses his low regard for the highway engineer almost
daily. [REDACTED] said that he recently heard FORREST
remark that the next time the flood waters get over the low
water bridge at Mercedes that, "I am going to drag that
little sawed off son-of-a-bitch (meaning the highway engineer)
down there and personally drown him."

EUGENE CARRINGTON

Reference is made to letterhead memo dated November 21, 1963, at San Antonio, Texas, captioned as above.

On November 23, 1963, Mrs. EUGENE CARRINGTON, 415 College Boulevard, San Antonio, Texas, advised that her husband is General Agent of the Ohio National Life Insurance Company, Office on the 15th floor of the National Bank of Commerce Building, San Antonio, Texas.

She said that her husband has a new Chevrolet Coach but she did not know the license number of it.

She said that Mr. CARRINGTON saw the parade in San Antonio on November 21, 1963, in which President and Mrs. KENNEDY participated. He was accompanied while viewing the parade by REAGAN HOUSTON, President of the Alamo National Bank.

Mrs. CARRINGTON said that her husband was at a Conopus Club luncheon with his brother, PHIL CARRINGTON, on November 22, 1963, when news of President KENNEDY's assassination was received over the radio and television.

She said that her husband and son had gone hunting and would not be back in San Antonio until the following week.

On November 26, 1963, Mr. EUGENE CARRINGTON advised that he does have a Chevrolet car, license number JJ 992. He said that he recalled driving down Broadway toward downtown San Antonio, about 12:15 or 12:20 pm on November 21, 1963. He recalled exchanging a brief conversation with a law enforcement officer while stopped at a traffic light at Hildebrand and Broadway.

EUGENE CARRINGTON

He said that as he remembered it he mentioned first to this officer, "Do you think JACK has made it?", meaning do you think that the President's plane has yet landed at the airport. He explained that while driving down Broadway which was the parade route, that he had noticed that there were officers at almost every corner and many people had already gathered along the parade route. He said as he remembered it the officer replied, "Do you mean the President?", and he then said something to the effect, "Yes" and added that he intended to watch the parade himself. He said that he might have said, "I'll be waiting for him with the rest of the mob.", meaning the mob of people who had gathered along the parade route. He said that he was not exactly sure what he said, but he certainly did not say, "I'll be waiting for him with a bomb."

Mr. CARRINGTON verified that he was at Conopus Club luncheon with his brother, PHIL CARRINGTON, on the following day when the news of the President's assassination was broadcast by radio and television.

She stated she has no information connecting her former sister-in-law, JESSIE FAYE NEWMAN, with the assassination of President KENNEDY. She advised that NEWMAN shot to death EPLEY's brother, Staff Sergeant EDWIN NEWMAN at Fort Worth, Texas, 11/15/57. NEWMAN was afforded a local hearing following the shooting and released. EPLEY feels circumstances surrounding the hearing are suspicious. She has not seen NEWMAN since 1957 but thought that she recognized a female in crowd during television broadcast concerning the assassination who resembled NEWMAN as she looked in 1957.

She has no information concerning NEWMAN being a Communist but speculated that she might know LEE OSWALD as she is from Fort Worth, Texas. No further action regarding this matter being taken.

ASSASSINATION OF
PRESIDENT JOHN F. KENNEDY

Information was received on the evening of November 24, 1963, that Roscoe Hassinger, 140 North Market Street, Mount Joy, Pa., an employee of Schock Independent Oil Company (SICO), Mount Joy, Pa., had made a remark to a fellow employee at SICO about two weeks ago that his son, Ralph Lee Hassinger, had said, "If Kennedy goes to Texas, he's going to be killed."

Ralph Lee Hassinger, 140 North Market Street, Mount Joy, Pa., in prior interviews with the FBI, admitted membership in the American Nazi Party (ANP) of George Lincoln Rockwell; residence at ANP Headquarters, Arlington, Va., where he stood armed guard duty and participated in various picketing duties of ANP, including an arrest at New Orleans, La., during the period approximately September 1960 to June 1961.

Hassinger had previously stated that he broke with Rockwell personally and ANP in June 1961, although he said he still believed in the principles of ANP and continued to maintain contacts through correspondence with like-thinking people throughout the United States, particularly with those in the New Orleans, La., area belonging to White Citizens Councils.

Inquiry of Roscoe Hassinger, 140 North Market Street, Mount Joy, Pa., on November 23, 1963, reflected that Ralph Lee Hassinger had left Mount Joy November 16, 1963, for a visit to a friend, EDWARD LOTZ, 619 Front Street, Reading, Pa., to look for work.

COPIES DESTROYED

44 DEC 20 1972

**ASSASSINATION OF
PRESIDENT JOHN F. KENNEDY**

Inquiry at residence of Edward Lotz, Reading, Pa., evening of November 24, 1963, reflected information that Ralph Hassinger had left the Lotz residence approximately 6:25 p.m., November 24, 1963, to get bus to return to his home in Mount Joy, Pa.

Ralph Lee Hassinger was interviewed on the late evening of November 24, 1963, at his home in Mount Joy, Pa. He advised he had just returned from spending a week in Reading, Pa., looking for work and visiting at the home of Edward Lotz.

Hassinger stated that he first heard of the death of President John F. Kennedy on November 22, 1963, while in Reading, Pa., seeking employment. Hassinger was questioned concerning any advance knowledge he might have had of the assassination of President Kennedy and of his contacts in the Dallas, Texas, area.

Hassinger stated he does not know anyone personally in Texas. He said he has been in correspondence with General Walker, Turtle Creek, Dallas, admires his stand and is aware that Dallas is a "hot" city, insofar as "right wing" centered thinking is concerned.

Hassinger said he never heard of Lee Harvey Oswald from any of his friends in either the New Orleans, La., area, Dallas, Texas, area, General Walker, or anyone else.

He said that Jack Rubenstein, aka Jack Ruby, is unknown to him.

Hassinger admitted that he had made a remark to his father and mother concerning the possible death of President Kennedy in the following context.

He said that he is a deep student of political trends and his father, whom he described as "nonpolitical," in that he knows nothing but Republican and Democratic parties, has often been impressed by the results of his

**ASSASSINATION OF
PRESIDENT JOHN F. KENNEDY**

(Ralph Hassinger's) observations based on his deep knowledge of political motivations. He said his father has often repeated these observations he has made to others.

Hassinger said he recalls that while in the process of being seated at the breakfast table about a month ago on the morning the newspaper carried an article and pictures of Adlai Stephenson, Ambassador to the United Nations, being struck by a picket's sign in Dallas, he had laughingly remarked to his parents words to the effect, "If they (individuals in Dallas) will do that to Stephenson, they'll kill Kennedy if he goes to Texas."

Hassinger said he had no specific advance knowledge of the killing of President Kennedy.

Hassinger remarked that he has known, however, for years that Kennedy would either die in office or be killed. He said while working in the Post Office in Chicago, Illinois, in 1959, before Kennedy or any candidate had been picked by either party, a co-worker, a Mrs. (FNU) Bennett, had pointed out to him that every president elected at 20-year intervals had either died or had been killed in office and that whoever took office in the election of 1960 was certain to die while in office.

Hassinger denied any knowledge of any plots or plans of any individual, group, or organization, either "left wing" or "right wing" to assassinate President Kennedy or cause any riots or disturbances in Dallas, Texas, or elsewhere during the President's trip.

Hassinger volunteered the information that he is convinced that the assassination of President Kennedy in Dallas was a plot of the "International Jewish Communist Conspiracy" to bring discredit on the "Patriotic Right Wing" elements in Dallas, Texas, and elsewhere.

He said that he has recently received an invitation through an emissary, whose name he declined to furnish,

of George Lincoln Rockwell, to rejoin the ANP, but he said he has declined to do so.

above as specimens Q105 through Q170. These cartridge
cases were compared with the test cartridge cases obtained
from the rifle, K1, previously submitted in this case.
As a result of this examination, it was determined that
none of the Q105 through Q170 cartridge cases could have
been fired in specimen K1.

Specimens Q105 through Q170 are being retained
in the Laboratory. The remaining cartridge cases listed
above as "Also Submitted" are being returned to your
office under separate cover by registered mail.

UNKNOWN SUBJECTS; ASSASSINATION OF
PRESIDENT JOHN F. KENNEDY
NOVEMBER 22, 1963, DALLAS, TEXAS

On November 22, 1963, Inspector C. D. TAYLOR, Houston Police Department, advised he received a long distance telephone call from an unidentified individual who stated he was calling from Knoxville, Tennessee. The caller stated he was coming to Houston to interview the man who was under arrest for the assassination of President KENNEDY.

The caller was informed that the assassination and the arrest had occurred in Dallas, Texas, and not Houston. The caller then stated that CASTRO would be dead within three weeks as "they" were sending a man to get him.

Inspector TAYLOR advised that from his experience this would appear to be a "crank" call but thought it should be passed on to proper authorities.

He stated the call was paid for at the caller's end of the line and he had no further information regarding the identity of this individual.

in the letterhead memo. He stated he was also employed part time in Traegels' Bar as an all around handy man.

He stated while living in New Orleans, he was in contact with SAs JENSEN, BROGAN, and PROSPERITY, and furnished them with information concerning gambling activities in that area.

He further advised that he never previously reported the information set forth in the LHM to the New Orleans agents because it was not uncommon to hear many Southerners talk critically of the KENNEDYS and the administration in regard to Negroes. He never felt it was important until now.

[redacted] explained that he is an ex-Marine, that he had suffered a nervous breakdown during WW II, while serving in the Marine Corps and that he now receives a 70% disability as a result of that breakdown. He explained that he is now well.

The interviewing agent describes [redacted] as generally rational during the interview. During the conversation, many minor points were asked of [redacted] and in each instance he replied in the same way as he originally stated.

Philadelphia is not aware of subject's stability nor whether or not the previous contacts with [redacted] by New Orleans office have proved him to be unreliable; however, in view of the extreme importance of this case, the information was furnished to interested offices.

New Orleans is requested to evaluate [redacted] TRAEGEL, and TRAEGEL's associates mentioned and furnish info to interested offices.

Re: Ben Traegel
Traegel's Bar
Airline Highway
New Orleans, Louisiana

On November 28, 1963, a source who is personally acquainted with Ben Traegel, New Orleans, La., advised that in about March 1963 while in Traegel's Bar, Airline Highway, New Orleans, La., he observed that Ben Traegel, Norman La Blanc, a close friend of Traegel, and who was then employed by Traegel as his race horse trainer, and one "Professor," true name unknown, but who is a bookmaker at Traegel's Bar, were looking at an advertisement which appeared in a detective magazine concerning a foreign make rifle which sold for \$12.98.

Traegel stated to the two individuals present and the source, in effect, as follows:

"This would be a nice rifle to buy to get the President. There is a price on the President's head and on other members of the Kennedy family. Somebody will kill Kennedy when he comes down South."

Source described Traegel as being extremely "anti-Kennedy" and "anti-Negro," very outspoken in his dislike of the President, and has made many slanderous remarks concerning President Kennedy and Mrs. Kennedy. Traegel described President and Mrs. Kennedy as "nigger lovers."

Early American Chair Company, Los Angeles. HARDING did not recall the names of all the individuals he met in this organization but at the time he furnished all of the names in his possession to the Agents in Los Angeles. He did recall that the head of the organization was Dr. WESLEY SWIFT. The second in command was a Colonel WILLIAM GALK, an attorney, who was supposed to have been the youngest intelligence officer under MC ARTHUR.

HARDING again furnished the same information concerning the assassination of the 300 officials in high public office and industry. HARDING claimed he never did formally join this organization but was given to understand he was "in." He was also told by JAMES SHOUP that he (HARDING) might be tapped for one of the eight men. They led him to believe they were serious and that anything he did was at the risk of his neck and that if he did any talking, it would mean he would be taken care of and his children by a previous marriage would be harmed.

HARDING stated he had made up his mind to leave Los Angeles and after talking to FBI Agents in Los Angeles he did not attend any more public meetings and attended one private meeting at which time he informed the members he had a job and would have to leave Los Angeles. He did not tell anyone where he was going and the only person who has his address is his cousin HARRY WILSON. He came to Reno, Nevada, and obtained a job as a milkman for Model Dairy. He begins work at 4:00 A.M.

HARDING said he could furnish no information which he had not furnished to Agents in Los Angeles.

On 11/27/63 it was determined by pretext interview with MAX SHRIGLEY, Distributor, Model Dairy, Reno, Nevada, that HARDING worked on November 22, 1963.

No letterhead memorandum is being submitted by Las Vegas as Secret Service, Los Angeles, is cognizant of all information in HARDING's possession as shown in referenced Los Angeles airtel.

At 8:40 P.M., 11-22-63, Edward Scales, 3201 Shell Road, Hampton, Virginia, called the Bureau and spoke with SA Judson J. Hodges, night supervisor, Special Investigative Division.

Scales advised that after watching the television and paying particular attention to the protection afforded President Kennedy, it was his opinion that the President was not properly protected.

Scales stated he wanted to make himself available as a guard for the President.

It was explained to Scales that the President is protected by the Secret Service and not the Federal Bureau of Investigation.

Bureau indices reveal Scales called the Bureau on 7-31-51. At this time he made a non-specific complaint. (66-3182-2630)

Mr. Robert Kennedy
Dept. of Justice

Dear Mr. Kennedy:

This letter is not going to be signed, not even mailed from my home town, because my life is at stake. But what I have to say should be worth few minutes to you.

I am a Jew, an old Jew, but I am not a Zionist. I am grateful to this country for the shelter and blessings I have received here. But to be a Jew is like taking the Mau-Mau oath. We are suppose to be Jews first and last, Americans only for convenience.

What I have to say will sound crazy to you, but it is not only possible, but true. I am not going to be able to express all complication and I may make it sound simple, but in reality it is devilish very precise scheme.

Zionists killed your brother, the President. Why? They believe that the time for Jewish kingdom on earth has come. They claim to have the communist world under control, but the development in US was too slow for them, they wanted to speed it up. First they created the racial conflict. The killer was not suppose to be caught and the blame would have fallen on the white extremists. The newsmen were suppose to play it up and bring people to hysteria. They expected people shooting each other everywhere. The chaos would have brought military intervention. They would have then manipulated the government in military dictatorship. At this point they wanted to take control, using some stupid general as front. All intelligent opposition was to be eliminated.

The last step was suppose to be coordinated with Soviets. They also would turn in military dictatorship controlled by Jews. With US and USSR united, the rest of the world would be forced in submission. The world will be united with Jews as the ruling nation. It is tempting.

But Oswald fumbled. He failed to follow instructions. He did not go to the designated spot from where he was to be taken out of the country. He went on his own. He probably realized suddenly what was waiting for him. He was not to be taking nowhere, but "sacrificed".

He was caught, identified and the whole plan went down the drain. But they could not let him talk, he had to be killed fast. Jack was not an accident, he was there for this possibility. He is going to play super patriot, maybe a nut, but they promised him to get him off light.

What you do with Jack is unimportant. Important is what you are going to do about Zionists. They are as subversive as communists. Communist are today only Zionist front organisation. If you do not stop them they will try again.

As a Jew, it is for me hard to say it, but you should get all the Jews out of all sensitive spots. Many of us are really good men, but when the "call" comes, we all listen and go.

Americans might get wise to the real danger after all and chase all of us out after all. Therefore I am leaving now. But for the sake

Your letter dated November 23rd has been received and I want you to know how much my associates and I appreciate your kind comment regarding our work.

It is certainly understandable that you should be disturbed by the report that the FBI had recently interviewed and had under surveillance the alleged killer prior to the brutal assassination of President Kennedy. I share your concern and want to make it perfectly clear that there is absolutely no truth whatsoever to this unfounded and thoughtless allegation of negligence on the part of this Bureau.

The President has instructed the FBI to conduct a full investigation into the assassination of President Kennedy and the killing of Lee Harvey Oswald. I can assure you that this Bureau will discharge its responsibilities with the same thoroughness and dispatch that have characterized our investigations in the past.

In response to your other inquiries, I am enclosing literature regarding employment opportunities in the FBI which contains information concerning necessary qualifications. We have no female Special Agents but women have many important positions and responsibilities in this Bureau and play an important role in helping the FBI to meet its obligations.

Dear Sir:

It is an extremely important matter over which I am writing to you. It concerns the assassination of our late president, John Fitzgerald Kennedy. After listening to the radio, and watching the television, I am thoroughly disgusted with the way in which the Dallas police have handled the matter. I am also deeply concerned over the matter of justice being done to the right people. I know that it is your job to find all the people who were involved in this treacherous deed.

I certainly hope that you and your department do not consider this a "cinched" case, as Captain Will Fritz seems to think. I do not think that it is possible for just one man to be involved in this assassination plot.

Now, especially with the murder of Lee Oswald, I have even greater reason to suspect that other people were involved with this plot. Also, it is true that the FBI had interviewed Oswald? If so, why was he not watched? I realize that it is impossible to watch everyone, check everyone, and this is understandable; but if he was interviewed...

I would also like to take this time to commend you and your men on the wonderful job you have been doing throughout the United States, especially concerning Communism... After having read your book, "Masters of Deceit", I have deeply become interested in the FBI and its work. I would also like to secure information on the FBI, and what you have to do to become a member of this great department. Are women allowed to have the same type of jobs as men? Also it is true that you have to be either a lawyer or an accountant to become a member of the FBI? Thank you for your time and attention.

Gentlemen:

John F. Kennedy
Harvey Lee

Somehow I cannot believe that this swindler was responsible for the killing. I believe he is being made the scapegoat here, because your bureau wants someone on whom to pin this dreadful thing. After all here's a fellow with a wicked enough background. Not too long ago there was a case here in New York where something similar occurred. Anne Woodward killed her husband. She said she thought he was a thief. Some poor fool who had committed several petty crimes in the past was picked up and sent to 7 years of imprisonment because of the possibility of his having been the one who Mr. Woodward must have heard the night of the shooting. He was of course little more than a scapegoat in the situation.

The last thing a Southerner would want to find is that a rabid anti-integrationist was responsible for the heinous killing of this brilliant man. Perhaps if people wave the red flag hard enough, they'll forget about integration. Is this to mark the beginning of another McCarthy era? You'd have no trouble finding persons ready to jump on that bandwagon.

Let's not compound the horror.

Your bureau did the best it could in protecting the president. If anyone is responsible it's television shows with their frequent killings, which might be just the ticket for the unbalanced mind.

Very truly yours

Dear Mr. Hoover,

What happened to our President, Mr. Kennedy comes to a great shock to me.

I am very disappointed in your Dept. of the F.B.I. that this has happened. I believe if some of your men look up at the Buildings when a motorcade rush or the President was in Dallas, they could observe more then looking just at the crowds or the ground level. Also you know the Presidents schedule & what route he takes on occasions as of yesterday, why don't you station some of your men on roof tops or at some of the windows of the Buildings. If you do not have enough men put in for more. Also if you are short of men, notify the local Police depts. and direct them of planting men on roof tops & in Buildings. Plain clothsmen & uniform men.

Your job is to Guard the President of the U.S. I do not have to tell you what happened to Mr. Kennedy. I had a lot of respect & admire this man for what he done for the American people & what he was trying to do for all of us.

Another suggestion is we have a great deal of Helicopters, small type, in this country. On an occassion such as yesterday why don't you use a few flying low over the motorcades & in this copters there would be armed men. Machine gun etc. either your men or the Police, & I am sure they can observe & see plenty looking down over at windows, roof tops etc.

If you need any more men I am willing to offer my service to you. I am an ex Police officer, ex guard & i put over 20 years in the U. S. Marine corps & have a great deal of experience in security etc. I am 43 years of age & in excellent health & I am sure I can do a lot for you in helping you in matters of this sort.

I am writing this letter as a, U.S citizen, & Taxpayer & again I say I am very disappointed in what happened.

I still have respect for the F. B. I. but I say again sir this thing should of never happened

& in excellent health &
I am sure I can be a
lot for you in helping
you in matters of this
sort.

I am writing this letter
as a, U.S. citizen, &
Tax payer & again I
say I am very disappointed
in what happened.

You can have a
great deal of intelligence
in an organization but
the more and important

Another suggestion is
we have a great deal of
Helicopters, small type,
in this country. On an
occasion such as yesterday
why don't you use a
few flying low over
the water cooler & in this
Copter this would be armed
men, machine gun etc
either you men or the
Police, & I am sure they
can observe & see plenty
looking down over at
windows, roof top etc.

If you need any more
men I am willing to offer
my service to you.

I am an ex Police officer,

on roof top or at
side of the window of
the Building. If you do
not have enough men
put in for more. Also if
you are short of men
notify the local Police Dept
and direct them of placing
men on roof top & in Building
Plain clothesmen & uniform
men.

Your job is to guard
the President of the U.S.

I do not have to tell you
what happened to Mr. Kennedy.
I feel a lot of regret &
admired this man for what
he done for the American
people & what he was
trying to do for all of us.

78 Washington St.
Port Chester, N.Y.
Nov. 23, 1963

Dear Mr. Hoyer,

What happened to our
President, Mr. Kennedy, comes to
a great shock to me.

I am very disappointed in
your Dept. of the A.B.I. that
this has happened. I believe
if some of you men look up
at the buildings where a
motorcade such as the
President was in Dallas they
could observe more, than
looking just at the cars
on the ground level.

also you know the
President's reliable route
he takes on occasions
as of yesterday why don't
you station some of your
men

Dear Mr. Guldo:

Unfortunately your letter of November 23rd indicates unfamiliarity with our jurisdiction.

At this time in the Nation's bereavement, I am disturbed by your unfounded accusation of negligence and feel it necessary to inform you that the protection of the President and his immediate family is the responsibility of the Secret Service of the United States Treasury Department and not the FBI. Secret Service Agents were with the President at the time he was assassinated.

JOHN F.

The President has now instructed the FBI to conduct a full investigation into the assassination of President Kennedy and the murder of Lee Harvey Oswald. I can assure you that this Bureau will discharge its responsibilities in this regard with the same thoroughness and dispatch that have characterized our investigations in the past.

RE: DOUGLAS E. HARTSELLE,
856 SOUTH FREDERICK STREET,
ARLINGTON, VIRGINIA.

The following is furnished for your information
and any action deemed advisable:

~~_____~~ Chesapeake and
Potomac Telephone Company, Arlington, Virginia, on November
25, 1963, advised this Bureau that his company had received
information indicating that the captioned individual had
made numerous extremely violent and threatening telephone
calls to the Russian Embassy during the morning of November
25, 1963. As a result of this information, the company
temporarily suspended his telephone service.

The information relating to activities of Hartselle
were immediately made available by this Bureau to officials
of the Arlington County Police Department, Arlington, Virginia.
Subsequently, during the morning of November 25, 1963, the
Arlington County Police Department advised that Hartselle
had been taken into custody. He was believed to be irrational
at the time and was being held for his own safety as well as
that of the Russian Embassy. The exact disposition of his
case was not known at the time, however, it was believed he
may be furnished a hearing to determine whether or not he
should be committed for mental observation.

The initial activities relating to Hartselle,
according to the Arlington County Police Department, would
be of a nature which would necessarily cause his detention
until after the funeral ceremonies and other official acti-
vities being held in Washington, D. C., on November 25, 1963.

JOHN F. KENNEDY, NOVEMBER 22, 1963

On November 23, 1963, [redacted] San Antonio, Texas, repeated information that she had given to the San Antonio Police Department the previous day that she met one MICHAEL CAIATI at a local club on Saturday, November 16, 1963, and Monday November 18, 1963.

She said that CAIATI spoke bitterly against President KENNEDY and to a lesser extent against Governor CONNALLY of Texas.

He said that he was going to Corpus Christi, Texas, on November 19, 1963, then to Houston and would be in Dallas, Texas, the day President KENNEDY was scheduled to appear there.

CAIATI told [redacted] that he was in the advertising business. He drives a late model black Lincoln sedan unknown license.

[redacted] described CAIATI as a white male, age 30 - 35, 5'7", 160 - 170 pounds, dark complexion, neatly dressed in a business suit. He spoke English fluently and advised a lounge operator in San Antonio that he was an Italian.

His business card which he gave to [redacted] reflected him to be in statistical sales promotion, address 179 Washington Street, Chicago 2, Illinois, telephone Financial 6-1418.

Marksmanship— Could He Do It?

The marksmanship listed in official accounts of the assassination of President John F. Kennedy and the wounding of Texas Gov. John Connally is "impossible," a sheriff's gun expert flatly said today...

Under the reported circumstances of range, target mobility and limitations of the weapon used, "it's asking too much of credibility," he asserted.

The deputy, who asked that he not be quoted by name, said there were several factors attendant to the shooting which brought him to this conclusion.

He explained:

"The man was shooting

at a reported range of about 100 yards, he was shooting 'downhill,' he was shooting through wind conditions for which he didn't have a chance to adjust, and at a moving target.

"He fired three shots in the space of a long breath and put them all home, assuming that he wanted to

hit both victims—two out of three if he aimed only for the President.

BOLT-ACTION

"He was firing a bolt-action rifle, which means he had to pull the bolt back to eject the empty cartridge and shove it forward to load a new one between each shot.

"He was using a telescopic sight, or at least there was one on the rifle, which means he would have to realign the crosshairs for each shot after working the bolt.

"That's asking too much, even for luck.

"I've been shooting bolt action rifles most of my life and I couldn't do it. I've watched the best marksmen in the nation work and I know not one of them would be you a dollar against a hundred that he could do it.

"This guy just couldn't have been that good."

RE ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY
11/22/63

Enclosed herewith for the Bureau and Dallas is one copy each of an article contained in the "Herald-Examiner", a Los Angeles newspaper, 11/26/63 edition, regarding comments made by an unidentified "sheriff's gun expert" as to the shooting of President KENNEDY.

On 11/26/63, [REDACTED] of

[REDACTED] University of Southern California, an established source who has cooperated with the Bureau in the past contacted this office in regard to the attached newspaper article.

[REDACTED] said that [REDACTED] would be closely following any attempts by the Soviets to distort the actual facts in this case and that he felt that the Soviets would undoubtedly attempt to use this article to discredit any FBI report which might be issued and which might show the communist affiliations of OSWALD. He said he had heard that the FBI was conducting a full investigation and that a complete report would be made public.

He requested that the following suggestions be forwarded immediately to Washington so that they can be included in any forthcoming FBI report:

1. Since the attached article states the distance involved in the shooting was about 100 yards, the FBI report should contain a statement regarding the exact distance.
2. A panel of three experts including individuals from the armed services and the FBI should test fire a similar weapon under similar circumstances to prove that such marksmanship is possible.
3. Detailed information regarding OSWALD's firearms training in the Marine Corps should be published in the report to prove that he was capable of such a feat.

~~_____~~ feels that the above comments in an FBI report would prevent the Soviets from capitalizing on the attached article.

Dear Mr. Hoover,

I was surprised to receive the letter from you, even from your department. However to whomever my telegram was delivered and to whoever wrote the letter of Nov. 25 in answer, I extend my humble apology, and to you, Mr. Hoover, whether you know about it or not. I have been a complete Democrat since 1931 and my husband was born a Democrat. We live in a community where the ratio is about 95 to 1 in favor of the Republicans. I have been very sensitive about my party loyalty because of our being so outnumbered and because of outright personal mistreatment (and not for religious reasons, as I am not of the late president's faith) from people who are sufficiently intellectual to know that I have the right to have and speak my convictions as a Democrat just as they have the same right as liberals; and how they do exercise that right!—even when invited guests at home.

Believe me, we minority Democrats in Republican countries do suffer indignities and persecution!—the criticism, the slurs, the jokes against our president were vicious indeed; and have been so against every Democratic president in my adult lifetime.

I did think that the Secret Service was an arm of your department. That is why I sent the telegram to you in my agony of grief and blind rage that such a thing could happen in our day to any president but to our great leader, John Kennedy, how could it happen! Maybe the Secret Service deserves sympathy, but I don't believe it does. How could they in any place, but most of all in Dallas—how could they have failed to cover every inch of every building? How in God's name could they fail him and all of us, who loved him; and the whole world so grossly? I'll never believe in the efficiency of the Secret Service again. Also, it seems to me that the public should not be permitted to view premises of the president from upper windows of buildings.

Please, Mr. Hoover, if you can have anything to say about it, please pass on the anguished plea of one unimportant citizen—don't ever let a president ride in anything but a bullet proof car in public again! Don't ever let him have a word to say about the measures employed for his preservation. He has no right to make a single tiny decision about his protection or lack of it. When he is elected to become president he becomes the property of the people. He has no right to insist on being careless and careless with his person. He must never be permitted one second of anything but total protection again. Please make the Secret Service take care of Mr. Johnson. If I were alive the job, I'd make him wear a suit of armor which would insure his body and head any time he was with people anywhere. Naturally the Secret Service is distraught, but they failed us by being careless with our president, or he would be alive today, and his orphaned children and the children of the orphaned world would still have their fathers today.

Sincerely yours,

Mrs. H. G. French

SAC Gordon Shanklin of the Dallas Office called at 4:45 P.M. and advised he had just been contacted by the U. S. Attorney's Office relative to an inquiry concerning possible cremation of Oswald. It was reported that Oswald's family has made such a request through their funeral director who in turn contacted the justice of the peace. Local authorities have requested advice from the U. S. Attorney.

While the advice of the Dallas Office has not been sought in this matter, Shanklin indicated the U. S. Attorney may contact the Department and the Bureau may in turn receive an inquiry. SAC Shanklin was advised that this was not a matter of concern to the FBI and no comment should be made if such an inquiry is received by the Dallas Office.

A teletype was received from the Dallas Office dated 11/27/63, and received at the Bureau on 11/28/63, regarding questions about Oswald's .38 caliber Smith and Wesson revolver. A copy of this teletype is attached.

On 11/29/63, at 12:20 a. m., ASAC K. G. Clark, Dallas Office, was telephonically advised of the following information:

(1) Oswald's revolver is known as a .38/200 British Service Revolver and was originally chambered for the .38 Smith and Wesson cartridge.

(2) The serial number of this weapon is V510210; Assembly number 65248; and these numbers appear in all the usual places indicating that all major parts of this weapon, except for the grips, are original parts. It was pointed out that the inside of the right grip bears the number 74149. The number on the grip would usually correspond with the serial number of the weapon.

(3) Alterations - The cylinder of this weapon has been re-chambered to .38 Special; The barrel has been cut off at the first "S" in the word "WESSON" on the barrel (present barrel 2 1/4" long); Front sight put on at muzzle; Butt swivel hole has been plugged; "CAL .38 SPECIAL" has been stamped on the left side of the frame (probably by converter).

(4) On the basis of the English proof marks present on the barrel, cylinder and frame, this weapon has been sent to England. The barrel also bears the stampings ".38" 767"

being sent to England, since weapons of this type were produced for England and Canada during World War II. (All weapons entering England must be proof-tested and marked.)

(5) Although the Laboratory does not know who made the conversion of this weapon, the following firms have been known to sell weapons of this type:

Dave's House of Guns, 2544 Elm Street, Dallas, Texas

Vic's for Guns, Galveston, Texas

Golden State Arms, 386 West Green Street, Pasadena, California

Klein's, 227 W. Washington Street, Chicago, Illinois

(Interarmco, Alexandria, Virginia, does not sell this particular conversion)

Mr. Clark stated he wanted photographs of this weapon. He was advised that the Laboratory will send photographs to Dallas this date. Mr. Clark also wanted Boston to be telephonically advised of the afore-mentioned information so that Smith and Wesson can be contacted regarding tracing this weapon.

On 11/29/63, at 12:40 a. m., Security Patrol Clerk Thomas Cloherty, Boston Office, was telephonically furnished this information and the SAC should be advised. Further, Boston should furnish the results of the contact at the Smith and Wesson factory to Dallas and the Laboratory. Photographs of this gun will be sent to Boston only if they are needed per instructions of Mr. Clark.

November 30, 1963:

[REDACTED] advised that as a stockholder in the Rutland Rail-

meeting of that corporation at Rutland, Vermont, in April of
1961. He advised that among others present at that meeting
were the following described individuals: FRANK C. LA GRANGE
who he advised is the owner of La Grange & Company, 61 Broadway,
New York City and whom he further described as an investment
broker, financier and a member of the Board of Directors of the
New York Central Railroad; DANIEL A. BRUNO whom he described
as a railroad securities analyst for the Wall Street Journal;
L. JAMES GUMPERT whom he described as a retired former Vice

tirade against labor unions and the Government made a statement "mark my words President Kennedy will not finish his first term". [REDACTED] stated that he asked LA GRANGE to amplify his statement. He stated that LA GRANGE then said that Mr. KENNEDY was not favorable towards business and that Mr. JOHNSON was favorable towards business and that there was a group with a lot of money who wanted to put Mr. JOHNSON in the President's position but he stated that he could not go into the identities of the individuals in the group. [REDACTED] further stated that he then asked LA GRANGE what he meant by stating that President KENNEDY would not finish his first term. At this point [REDACTED] was quite vague and reports LA GRANGE as having stated either that Mr. KENNEDY would be "bumped off" or would be killed or would meet a violent end or had used some words to that effect.

[REDACTED] was unable to furnish any further information concerning this incident other than to state that the remarks which he attributed to LA GRANGE had been made also in the presence of BRUNO and GUMPERT.

At 5:07 a.m., 12/3/63, Midnight Supervisor William E. Assmus received a telephone call from Thomas J. Sarsfield, 2342 Oak Manor Drive, Pittsburgh, Pennsylvania. Sarsfield's call was rambling in nature and almost unintelligible because of the obviously intoxicated condition of Sarsfield.

The gist of Sarsfield's complaint centered around his visit to a bar on Smithfield Avenue, Pittsburgh, where he had engaged in conversation with an unknown individual of what Sarsfield believed to be a southern background. This individual indicated to Sarsfield that he was not unhappy because of the assassination of President Kennedy. Sarsfield felt this information should be brought to the attention of the FBI. Sarsfield was thanked for his interest.

**UNKNOWN SUBJECT;
EDWARD TURNER, Complainant
THREAT AGAINST THE PRESIDENT**

On November 26, 1963, EDWARD TURNER, Secretary-Treasurer of the Marine Cooks and Stewards Union (MCSU), Seafarers' International Union of North America, Pacific District, 350 Fremont Street, San Francisco, California, advised as follows:

Mr. TURNER said he is exceedingly sorry that he did not relate the following information on November 21, 1963, when he was contacted with regard to another matter.

Mr. TURNER said that he was at San Francisco International Airport on Friday night, November 8, 1963, preparatory to departure for New York to attend a union and an AFL-CIO convention. He and the following were having dinner together in the International Room between 9:00 p.m. and 10:00 p.m.: Mrs. BETTY TURNER, wife of TURNER, GENE PARSLEY, brother-in-law of TURNER, 1083 - 32nd Street, Richmond, California, JERRY POSNER, another official of MCSU, Mrs. GLORIA POSNER, wife of POSNER, another couple who are the sister and the brother-in-law of Mrs. POSNER.

At an adjoining table, there was a man and a woman. The man was a white male, 28-30 years, about 6'11", medium build, brown or dark brown hair worn cut very short; no glasses, clean shaven, well dressed and stated he was an ex-Marine Captain. The woman with him appeared to be in her early twenties.

When this man, name and identity unknown, got up to leave his table, he confronted those at TURNER's table and said to the following effect: "It is guys like you--your type--that are going to get shot. You guys are KENNEDY's stooges. Your type support him. We are not going to let KENNEDY and you people make this a welfare state. The niggers are not going to take over the country. KENNEDY is going to get it. He is going to get shot. We have machine guns and rifles. You think we are kidding but you will find out."

The man continued in this same vein, repeating the same substance over and over. However, he appeared to be very much in earnest and did not appear to be in the least intoxicated. The woman with him listened to his outburst calmly. The man could be heard by those at other tables.

RE: UNKNOWN SUBJECT,
EDWARD TURNER, Complainant
THREAT AGAINST THE PRESIDENT

TURNER said that he and the others listened for some time before they could get a word in. Then TURNER told the man that there was a place for him nearby in California, up at Napa. The man repeated the statement that he was not kidding and that they were going to get KENNEDY and his stooges.

This man departed but met two other men near the check stand and from that point looked back at TURNER's party while he made further conversation with these two men. The man, his woman companion, and these two other men then departed via the elevator. and TURNER did not see them again.

TURNER said this unknown subject had a pronounced Southern accent and that he would know him again.

TURNER said that before the public outburst, the unknown subject had been talking privately to PARSLEY, who was seated immediately by him and that PARSLEY told TURNER this man had said the same things to him as he later said publicly to the group.

TURNER could give no reason for the unknown subject taking any note of them as his party had paid no attention to this man and his companion. POSNER had told TURNER about some welfare problems in the MCSU involving Negroes and there may have been other mention about union activities.

TURNER said that there were two other ladies at another table who heard the outburst and later talked to Mrs. TURNER and Mrs. POSNER in the ladies restroom and stated they were most disturbed over this incident.

While talking to Mr. TURNER, Mrs. POSNER called him and SA CHESTER L. JACOBY spoke to her on the telephone. Mrs. POSNER had nothing to add other than that the unknown subject closely resembles a man she knows very well and that she will not forget what he looks like and would be able to identify him were she to see him again.

TURNER said that the unknown subject and his two male friends appeared to be traveling. However, from her dress, he did not believe that the unknown subject's female companion was traveling with him, but that she had, most likely, met him for dinner.

TURNER said that in view of the assassination of President KENNEDY he wanted to report this incident, but that he knows nothing which would connect this man with the assassin.

ASSASSINATION OF PRESIDENT JOHN F.
KENNEDY, NOVEMBER 22, 1963, DALLAS, TEXAS

On November 23, 1963, Captain Joe Prichard, Orlando, Florida, Police Department, furnished the following information:

Shortly after President Kennedy's assassination on November 22, 1963, one Ed Wilson, who operates the Tripple A Radiator Service at 1024 South Orange Blossom Trail, Orlando, Florida, erected two large homemade signs on his property in front of this radiator repair shop. One of the signs read "Finished - Hooray, Hooray - Kennedys". The other sign read "Goldwater Next".

Captain Prichard said his department received complaints about the signs and dispatched police officers to the scene in order to talk with Wilson. They asked him to remove the signs as they were in very bad taste. Wilson told them he put the signs in his window in order to attract business and he further told them that he planned to run for Mayor of Orlando in the next City Election. Wilson also told the officers that "he despised churches and would get elected by using Hitler methods."

Captain Prichard advised that on November 23, 1963, the signs had been removed from the outside of Wilson's property but one remained inside the window of his repair shop and this sign read "Lyndon is Next".

Captain Prichard further advised that Wilson definitely appears to be an exhibitionist or a "crackpot"; however, the Orlando Police Department was observing the situation at his shop very closely in order to prevent possible violence from irate citizens who definitely resent the signs.

The current Orlando City Directory lists an Ed Wilson, wife Glema E., as operating an auto radiator service in Orlando and residing at 103-A East Orlando Avenue, Orlando, Florida.

NICHOLAS PERRULLI

A UPI release from Moscow, Russia dated November 1, 1959 regarding an interview with Lee Harvey Oswald mentioned that Oswald was the third American to seek Russian citizenship. One of the others was Nicholas Perrulli, Valley Stream, New York, who had allegedly changed his mind and returned to the United States.

Dominick Perrulli, brother of Nicholas, who now resides in Flushing, New York, advised Special Agents of the FBI on November 24, 1963 that Nicholas presently resides at 606 North Occidental Boulevard, Apartment 101, Los Angeles 26, California. According to [Dominick] Nicholas received a medical discharge during World War II based on a mental breakdown and receives 100 percent disability. He is described as a schizophrenic.

Dominick said his brother had pro-communist sympathies at one time and he decided to visit Russia to "see for himself". He returned from Russia about three or four years ago; shortly thereafter he attempted to commit suicide, was committed to a mental hospital on Long Island and later moved to California. [Dominick] described Nicholas as being extremely nervous, highly sensitive and one who becomes emotional after he realizes the gravity of a situation.

Mr. and Mrs. Charles Ivie, Apartment 106, 606 North Occidental Boulevard, Los Angeles, advised they are managers of apartment house and Nicholas Perrulli has resided in Apartment 101 for four months. He resides alone. Mr. and Mrs. Ivie advise Perrulli has been in his apartment or at the apartment house November 21 through 24, 1963 inclusive.

ASSASSINATION OF PRESIDENT JOHN F. KENNEDY

INFORMANT

Mr. FRANK LONG, 3803 Devon Street, San Antonio, Texas, on November 23, 1963, advised that about one or one and one-half months ago his second cousin, JOE FORREST, of Pleasanton, Texas, and LONG and his wife were drinking beer in the beer tavern of LYNN FORREST, located about seven miles south of Pleasanton, Texas. LYNN FORREST is the brother of JOE FORREST. LONG stated they were "pretty drunk" and JOE FORREST made the statement he "wanted to go to Russia." LONG stated he pulled out his check book and told him that he would give him money to go but he would have to stay there. JOE FORREST had nothing to say about going to Russia but stated if the "President ever came here he would be killed and that he would do it himself if he ever got the opportunity."

FRANK LONG stated these were the only statements made in relation to the President.

The wife of JOE FORREST, who resides Pleasanton, Texas, was interviewed on this date, and she stated her husband was employed October 7, 1963, by RICHARD MONTGOMERY of the Rio Paving Company, Harlingen, Texas, as a mechanic. She stated he has made two trips home since taking this employment and the second trip he arrived at his home in Pleasanton about 11:00 p.m. the night of November 22, 1963.

He took his thirteen-year-old son and left his home approximately 10:00 a.m., November 23, 1963, indicating he was going to San Antonio, Texas, to purchase something for his employer and stated that he would be back home "after a while." Mrs. FORREST stated she expected her husband to return to his employment at Harlingen, Texas, Sunday, November 24, 1963.

ASSASSINATION OF PRESIDENT JOHN F. KENNEDY,
DALLAS, TEXAS, NOVEMBER 22, 1963

On the night of November 24, 1963, HARVEY LAWILL WADE, 818 Donaldson Road, Chattanooga, Tennessee, employed as a Building Inspector, City of East Ridge, Tennessee, furnished the following information:

WADE attended the Southern Building Congress Convention, Dallas, Texas, November 10 - 14, 1963. He arrived on the afternoon of November 10, 1963, and stayed at the Baker Hotel, Dallas. At 11:00 PM, November 10, 1963, WADE visited the Carousel Night Club alone and remained until 1:00 AM. Entertainment consisted of three strippers and Master of Ceremonies BILL DEMERIS (phonetic). A stripper wearing a platinum wig invited a customer to dance with her on stage as part of her act about 12:00 midnight. A Carousel employee, a young white male, wearing a white waiter's jacket, took two flash photographs with a Polaroid-type camera. From the angle the photographs were taken, three men seated at a bar connected to the stage, on the right side of the night club, were between the photographer and the stage and were possibly in the photographs. WADE believes one of these three men was LEE HARVEY OSWALD, who was dressed in a coat-length jacket, light-colored, white dress shirt, open collar, no tie, dark-colored pants. The person believed to be OSWALD was accompanied by two unknown men. Number one is described as a white male, early twenties, 5'8" tall, 140 pounds, long black hair, very fair, pale complexion, slender build, no unusual characteristics, dark colored suit, resembled OSWALD in appearance. Number two is described as a white male, 30 to 32 years old, 200 pounds, 5'10" tall, stocky build, long black hair, dark complexion, oval face, Mexican or Spanish appearance, numerous bumps on face, believed to have 1" scar on eyebrow, left eye.

The customer on stage with the stripper was a white male, 5'10" tall, 35 years old, 180 pounds, flat top dark hair, dress not recalled, who had been at a table with one girl and three or four men.

COPIES DESTROYED

4 DEC 20 1972

The waitress who waited on WADE and the three men in the group including the person believed to be OSWALD is described as a white female, 37 or 38, 5'1" tall, 110 pounds, black-grey hair, shoulder length, ruddy complexion, very small face.

CAROUSEL NIGHT CLUB

BILL DEMERIS, Master of Ceremonies, made a statement following photographing that they were for blackmail purposes. JACK RUBY, Manager, walked over to the photographer, talked to him, and yelled that the photographs did not turn out. The Master of Ceremonies had a memory skit. The person believed to be OSWALD and his two companions took part in the skit. The person believed to be OSWALD and his friends were in the club when WADE arrived and were still at a table at WADE's departure. WADE was seated within 10 feet of the person believed to be OSWALD and his group. WADE was alone and did not see anyone during the visit known to him. He believes he could identify photographs of the men accompanying the person believed to be OSWALD.

The person believed to be OSWALD and his friends were not observed talking to anyone outside their group while at the club. He estimated 75 to 80 customers were present when he arrived and 25 or less when he departed. No other information was available.

UNKNOWN SUBJECT
ANONYMOUS TELEPHONE CALL
CONCERNING DEATH OF
PRESIDENT
NOVEMBER 22, 1963

[redacted] General Telephone Company, Santa Monica, California, telephonically advised Special Agent PAUL L. MACK at 11:35 a.m. November 22, 1963, of receipt of anonymous telephone conversation at the Oxnard Exchange, Oxnard, California, at approximately 10:10 a.m. this date.

Telephone operators [redacted] six years experience, and [redacted] six and a half years experience, advised SA JOHN E. KEANE that [redacted] operating a toll call board, recording trunk number 42, thought someone had a receiver off as she heard a fuzzy sound and received no reply to her call of "operator." Then on hearing whispering sounds, asked [redacted] to come in on the line as she thought party might be in trouble. Individual on line started to dial and after dialing a few numbers started whispering very faintly, "the President is going to die at 10:10." [redacted] and [redacted] looked at the telephone company clock located between them noting the time was 10:07 to 10:08. [redacted] stated she next heard in the same whispering voice something as follows: "the Justice, the Supreme Court, there's going to be fire in all the windows, the Government is going up in flames." [redacted] stated they thought the individual was reading something as she was whispering so rapidly. This party then evidently laid the receiver on the table, but no background noises whatever could be heard. The party then dialed 12 to 15 digits and [redacted] again asked if she could be of assistance. At this time, the voice

COPIES DESTROYED

44 DEC 20 1972

which sounded like that of a middle aged woman replying "No, I'm using the phone." This reply was in a clear normal voice and did not appear to indicate anything unusual. The party then went back into the whispering in a definite, rhythmic, fast tempo, naming at least 12 courts in order of importance starting with Supreme Court and ending with Probate and Juvenile Courts. The party then continued: "The President is going to die at 10:30." The number of courts were again mentioned. That party then stated "the Government takes over everything, lock, stock, and barrel."

This is the last part of the conversation heard by [redacted] [redacted] heard a few seconds more of whispering in which the party stated a number of words as follows: thermostat, rheostat, beostat. The whispers then became inaudible and after a few seconds, [redacted] released the line as the individual on the party line had been attempting to get the line. [redacted] and [redacted] stated that entire time lapse of above incident was 10 to 15 minutes, during which time they both were off and on the line to answer other calls. At no time was there any other party on the line and they were both of the opinion that no connection had been made with a second party, and that the caller was quite mentally disturbed.

[redacted] Oxnard Exchange, advised she has no knowledge of receipt of any similar calls.

[redacted] Oxnard Exchange, advised that recording trunk 42, serves approximately 12,000 stations in the Oxnard, California area, of which 60 per cent are party lines, and telephone company unable to identify caller or location from which made.

ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY

Lieutenant Colonel L. L. RIVERS, U. S.
Army Retired, accompanied by Major JOSE E. CABAZA,
INTC, U. S. Army, both of Harlingen, Texas,
contacted the Federal Bureau of Investigation and
Colonel RIVERS advised as follows:

About 2:30 p.m. on November 22, 1963,
Colonel RIVERS had a conversation with a stranger whose
name and whereabouts are unknown to him relative to the
assassination of President KENNEDY. The stranger
said he now recalls that about six months ago he met
a white male about forty years of age who was a
duster pilot. They were in a bar in Harlingen, Texas,
drinking beer together. After establishing rapport
regarding previous service in the Air Corps, the
pilot asked what the unknown person thought of
KENNEDY. The unknown person replied that he liked him
personally but he did not like his policies. The
pilot replied that he did not either and that he belonged
to an organization called the Minutemen who planned
to do something about it, stating "We do not believe
in communism," and adding that he had nothing to do
with the "Birch Society." The pilot suggested
that the other person could get more details by
writing to a Post Office box, number unknown,
at Norma, Tennessee.

The pilot further stated that the next time
the President visits Texas that he will be assassinated
and that they had rifles with scopes and a person
selected to use them to kill the President.

The person talking to Colonel RIVERS said at
the time he thought the pilot was "either nuts or drunk"
but that since the President had been killed in Texas
that the memory of the conversation bothers him.

ASSASSINATION OF PRESIDENT KENNEDY

The Colonel stated that he asked him why he did not contact the FBI, and the stranger said he did not want to get mixed up in the matter as some of the group might kill him. He added that the pilot said that he was leaving the Harlingen area and going out to Snow Aircraft Corporation in West Texas. It is noted Snow Aeronautics manufactures airplanes for crop dusting at Olney, Texas, about one hundred miles west of the Fort Worth-Dallas area. Colonel RIVERS is making an attempt to locate and identify the source of information.

ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
November 22, 1963, Dallas, Texas

Re: Montgomery Groves
Sunnyvale, California

On November 22, 1963, Mr. Craig Work of Old Littleton Road, Harvard, Massachusetts, advised he was formerly employed with a Montgomery Groves, who resided on Nisqually Drive, Sunnyvale, California, and who was working for Lockheed on missile production, approximately four years ago. According to Mr. Work, Groves made the statement that he would gladly shoot the President for a price. Mr. Work stated he does not know if Groves is currently in California, but when he learned of the assassination of the President he immediately recalled this statement by Groves.

On November 22, 1963, the San Francisco Division of the FBI advised that Mr. Richard H. Nelson, Personnel Department, Lockheed Missile Company, Sunnyvale, California, advised Montgomery Bralley Groves, 791 Nisqually Drive, Sunnyvale, California, was employed at this company on June 15, 1961, as an Operations Research Analyst, with date of birth August 18, 1928, at Wichita Falls, Texas. Groves is a former Captain in the United States Army. Mr. Nelson verified that Groves had reported for work on November 22, 1963, and was in the plant at Sunnyvale, California, about 1:00 p.m., November 22, 1963.

ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
NOVEMBER 22, 1963

On November 23, 1963, Mr. FRANK NEWMAN, Sheriff, Cotulla, Texas, telephonically advised the San Antonio Office at 5:55 p.m. that FRANK TRABULA, owner, Drive-In Grocery, Highway 81 South, Cotulla, Texas, told him that at about 5:10 p.m. today two men, white male American, about 20 to 22 years of age, accompanied by a woman and small child, stopped at the grocery and asked if TRABULA had any shells like the one they had in their possession. TRABULA described the shell as a 5.5 Italian-made rifle cartridge, at which time one of the men said, "That's what I got the President with yesterday."

TRABULA said the group left the store shortly and that he did not have that type of shell. They drove south on U. S. Highway 81 in a car, make unknown, green in color, about 1950-55 model, bearing 1963 Texas license CH 6883.

Mr. G. P. PITTMAN, Department of Public Safety, advised that the above license is registered for 1956 Plymouth sedan, Vehicle Identification No. 22324677, to JOE P. SWANSON, 3631 Nations, El Paso, Texas.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY, NOVEMBER 22, 1963

At 9:12 PM, November 24, 1963, Mr. LOUIS BENAVIDES, Special Agent in Charge, United States Secret Service, San Antonio, Texas, advised that he had received the following information from his headquarters in Washington, D.C.

On November 23, 1963, a man identifying himself as SIDNEY GLOVER, called the FBI in Washington, D. C., and talked to a Mr. GREEN. GLOVER stated that when all world leaders convene on November 25, 1963, in Washington, D. C., the same thing would take place that took place in Dallas, Texas. GLOVER was calling from a pay station in Corpus Christi, Texas.

Mr. BENAVIDES stated that he had checked with the Office of Naval Intelligence and the Corpus Christi, Texas, Police Department, and further found that GLOVER had been employed at the Corpus Christi Naval Air Station, but was not now so employed. This employment was several months ago and GLOVER was now in San Antonio.

Mr. BENAVIDES said that he also determined from his headquarters in Washington, D. C. that shortly after GLOVER's call a man stating he was FELIX COX telephoned the Pentagon, Washington, D. C., on November 23, 1963, and said he was a Staff Sergeant in the Marines. He furnished the same or similar data as had GLOVER. He also was calling from a pay station in Corpus Christi, Texas, and said that he had insufficient money to talk longer.

Mrs. Harger stated that Delphine Neathery, Manager of the coffee shop, was present when the above statements were made by Backus.

On November 23, 1963, Mrs. Delphine Neathery, Manager of the coffee shop at the penthouse at the Sears Roebuck Store at Vermont and Slauson Avenue, Los Angeles, California, who resides at 1406 West 67th Street, Apartment 200, Los Angeles, California, was interviewed by Special Agents of the FBI at her residence. She stated that at about 11:00 a.m. on November 22, 1963, in the coffee shop, in the presence of Jeannette Harger, during a discussion of the shooting of the President, she heard Dana Backus say "That was scheduled for 8:00." She then asked him what he had said, but he did not reply.

On November 23, 1963, Harold Wenger, Security Officer at the Sears Roebuck, Inc. Store at Vermont and Slauson Avenues, Los Angeles, California, who resides at 9406 - 4th Avenue, Inglewood, California, was interviewed by Special Agents of the FBI at the store. Wenger stated that on the afternoon of November 22, 1963, he mentioned to

Dana Robert Backus

Dana Backus that the shooting of the President was a terrible thing, that he wondered if it had to do with civil rights. Backus told him that it goes deeper than that, that there are a lot of outfits that would like to get him for selling the country down the river to the commies, that he thought it was the best thing that had happened to the country, and that he would be willing to contribute money to the "guy" who did it.

Dana Robert Backus was interviewed on November 23, 1963 by Special Agents of the FBI, at the Sears Roebuck, Inc. Store, Vermont and Slauson Avenues, Los Angeles, California. Backus stated that he has been employed as an insurance agent by the All-State Insurance Company at the Sears Roebuck, Inc. Store, and resides at 1733 Oak Avenue, Manhattan Beach, California. He said that his strong anti-communist political convictions, and his opposition to the Kennedy administration are well known by his associates, but that while he feels that President Kennedy's removal from the Presidency to be beneficial in the long run, he did not approve of the method used to remove him.

He stated that he recalled making a remark to employees in the store to the effect that the shooting of the President was scheduled for 8:00, but he was merely trying to be humorous. He also recalled saying that there ought to be a collection for the man who did it, but by this remark, he did not mean to approve or condone the shooting. He denied having any prior knowledge of the plan to assassinate the President, or being in any way involved.

Backus claimed that he was a civilian employee of the U. S. Armed Forces in the Far East, and was captured in December, 1941 by the Japanese on Corregidor, and served four years in a prisoner of war camp. From 1950 to 1962, he served as a Major in the Military Department of the State of California (California National Guard). He denied membership in the Minuteman Organization, or any extremist group, but stated that he was assigned by the California National Guard about two years ago to penetrate the Minuteman Organization and to attempt to find out if they had obtained guns from the California National Guard.

**HAROLD A. WALSH, Also Known As
Bud Walsh**

On November 22, 1963, an individual who identified himself as Jack Johnson, 2367 Madrona, Torrance, California, telephonically advised the FBI that one Bud Walsh had recently stated the President would be dead by the end of this month. Mr. Johnson stated he did not know Walsh's residence address and furnished no additional information other than to state Walsh was a City of Torrance employee.

Investigation conducted by the FBI disclosed the address 2367 Madrona, Torrance, was fictitious, and no record of a Jack Johnson could be located in the current telephone directory or Torrance city directory.

Inquiry of Detective Bureau, Torrance Police Department, disclosed that Harold A. Walsh, also known as Bud Walsh, and his wife, Marian L. Walsh, reside at 2039 West 233rd Street, Torrance; further, Walsh is the Torrance City Building Inspector and has been for a number of years. Walsh is currently under subpoena to appear before the California State Attorney General hearing into charges of corruption in the City of Torrance. The California State Attorney General hearings have been postponed from time to time, but it was ascertained that Walsh was in the City of Torrance on November 22, 1963.

On November 23, 1963, Harold Walsh was interviewed, at which time he disclosed he has been a Torrance, California, resident for the past 20 years, is currently in charge of the Torrance Police Mounted Patrol and has been a reserve officer in this organization for the past 10 years. He has also been employed by the City of Torrance for the past 10 years.

Mr. Walsh readily admitted that a week or so ago, during the course of a conversation with Lieutenant Cook, Vice Officer, Torrance Police Department, and Jack Phillips

HAROLD A. WALSH,
Also Known As Bud Walsh

of Paramount Building Company, two of his friends for many years, that he made the statement that every 20 years during a zero series, the President in office did not finish his term. He stated that history has shown this to be a fact, and he felt President Kennedy, who was elected in 1960, if history was right, would not finish his term. The conversation became intense over this subject, and Walsh bet Mr. Phillips \$100.00 President Kennedy would not finish his term, based not only on Walsh's knowledge of history, but in view of the numerous events which had occurred in this country, all of historical importance, involving James Hoffa, the steel crisis, the Cuban situation, integration, and other such factors which aroused the public.

Walsh never realized how prophetic his statement would be, and he stated he never even thought of the statement until November 22, 1963, at which time Lieutenant Cook noted during the course of a conversation that "Bud Walsh really hit it on the nose" in his prophetic statement of a week or more ago.

Mr. Walsh stated people seemingly have no regard for human life and certainly in many instances have no respect for Government law or order. Walsh stated that he had the highest regard for President Kennedy, and the fact that the President's life was snuffed out is one of our great tragedies. He stated that he and his family are in mourning for the President. He states he now wishes he had never made a statement which turned out to be so prophetic.

CHARLES HOMER BRADFORD

Charles Homer Bradford, Owner Bradford's Trading Post, 844 East Fifth Street, Pomona, California, advised on November 23, 1963, that he is in the business of buying and selling used guns, musical equipment, and other merchandise. He said that he is not an admirer of President Kennedy, did not vote for him and has been critical of the Kennedy administration policies. Several years ago he changed his voter's registration to Independent as he was disgusted with both the Democrat and Republican parties, because of "communist influence." He said formerly he was a registered Republican and now considers himself a Goldwater Conservative.

He said that he was shocked at the news of the presidential assassination and would have no knowledge of any element that could be involved in this matter. He said he does not feel so strongly anti-Kennedy that he would desire the president's death.

RICARDO PEREZ

On November 22, 1963, at 1:25 p.m., Conrado Lepe, who resides at 5511 Inglewood Boulevard, Culver City, California, and who is employed at the Mica Company, 4031 Elenda Street, Culver City, furnished information to a Special Agent of the Federal Bureau of Investigation that one Ricardo Perez, a fellow employee at the Mica Company, on November 21, 1963, told him he was going to kill President Kennedy. Perez allegedly told Lepe it was President Kennedy's fault that conditions were poor in Cuba and he was not giving Castro aid.

According to Conrado Lepe, Perez is very pro-Castro in his sympathies, has made pro-Castro statements, has spoken in favor of the present Cuban government, and has talked against the United States.

On November 22, 1963, Miss Cam Carlson, an office worker at the Mica Company, advised their records reflect that Perez resides at 3557 Overland Street, Culver City. She was not in possession of any additional background information concerning him. She made an appropriate inquiry in the factory, at which time she was able to determine Perez was then present and working in the factory as of November 22, 1963.

The above is being furnished for your information.

ASSASSINATION OF PRESIDENT JOHN F.
KENNEDY, NOVEMBER 22, 1963,
DALLAS, TEXAS

On November 24, 1963, TED MEADOWS and JOSH KING of Radio Station KLAC News Bureau, Los Angeles, telephonically advised that twice during the early morning hours of November 24, 1963, an unidentified woman called the News Bureau. She refused to give her name. She said she works at a hotel in Beverly Hills, and she possibly said the Beverly Hilton Hotel. She may have said it was the hotel where President KENNEDY stayed the last time he was in Los Angeles. (Calif.)

The woman said that on November 21, 1963, she was in the hotel elevator about 6:55 p.m. She was going to the top floor to her work station. A man got on the elevator with her. She inquired as to what floor he wanted and he replied he would go as far as her floor. He was reading a newspaper and she inquired, "What are the headlines?" He replied, "KENNEDY has been assassinated. KENNEDY is dead." The woman said she did not know what to make of the statement so she worked out her shift that night and went home.

The woman was awakened the next morning by a friend who told her the President had just been assassinated. She has not seen the man again but thinks she could identify him because he checked out on the morning of November 22, 1963 and there were only three persons who checked out of the hotel that morning. Also, she knows a woman who knows who the man is. She was so upset when the man made the statement to her and later became fact that she could not go back to work until November 24, 1963.

The woman also said that she is foreign born. She has a friend of Irish extraction who is a former nurse maid of President KENNEDY and was with the KENNEDY family in Ireland for several years. This woman also now works in a hotel but the calling woman would not say if it was the same hotel where she herself is employed.

**ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY, NOVEMBER 22, 1963,

The woman commented that she was certain the man in the elevator was not LEE HOWARD OSWALD.

On November 24, 1963, inquiry at the Beverly Hilton Hotel, 9876 Wilshire Boulevard, Beverly Hills, at the Beverly Wilshire Hotel, 9500 Wilshire Boulevard, Beverly Hills, and the Beverly Hills Hotel, 9461 Sunset Boulevard, Beverly Hills, by FBI agents disclosed no information which would serve to identify the woman who called Radio Station KLAC News Bureau.

JESUS VEGA

On November 23, 1963, Mr. E. W. SHIRLEY, 24725 Pennsylvania Avenue, Lomita, California, a guard at the Arenca Plant, 24751 Crenshaw Boulevard, Torrance, California, advised he was told by one KENNETH BRAASCH, an employee of the plant, on November 23, 1963, that a Cuban who works with BRAASCH's son at the plant told the son he knew several weeks ago that KENNEDY was going to get killed. *NY 100-111117*

On November 23, 1963, Mr. KENNETH DON BRAASCH, 2411 Alvard Lane, North Redondo Beach, California, advised he is employed by Douglas Aircraft Corporation, Torrance, California. He stated that approximately two weeks ago, one of the employees of Douglas, JESUS VEGA, said, "After the trouble in South Viet Nam, I wouldn't be surprised if something didn't happen here." There was no mention made of President KENNEDY. The remark was construed by BRAASCH to be a general statement that perhaps there would be trouble in this country over the situation in South Viet Nam. BRAASCH did not construe it to have any connection with the assassination of President KENNEDY. *1.6*

ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
November 22, 1963, Dallas, Texas

RE: -- HARLAN
Houston, Texas

Miss Lorraine Vargas, Granville Avenue, Malden, Massachusetts, advised Special Agents of the FBI on November 24, 1963, that while vacationing at the Pan American Hotel, 17875 Collins Avenue, Miami, Florida, on September 19, 1963, she met a man named Harlan, whose first name she could not recall, and his wife, Polly, who were from Houston, Texas. Harlan was believed by Miss Vargas to own an insurance company in Houston, Texas bearing his name.

During a conversation that began in jest about the North and South relations and President Kennedy's stand on civil rights, Harlan became irate and made statements, the exact words of which she was unable to recall, but the substance of which was that he would like to see the President dead and if he knew someone who would do it, he would give him the gun or pay to have it done. Miss Vargas said she had no specific reason to believe Harlan was in any way connected with the assassination of President Kennedy, but in view of his remarks thought it advisable to report this information for what it is worth.

She described Harlan as follows:

Age:	38 - 40
Height:	5'11" - 6'

RE: ASSASSINATION OF PRESIDENT

JOHN F. KENNEDY.

NOVEMBER 22, 1963

Mr + Mrs

Dr. ~~BEN~~ PARKER, owner of radio station KBOP, Pleasanton, Texas, stated that one day between early mid afternoon sometime between about October 8, 1963, and October 15, 1963, to his best recollection, a white man, name not recalled, age about mid 20s, with sandy hair, 5'7-8", of rather dirty appearance, came into radio station KBOP stating that he was driving through Pleasanton and would like to obtain employment with this station. Doctor PARKER had no employment to offer this individual and therefore did not obtain any further information about him. He said he did not see any automobile that this man may have had nor did he know whether he was accompanied by anyone else. Doctor PARKER mentioned that he had seen television photographs of LEE HARVEY OSWALD and that he believed it was possible this individual who contacted him for employment may have been OSWALD. However, he said he had actually paid very little attention to the individual seeking employment and was not at all sure that they were the same and also that it was possible his own imagination has become overly active due to publicity concerning the assassination of the President.

Mrs. BEN PARKER, wife of Dr. BEN PARKER, owner of radio station KBOP, Pleasanton, Texas, said that one day about either right after noon or sometime before mid afternoon between the period October 8, 1963, to October 15, 1963, to her best recollection, she received a telephone call from a man, name not recalled, who told her he was passing through Pleasanton and wanted immediate employment if possible with KBOP. Mrs. PARKER

ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY
NOVEMBER 22, 1963

WILLIAM A. HALONEN, Office of Special Investigations, Kelly Air Force Base, Texas, telephonically advised the San Antonio FBI Office on November 26, 1963, that an individual, who preferred to remain anonymous, had been told by GREGORY BASILA, owner of a drugstore at 620 West Houston Street, that on November 21, 1963, while he, BASILA, was listening to a radio newscast concerning President KENNEDY's pending Dallas visit, a man entered his store and said in Spanish, "KENNEY is alive today, but he will be dead tomorrow." BASILA believed the dialect to be Cuban.

GREGORY F. BASILA, 620 West Houston Street, San Antonio, Texas, was interviewed by an FBI Agent on November 26, 1963, and advised that between 7:00 and 8:00 p.m. on the evening of November 21, 1963, he was listening to the radio newscast of President KENNEDY's pending Dallas visit. A lone male in his store made the comment to him, "Tomorrow KENNEDY will be killed in Dallas." He then repeated, "In Dallas." This statement was made in Spanish in a dialect BASILA believed to be Cuban. BASILA stated that this individual was completely unknown to him, that he had never seen him before and has not seen him since. BASILA stated that although there were other people in the store, the comment was directed to him and no one else could have heard it.

BASILA described the individual as Latin American, but definitely not Mexican; height, five feet, four inches; weight, 135 to 145 pounds; hair, black; complexion, medium dark; clothing, hatless, short sleeve sportshirt and dark trousers. He stated that since he was comparatively busy at the time, he did not notice if the man left in an automobile.

BASILA further stated that many people had told him that BILLY GRAHAM was trying to keep President KENNEDY from coming to Dallas.

November 27, 1963

ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY, 11/22/63

Information volunteered by Sergeant First Class ANDERSON, Fort Sill, Oklahoma, disclosed that while Sergeant ANDERSON was at Fort Hood, Texas, on temporary duty on November 15, 1963, he had planned to leave Killeen, Texas, on a three-day pass and went to the Killeen Finance Company, Killeen, Texas, to arrange for a loan. Sergeant ANDERSON advised that while waiting for the Killeen Finance Company to open at 9:00 a.m. on November 15, 1963, he walked around several blocks and at about 8:50 a.m. he entered a pawn shop to look at Army pistols. Sergeant ANDERSON states that there was one customer in the shop and that the proprietor was showing the customer a high powered rifle and scope designed for 3006 or Winchester rifles. Sergeant ANDERSON stated he left after two or three minutes and the customer was still at the shop. ANDERSON described the customer as a white, male, age in the middle 40s, 5' 8" to 5' 10", weight 170 to 175 pounds, possibly wearing glasses and wearing an old dress style felt brimmed hat.

Sergeant ANDERSON further described the location of the shop as north of the Highway 190 across the railroad tracks on the street where the Ford Motor Company was located on the east side in the block between the highway and the railroad. ANDERSON continued that in the first block across the railroad the pawn shop was located on the west side of the street about the second building and that the Killeen Finance Company was around the corner

of the next street north to the left or west. He related the front door of the pawn shop was on the left side as you face the front of the building and that rifles were displayed on the rack on the right side as you enter the shop.

Mr. JESSE RAY SMITH, manager, the Arrow Loan Company, 309 North A Street, Killeen, Texas, advised on November 23, 1963, that he has been manager of the Arrow Loan Company for approximately three years, and that during this period of time he opens the loan company shop at 10:00 a.m. and with rare exception opens the shop earlier than 10:00 a.m. Mr. SMITH advised that their shop has carried no rifle scope for over a period of a year and has carried no 3006 or Winchester rifles at that store this year. SMITH continued that their store did carry a 30.40 Craig Springfield rifle and a German make 765 millimeter Mauser rifle, but both of these rifles were not sold and are currently in the store stock.

A check of the sales receipts and record of fire arms sales of the Arrow Loan Company for a period from November 1, 1963, through November 22, 1963, failed to reflect any record of a rifle sale through that store. Mr. SMITH reiterated the fact that their store definitely had carried no scope either mounted or unmounted on a rifle for over a period of a year and that he had no recollection of any individual answering the description furnished.

Mr. ERBIE ERSKIN GREEN, owner, Arrow Loan Company, 309 North A Street, Killeen, Texas, advised that only Mr. SMITH and himself possess keys to the Arrow Loan Company at the 309 North A Street, Killeen, Texas, location and that this store has not carried any 3006 rifles this year. He stated the only 3006 rifle with a scope was a Remington 3006 mounted with an eight power scope that was sold through his Western Pawn Shop Store on West Highway 190 and that the individual who purchased the weapon was a part time employee of his Western Pawn Shop Store and was currently in Killeen, Texas. Mr. GREEN stated the 3006 Remington rifle has never left the store premises although Mr. GREEN had purchased the weapon some months ago.

ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY, 11/22/63

B.3415
Mr. BUD MOORE, owner, Bud's Gun Shop, 203 North A Street, Killeen, Texas, advised on November 23, 1963, that he generally recalled a customer being in his store at approximately 9:00 a.m. on November 15, 1963, who answered the general description as furnished and that this individual, WALKER BOREN, was a rancher who lived in Kempner, Texas, and a regular customer. Mr. MOORE stated that BOREN was a white male, in his middle or late 40s, approximately 5' 7" to 5' 8", 170 pounds, who wore glasses and generally presented a rough appearance with old outdoor ranch wear.

B. Copperas Cove, Texas
Mr. MOORE related that from his recollection that on November 15, 1963, WALKER BOREN traded a Japanese 6.5 millimeter rifle mounted with a scope, in on a Springfield M1903 30.06 rifle, Serial number 3097818. Mr. BOREN was allowed \$33.95 on the trade-in of his Japanese rifle, Serial No. 19472, against the purchase price of the Springfield M1903 30.06 rifle of \$39.95. MOORE related that he recalled some conversation with BOREN concerning the scope mounted on the Japanese rifle but no longer recalls specifically what was stated. MOORE related further that the rifle obtained by BOREN in trade definitely did not contain a scope.

Mr. WALKER BOREN, Route 1, Kempner, Texas, advised on November 23, 1963, that he had traded a Japanese rifle with a K4 Weaver Scope to BUD MOORE of Bud's Gun Shop, 203 North A Street, Killeen, Texas, on November 15, 1963. Mr. BOREN stated that he recalled that he had been in MOORE's Gun Shop at about 9:00 a.m. on November 15, 1963, and that he did enter into a dispute with MOORE concerning the fact that the scope mounted on the Japanese rifle was off center and as a result had been ineffective for accurate shooting.

Mr. BOREN exhibited the Springfield M1903 30.06 rifle and maintained that the weapon had been unused since its purchase but that he had purchased the weapon or traded the weapon for deer hunting this season.

Mr. BOREN advised that he had been into Killeen, Texas, on November 22, 1963, to visit briefly with MOORE at MOORE's gun shop but had returned to his home shortly before noon and had spent the balance of the day in or around his home and ranch property doing work. He stated

LOUIS J. ULLIAN, JR.
Safety Engineer
Deputy for Range Operations
Range Safety Division
United States Air Force
Patrick Air Force Base, Florida

On November 25, 1963, a Confidential Source who is employed at Patrick Air Force Base, Florida, and who has known and worked with LOUIS J. ULLIAN, JR. for several months, reported that ULLIAN was attending a conference when it was learned that President JOHN F. KENNEDY had been shot. Among those present at this conference were Mr. CYRIL GOLUB, an engineer with Pan American World Airways, Inc.; Mr. JACK GENEAROS, a procurement officer for the Air Force; Mr. V. PAUL YALE, an engineer or project officer for the Air Force; and perhaps the secretary of Mr. GENEAROS.

This conference was being held in the office of Mr. GENEAROS in the Technical Laboratory Building at Patrick Air Force Base. According to information received by the source, Mr. GENEAROS announced he had just been informed that President KENNEDY and Vice President JOHNSON had been shot in Dallas, Texas. Mr. ULLIAN then stated, "Good, I hope he dies. I never thought very much of him anyway."

Mr. ULLIAN was reminded of the very serious nature of the news, and someone stated that he would only have to watch what happened to the stock market to see how seriously the news would be taken throughout the country. ULLIAN is said to have replied that he was lucky, since a drop in the market would not affect his municipal bonds. The source advised that ULLIAN continued to make derogatory remarks about President KENNEDY, but these further specific remarks are not recalled by the source.

Lt. Col. L. L. RIVERS, U. S. Army Retired, Harlingen, Texas, who was the original source of this information on November 22, 1963, advised on November 24, 1963, that he had identified his source as KENNETH SHAND, 921 Central, Harlingen, Texas. SHAND was interviewed on November 24, 1963, and could give no additional information than that previously furnished by Lt. Col. RIVERS. SHAND said that the conversation was a casual one in a bar in Harlingen, Texas, in about May, 1963.

KEN MEDDERS, Manager of the Sun Valley Dusting Company, San Benito, Texas, and CLYDE ELLIOTT, Elliott Aviation Company, Harlingen, Texas, were interviewed on November 26, 1963, in an effort to identify the unknown duster pilot who had told KENNETH SHAND in May that the President would be shot when he next came to Texas and who told SHAND that he was a member of an organization known as the Minute Men. MEDDERS and ELLIOTT know most of the people connected with crop dusting in the area of Texas where they live as well as in Latin American countries.

Both MEDDERS and ELLIOTT stated that the physical description of the unknown pilot furnished by SHAND fits a man named CHUCK ROGERS whom they both know well but who has not been in Harlingen, Texas area since about 1957. They have no idea of his whereabouts. MEDDERS said that ROGERS worked for him in 1954 and part of 1955 mostly dusting crops in Nicaragua. MEDDERS described ROGERS as being unstable, untrustworthy, nervous to the point of having seizures, he drank too much liquor and was too rough on the company's equipment. MEDDERS said that the pilots in Nicaragua were allowed to carry side arms. Most of them did not elect to do so but ROGERS did and one day in Nicaragua became angry about something and took some shots at personnel around the airport. He was deported from Nicaragua. ELLIOTT said that in 1957 that CHUCK ROGERS

contacted him and said that he could not get a job and wanted to know if ELLIOTT knew of anyone who would hire him as a pilot. ELLIOTT told ROGERS that he knew of no one who was that bad off for a pilot, and ROGERS has not been in the Harlingen area since.

HEDDERS and ELLIOTT advised that they also know a former duster pilot named HAROLD B. OLSEN who fits the general physical description of the person who is alleged to be the source of SHAND's story. HEDDERS and ELLIOTT state that OLSEN too has not worked in the Harlingen area for several years, that he is even more unstable than CHUCK ROGERS, that he is in an advanced state of alcoholism, that he lives somewhere around Withita Falls, Texas, and they have heard that he was working in Oklahoma six months ago, and they have not seen him in several years.

KEN HEDDERS explained that crop dusting has become a big business. Years ago it attracted unstable types of young men who had learned to fly during World War II but that these pilots lost too much equipment and embarrassed their employers in Latin American countries and that for the past few years they have been able to hire stable and reliable pilots.

Neither HEDDERS nor ELLIOTT could offer any suggestions as to the identity of the unknown person who is alleged to have given SHAND the information in question at a bar in Harlingen, Texas, in about May, 1963. They said that hardly any of the duster pilots now operating were pilots during World War II.

ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY, 11/22/63
DALLAS, TEXAS

The Laredo Times, a daily newspaper, Laredo, Texas, in their November 27, 1963 afternoon edition, carried an article reflecting that LEE HARVEY OSWALD had purchased approximately \$32.00 worth of clothing at Joe Brand Clothing Store, Laredo, Texas, and that the purchase was verified by Federal investigators through a receipt found among OSWALD's possessions.

Employees of the Joe Brand Clothing Store advised that on November 26, 1963, a person had come into the store and made a purchase of \$6.00 and some cents and gave them a check for \$20.00 and obtained the change. This person was using the name of VINCENT CHRISTI and stated that he was an investigator with the military, assigned to Laredo Air Force Base.

CHRISTI then stated that LEE HARVEY OSWALD had purchased approximately \$40.00 worth of clothing at Joe Brand Clothing Store and he was checking on the matter.

An employee of Joe Brand then checked through the old sales receipts and CHRISTI quickly pointed to one in the amount of \$39.89 and said this was the ticket. There was no name on the ticket and CHRISTI had no additional information such as sales receipt number or name, but merely pointed to the sales receipt in the amount of \$39.89 stating it was the purchase made by OSWALD. This receipt contains no name and is for a purchase made on September 21, 1963, by a person who purchased a jacket for \$19.98; some shirts; two \$2.50 ties and paid for the purchases with a 500 pesos (Mexican) bill. No employee in the store recalls OSWALD ever making any purchase.

A check at the Laredo Air Force Base for the name of VINCENT W. CHRISTI or any variation of this name was negative.

COPIES DESTROYED

A photostatic copy of the check was obtained which shows that the check was drawn on the Union National Bank, Laredo, Texas, and is in process of clearing the bank.

FBI investigation being conducted of VINCENT W. CHRISTI for impersonation and interstate transportation of stolen property.

Reference is made to Rosen to Belmont memorandum dated November 22, 1963, captioned as above. Pursuant to Bureau request, SA Henry Rowse, Atlanta Office, telephonically advised at 6:15 PM as follows.

He had recontacted Departmental Attorney A. Frank Grimsley, Jr., and he advised that when he first contacted the switchboard operator, Miss Murphy, she was upset. Grimsley subsequently re-interviewed Miss Murphy at which time she advised that the caller rather incoherently stated to the effect, we have you now or we will get you now. The call was made at 3:00 PM, EST. It was made on the U. S. Attorney Office phone and Miss Murphy stated that the person was ranting and raving about the death of the President and said something to the effect we have you now or we will get you now. There was no indication whatsoever that the call was anything but local. Rowse advised that SA Earl Moore, Secret Service and Captain R. E. Dear Mr. Eggleston:

Unfortunately your telegram of November 22, 1963, indicates unfamiliarity with our jurisdiction.

At this time in the Nation's bereavement, I am disturbed by your unfounded accusation of negligence and feel it necessary to inform you that the protection of the President and his immediate family is the responsibility of the Secret Service of the United States Treasury Department and not the FBI. ASSASSINATION OF PRESIDENT KENNEDY
NOVEMBER 22, 1963
DALLAS, TEXAS

Enclosed herewith are the following:

- (1) Original U. S. Post Office Form POD 3575, "Change of Address Order", in the name of LEE H. OSWALD, dated 9/24/63.
- (2) Original U. S. Post Office Form POD 1093 (2 parts), in the name of L. H. OSWALD, dated 6/3/63.

Enclosed for Dallas is one Xerox copy of each of the above forms.

Also enclosed is an original Application for Employment form filled out by OSWALD for employment with William B. Reilly and Co., Inc., New Orleans. All ink handwriting on both sides is said to be OSWALD's, with the exception of "Perm." at the top of the front side of the application and the information below the signature of applicant on the reverse side.

Also enclosed is a Xerox copy of Form W4, Employee's Withholding Exemption Certificate, furnished the Reilly Company by OSWALD.

Also enclosed are nine pages, being Xerox copies, of employment reports made out by OSWALD in connection with his duties while employed by William B. Reilly and Co., Inc. The initials and date "AGV, 11/23/63" and name "E. C. Barbe, Jr." were not OSWALD, nor was the notation "back of Thursday 7-11", written at the top of one page, and the wording "back of 12th" at the top of another page.

Handwriting and hand printing on all of the above specimens should be compared with any questioned handwriting and handprinting in this case.

Also enclosed are five copies of "The American Rifleman", being issues of June, 1963; July, 1963; September, 1963; October, 1963; and November, 1963.

Also enclosed is one copy of magazine "Guns and Hunting", issue of January, 1964, and magazine "Field and Stream", issue of December, 1958.

It is to be noted that an order blank has been torn from the bottom of Page 59 of the June, 1963, issue of "The American Rifleman". This appears to be torn from a page advertising guns offered for sale by "Klein's", a sporting goods company of Chicago, Illinois.

It should be noted that the above magazines were furnished by ADRIAN T. ALBA, owner-operator, The Crescent City Garage, 618 Magazine Street, which is located adjacent to William B. Reilly and Co., Inc., where OSWALD was employed from May 10, 1963, to July 19, 1963. OSWALD is said to have been intensely interested in the gun magazines maintained at this garage by Mr. ALBA, a gun collector. Mr. ALBA states OSWALD borrowed one of the magazines and returned it but is unable to state which magazine or either the date same was borrowed.

These magazines should be examined for any fingerprints of suspect OSWALD and any other suspect developed in this case. On the torn page, check should be made under this torn page for any indented writing.

NO 89-69

LGD:SMC:JWS:man

If the FBI Laboratory is in possession of any order form forwarded Klein's Sporting Goods Company, an examination and comparison should be made to determine whether such order form was torn from this magazine which may have been borrowed by OSWALD.

If such application blank has not been forwarded the FBI Laboratory, the Dallas Division should consider requesting such order form be obtained and forwarded the FBI Laboratory for comparison with this magazine.

Also enclosed is a photograph of an envelope postmarked June 8, 1963, New Orleans, Louisiana, addressed to The Worker, 23 West 26th Street, New York 10, New York, bearing return address Post Office Box 30061, New Orleans, La.

Also enclosed are photographs of two-page letter addressed to The Worker from L. H. OSWALD, Post Office Box 30061, New Orleans, La.

The above photographs were obtained from New Orleans file regarding OSWALD and were originally furnished to New York Office on June 26, 1963, by [REDACTED]

Also enclosed is Post Office Change of Address card addressed to "The Worker", postmarked New Orleans, giving change of address for LEE H. OSWALD from 4907 Magazine Street, New Orleans, La., to Post Office Box 30061, New Orleans, La., effective June 15. This card also obtained from OSWALD's file in New Orleans and was originally made available to New York Office by [REDACTED] on July 8, 1963.

Also enclosed is a library card for OSWALD which was prepared by him, with the exception of the information contained at the top of the card, the word "Orleans" and the writing in the lower right hand corner.

Handwriting and hand printing on these above specimens should also be compared with any questioned handwriting and hand printing in this case.

NO 89-69

LGD:SMC:JWS:nan

All of the above evidence should be returned to the New Orleans Division when examination by the Laboratory has been completed.

he voiced dislike for President KENNEDY. He stated he was in Houston throughout day November 22, 1963, and has been at place of employment since 6:00 PM, November 22, 1963. TAYLOR stated he would have been foolish to have pulled such a stunt as assassination of KENNEDY, however, stated his only regret in the matter was the fact that the assassin did not complete the job with LYNDON JOHNSON. He declined to be further interviewed.

On November 23, 1963, HERMAN ESCAR SHEFFIELD was interviewed at 510 Louise Street, Houston. He admitted being member of John Birch Society, an ultra-conservative and opposed to practically all of the programs of the present Federal administration. He stated he disliked late President of the United States but certainly would not take part in assassinating him and has no knowledge of anyone who did. SHEFFIELD denied that he recalled having made the statement that the John Birch Society planned to hire anyone to kill the President. He stated he may have made the statement "something along that line as a joke" but certainly had no knowledge that this was true, and stated the John Birch Society did not advocate violence.

On November 23, 1963, L. L. KERR, 5521 Raton Street, Houston, advised he was confined in hospital from November 18 to November 21, 1963. He stated that on November 22, 1963, he went to work for his employer, KEITH HILL, and worked all that day in Houston. He stated he did not know why there was any question of his involvement in anything against the President since he voted for him and supported most of his policies. He stated he had never said anything against the President and if it was suggested that he had, the person making the suggestion must have misunderstood him.

On November 23, 1963, JAMES NYE RYMAN, 2164 Troone Street, Houston, stated that he was of the opinion President

KENNEDY would die in office and this opinion was based on the fact that every president elected in a year ending in "0" has died while in office. He stated he believed Vice President LYNDON JOHNSON only agreed to be vice president because he was "as superstitious as I am". RYMAN stated in his opinion a man elected to office as president in 1980 will also die in office.

Investigation Houston November 23, 1963, developed that NADINE BESTOUGEFF resided YWCA, Houston, from September 8 to November 11, 1963. While in Houston was associated with Continental Oil Company as trainee, without compensation.

Records of YWCA indicated following individuals listed as references:

Dr. LAZARD, Chemistry Department, Mount Sinai Hospital, New York City

Dr. PERVOUCHINE of McGill University, Montreal, Canada

BESTOUGEFF, when departing Houston, intended to proceed to New York City via Atlanta, Chicago and Detroit and she indicated she would stay at YWCA's in cities visited, and intends to depart United States about December 1, 1963. DEC 4 1963

Book Park 42, Ohio
November 24th, 1963

Dear Sir:

I, Mrs. Stella M. Wyman, regret at this time to confront you with my personal feelings, but nevertheless sure many agree with the following:

At this time of sorrow, distress in sympathy of the loss of our countries greatest President "JOHN FITZGERALD KENNEDY", I find it very difficult to view television broadcasts with tear clogged eyes and unbareable strain in my heart of concern, to be utterly disturbed by the judgement and manner of the Dallas, Texas Police Department. Seems as though our President and that of his presumed assassinator Lee Harvey Oswald, is the soul property of their city and state. This is a nationwide concern, no time for any reckless actions, nor time to disregard the valuation of time. The very thought of the Dallas, Texas taking upon themselves to consider the case CLOSED cause of the assassination of Lee Harvey Oswald by the already confessed irresponsible and senseless individual JACK RUBENSTEIN, who had no business whatsoever under any circumstances, given what I believe wholeheartedly the mere right by the Dallas police to be present, definitely an unlawful act of the force.

I find it a necessity in responsibility of mine to express my thanks and gratitude of an announcement by SANDY VANOKER. Bestowing upon the American people, the security and comfort of assuring a thorough study and investigation and in due time acknowledging the public the final statement of report of the ASSASINATION, which is what President Kennedy fought for, righteousness, peace and sound judgement in law. DEC 3 1963

May I again thank you ever so much, for having let the Police Agents of Dallas, Texas know this is a NATIONWIDE concern and therefore your department will continue and resume its responsibility to the end.

I remain

Yours truly,

JOHN F.

The President has instructed the FBI to conduct a full investigation into the assassination of President Kennedy and the murder of Lee Harvey Oswald. I can assure you that this Bureau will discharge its responsibilities in this regard with the same thoroughness and dispatch that have characterized our investigations in the past.

Sincerely yours,

J. Edgar Hoover

Dear Mr. Kennedy:

Don't let your brother's senseless assassination remain unsolved.

You owe it to your family, to Jackie, and to the American people to find out exactly what is back of our beloved JFK's murder.

There are some questions I'd like to see the FBI answer. Among them are these:

1. Who recommended Lee Oswald to work in that building?
2. When did the manager there find he needed help?
3. How did he go about finding that needed help?
4. Was Oswald placed in the building coincidentally with the release of the President's proposed route?
5. When did Oswald draw the route of JFK?
6. Can Oswald's phone calls be traced to anyone?
7. Why were not Oswald's fingerprints on the gun as well as his PALM prints?
8. Who was the man who told the policeman that morning, "It's all right; he works here."
9. Was Oswald able to support his family AND a separate room on his salary?
10. Who persuaded Oswald to return to Dallas?
11. Where did Ruby get the gun he used on Oswald?
12. Who, if anyone, permitted Ruby to remain in the police building?
13. Did the newsmen and TV workmen really ask the police to delay the transfer of Oswald?
14. Why was there a space between the detectives that enabled Ruby to reach his victim?
15. How did Ruby know how to wound Oswald MORTALLY?

There are more questions I'd like to ask, but for JFK's sake, and for my wife's (she cries every time she sees little John-John) please pursue the case to its end, however bitter it may be. I want to say that your brother's murder resembles Lincoln's in so many ways.

Also, can't your Department do something about stopping the sale and distribution of hate sheets? Can the sale of guns pass through the FBI before they are sent on to buyers.

Sorrowfully, sympathetic ally,

Mrs. YVETTE SEARCY, 7340 Guadalupe Trail, NW,

Albuquerque, telephone No. 898-3370, employed in the Accounting Department, Fedway Stores, Downtown Branch, advised today that she worked at Centex Corp. in Dallas from April through December, 1962. FNU SWANSON worked there and traveled on construction work in a very good position under Mr. LEE HIGGINS. He asked her to translate some documents from French to English. One of the items was a proclamation which was a year or two years old, author not recalled, but tenor of which was to effect that the French were jailing people in France in the same manner the Nazis did in Germany.

SWANSON also showed her a news article in English, details of which she could not recall, but to effect that President KENNEDY was actually a Communist. She remarked to SWANSON that this article was accusing the president of being a Communist, to which SWANSON replied, "that's what he is."

On 11/27/63 Dr. Glenn T. Seaborg, Chairman, Atomic Energy Commission (AEC), advised Liaison that AEC has at the present time a very sensitive detection process which might augment the paraffin tests already run on Oswald. Dr. Seaborg described this process as a neutron-activation analysis which he described as far more sensitive in detecting gun powder residue than the paraffin test.

Dr. Seaborg stated the expert in this field at AEC is Dr. Paul C. Aebersold, whose offices are in AEC Headquarters. Dr. Seaborg suggested that one of our Laboratory technicians might wish to discuss this process with AEC bearing in mind that the gun powder in Oswald's rifle and pistol are different in physical make-up and can be distinguished between by the AEC process.

ACTION:

Liaison thanked Dr. Seaborg for his suggestion and cooperation. In the event the Laboratory desires to discuss this matter, Dr. Aebersold may be reached on Code 119, Extension 3188, AEC Headquarters.

TO : Mr. Belmont *10/1/63*

DATE: November 29, 1963

FROM : A. Rosen *11/13*

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
NOVEMBER 22, 1963, DALLAS, TEXAS

With regard to statements allegedly made by John H. Hill, a Texas oilman, to the effect that the President would be assassinated, this is to advise that Hill has denied making such statements.

BACKGROUND:

On 11/25/63, [REDACTED] administrative assistant to Texas Governor Connally, advised that R. E. Gene Chambers, a Wichita Falls, Texas, businessman, had stated that Roger Tittle recently had dinner with John H. Hill at Dallas, Texas. During this dinner Hill allegedly was violently abusive toward President Kennedy and said that arrangements had been made to kill President Kennedy in Dallas.

INTERVIEW OF ROGER TITTLE:

On 11/26/63, Roger Tittle, President, Panhandle Steel Company, Wichita Falls, Texas, advised our Dallas Office he has known John Hill, President of Southwest Producing Company, Dallas, Texas, approximately 7 or 8 years and has known him well the last 3 or 4 years. Tittle stated that approximately 8 months to one year ago, he and Mrs. Tittle accompanied Mr. and Mrs. John Hill to a club in Dallas, Texas, where, after a few drinks, Hill began a very vicious verbal attack on President Kennedy.

Hill blamed Kennedy for bringing communists and socialists in the Government and said Kennedy had stated oil was \$1 per barrel too high. According to Tittle, during this conversation, Hill said "you'd better do something to get this stopped because I know several oilmen who have what it takes to have the President assassinated." Tittle stated Hill knows that he and Mrs. Tittle are strong Democrats and that Tittle knows President Lyndon B. Johnson. It is Tittle's opinion that Hill was not drunk when he made the above statements.

Memorandum to Mr. Belmont
RE: ASSASSINATION OF PRESIDENT KENNEDY

Tittle stated that from the time of the above dinner up to and including August, 1963, he had 3 or 4 meetings with Hill in Dallas and on each of these meetings Hill asked if Tittle had done anything about getting the situation changed and said "you can see what Kennedy is doing. Tittle had 3 contacts with Hill subsequent to August, 1963, but Hill did not mention President Kennedy further. Tittle advised that Hill frequents after-hours drinking spots and feels that Hill may know Jack Ruby because Hill frequented places similar to those owned by Ruby. Tittle's wife was also interviewed on 11/26/63, by our Dallas Office and she confirmed her husband's information as set out above.

INTERVIEW OF JOHN H. HILL:

John H. Hill was interviewed by our Denver Office on 11/27/63. He denied the above remarks attributed to him concerning President Kennedy and stated his only connection with Mr. Kennedy was through his partner, Joseph P. Driscoll, who is a former college roommate of Kennedy. Hill stated he contributed to Kennedy's election campaign. He said that after the civil rights and integration platform of the Kennedy administration became known, he changed his support of Kennedy and disagreed with the Kennedy program from then on. Hill said he has made [REDACTED] dollars while Mr. Kennedy was President and had no personal animosity toward Kennedy.

Hill emphatically denied putting pressure on friends or acquaintances to have Mr. Kennedy change administration policies, denied knowledge of anyone who contemplated violence toward Mr. Kennedy and also denied acquaintance with Jack Ruby or Lee Oswald.

On 11/27/63, Mrs. Hill was interviewed and she denied the statements concerning the President attributed to her husband. She denied that she or her husband knew Jack Ruby or that her husband ever made any violent statements about Mr. Kennedy. She claimed she and her husband were disenchanted with Mr. Kennedy regarding the integration problem.

OTHER INTERVIEWS:

On 11/27/63, Oscar S. Wyatt, Chairman of the Board, Coastal States Gas Products Company, Houston, and Corpus Christi, Texas, who described himself as an intimate personal friend of President Johnson and an admirer and acquaintance of Mr. Kennedy, volunteered to our Agents that as an acquaintance of Hill he desired to point out that he and Hill promoted the Kennedy campaign during pre-convention days. He advised he

and Hill have since admired Kennedy as a man and have supported his administration although recently having differed with some of Kennedy's procedural policies. Wyatt stated he currently has oil interests in conjunction with the Kennedy family and that he and Hill would have immediately put the Kennedy administration on notice of any information detrimental to the safety of Mr. Kennedy or Mr. Johnson. Wyatt and Hill both claim to be members of the "Kennedy Club".

On 11/26/63, Joseph P. Driscoll, Attorney, Dallas, Texas, formerly Hill's business associate, advised Hill was a supporter of Kennedy in 1960. He advised that Hill has taken opposition to the Kennedy administration primarily due to the Federal Power Commission. However, he never heard Hill say anything against Kennedy personally. Driscoll described Hill as a timid type man given to loose talk and does not believe that Hill would be a party to any type of violence.

MATTHEW BEAZEVICH

Judith Zimmerman, 1116 Chestnut, Long Beach, California, age 18, furnished the following information to a Special Agent of the FBI on November 23, 1963.

She said that shortly before President Kennedy departed for Germany, she overheard a conversation from an apartment next door. The male occupant of the apartment allegedly said, "You know I'm a member of the party and I don't give a damn who knows it". The unknown individual went on to say that everyone knows that psychiatrists have been going in and out of the White House. The unknown male occupant added that Kennedy was to be assassinated soon and would never return from Germany.

Judith Zimmerman, 18 years of age, 1116 Chestnut Avenue, Long Beach, California, on November 23, 1963, pointed out a window in the apartment house one apartment removed from her residence from whence she heard a male voice, on the eve of the last trip to Germany by President Kennedy, make a statement to the effect that the President would not return from his trip; that he would be assassinated and soon. Miss Zimmerman advised this statement was made apparently to a woman whose voice she also heard in the apartment.

Miss Zimmerman stated that she had never seen this individual, but that she had heard him practically nightly from the time the apartment was first occupied until approximately three or four months ago. She advised that this individual was loud, noisy and profane and that most of his conversations were early in the morning which lead her to believe that this individual worked nights.

Miss Zimmerman appeared to furnish this information in a distraught manner and appeared to be high strung and a highly nervous individual.

Re: MATTHEW BEAZEVICH

On November 23, 1963, James E. Gadberry, Manager, 1134 Chestnut Avenue, Apartment 1, advised that Matthew Bezevich had been the first occupant of the apartment pointed out by Miss Zimmerman, Apartment 15.

He advised Bezevich moved to 7651 El Chaco, Buena Park, California in late June, 1963. He stated Bezevich occupied Apartment 15 with his mother and worked the night shift as a leadman for an electronics subsidiary of North American Aviation Corporation in Downey, California. Gadberry stated that Bezevich was a quiet, intelligent individual about whom he had had no complaints and whom he had considered to be an excellent tenant. He stated that he had conversed at length with Bezevich on current events and while Bezevich had expressed no opinions, from his general conversation he deduced Bezevich to be a 100 percent loyal American. Gadberry advised that he had never heard Bezevich discuss the President in any respect.

George C. Woodmansee, 2161 West 25th Street, San Pedro, California, Referee, Unemployment Insurance Appeals Board for the State of California, advised that he had occupied Apartment 10 at 1120 Chestnut Street, Long Beach until September 30, 1963. He stated that he had heard no loud talks or opinions or conversations such as described by Miss Zimmerman during his tenancy at the Chestnut Street address and that the only disturbing neighbor was the one to the south of him where there had been much brawling and disturbances. (The apartment south of Woodmansee's is that occupied by Miss Zimmerman and her family.)

It should be noted that a distance of 60 feet separates the window of the former apartment of Mr. Bezevich and the residence of Miss Zimmerman, and that the former apartment of Mr. Woodmansee lies on a direct line between the former apartment of Mr. Bezevich and the residence of Miss Zimmerman.

On November 23, 1963, a Special Agent of the FBI attempted to contact Matthew Bezevich at 7651 El Chaco, Buena Park, California, with no success.

Re: MATTHEW BEAZEIVICH

Mr. and Mrs. Robert Stratford, 7641 El Chaco, were contacted and they advised that Beazevich has lived at the above address about six months. Mrs. Stratford stated she saw Beazevich physically at 3:30 p.m., November 22, 1963 getting into a car to go to work. She stated he works at Autonetics in Compton and that he returns home between 1:00 and 2:00 a.m. each morning. She said no statement he has ever made has indicated that he is sympathetic to the Communist Party, but advised that he is a Yugoslavian National.

They could not advise the whereabouts of Beazevich and numerous attempts to contact him telephonically on November 23, 1963 were unsuccessful.

On November 24, 1963, Special Agents contacted Matthew Beazevich who advised that his name is spelled Blazevich and that he is also known as Matthew Blajevic. He stated he was born September 23, 1932, Dalmasia, Yugoslavia and he was observed to be described as male, white, 5'8", 175 pounds, blue eyes, brown hair, ruddy complexion, medium build, pin operator, Autonetics, Compton, California.

Beazevich advised he entered the U. S. from Yugoslavia August 4, 1952 and was naturalized as U. S. citizen February 21, 1958 at the U. S. District Court, Los Angeles.

Beazevich stated he was employed the entire day November 22, 1963, that is from the time he left home at 3:30 p.m. until about 2:00 a.m. the morning of November 23, 1963.

He stated that until he left Yugoslavia in 1952 he had never participated in or joined any communist organization as he is a Roman Catholic and that his family suffered because of this. He stated he has never known or associated with any members of the Communist Party since arriving in the U. S. He stated he never made any statement regarding the President's going to be shot since he denied having any such knowledge.

Re: MATTHEW BEAZEVICH

He advised further that he is willing to cooperate in any way to protect his American citizenship and that he has no reason to lie about any statement of this nature.

Bezevich advised that he resided 1134 Chestnut, Apartment 15, Long Beach from November, 1962 until July, 1963.

Dear Mr. Hoover:

I know that you are a very busy person in this time of the great American tragedy. If at all possible I would like to know the answer to these questions.

In Dallas, along with the assassination of the president, a Dallas policeman as well as a secret service man was killed. I got this information from a newspaper clipping which I am enclosing. If this information is false please inform me of such. If not, why wasn't the secret service agent given any publicity? Didn't he die giving service to his country? A lot of publicity was given to the policeman and his family. Wasn't the agent's in connection with the assassination?

I will appreciate any information that you can give me.

Your letter of November 25th has been received and I appreciate your giving me the benefit of your observations and comments.

As you may know, protection of the President and his immediate family is the responsibility of the Secret Service of the United States Treasury Department and any comments regarding one of its agents would necessarily have to emanate from that organization. For your information, however, the only law enforcement officer killed in connection with the investigation of the assassination of President Kennedy was Officer J. D. Sirs:

The discussion in our office this morning reveals the overriding thought during the weekend that the assassination was the work of a group, not an individual.

It is thought that a clue to those who may be part of the group, no matter how small or large, is the identity of the officers who were around "Rube" who killed Oswald as compared with the identity of the officers around the warehouse building during the morning when Oswald entered as well as when he escaped from it.

It seems incredible that Rube knew to go to the basement and stand in such a place as to be able to accomplish his mission -- apparently to silence Oswald. After all, Rube was a pretty hard guy who faced plenty of emotional situations and it just seems that he and Oswald and the circumstances were too intelligent.

Oswald in Rube's nightclub that week is just too much to believe as mere coincidence.

Dear Mr. Hoover:

As you no doubt are aware, the Dallas Police Department, with the death of Lee Harvey Oswald, considers the case of the assassination of President Kennedy to be closed. This is not the feeling of most Americans, I feel sure. There are too many unanswered questions; did he do it, and if so, why. Was he alone or did he have help; and other unresolved matters relating to this tragedy. It would appear that the death of Oswald gives the Texas authorities an out in the case.

I sincerely hope that your Department will conduct a full investigation of this case and will fully inform the public so that we can be assured that justice has been done and that this horrible crime will not go unpunished.

Sincerely yours,

Dear Mr. Mann:

I have received your letter postmarked November 26th concerning the assassination of President Kennedy.

My staff and I certainly share your concern over the brutal assassination of President Kennedy. I would like to point out that the full forces of the FBI were immediately deployed to assist the Secret Service and local law enforcement agencies in their investigation.

The President has instructed the FBI to conduct a full investigation into the assassination of President Kennedy and the murder of Lee Harvey Oswald. I can assure you that this Bureau will discharge its responsibilities in this regard with the same thoroughness and dispatch that have characterized our investigations in the past.

I just can't let another day go by, without thanking the F.B.I- for not letting the Oswald Case be investigated as was the hope of the Dallas Sherriff when they announced "This Case is Closed".

The Manager of the book shop protected Oswald, when he saw him arrive in the building and was stopped by a policeman - he apparently knew Oswald had more than a window- shade wrapped in a package- and again, he was stopped on his way out, after the crime, and again, the manager protected him, by saying "let him go, he works here". It would have made no difference to this manager, if they stopped Oswald or not, before or after, if nothing had been planned between them - Oswald was in great need of money, no money no moral.

While watching the Today Show, this morning, I could see that the two Negro boys, who were Oswald's CO-Workers, were actually shivering while being questioned, on no more than, "What do you boys talk about during lunch hour, now that this has happened".

"We play dominoes," was the answer they were told not to say anything or even mention the case in any way to anyone--
Or Else.

Please, Please, do not disregard this letter--my convictions are so strong, and I am so sad.

Thank God, for the wonderful men, like you, that we still have among us--From all American Citizens Thank You

On 11/29/63, [REDACTED] Equitable Equipment Company, 410 Camp Street, New Orleans, Louisiana, telephonically informed SAC HARRY G. [REDACTED]

[REDACTED] identified the person referred to as "VIRGINIA" in the letters referred to above as being Mrs. VIRGINIA FUZZETTE, a widow who resides at 8294 Maple Street, Apartment 3, New Orleans. He stated that she is a telephone operator at his company, and that while "she appears also to be nuts", she needed the work to support her child and there had been no indication that her job was in jeopardy. He stated that she was somewhat uneducated and would not know "left from right politically." [REDACTED] knew of no instance in which Mrs. FUZZETTE had claimed to be an FBI anti-communist agent or working for the FBI in any way. He added that he frankly did not believe her capable of being of any value to the FBI along these lines.]

[REDACTED]

[The indices of the New Orleans revealed that Mrs. VIRGINIA FUZZETTE is not a source or potential informant of the New Orleans Division]

The following information concerning Mrs. FUZZETTE was found in the New Orleans file captioned, "ASSASSINATION OF PRESIDENT JOHN F. KENNEDY, NOVEMBER 22, 1963, DALLAS, TEXAS", New Orleans File 89-69. (Bureau File 62-109060)

An individual giving her name as Mrs. VIRGINIA FUZZETTE, 8204 Maple Street, Apartment 3, New Orleans, La., telephonically furnished the following information to SA TROY H. GIST at 9:15 AM, 11/25/63:

She stated that on Wednesday, 11/20/63, at about 11:50 AM, while she was on her way to church, she saw a man whom she now thinks may have been LEE OSWALD. This man was walking on Camp Street toward the Trade Mart in the direction of Poydras Street. He was alone, and she described him as about 24 years of age, small build, 5'8", sandy-colored, curly hair, and appeared feminine "like many of those you see in the French Quarter, New Orleans." She added he had a tanned complexion, dark eyebrows, was unusual looking, and was dressed in a green plaid shirt, short sleeves, brown trousers, brown shoes, and was not carrying anything, for his hands were in his pockets.

Mrs. FUZZETTE stated she was furnishing this information because she heard on television that OSWALD had been in New Orleans and used to be seen near the Trade Mart. She thought the above incident of possible assistance. She added that she was employed by Captain NEVILLE LEVY.

NO 94-448:jas

410 Camp Street, but would prefer not to be contacted at her place of employment if any contact was necessary for any reason.

At 6:11 PM the same date, 11/25/63, Mrs. FUZZETTE again telephoned the New Orleans Office and advised SA TROY H. GIST at this time that she had just seen a photograph of OSWALD in the newspaper and one on television and that the man she saw on Camp Street on 11/20/63 was not OSWALD.

On 11/30/63, Mrs. FUZZETTE was interviewed concerning the allegation that she made statements indicating she was an informant for the FBI, and she furnished the following signed statement:

New Orleans, La.
November 30, 1963.

"I, Mrs. Virginia Barbier Fuzzette, make the following statements to Regis L. Kennedy and Lester G. Davis, who have identified themselves as Special Agents of the Federal Bureau of Investigation. These statements are given freely and voluntarily and without threats or promises. I have been advised I do not have to make any statement and that these may be used against me in a court of law. I have also been advised I have the right to consult an attorney.

"I am employed as a switchboard operator at Equitable Equipment Company, New Orleans, La. I have been employed by this company for about 4 years.

"I am not now, nor have I ever been employed by The Federal Bureau of Investigation in any capacity. I have never considered myself an employee of the F.B.I., although I have on occasion volunteered information to the

F.B.I., which I thought might be of interest to that Agency. I recall that during World War II I notified the F.B.I. that a girl named Marjorie Rose Gutekunst, who was a student at Eleanor McMain High School in New Orleans was wearing a ring with a swastika on it.

"On another occasion, about 1948, I wrote a letter to the F.B.I. advising that Christina Pobrica, who lives in Buras, La., and who sometimes stayed in New Orleans, had married a Russian. I can't recall his name.

"On a recent occasion, I telephoned the F.B.I. and advised that I thought I had seen Lee Oswald, who was suspected of killing President Kennedy, a few days earlier on Camp Street in New Orleans. I later saw the same man again and realized it could not have been Oswald, as he had, himself, been killed. I notified the F.B.I. of this.

"I am sure I have never said or indicated in any way that I was in the employ of the F.B.I. I may have mentioned to someone that I had reported the girl who had a swastika ring. I don't believe I have ever mentioned to someone else that I had reported other things to the F.B.I.

"I have read the above statements on this and one other page and they are true and correct.

"/s/ Mrs. Virginia Fuzzette"

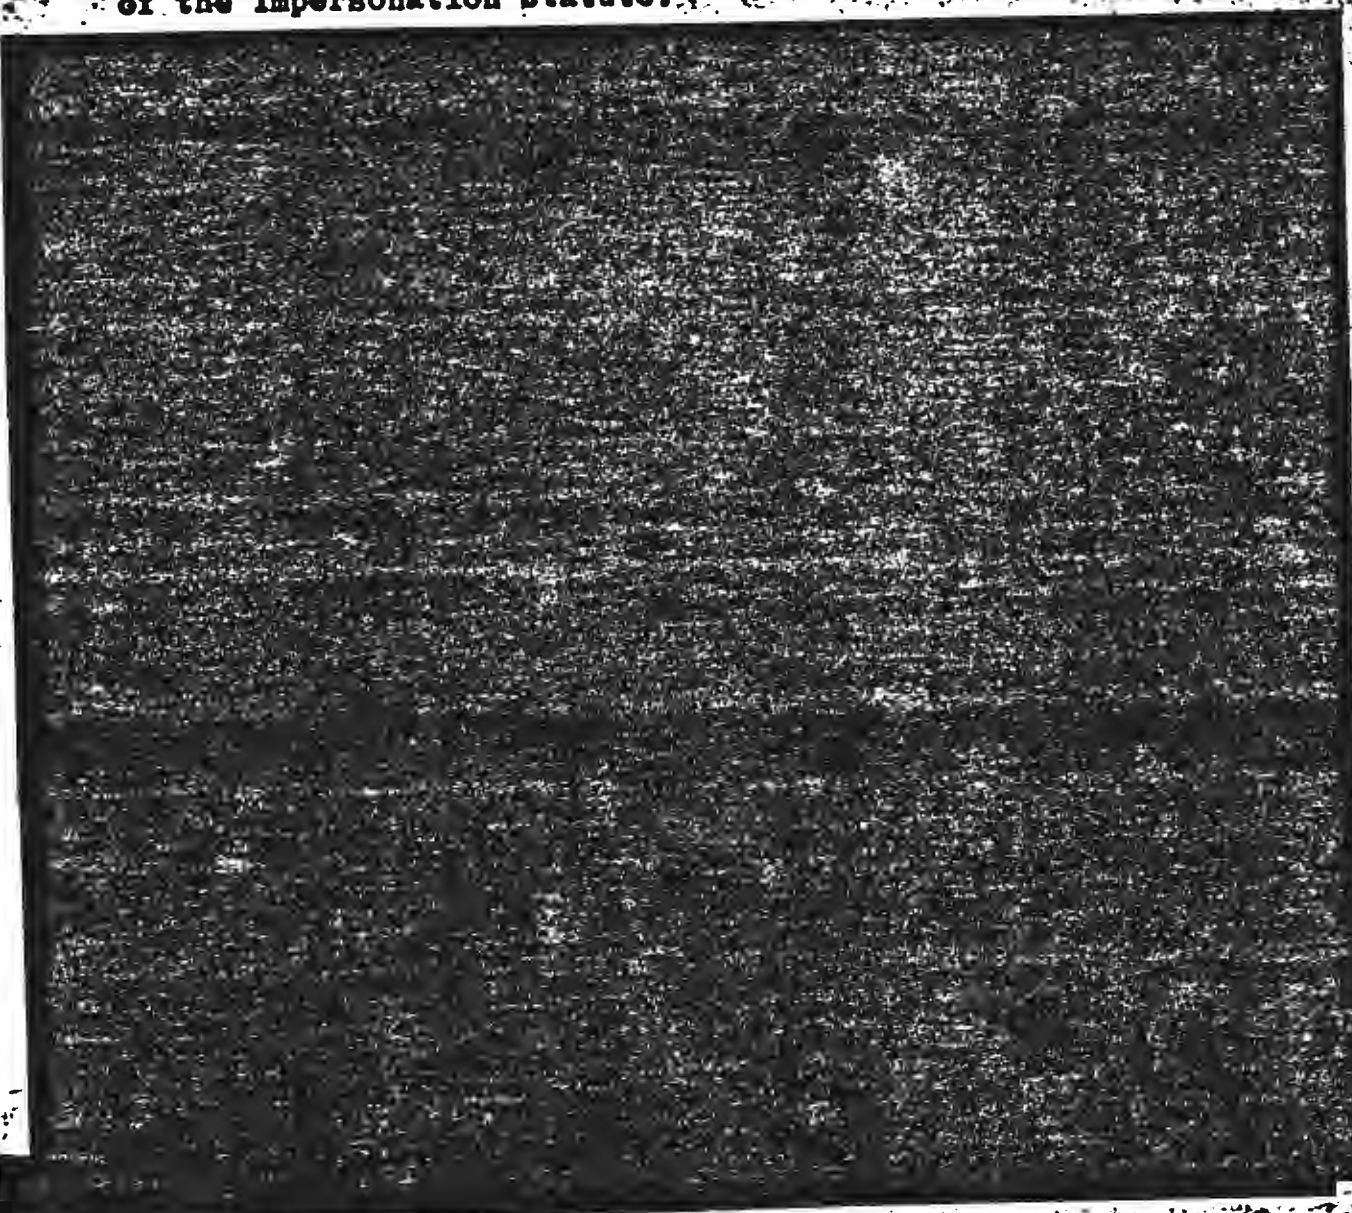

"Witnesses:

Lester G. Davis, Special Agent, F.B.I., New Orleans,
11/30/63.

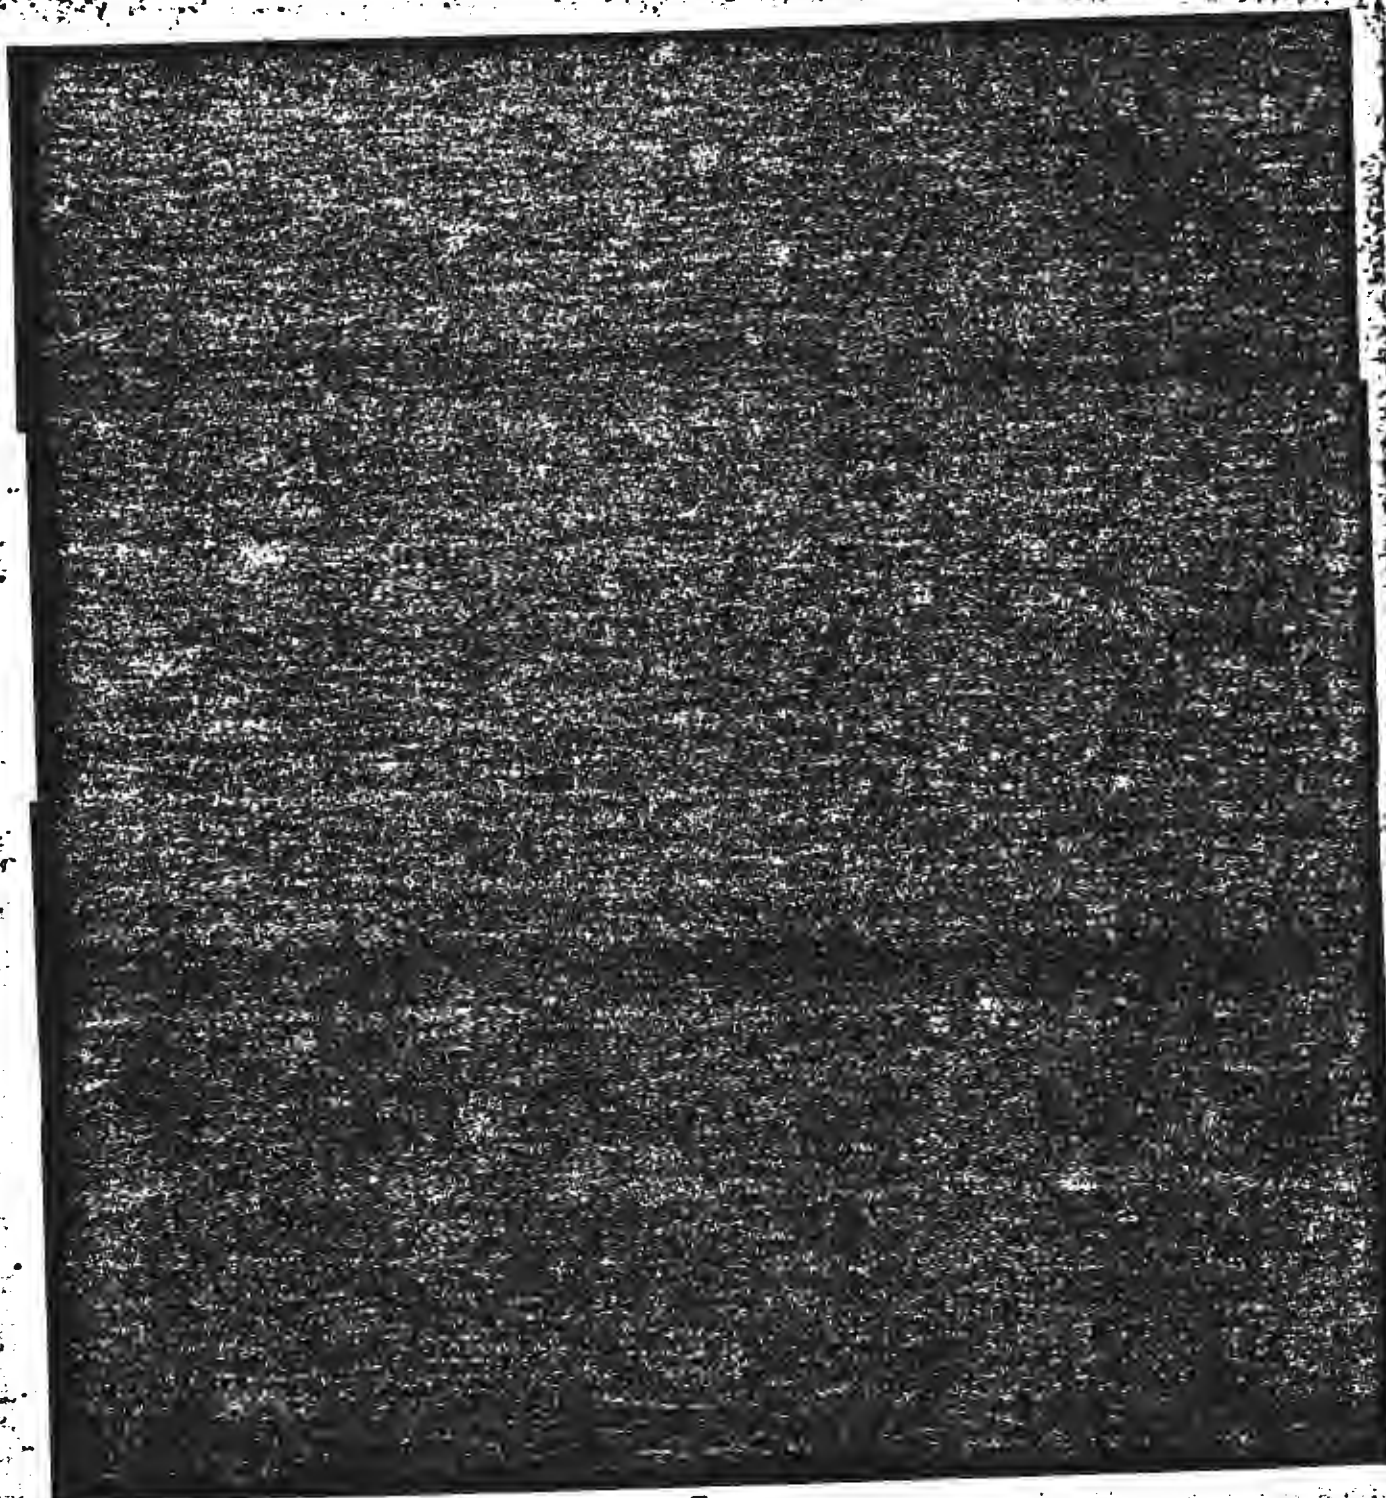

Regis L. Kennedy, Special Agent, F.B.I., New Orleans,
11/30/63."

NO 94-448:jas

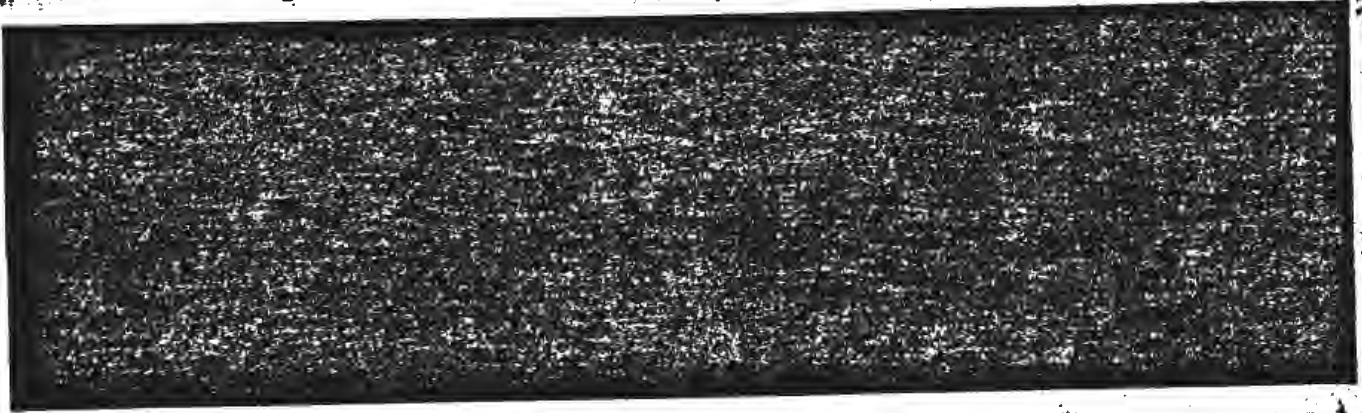

Mrs. FUZZETTE was instructed to avoid making any statement to anyone that would lead them to believe that she was either employed by the FBI or was a "special informant" for the FBI. She was apprised of the provisions of the Impersonation Statute.

On November 25, 1963, Robert and Philipina Cood, 6353 Mission Boulevard, Riverside, California, furnished the following information to a Special Agent of the FBI:

At approximately 11:00 p.m., on November 24, 1963, two men entered the coffee shop at the Rubidoux, 5545 Mission Boulevard, Riverside, California. After consuming some food and beverages, they left shortly before midnight on November 24, 1963. Barbara Albrecht, a waitress at this coffee shop, found a note on their table stating words to the effect that "Johnson should beware Black Monday." Albrecht retained the note.

On November 25, 1963, Barbara Albrecht, 4095 Rees Street, Riverside, California, furnished the following information to Special Agents of the FBI:

On November 24, 1963, at approximately 11:00 p.m., an individual of Mexican appearance entered the coffee shop of the Rubidoux Bowl, Riverside, California, and sat down at a table. A few minutes later he was joined by a Latin appearing individual. Both of these men ordered pie and coffee, which was served by Barbara Albrecht. They consumed the pie and coffee and carried on a general conversation during the period 11:00 p.m. to approximately 11:30 p.m., when they left the coffee shop. After the men left, Barbara Albrecht recovered a paper napkin with the following written and printed on it:

"Johnson 'it' has been decreed by special authority that Monday shall go down in history as 'Black Monday'! Thus beware of the wrath of the 'Black Monday'."

Barbara Albrecht noticed that the Latin appearing man prepared the note.

ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY, 11/22/63,
DALLAS, TEXAS

RE: GENE LAMSON, Dallas, Texas

On November 26, 1963, Mrs. Raymond Johnston, 91 Pleasant Street, Rumford, East Providence, Rhode Island, advised as follows:

She said that on September 1, 1963, she and her husband were in Washington, D. C. to enroll her son, Jordan Reid Johnston in Gallaudet College for the deaf. While at the college, she and her husband met an individual introduced to her as Gene Lamson. Lamson advised the Johnstons that he had just flown in from Dallas accompanying a young man whose name she believed to be Shepherd who was also enrolling in Gallaudet College. Ua.

She recalled that Lamson, while in Washington, D. C. used a rented automobile.

Mrs. Johnston stated that her reason for calling was that in her opinion, the man she knew as Gene Lamson bore a striking resemblance to the photograph of Lee Harvey Oswald which appeared in newspapers and on television. She described Lamson as being about 24, approximately 5' 8", medium to slender build. She further said he had receding hair and wore contact lenses. She said that Lamson appeared effeminate, was quiet but quite willing to talk about himself. He told Mrs. Johnston that he was employed by Neiman-Marcus Company, Dallas; also, that his wife was a foreigner and he had one child he had never seen.

Lamson advised her he had been in Europe and had been employed by a fashion house in Paris and that he was a dealer in Free Columbian Art. She said that she understood that Shepherd had previously attended Gallaudet College but had left and had been reinstated through the efforts of some Congressman.

COPIES:

Mrs. Johnston related that while she was in Washington, D. C., she stayed at the Marriot Hotel near Twin Bridges and that Lamson had visited with the Johnstons at that location. She said further that Lamson had made several phone calls while in her room to persons unknown to her and several times attempted to call an Embassy at Washington, D. C., which she felt might have been the British Embassy. She said the only other information she had was that she understood Lamson supposedly had a brother living in New Jersey.

RE: JAMES F. COFFEY

On 11/27/63, Office of Congressman TORBERT J. He said he knew nothing more about RUBY and admitted having a conversation with someone about the shooting in Dallas, but stated at no time did he state that he knew RUBY personally. RE: HARRY LESLIE WILSON, JR.

FRANCIS HASSON, JR., Director of Industrial Security, Lycoming Division, Avco Corporation, 650 Main Street, Stratford, Connecticut, today advised as follows:

[redacted] Department 9-T, Lycoming Division, Avco Corporation, Stratford, Connecticut (home address, [redacted] Stratford, Connecticut) advised the Avco Security Division, that at 3:45 P.M. on November 22, 1963, HARRY LESLIE WILSON, JR., during a conversation with [redacted] at Avco had passed the following remarks concerning the assassination of President KENNEDY:

"It was the best ----(obscene)thing that has happened to the ----(obscene)".

At about 6:30 P.M. on November 22, 1963, WILSON told [redacted] that he would gladly shake the hand of the gunman who killed President KENNEDY. He said he felt sorry for JACQUELINE KENNEDY but not for the President. He commented that there were too many KENNEDY'S in Washington, and that President KENNEDY'S father was a crook.

WILSON said that if the assassin hadn't done what he did he, WILSON, would have done it himself.

[redacted] told WILSON that WILSON didn't have the price for a bullet. WILSON then threw a quarter on the work bench and said that this was the price of the bullet.

WILSON is reported by another Avco employee

to have disliked President KENNEDY because he claimed that President KENNEDY caused him to lose his job with an aircraft firm in California and move back to the east coast.

WILSON is an assembler in Department 124-F at Avco and resides on Dewey Street, Stratford, Connecticut. He does not have a security clearance.

23rd November, 1963.

Dear Mr. Hoover,

You may recall that some time back whilst we were in America we visited your offices and you very kindly asked Mr. Stapleton to have us conducted through the F.B.I. Offices, and my son Patrick left a little souvenir of South Africa for you.

The purpose of this note, however, is of a much more tragic nature, as we have learned of the death of President Kennedy and having visited the White House, we feel as if a dear friend has left us. To hear this shocking news over our radio whilst at a gathering. The whole hall of people were stunned and the evenings revelry was almost halted. On returning to our home, we got the Voice of America on our radio and we listened until well into the early hours of this morning. The whole of our small community here in Belfordview join with me in saying how deeply sorry we are for the late President's

you convey these few simple words of condolence
to Mrs. J. Kennedy, and especially from young
Patrick, my husband and myself.

Sincerest regards,

Doreen Broome. (Mrs.)

Celebrants one-minute silence

Staff Reporter

ABOUT 100 celebrating second-year medical students from the University of the Witwatersrand, Johannesburg, observed a one-minute silence "in honour of a great man" on hearing the news of President Kennedy's death last night.

They were attending an end-of-examination party in the Medical Hall at the University.

The party broke up shortly afterwards.

TV tributes in Britain

LONDON.—British Television stations told viewers last night that President Kennedy was dead and then suspended regular broadcasts.

The British Broadcasting Corporation (BBC) and independent television played funeral music.

The shooting of the President set up shock waves in Britain. Newspaper offices were swamped with calls from anxious Britons as well as Americans in London.

Moscow Radio also broke into its regular services news bulletins to tell Russian listeners that the President had been shot. This was before news of his death had reached Moscow.

Phoned for facts

The United States Consul General in Johannesburg, Mr. Russell L. Riley, was dining with an American friend in Johannesburg, Mr. P. Bell, when he heard the news. He telephoned the "Rand Daily Mail" for news.

Crowds

shocked

at the

news

Staff Reporter

JOHANNESBURG cinema audiences, who did not know of the killing, were stunned when they heard the news of President Kennedy's assassination.

A "Rand Daily Mail" reporter who confronted a Commissioner Street cinema audience with the news just as they were leaving the theatre at 11 p.m. was told: "Just what kind of a hoax is this? Is this your idea of a joke? Go on, man!"

Other, more incredulous, patrons were shocked. They echoed the news: "President Kennedy shot? Incredible... Unbelievable... why?—who did it?... was it a Red?"

Mrs. Lee Hurder, the first woman out of one of the cinemas said she was "horrified" and called out to the people behind her: "President Kennedy has been assassinated."

TELEPHONED

Mr. Russell Stewart, who has just moved to Johannesburg from Northern Rhodesia, said: "It's incredible—only last week I wrote to the White House asking for the President's signature for my son."

Mr. and Mrs. Phil Richter, who attended a Bree Street cinema, said the management announced the killing at the end of the performance. "There was a momentary silence, then pandemonium broke loose as people cried: 'When, where, who? Everyone ran for the door to get more news."

"And to think that only a few hours ago we saw the President, his wife and children in a newsreel. They were watching the Black Watch Regiment Pipe Band giving a performance at the White House," Mr. Richter said.

SHOCK AND HORROR OF DIPLOMATS S. AFRICANS

PRETORIA REPORTER

THE news of President Kennedy's assassination came as a great shock to South Africans of all races and caused deep shock and horror among members of the Diplomatic Corps in Pretoria last night.

Friday is a traditional dinner party night in Pretoria, but all occasions broke up abruptly as the news spread.

Heads of diplomatic missions immediately phoned the American Embassy to express their sense of shock and sympathy.

The American Ambassador, Mr. Joseph C. Satterthwaite, was informed of the President's killing while he was entertaining guests at a dinner party at the Embassy.

In a statement issued just an hour after the news of the President's death reached Pretoria the Ambassador said:

'PROFOUND GRIEF'

"On behalf of the Embassy and our Consulates and of all Americans in South Africa I can only express our profound grief at the tragic loss of President Kennedy."

In the Embassy offices in central Pretoria a group of officials with drawn faces listened to the voice of America as the details of the assassination were unfolded by a sombre-voiced announcer.

The British Ambassador, Sir Hugh Stephenson, and the Dutch Ambassador, Mr. H. A. Heib, heard news during the interval at the opening performance of the "Evan Lake" ballet at the Arts in Pretoria.

ON CAR RADIO

The news was broken to them by a South African Cabinet Minister's chauffeur who heard it on the radio of his official car parked outside the theatre.

Sir Hugh and Mr. Heib immediately phoned the United States Ambassador to express their sympathy.

At the end of the ballet performance Professor C. H. Rautenbach, Rector of Pretoria University, asked the audience to stand in silent tribute.

HORRIBLE MURDER

The Italian Ambassador, Mr. Ascarelli, said: "I went immediately to see the American Ambassador to convey the deepest sorrow of my Government, my people and myself."

"I am terribly shocked by this murder. It is horrible."

A spokesman for the State President, Mr. Swart, said he had been informed of the assassination and was deeply shocked. He will issue a statement this morning.

Mr. Swart was entertaining his personal staff at an annual dinner before he and Mrs. Swart

leave for their Free State farm next week. SABA conveyed the news to them as they were taking leave of their guests.

The South African Foreign Minister, Mr. Louw, said that the tragedy was a shock to him.

NECESSARY STEPS

He said he could not comment further, but added that the necessary steps were being taken to convey South Africa's sympathy to the United States.

A representative of the Indian community in Pretoria telephoned the American Ambassador to convey the deep sense of shock and personal loss which they felt at the news.

ASSAULTING OR KILLING A FEDERAL OFFICER**

This is to advise that Mr. Louis Benavides, U. S. Secret Service, San Antonio, furnished information to the San Antonio Office concerning a telephone call from Mexico City to Miami, Florida. Mr. Benavides advised that Francisco Aguilar had learned from an international telephone operator in Mexico City that she had monitored the call from Jose Antonio Cabarga, Mexico City, to Dr. Emilio Nunez, Portuondo, Miami, Florida. This call was in Spanish and the gist of the call was "plan of Castro carried forth, Bobby is next. Soon the atomic bombs will rain and they will not know from where." Mr. Benavides advised that Aguilar, who furnished the information to him, is a high-type individual from Mexico City who has in the past assisted in Presidential protection.

Dr. Emilio Nunez Portuondo is the former Cuban delegate to the United Nations under the Batista regime. He was formerly active in the Anti-Castro movement, but apparently has abandoned these activities since 1961. He has offered some articles critical of the United States' policy toward Cuba.

Cabarga is the former President of Maritime Retirement Funds, Cuba. He is presently residing in Mexico City. He is allegedly anti-Castro and well informed on Castro and communist activities.

Dr. Portuondo was interviewed at Miami and stated he received a call from Cabarga in Mexico City on 11-24-63. He denied any knowledge whatsoever concerning Lee Harvey Oswald. He stated he does not recall that Cabarga said "Bobby is next" or that "Atomic bombs will soon rain" and he indicated that the statements made by Cabarga were only expressions of opinions. Dr. Portuondo had no information concerning the assassination.

Mr. J. Edgar Hoover,
Director,
Federal Bureau of Investigation,
Washington, D. C.

Dear Mr. Hoover:

President John F. Kennedy

It seems increasingly to me that the prestige of the F. B. I. is being done irreparable damage by allowing the investigation of the President's assassination to be conducted, it appears exclusively, by the Dallas Municipal Police and by the Dallas District Attorney. I'm sure I am not alone in feeling, in frank uneasiness and confusion, that the F. B. I. is standing aside. Is there some legal reason for this? I know that I would be much comforted if more statements issued from your office.

Yours sincerely,

James R. Ray

We were glad to hear that the FBI does not consider the Oswald case closed. The FBI is a department of our government which has won our complete confidence. We hope you will never consider resigning from its leadership. While it has seemed on occasion that many other areas of government have been guided by expediency rather than principle, we have never felt this way about the FBI.

We shall be cheering for you as you investigate this assassination case to its bitter end.

Assassination of President John F. Kennedy

As an American first, last, and always I am appalled and profoundly angered by the death of President Kennedy. What elements and conditions are flourishing in our America to bring about such a dreadful tragedy?

Let it be known that I cannot and will not accept such vague and confused explanations as are being foisted on the American people.

Dr. Mr. Hoover:

I believe the American Public should be informed on just what happened in Dallas, Texas.

There are many strange features about the police handling of this case against Oswald.

Here are just a few things about this case I don't understand:

1. The Dallas Police Department wished to close this case with great speed. Anyone in the Department involved?

2.- With the "tight security" measures as shown on T.V. reports, how could anyone get so close to the prisoner? Who let Ruby in?

3. Also from the T.V. report-slow motion and still pictures it was very apparent to me that Oswald knew he was going to be shot. He certainly recognized Ruby. If he didn't why did he hold his stomach almost before the shot was fired?

4. Mr. Oswald held no steady job, yet he traveled to Mexico City and returned to Dallas. Where did this money come from for this trip?

5. While Oswald was in jail, did he talk and if so why hasn't the Dallas Police Department come forward with a report? My neighbors and ourselves wish to know if you Bureau will let the public know exactly what did happen in Dallas and who is behind

68 DEC 5 1963 Special Agent in Charge

11/29/63

Mr. ROY H. KELLERMAN advised that he is the Assistant Special Agent in Charge of the White House Detail, United States Secret Service. He stated he has been an agent with that organization since December 19, 1941.

On November 22, 1963, he was the senior Secret Service agent assigned to President KENNEDY in Dallas, Texas.

He advised that Air Force Plane Number One arrived at Love Field, Dallas, Texas, on the morning of November 22, 1963. Upon departing from the plane, the President was met by Vice President JOHNSON.

Prior to getting into the White House Limousine which was waiting for the President, the President and the First Lady went to the fence separating the apron from the taxi area. He shook hands with many of the people there.

He then came to his limousine. Protocol dictates that the President be seated in the right rear of the vehicle. The President seated himself in this position and the First Lady sat next to him. Governor JOHN CONNALLY and his wife then entered the vehicle. Mrs. CONNALLY seated herself in the jump seat of the vehicle in front of Mrs. KENNEDY and the Governor was seated in the jump seat in front of the President.

Special Agent WILLIAM GREER of the United States Secret Service was the driver of the Presidential vehicle. Mr. KELLERMAN advised that he sat in the front of Governor CONNALLY, next to agent GREER.

He advised that the President's Car can be covered with a bullet proof bubble, however, it is not used on too many occasions. It was not used on this occasion.

The President's seat can be adjusted to a height of approximately ten inches. The only person who can adjust this seat is the President himself. This seat was not elevated on November 22.

KELLERMAN advised that preceding the Presidential vehicle out of Love Field, there was what is known as a lead car. This car belonged to the Dallas City Police Department, in which were Special Agent WINSTON LAWSON, United States Secret Service who was in charge of the Advanced Security in Dallas for the Presidential visit. This car is equipped with a portable radio connected with the Presidential car. The vehicle also had contact with the Dallas City Police Department. In addition to the lead vehicle, there was a motor cycle escort in front of the lead vehicle, along side the lead vehicle and along side the Presidential car. In the rear of the Presidential car was another White House Limousine containing Secret Service Agents. These agents walked along side the Presidential vehicle until the vehicle left the area of the apron. The agents then got into their car and followed immediately in back of the President.

KELLERMAN went on to say that the vehicle passed through the center of town doing the normal speed which was adjusted by the number of people in the crowd and on the streets through which the Presidential vehicle passed. The vehicle went through the center of town on a street, which name KELLERMAN did not recall. Towards the end of town, the vehicle came to a sharp right turn in the street. Few people were on either side at this time. In a matter of a block, the road veered to the left. There were extremely few people on either side of the road at this point. The vehicle was still going at the normal speed which KELLERMAN estimated to be approximately 15 miles per hour. The Secret Service car following the Presidential vehicle was "tight close at hand".

BA 89-30

JWS:PXO/1gr

KELLERMAN advised he does not recall passing the Texas State Book Repository Building. He advised the vehicle appeared to be going down a small decline at which time everybody in the car was seated.

KELLERMAN said he heard a noise like a firecracker.

At this point, KELLERMAN advised he had been in almost daily contact for the past three years, with the President, and said he could pick his voice out from any group of people.

Upon hearing a noise like a firecracker, he distinctly and positively heard the President say "My God, I've been hit". KELLERMAN advised he immediately turned his head to the left rear and almost instantaneously heard two additional shots.

Upon turning his head to the left, he observed President KENNEDY with his left hand in back of his head, appearing to be reaching to a point on his right shoulder. The President fell on Mrs. KENNEDY's lap. She stated "My God, what are they doing to you?" Governor CONNALLY never said a word. Through the corner of his eye, he noticed that Governor CONNALLY appeared to be falling back face up in the lap of his wife. KELLERMAN stated he immediately turned around and advised Mr. GREER, "Get going, we've been hit". KELLERMAN had the microphone in his hand and radioed to LAWSON stating "we've been hit, lead us to a hospital immediately. Tell the police to escort us as fast as they can." He turned back again to the rear of the vehicle and saw Special Agent CLINTON HILL of the Secret Service climbing up on the back of the vehicle. HILL had been one of the agents in the follow-up vehicle immediately in back of the Presidential car. KELLERMAN stated that at this time, to the best of his recollection, the President was lying in the lap of Mrs. KENNEDY. He observed that Governor CONNALLY was now lying with his head up in the lap of Mrs. CONNALLY. KELLERMAN advised he asked agent HILL if he was all right and told him to hang on.

BA 89-30
JWS:PXQ/dgr

The Presidential vehicle arrived at the Parkland Memorial Hospital in a matter of minutes. KELLERMAN stated he immediately jumped out of the vehicle and told hospital personnel to bring two stretchers. As the stretchers came out, KELLERMAN and GREER opened the back door of the Presidential car. Governor CONNALLY's eyes were open. He was told by KELLERMAN "Governor CONNALLY, everything is going to be all right". The Governor nodded his head in the affirmative. Three persons got into the vehicle at this time and lifted the Governor onto the first stretcher. They then got back in the Presidential car and with the assistance of KELLERMAN and GREER lifted the President from the lap of Mrs. KENNEDY and put him on the second stretcher. He described the President's head as lying partially on the lap of Mrs. KENNEDY and back against the rear cushion of the back seat. According to KELLERMAN, the President at this time was alive because he noticed that he was breathing. KELLERMAN advised he did not notice the extent of the injury to the President although he noticed a wound in the back of his head. The President's eyes were shut.

KELLERMAN advised the President was immediately taken into the Emergency Ward where several doctors began working with a feverish activity on Mr. KENNEDY to save his life. Several moments later, KELLERMAN stated the President died.

Mr. KELLERMAN said that from the time of this incident he has been going over in his mind the entire activity concerning the assassination of the President. The information that he has furnished to interviewing agents is factual and to the best of his knowledge is everything that occurred on November 22, 1963.

11/29/63

Mr. WILLIAM ROBERT GREER, Special Agent, U.S. Secret Service, assigned to the White House detail, who resides at 9513 Sheridan, Seabrook Acres, Maryland, was interviewed at the Secret Service Office in the White House and furnished the following information.

GREER serves in the capacity of Senior Agent assigned to driving the President's vehicle in motorcades. Two of the White House vehicles to be used in the Dallas Presidential visit had been flown into Love Field, Dallas, Texas in a C-130 type aircraft on the morning of November 22, 1963. GREER was in company with the Presidential party which arrived at Love Field in Air Force I, a jet used by President KENNEDY. On the President's arrival, all of the vehicles to be used in the motorcade were in position on the ramp and soon after the party had landed, they took their positions in the awaiting cars and the motorcade departed for downtown Dallas.

It is normal procedure for the vehicle bearing the President to be the second car in the motorcade, which follows the lead car generally occupied by local police and the Secret Service Agent who had conducted the advance survey of the route prior to the date of the President's visit. In the Dallas parade GREER was driving the seven-passenger Lincoln Continental "bubble-top" and as customary, President KENNEDY was sitting on the right of the rear seat. Mrs. KENNEDY was seated to his left, Governor CONNALLY was seated directly in front of the President on the "jump-seat" which folds down on the floor between the front and rear seats. Mrs. CONNALLY was seated to the left of her husband on the "jump-seat" and Special Agent ROY H. KELLERMAN, of the Secret Service, was seated to the right of GREER. As this vehicle departed from the ramp at Love Field, additional Secret Service Agents were on foot surrounding the vehicle until it emerged from the crowded area.

The lead car, which was directly in front of the Presidential vehicle, was a police vehicle occupied by members of the City of Dallas Police Department and Secret Service Agent LAWSON, who had conducted the advanced survey of the Dallas route. GREER estimated that the motorcade was traveling at a speed of 15 to 20 miles per hour down the main thoroughfare, which was lined on both sides by vast crowds of people and many additional

persons were observing the motorcade through open windows in office buildings along both sides of the route. The weather was balmy and clear and many of the people were without coats.

The procession made a right turn, facing in the direction of the Book Depository Building and then a left turn, bringing the motorcade in front of this building which was then on the right. The same speed was maintained as the motorcade passed in front of this building and GREER estimates that he had crossed the center line of the building when he heard a noise which sounded like a motorcycle backfire. On hearing this noise he glanced to his right toward KELLERMAN and out of the corner of his eye noticed that the Governor appeared to be falling toward his wife. He thereafter recalls hearing some type of outcry after which KELLERMAN said, "Let's get out of here." He further related that at the time of hearing the sound he was starting down an incline which passes beneath a railroad crossing and after passing under this viaduct, he closed in on the lead car and yelled to the occupants and a nearby police motorcyclist, "Hospital, Hospital!" The lead car sped in the direction of Parkland Hospital closely followed by GREER, who at times floored the accelerator.

On arrival at the hospital, GREER and KELLERMAN jumped out of the vehicle and first removed Governor CONNALLY, who was placed on a stretcher. CONNALLY was removed first in order to push the "jump seat" forward thus permitting removal of the President. GREER recalls helping take the President's stretcher into the emergency operating room. It is his recollection that the President was breathing when removed from the vehicle and transported into this room.

GREER stated that since he was occupied with driving the vehicle, he did not have much opportunity to observe the activity occurring in the rear of the vehicle after the President and Governor were shot.

The following description of Agent GREER was obtained through observation and interview:

Mr. GERALD A. BEHN, Special Agent in Charge, White House Detail, United States Secret Service, was interviewed at his office and advised that during the President's visit to the State of Texas, then Vice President JOHNSON would always arrive at the next city to be visited ahead of the President and would join the party awaiting the President's arrival. This was accomplished by the use of two Jets; Air Force I, which carried the President; and Air Force II, carrying the Vice President. On departing from a city, Air Force I would first take off followed by Air Force II which would thereafter pass Air Force I in flight, cruising at a faster speed, thus allowing the Vice President to arrive prior to the President and be with the greeting party.

Mr. BEHN was questioned concerning the section of the President's skull, which was brought to the National Navy Medical Center at Bethesda, Maryland after the autopsy was in progress. He advised that this section, which was measured by the Doctor performing the autopsy as being 10 x 6.5 centimeters, was found in the Presidential car on the floor between the front and rear seats. He further related that two fragments of bullets had also been found in this vehicle in the front of the car and that the windshield had been cracked by the impact of one of these fragments.

BEHN was likewise questioned concerning the location of a bullet which had been found on a stretcher at Parkland Hospital in Dallas and which had been turned over by the Secret Service to an Agent of the Federal Bureau of Investigation for delivery to the FBI Laboratory. He stated that on learning of such a bullet being found at the Dallas Hospital he inquired of a group of his Agents who had returned from the Dallas trip on the night of November 22, 1963, and Secret Service Agent RICHARD JOHNSON produced this bullet which had been handed to him by someone at the hospital who had stated that it was not known whether or not the President had been placed on the stretcher where the bullet was found.

ASSASSINATION OF PRESIDENT JOHN F.
KENNEDY, NOVEMBER 22, 1963, DALLAS, TEXAS

On December 1, 1963, an individual who refused to disclose his identity, telephonically contacted a Special Agent of the Federal Bureau of Investigation of the Washington Field Office and furnished the following information he felt might be of value in the assassination of President Kennedy.

The caller advised he was formerly employed at the Litule (phonetic) Motor Company garage in Biloxi Mississippi. He said this garage is a Chrysler Dealership. The caller informed he stopped by this garage when in Biloxi in January or February, 1963, and while there overheard one (FNU) Bailey stated "someone is going to kill him." The caller advised Bailey is a leader of the Ku Klux Klan in Mississippi and the above statement referred to Attorney General Robert Kennedy and not President John F. Kennedy.

The caller stated he considered Bailey and the operator of the garage, a man named "Duddy" (LNU) to be sick individuals.

The caller continued by stating he is sure he has seen the person accused of shooting Medgar Evers in this garage in the past. The caller identified Evers as the Mississippi representative of the National Association for the Advancement of Colored People and said his identification of the person who shot Evers is based on his observation of photographs of this person.

The caller informed he was furnishing the above information since he felt it may be of some interest in regard to the investigation being conducted regarding the assassination of President Kennedy.

It is noted the caller refused to disclose his identity and was difficult to understand. He could furnish no additional details regarding any of the above.

 MISCELLANEOUS - BILLY GRAHAM

Re Bureau telephone call to WFO 12/2/63.

On 12/2/63 Mrs. GRACE D. COULTER, 911 Crittenden St., N.W., Washington, D. C., telephonically contacted the Bureau about a tape recording of the BILLY GRAHAM, WTOP radio broadcast of 11/22/63. Mrs. COULTER said that GRAHAM stated during his broadcast he had been visited in his room by Governor CONNALLY who requested that GRAHAM call Washington and tell someone that it was dangerous for President KENNEDY to come to Dallas, Texas.

At 1:00 p.m. 12/2/63, SA MICHAEL J. MC ARDLE telephonically contacted Mrs. COULTER at RA 6-9317 to arrange an interview and secure the tape recording. Mrs. COULTER said the tape recording was made by and is in the possession of a friend whom she declined to identify. Mrs. COULTER said she would attempt to obtain the aforesaid tape recording and make it available to the FBI for re-recording on 12/3/63.

Mrs. COULTER stated part of the broadcast by GRAHAM indicated that GRAHAM telephoned the office of Senator SMATHERS in Washington, D. C., and spoke to a secretary of the Senator about President KENNEDY's trip to Dallas and the dangerous

situation. It is alleged GRAHAM was advised by the secretary a reply from the Senator regarding this matter would be received by GRAHAM within two weeks.

At 6:30 p.m. 12/2/63 Mrs. COULTER again called WFO and advised, "They are making a copy and I will call when it is finished."

Mrs. COULTER telephonically recontacted WFO on the evening of 12/2/63 and advised she had contacted one LEW MARTIN at WTOP radio station and was unable to obtain the above-mentioned tape. Mrs. COULTER suggested the FBI contact the Columbia Broadcasting Company at 485 Madison Avenue in New York City to obtain this tape.

Mrs. COULTER again telephoned the WFO on the evening of 12/2/63 and suggested WFO locate Rev. BILLY GRAHAM through contact with his home in Montreat, North Carolina, and interview him concerning this matter.

WFO files reflect that Mrs. COULTER contacted WFO in 1942 to report a saboteur school conducted at 1911 M St., N.W., and in 1950 to report that VELMA DE SMITTER was supporting a foreigner with subversive leanings. In addition, the name, "Mrs. COULTER," was reported in 1951 by an anonymous source indicating she had canceled her passport to Czechoslovakia.

In view of Mrs. COULTER's initial contact wherein she stated a friend had the tape recording as opposed to the subsequent communication wherein she stated that she was attempting to obtain the recording from LEW MARTIN at WTOP, and further considering Mrs. COULTER's previous contacts with WFO as reflected above, no additional contacts will be made with Mrs. COULTER and no leads set forth.

in her front yard during the latter part of October, 1963. Mrs.

I am not as sure as our very honorable spokesman of the U.S. State Dept., that the recent death of our president was not the work of a group, rather then the plan of the twisted mind of one individual.

SUBJECT: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY, 11/22/63
DALLAS, TEXAS
AFO

By letter dated November 30, 1963, the Dallas Office submitted to the FBI Laboratory, among other items, four of the cartridges recovered from Lee Harvey Oswald's revolver. The Dallas Office advised that the U. S. Secret Service, Washington, D. C., is in possession of the remaining two cartridges from this revolver.

Reports have been received that Oswald attempted to fire this revolver at a Dallas police officer but that the weapon failed to fire. Apparently the firing pin would not strike one or more of the cartridges with sufficient force to fire them.

None of the cartridges received from Dallas bore firing pin indentations.

Therefore, it is requested that arrangements be made for the Liaison Section to secure from Secret Service the live cartridges in their possession, so that a complete laboratory examination may be made.

There is attached a copy of the Dallas letter of transmittal referred to above.

ACTION:

It is suggested that this memorandum be forwarded to the Liaison Section so that the two cartridges in question may be obtained. REC-15

JANET STAYED OVERNIGHT IN ENCINO, CALIFORNIA WITH A FRIEND AND CALLED INTO THE OFFICE AT ABOUT ELEVEN AM TO SEE IF THE REPORT WAS COMPLETED SO SHE COULD BRING IT BACK TO HUNTINGTON BEACH WITH HER. CASTLETON REMARKED DURING THEIR CONVERSATION HOW AWFUL IT WAS THAT THE PRESIDENT HAD BEEN SHOT, WHEREUPON DEANE STATED THAT THREE DAYS AGO A FELLOW SHE KNOWS IN NEWPORT BEACH SAID THE PRESIDENT WOULD BE KILLED TODAY. SHE FURTHER BELIEVES THAT DEANE STATED THIS MAN SAID IT WOULD HAPPEN IN TEXAS OR DALLAS. SHE ADVISED THAT SHE IS NOT CLEAR ON THIS PART BUT BELIEVES DEANE MENTIONED ONE OR THE OTHER. CASTLETON RECALLED THAT SHE SAID TO MISS DEANE MAYBE HE IS THE ASSASSIN AND MISS DEANE SAID SOMETHING TO THE EFFECT, WHO KNOWS.

MISS CASTLETON WAS VISIBLY UPSET EMOTIONALLY OVER THE NEWS OF PRESIDENT KENNEDY/S DEATH. SHE STATED THAT MISS DEANE IS AN INTELLIGENT UPSTANDING YOUNG WOMAN AND SHE HAS THE UTMOST RESPECT FOR HER AS A LOYAL CITIZEN.

SHE ADVISED AT APPROXIMATELY ELEVEN THIRTY AM
NOVEMBER TWENTY TWO INSTANT WHILE AT THE RESIDENCE OF
HAROLD AND EDWINA WILLIAMS LOCATED AT HAVENHURST AND
145 BOSQUE AVENUES IN ENCINO, CALIFORNIA SHE ANSWERED A RINGING
TELEPHONE AND LEARNED FROM THE CALLER DANIELLE WILLIAMS
THAT PRESIDENT KENNEDY HAD BEEN SHOT. JANET SAID THAT SHE
DID NOT BELIEVE THE REPORT BUT WAS SUBSEQUENTLY CONVINCED
BY DANIELLE THAT IT WAS TRUE. JANET SAID SHE RECALLS THAT
SHE HAD GOOSE BUMPS WHEN SHE WAS FINALLY CONVINCED IT WAS
TRUE. SHE SAID SHE COMMENTED TO DANIELLE IN SUBSTANCE THAT
IT SEEMED TO HER WITHIN THE PAST THREE DAYS SOMEONE HAD TOLD
HER THAT THE PRESIDENT SHOULD BE OR WOULD BE KILLED BEFORE
THE NEXT ELECTION.

IMMEDIATELY DANIELLE INQUIRED AS TO WHO HAD MADE
THE COMMENT AND JANET SAID SHE REPLIED THAT SHE DID NOT

DEANE SAID SHE THEN WENT INTO THE OTHER ROOM TURNED ON THE TELEVISION AND CONFIRMED THE ASSASSINATION. SHE SAID SHE SUBSEQUENTLY CALLED THE SANFORD GOODKIN RESEARCH CORP IN SHERMAN OAKS, CALIFORNIA ON BUSINESS. SHE SAID SHE TALKED WITH THE RECEPTIONIST, RONNIE LNU, EXPRESSED HER CONSTERNATION OVER THE ASSASSINATION AND THEN SPOKE TO LINCHEN CASTLETON, SECRETARY. SHE SAID SHE RECALLS COMMENTING TO CASTLETON THE SAME STORY SHE HAD TOLD DANIELLE. SHE SAID SHE IS UNABLE TO SPECIFICALLY RECALL THE CONVERSATION SHE HAD WITH CASTLETON. SHE SAID AT THE TIME OF THE CONVERSATION THE TV WAS ON AND SHE WAS EMOTIONALLY UPSET.

JANET SPECIFICALLY DENIED THAT SHE HAD MADE ANY COMMENT CONCERNING DALLAS OR TEXAS OR THAT SHE TOLD ANYONE SHE HAD INFO THAT THE PRESIDENT WOULD BE KILLED IN DALLAS ON THIS DATE OR ANY OTHER DATE. SHE SAID SHE DOES RECALL THAT SOMETIME IN THE PAST SHE OVERHEARD OR WAS TOLD THAT THE PRESIDENT WOULD BE OR SHOULD BE KILLED BEFORE THE NEXT

SHE SAID SHE IS UNABLE TO RECALL WHO MADE THE REMARK OR THE CIRCUMSTANCES UNDER WHICH IT WAS MADE. SHE FURTHER ADVISED THAT SHE DOES NOT KNOW WHO MADE IT, BUT IT IS HER IMPRESSION THAT IT WAS A MAN.

JANET REVIEWED HER ACTIVITIES AND ASSOCIATES FOR THE PAST WEEK AND WAS UNABLE TO ISOLATE ANYONE WHO MAY HAVE MADE THE STATEMENT AND SURMISED THEREFORE THAT IT MUST HAVE BEEN SOMETIME IN THE RECENT PAST BUT NOT WITHIN THE PAST WEEK.

JANET EXPRESSED HER COMPLETE WILLINGNESS TO BE EXAMINED VIA POLYGRAPH AND ALSO EXPRESSED A DESIRE TO CONFRONT THE SOURCE OR SOURCES OF THE ALLEGED COMMENTS BY HER IN AN EFFORT TO RESOLVE WHAT APPEARS TO HER TO BE A MISUNDERSTANDING.

IT WAS THE OPINION OF THE INTERVIEWING AGENTS THAT JANET WAS A SINCERE, COOPERATIVE, INTELLIGENT YOUNG PERSON AND WAS HONEST IN HER COMMENTS CONCERNING THE SITUATION.

SHE STATED THAT IT IS POSSIBLE THAT SHE MISINTERPRETED MISS DEANE-S STATEMENTS BUT FEELS THAT SHE RELATED THEM AS BEST SHE COULD RECALL THEM. UNITED STATES GOVERNMENT

Memorandum

TO : DIRECTOR, FBI
ATTN: FBI LABORATORY

FROM : SAC, DALLAS (157-218) (P)

SUBJECT: EDWIN A. WALKER
INFORMATION CONCERNING

DATE: 12/2/63

Enclosed under separate cover for the Laboratory is a rifle slug obtained by SA BARDWELL D. ODUM on 12/2/63 from Lieutenant CARL DAY, Dallas Police Department.

It is requested that an immediate comparison be made between this slug and the test slugs fired from the rifle used to assassinate PRESIDENT JOHN F. KENNEDY on 11/22/63 at Dallas, Texas.

In the event that the slug is battered to the extent that no adequate comparison of the rifling marks can be made, it is requested that an analysis be made of the metal in this slug with the metal in the slugs involved in the assassination of President KENNEDY, unless such analysis would destroy this slug or the other slugs involved.

For your information, this slug was recovered from the home of EDWIN A. WALKER, Retired Major General, U. S. Army, on 4/10/63, by the Dallas Police Department, following a report of a bullet being fired into WALKER's home through a window. No one has ever been identified as firing the bullet.

WALKER is a well-known controversial figure, generally associated with Right-Wing Activities in Dallas, Texas, and other points, since his retirement from the U. S. Army.

Investigation in the matter entitled "LEE HARVEY OSWALD, aka.; ASSASSINATION OF PRESIDENT JOHN FITZGERALD KENNEDY, 11/22/63, Dallas, Texas, APO", discloses that the rifle used in that case was shipped to OSWALD at Dallas, Texas, on 3/20/63. OSWALD continued to reside in Dallas until 4/29/63, when he left Dallas reportedly going to New Orleans, Louisiana. He did not return until 10/3/63. Major WALKER's name appears in the address book taken from the person of OSWALD at the time he was arrested.

It is requested that the slug be returned when the examination is completed, so that it can be returned to the Dallas Police Department, contributor.

Gentlemen:

Like most Americans my wife and I were watching television about 2:30 pm Chgo time today. Channel 2 of Chicago showed first a slow motion kinoscope and then a second slow motion movie taken by an unknown TV camera man.

Perhaps our imaginations were working overtime but as the man in the hat (Ruby) moved forward from the right of the screen we thought we saw Oswald look at him with a sign of definite fearful recognition.

We know that better minds, qualified for this type of examination, are undoubtedly surveying every facet and fact that is presently available in Dallas or elsewhere. However we can all be dulled by the tremendous hours and shock that we have all been through.

We write this only in the hope that someone will be assigned to re-run in slow motion that 2nd movie made by an unknown Dallas TV camera man and that our observation be checked by your staff.

Truly two wrongs do not make a right -- but also it seems unusually, coincidentally unfortunate that Oswald's lips are sealed before the full truth and motivation could be learned.

Sincerely,

/s/

Mr. & Mrs. Charles A. Moore

East Lansing, Michigan

Dear Mr. Hoover:

This letter is written to you from concern and anxiety---concern for our country with the subtle Communist attack and anxiety as to what will happen to a man named Rubenstein.

Already the Public News Services are telling the public that Rubenstein is an extremely devout patriotic individual. It seems very odd that Rubenstein was allowed in the Dallas police corridors to wait Oswald's exit from the police station. I am sure that we were given a so-called explanation to say he was there. My anxiety is extended further that we, the people, must accept this matter.

Mr. Hoover, I have some suppositions. Could it be possible that Rubenstein was selected by the Communist party to kill Oswald before Oswald could give the FBI information of a vital nature? Could Rubenstein have been convinced by the Communists that the Communist party would make him a hero before our eyes and that the task would not be too difficult as Rubenstein is solidly situated in a business in Dallas?

It is realized that these thoughts and many others have been confronted by you. However it seemed a civic duty to express my thoughts to you. Being a college graduate, I have tried my best to think as logically as possible about the past incidents. This Rubenstein may have acted upon individual impulses as the public is now being told by his friends and attorney but one cannot help but wonder if there is a subversive group behind Rubenstein's actions.

It is such an opportune time to thank you for the excellent work you have done with the FBI and the fine officers and your men have created not only within this country but throughout the world. You have given the people of America confidence and security in our American democracy. Throughout the years when our country has been troubled with criminals and subversive groups, the FBI has never failed to carry out their duty to our great country. May the FBI remain untainted always and may they always have an Edgar A. Hoover to lead them. God bless you and your men.

Dear Mr. Purvis:

Your letter of November 25th has been received, and I want you to know my staff and I certainly share your concern over the brutal assassination of President Kennedy.

I appreciate your giving me the benefit of your observations; however, I would like to point out that Lee Harvey Oswald was in the custody of the Dallas Police Department when he was killed, and his protection was the responsibility of that department. I thought you might like to know the President has instructed the FBI to conduct a full investigation into the assassination of President Kennedy and the murder of Lee Harvey Oswald. I can assure you that this Bureau will discharge its responsibilities in this regard with the same thoroughness and dispatch that have characterized our investigations in the past.

Sincerely yours,

J. Edgar Hoover

Mr. J. Edgar Hoover, Director

Dear Mr. Hoover;

I have considered writing you this letter for some time, and with the tragic death of our President, John F. Kennedy, I am motivated to do so.

I seem to recall, you have spoken out from time to time concerning the behavior and activities of the "gentlemen of the press".

While watching the sad turn of events in Dallas, and witnessing the fatal shooting of Mr. Lee Oswald on television, I cannot help but feel the reporters and television people were contributing factors to this death. There seemed to be such a large number of these representatives present that it would have been humanly impossible for the Dallas police to detect anyone in such a crowd. Even as Mr. Oswald was falling to the floor, these people were rushing in with their microphones! They only added confusion to an already bad situation. Would it be possible for your agents to restrict the news people as to numbers present when circumstances are this tense? One representative from each of the major networks, along with a local representative should be sufficient. This would keep the number of persons to a minimum and any outsider could be easily detected.

Mr. Rubinstein's self-styled execution is strictly contrary to the American way of life, and will surely cause serious damage to our fight against Communism throughout the world.

The evidence against Mr. Oswald was apparently sufficient for a conviction, and I feel had it not been for the large number of news-people, he would be alive today to face an American trial by jury. This kind of fairness would have been a great weapon against Communism.

Respectfully yours,

G. R. Purvis

Dear Sir:

Because of recent events, we are a little concerned about you. Unable to do anything to protect you we decided to storm Heaven instead. Having watched Washington sell our country down the river for the past thirty years I am of the opinion that some of the "Intellectuals" would not be above suspicion at the moment. If, on the other hand, there is nothing more to this murder than a poor misguided youth, then it points up the need for an upward revision of standards of behavior and patriotism in our schools.

Take care of yourself. We need you in America.

Sincerely,

Mary Fitzpatrick

The captioned press conference lasted from five to seven minutes. According to our sources, the Attorney General of Texas was obviously unprepared inasmuch as he hastily read a scrawled written statement of brief nature. He then ran out in the hallway in an obvious attempt to get away from reporters. They caught up with him in the corridor of the mezzanine and started shooting questions at him.

The Attorney General's statement was as follows:

"Because of the shocking assassination of President Kennedy and the attempted assassination of Governor John Connally and the murder of Lee Harvey Oswald, there is an obvious need for a court of inquiry to be convened in Texas.

"The top members of my staff and one or more competent and eminent jurists and lawyers will conduct the court of inquiry. Top level local and state authorities will assist in the court of inquiry. Federal officials will be asked to cooperate. Full reports will be sent to the Justice Department. I want to emphasize that the court of inquiry will represent a full complete and impartial investigation."

The questions asked were as follows:

(1) Are you covering everything in the court of inquiry, including the murder of Oswald?

Carr answered this in the affirmative.

(2) Why are you pulling a "grandstand play" (meaning the press conference).

Carr answered that Texas law provides him the authority to convene a court of inquiry and he personally feels it needs to be done.

Memo DeLoach to Mohr
Re: Assassination of President

11/25/63

- (3) Did you talk with the FBI prior to deciding upon a court of inquiry?
Carr merely answered he planned to ask for the FBI's cooperation.
- (4) Will your court of inquiry replace or stop the FBI investigation?
Carr answered the FBI investigation has nothing to do with his court of inquiry and reiterated he will ask for FBI cooperation.
- (5) When are you going to start your court of inquiry?
Carr stated he was returning to Texas immediately to set up the court of inquiry.
- (6) Will you cooperate with the new Administration?
Carr answered that he will keep the Administration advised.
He also indicated that the hearings would be public in nature.

Carr then backed away from the reporters and left.

Two of our newspaper sources have advised us that the entire corps of newspaper people are extremely angry at the way Carr handled himself and at the manner in which he attempted to evade questions.

Dear Sir-

To Whom it May Concern.

Please consider the contents of my communication, it may be of some value.

This regards the numerous anonymous phone calls by Crack-Pots in various parts of the country. Here is a idea if 'he phone Companys' would consider would be a great discouragement to make calls. Electronics devices, such as a miniture tape recorder could be installed in each public phone, to inform the party being called, of the telephone no. of the phone used by the caller.

This miniture tape would tell the listener what the phone no. is, just as the receiver is taken off the hook. It would repeat the no. perhaps twice just as soon as the coin was dropped. Thereby the listener being subjected to the call from a crack pot would write down the no. from which the call came. The telephone Companys perhaps would regard this as too expensive etc. yet it would greatly discourage calls by crack pots. using public phones.

I had a brother who was a electronic engineer working out of the pentagon during the last War. He has later passed on.

Also I have a friend who is a electronic engineer in Portland Ore. He was sent from the states to repair the trigger michanizm on the plan which dropped the first atom Bomb.

I have not consulted him regarding this yet.

Also the big question is why did the assassin decide to shoot J. F. Kennedy. I think, (just a thought) that he may have seen the movie acted by Frank Sinatra, in which Sinatra, played the part of a assassin to shoot a president. (From a upstairs Window.) This picture should not have been allowed to be shown. I saw this picture in 1955. Had Kennedys assassin seen this, it may have been where he got the idea.

I do not beleive the assassin had any originality of his own. A mind of his type doesn't usually have capabilities of originating.

Just a thought may be of help.

The picture theatres in Dallas or Fort Worth may have had this picture on their screens.

Sincerely
R. V. Torgerson

P.S. Even to go a bit farther. Miniture cameras could be installed in public phones. The caller would not be aware of Sounds rediculous perhap s but in View of all the crime and criminals running rampant in America. Steps will have to be taken to reduce crime to a minimum it can be done.

Also. I solved a bicycle theft when I was but 16 yrs of age. I located the culprits and had the stolen bicycle returned to my friend before the day was up and the bicycle was found in a hidden place many miles from when it was taken from a padlock. Can any F.B.I. man top this. Just thought it would interest your dept.

Thank you again.

2nd P.S. I have a cousin who is a F.B.I man was wounded in a bank holdup.
